[redacted], here is a timeline of his arrival at the MCC:

7/6/19: Arrived at NYM (Saturday) in the Receiving and Discharge area. Moved by staff to general population (apparently USMS did not indicate that he was a high profile inmate and staff were unaware that he was coming so no pkans had been established).
7/7/19: Warden idenfied him as high profile and moved him to Special Housing Unit due to his concerns for his personal safety in general population.
7/8/19: Upon return of Psych Svc Staff on Monday, he was moved to Psychology Observation for evaluation by Psych Svc Staff. This is NOT suicide watch and the system notes reflect suicide watch not warranted. He was under 24 hour observation during this time to assess his readiness to move to SHU.
7/10/19: Returned to SHU with cell mate. Remains until 7/23.

This appears consistent with PDS. The one edit I suggest based on PDS is to delete the text I colored red and replace it with the green. PDS reflects he was placed in Psyc Observation that night after he returned from court and was assessed the next morning.

**Kidnapper, sex offender Scott Tyree accused of violating terms of his release from prison**
Pittsburgh Action News 4
https://www.wtae.com/article/kidnapper-sex-offender-scott-tyree-accused-of-violating-terms-of-his-release-from-prison/28303871
Convicted kidnapper and sex offender Scott Tyree has been accused of violating the terms of his release from prison. According to court paperwork, Tyree accessed a website that allows access to pornographic images and live sexual videos while at a halfway house in Pittsburgh that he was assigned to. A probation officer confronted Tyree on June 10, when he admitted that he accessed the website. The paperwork also said that Tyree used countermeasures during a polygraph examination to defeat the test.

**Deputy Attorney General Jeffrey Rosen not yet briefed on DOJ probe into origins of Russia probe**
USA Today
https://www.usatoday.com/story/news/politics/2019/07/05/deputy-ag-jeffrey-rosen-not-yet-briefed-doj-surveillance-probe/1655150001/
Deputy Attorney General Jeffrey Rosen said that he has yet to be briefed on the potentially volatile inquiry into possible surveillance abuses by federal authorities in the early days of the Russia investigation. Rosen, in an interview with USA TODAY this week, said that he was unaware of the [redacted] status and did not know whether it has since morphed into a criminal inquiry.

**'You don't know what you did for me': Released from prison by Obama, now on the [redacted] list**
USA Today
https://www.usatoday.com/in-depth/news/education/2019/07/08/prison-reform-inmate-felon-clemency-pell-grant-ban-the-box/1624740001/
The sun glowed gold, and a second line parade was tuning its horns just a few streets away. But Danielle Metz had missed half her life already, and she couldn't spare the afternoon, even one as unseasonably warm as this mid-February Sunday. She climbed the stairs to the shotgun house her mom had bought in uptown New Orleans more than half a century ago. Metz slipped through the screen door, then shut it tight enough to keep out the sun. Inside, she dug through a box next to her bed and pulled out the clothbound journal that a woman had given her in 1996, when they were both incarcerated in the Federal Correctional Institute in Dublin, California. Metz hadn't kept much from the 23 years she spent in prison, but the journal had been too special to leave behind. She opened it and read the dedication as a reminder of what she hoped to accomplish now that she was out.

**John [redacted] brother seeks compassionate jail release under [redacted] 'First Step Act'**
FOX
https://www.foxnews.com/us/john-gottis-brother-compassionate-release-trumps-first-step-act
"Dapper Don" John [redacted] remorseful, ailing older brother wants to be sprung from prison under the prison reform bill that President Trump signed into law last year. Gambino crime family boss Peter Gotti, now 79,

last month moved for compassionate release under the First Step Act of 2018 with 13 more years to go on a lengthy prison sentence for racketeering and murder conspiracy. He has been incarcerated since his arrest in 2002.

**This Mississippi prison put gangs in charge. 'It ain't right, but [redacted] the truth.'**
Sun Herald
https://www.sunherald.com/news/state/mississippi/article231973502.html
It was a prison brimming with violence, awash in weapons — and severely short on guards to patrol its cell blocks. But security-camera footage caught the action when Brad Fitch arrived in unit F at [redacted] Wilkinson County Correctional Facility on Jan. 31, 2018. The two sets of sneakers, pacing outside the cell he had occupied for six hours. His race through the dayroom, his white T-shirt soaked in blood. His desperate run for the locked exit, chased by two prisoners. The slash of a handmade knife — a shank — as he stumbled.

**First Step Act Moves Are On Schedule, Rosen Says**
The Crime Report
https://thecrimereport.org/2019/07/07/first-step-act-moves-are-on-schedule-rosen-says/
New Deputy [redacted]. Attorney General Jeffrey Rosen, who toured the federal prison in Englewood, Co., last week, said that the Justice Department is "pushing hard" to abide by the requirements of the First Step Act, reports USA Today. Rosen said DOJ is on schedule to deliver a critical tool to assess the needs and risks of future recidivism for federal prisoners. The program, required by the law, is due by July 19. On the same date, the Federal Bureau of Prisons is set to recalculate the amount of "good time" earned by federal offenders, an action that is expected to result in the release of 2,200 offenders to their home communities.
**Jeffrey Epstein Is Accused of Luring Girls to His Manhattan Mansion and Abusing Them**
The New York Times
https://www.nytimes.com/2019/07/07/nyregion/jeffrey-epstein-sex-trafficking.html
Federal prosecutors appear to have resurrected a federal sex crimes case against the billionaire financier Jeffrey Epstein by focusing on accusations that he sexually assaulted girls at his mansion in Manhattan — more than a decade after a widely criticized plea deal shielded him from similar charges in Florida.

**Judge in Jeffrey Epstein case says jail death was 'unthinkable,' calls for prison reform**
CNBC
https://www.cnbc.com/2019/11/26/judge-in-jeffrey-epstein-case-calls-for-prison-reforms-after-death.html
The federal judge who oversaw Jeffrey [redacted] child sex trafficking case says "it is unthinkable" that any jail inmate — let alone one with such a high profile as Epstein — would die in custody, as the wealthy investor did this summer.

**Federal prison system plagued by staffing crisis, violence**
Legal News AP Story
http://legalnews.com/macomb/1481777/
WASHINGTON (AP) — For years, the federal Bureau of Prisons has been plagued by systematic failures, from massive staffing shortages to chronic violence. But the largest agency in the Justice Department has largely stayed out of the public view.

**Jason Van Dyke No Longer in Federal Custody**
WTTW News
https://news.wttw.com/2019/11/26/jason-van-dyke-no-longer-federal-custody
Former Chicago police Officer Jason Van Dyke is no longer being held in a federal prison in New York – or in federal custody, period – but [redacted] unclear where he will serve out the remainder of his sentence for the murder of black teen Laquan McDonald in 2014. Van Dyke, who was convicted last year of second-degree murder for shooting McDonald 16 times, spent time in two federal prisons on the East Coast this year. But the Federal Bureau of Prisons on Tuesday confirmed that Van Dyke is no longer at the medium security federal correctional institution in Otisville, New York, where he had been incarcerated since March.

**INSIGHT: As First Federal Execution in 16 Years Nears, Will the Government Follow the Law?**
Bloomberg Law
https://news.bloomberglaw.com/white-collar-and-criminal-law/insight-as-first-federal-execution-in-16-years-nears-will-the-government-follow-the-law
John Wonderlich, executive director of the Sunlight Foundation, says if the federal government carries out its first execution in 16 years, it will do so in violation of the Administrative Procedure Act. Adhering to the APA allows for public comment and ensures the necessary oversight for the most serious punishment a government can mete out, he explains.
The federal government recently signaled its intention to resume executions following a 16-year hiatus by simultaneously announcing its new lethal injection procedure and scheduling five execution dates, with the first to take place in early December.

**OPM urges US federal agencies to hire military spouses and ex-prisoners**
Global Government Forum

As an update, I spoke with the AUSAs. They advised the Court thee was no video because the FBI had the DVR (pulled for the 8/10 incident) which went back to the 7/23 attempt. The FBI reported the DVR footage was corrupted as to the 7/23 video and, thus there was no footage. The AUSAs are asking that SIS check to see where Pina preserved the 7/22-23 video to see if that copy is not corrupted. They will be reaching out to her directly.

The AUSAs also want to know where the orange rope from the 7/23 attempt is preserved.

Thanks all,

Good morning all,

Per the above article, the Court was advised by the USAO that MCC did not preserve video from outside the cell shared by [redacted] and Epstein at the time of [redacted] alleged first suicide attempt. However, per the attached, SIS advised the footage was preserved. What search for the footage was performed prior to advising the USAO the footage could not be found? I would recommend searching again for the missing video. I have a call with the AUSAs in 20 minutes and will advise as to what other issues arose at [redacted] hearing.

Thank you,

This is the final. Are we OK?

[redacted]

Today, the Attorney General directed the Bureau of Prisons to temporarily assign the warden at the Metropolitan Correctional Center in New York to the [redacted] Northeast Regional Office pending the outcome of the FBI and OIG investigations into the apparent suicide of Jeffrey Epstein, a former MCC inmate. FCI Otisville Warden [redacted] has been named Acting Warden of the MCC New York. The Bureau of Prisons also placed on administrative leave two MCC staff assigned to Mr. [redacted] unit pending the outcome of the investigations. Additional actions may be taken as the circumstances warrant.

Questions & Proposed Responses:

Hello, I'm working on a story about morale at MCC in Manhattan in the wake of charges against [redacted] and Michael [redacted]. I've spoken to an AFGE union official and

The thrust of the story is that morale has plummeted at the facility in the wake of the falsification of documents charges. Morale was already bad because of staffing issues.

(1) Has any money been allocated for improving MCC as a facility since [redacted] death?
RESPONSE: Yes, examples include money for staff positions at MCC New York (are we saying we are adding staff positions in the future or have already added them and a

(2) Has there been a hiring surge since [redacted] suicide?
RESPONSE: __ (12?) staff have been hired since January roughly ([redacted] can get exact numbers from his institution' HRM, I may need to confirm with Central [redacted] HRM)

(3) Any changes in BOP policies following [redacted] suicide?
RESPONSE: [redacted] will get more info to supplement this: There have been a number of policy changes implemented under a "back to basics" approach in recent months. Tl

(4) Is it correct that [redacted] and [redacted] were responsible for roughly 50 to 70 inmates the night of the suicide?
RESPONSE: The BOP does not comment on matters related to investigations or pending litigation.

(5) What is the attrition rate for BOP correctional officers? [redacted] the average length of time a person stays in the job? (NYC-area would be best if [redacted] available.)
RESPONSE: [redacted] is checking to see if HRM can answer this; if not, then we could say the following: We do not have this information readily available, but it varies significa

(6) Can you share anything supervisors at MCC have told the rank and file in the wake of these charges? [redacted] the message to overworked, disgruntled correctional office
RESPONSE: MCC New York has had staff recalls and meetings emphasizing that the [redacted] leadership understands [redacted] concerns and is doing the best we can. Staf

**Justice Department drafts legislation to expedite executions of convicted mass murderers in shooting aftermath**
The Hill
https://thehill.com/homenews/administration/459646-justice-department-drafts-legislation-to-expedite-executions-of
The Department of Justice (DOJ) has reportedly drafted legislation to expedite the execution of convicted mass murderers as a response to multiple recent deadly mass shootings.

**Epstein Suicide Suggests a Breach in Prison Protocol**
In Public Safety
https://inpublicsafety.com/2019/09/epstein-suicide-suggests-a-breach-in-prison-protocol/
If you work or have worked in corrections, you have likely dealt or are familiar with prisoners who have attempted suicide or completed the act before officers, staff, or even fellow prisoners could intervene. During my 16-year career in corrections, a number of prisoners committed suicide despite all the precautionary measures in place to prevent it. In some instances, there were no signs or indications of suicidal behavior, but at other times, it was due to some degree of negligence by the prison. Jeffrey [redacted] suicide would fit in the latter category of negligence based on the information that has been presented to the media.

**Prosecutors Call R. Kelly A Liar Over His Solitary Confinement Claims**
Yahoo
https://www.yahoo.com/entertainment/prosecutors-call-r-kelly-liar-160823081.html
The prosecutors going after R. Kelly say the [redacted] his claims of being mistreated while in 'solitary confinement' are lies, pointing to him having multiple cell mates. According to court documents obtained by The Blast, the government is responding to [redacted] recent plea to get out of solitary confinement and demanded he not be allowed out on bond.

**Staffing concerns raised as prison suicides climb**
Northwest Arkansas Democrat Gazette
https://www.nwaonline.com/news/2019/sep/01/staffing-concerns-raised-as-prison-suic/
Federal inmates were killing themselves at escalating rates when President Donald [redacted] administration dropped 5,156 officer and staff positions through a hiring freeze and budget cuts -- a downsizing of 14%. The suicide rate continued to rise as staffing vacancies increased and as permanent cuts were made in 2018, with more than two dozen inmates taking their lives as prison workers and leaders failed to curb the growing problem.

Questions & Proposed Responses:

Hello, I'm working on a story about morale at MCC in Manhattan in the wake of charges against [redacted] and Michael [redacted]. I've spoken to an AFGE union official and

The thrust of the story is that morale has plummeted at the facility in the wake of the falsification of documents charges. Morale was already bad because of staffing issues.

(1) Has any money been allocated for improving MCC as a facility since [redacted] death?
RESPONSE: Yes, examples include money for staff positions at MCC New York (are we saying we are adding staff positions in the future or have already added them and

(2) Has there been a hiring surge since [redacted] suicide?
RESPONSE: __ (12?) staff have been hired since January roughly ([redacted] can get exact numbers from his institution' HRM, I may need to confirm with Central [redacted] HRM)

(3) Any changes in BOP policies following [redacted] suicide?
RESPONSE: [redacted] will get more info to supplement this: There have been a number of policy changes implemented under a "back to basics" approach in recent months. Tl

(4) Is it correct that [redacted] and [redacted] were responsible for roughly 50 to 70 inmates the night of the suicide?
RESPONSE: The BOP does not comment on matters related to investigations or pending litigation.

(5) What is the attrition rate for BOP correctional officers? [redacted] the average length of time a person stays in the job? (NYC-area would be best if [redacted] available.)
RESPONSE: [redacted] is checking to see if HRM can answer this; if not, then we could say the following: We do not have this information readily available, but it varies significa

(6) Can you share anything supervisors at MCC have told the rank and file in the wake of these charges? [redacted] the message to overworked, disgruntled correctional office
RESPONSE: MCC New York has had staff recalls and meetings emphasizing that the [redacted] leadership understands [redacted] concerns and is doing the best we can. Staf

Questions & Proposed Responses:

Hello, I'm working on a story about morale at MCC in Manhattan in the wake of charges against [redacted] and Michael [redacted]. I've spoken to an AFGE union official and

The thrust of the story is that morale has plummeted at the facility in the wake of the falsification of documents charges. Morale was already bad because of staffing issues.

(1) Has any money been allocated for improving MCC as a facility since [redacted] death?
RESPONSE: Yes, examples include money for staff positions at MCC New York (are we saying we are adding staff positions in the future or have already added them and a

(2) Has there been a hiring surge since [redacted] suicide?
RESPONSE: __ (12?) staff have been hired since January roughly ([redacted] can get exact numbers from his institution' HRM, I may need to confirm with Central [redacted] HRM)

(3) Any changes in BOP policies following [redacted] suicide?
RESPONSE: [redacted] will get more info to supplement this: There have been a number of policy changes implemented under a "back to basics" approach in recent months. Tl

(4) Is it correct that [redacted] and [redacted] were responsible for roughly 50 to 70 inmates the night of the suicide?
RESPONSE: The BOP does not comment on matters related to investigations or pending litigation.

(5) What is the attrition rate for BOP correctional officers? [redacted] the average length of time a person stays in the job? (NYC-area would be best if [redacted] available.)
RESPONSE: [redacted] is checking to see if HRM can answer this; if not, then we could say the following: We do not have this information readily available, but it varies significa

(6) Can you share anything supervisors at MCC have told the rank and file in the wake of these charges? [redacted] the message to overworked, disgruntled correctional office
RESPONSE: MCC New York has had staff recalls and meetings emphasizing that the [redacted] leadership understands [redacted] concerns and is doing the best we can. Staf

Good morning [redacted],

Unfortunately, if your client has a noon hearing tomorrow, the USMS are going to come pick him up first thing. As such, it is doubtful he will be here past 7 or 8 am tomorrow. Bobbi is coming to see him around noon today. Are you able to come with Bobbi or after the count?

Thank you,

I wasn't able to get to see [redacted] over the weekend so I have to seem tomorrow before court on Tuesday. I hope that is ok. I will be at the facility by 8;00.

Thank you for the social visit on Friday. [redacted] and his mom are very grateful and I am glad that it was accomplished before court. It will be very helpful to us.

Good morning all,

Per the above article, the Court was advised by the USAO that MCC did not preserve video from outside the cell shared by [redacted] and Epstein at the time of [redacted] alleged first suicide attempt. However, per the attached, SIS advised the footage was preserved. What search for the footage was performed prior to advising the USAO the footage could not be found? I would recommend searching again for the missing video. I have a call with the AUSAs in 20 minutes and will advise as to what other issues arose at [redacted] hearing.

Thank you,

Dear [redacted],

Thank you for your letter of August 10, 2019 regarding the death of Jeffrey Epstein. Mr. [redacted] death is a tragedy to everyone involved in his case.

One open question, among others, is whether the investigations referenced in your letter will include the incident at MCC involving Mr. Epstein on or about July 23, 2019. To my knowledge, it has never been definitively explained what the BOP concluded about that incident.

C/O [redacted] was assigned to staff watch; however, the wrong book was used (I/M companion log) in lieu of Staff Suicide Watch log.

Coates, DTS discovered the wrong log was used. Coates completed a 2nd log using Suicide Watch log (Coates initialed the log for [redacted]).

Entries are identical in both logs.

Psych Reconst - Epstein #76318-054.docx

**PSYCHOLOGICAL RECONSTRUCTION OF INMATE DEATH**

This is an interim report, due to an inability to gather all necessary data. Formal interviews were not conducted as a part of this reconstruction to avoid interference with pending investigations by other Department of Justice components. A copy of the video is normally made by Special Investigative Staff following a significant incident, but there was no such video in this case since the original video was confiscated by the Federal Bureau of Investigation (FBI) prior to the beginning of this reconstruction. The absence of these two sources of information severely limited the ability to establish accurate timelines, confirm subjective reports, establish converging and diverging lines of facts, or discover new areas of inquiry. As a result, information typically gathered, reviewed and consolidated during a reconstruction to support actionable findings and recommendations is limited.

| Name: | Jeffrey Epstein |
| Register Number: | 76318-054 |
| Date of Death: | 08-10-2019 |
| Prepared by: | [redacted], National Suicide Prevention Coordinator, Psychology Services Branch, Central Office |

**BACKGROUND INFORMATION**

Mr. Jeffrey Epstein was a 66-year-old, White male who died on August 10, 2019, while housed at the Metropolitan Correctional Complex (MCC), in New York, New York. [redacted] C. Wills, former Acting Assistant Director, Reentry Services Division, appointed a team to conduct a psychological reconstruction. The team consisted of [redacted], Sex Offender Treatment Programs Coordinator, Central Office; Dia Boutwell, Mental Health Treatment Coordinator, Central Office; and [redacted], Correctional Services Administrator, Northeast Regional Office. This reconstruction was established in accordance with Bureau of Prisons' (BOP) Program Statement 5324.08, Suicide Prevention Program.

**Social History:** Mr. Epstein did not have a Pre-Sentence Report (PSR) available at the time of the reconstruction; therefore, no official information regarding social history was accessible.
The following was gathered from publicly available documents. Mr. Epstein was born in 1953 and grew up in a middle-class family in the neighborhood of Sea Gate on Coney Island, Brooklyn, New York, with one brother. After early promotion in two grades, Mr. Epstein graduated from Lafayette High School in 1969, at the age of 16. He attended Cooper Union and New York University but did not graduate from either. Mr. Epstein taught at the Dalton School, a private school on the Upper East Side of Manhattan from September 1974 until he was

EFTA00041968

dismissed in June 1976 for inadequate development as a teacher. Following that, he held a number of positions in the financial industry to include a position as a limited partner at Bear Stearns until he was dismissed for unknown policy violations in 1981. He also worked as a financial consultant and founded at least two separate companies.

Mr. Epstein had two significant periods of employment. The first of these was his position as a consultant with Steven Jude Hoffenberg in the late 1980s. Mr. Hoffenberg was described as his first mentor. Mr. Hoffenberg was later convicted and incarcerated for running a large Ponzi scheme. He implicated Mr. Epstein in fraudulently diverting company funds for his own personal use. Years later, Leslie Wexner, Mr. Epstein's sole client at J. Epstein and Company, granted him power of attorney over his affairs. Despite also being identified as Mr. Wexner's mentee, Mr. Epstein was again accused of misappropriating funds-more than 46 million dollars. These large sums are believed to be the seed money Mr. Epstein used to establish his considerable fortune. These events are indicative of Mr. Epstein's highly-regarded intelligence and charismatic personality.

**Legal History:** Mr. Epstein had a history of adult criminal charges and convictions. In June 2008, he entered into a non-prosecution agreement and pleaded guilty to one count Solicitation of Prostitution and one count Procuring a Person Under the Age of 18 for Prostitution in the state of Florida. He was sentenced to 30 months: 18 months of incarceration and 12 months of probation. He was also mandated to register as a sex offender under the National Sex Offender Registration and Notification Act. Mr. Epstein served 13 of his 18-month incarceration and then successfully completed 12 months of probation. It is unclear whether he followed the sex offender registration guidelines in each place he owned a residence.

In regard to pending charges, Mr. Epstein was formally charged with Sex Trafficking Conspiracy in violation of 18 U.S.C. § 371 and Sex Trafficking in violation of 18 U.S.C. § 1591(a), (b) (2), 2 on July 2, 2019. Specifically, he was accused of sexually exploiting and abusing minor females over the course of several years. Charging documents allege Mr. Epstein enticed and recruited minor females to engage in sexual activity. The minor females were reportedly compensated with cash following the sexual encounters and some were encouraged to find other minor females to accompany them to Mr. Epstein's residences in New York or Florida. He pleaded not guilty to these charges and was in pretrial status at the time of his death.

In a 37-page Decision & Order Remanding the Defendant, signed by Judge [redacted] M. Berman on July 18, 2019, 18 pages were dedicated to detailing the danger Mr. Epstein posed to others and the community. The document also alleged he was a flight risk. As a result, Mr. Epstein's proposed bail package was determined to be inadequate. He was denied pretrial release and held on remand.

EFTA00041969

**Institutional History:** On July 6, 2019, Mr. Epstein was arrested at Teterboro Airport in New Jersey upon his return from Paris, France. It is unknown whether he was anticipating this arrest. He was transported to MCC New York and keyed into SENTRY at 9:24 p.m. that evening. Mr. Epstein was placed in a general population housing unit for approximately 22 hours. On July 7, 2019, at approximately 7:20 p.m. he was moved to the Special Housing Unit (SHU) pending reclassification due to the significant increase in media coverage and awareness of his notoriety among the inmate population.

With regard to his adjustment to a correctional setting, Mr. Epstein received one incident report while in BOP custody for Self-Mutilation on July 23, 2019. As of August 15, 2019, the incident report had been expunged though it is unclear why it had been expunged and whether Mr. Epstein knew this. Also, a review of financial transactions associated with Mr. Epstein's prison account revealed one of his attorneys was depositing funds into his cellmate's (inmate Reyes) commissary account for unknown reasons.

**HEALTH CARE AND PERSONALITY DESCRIPTION**

BOP Electronic Medical Records (BEMR) indicate Mr. Epstein was diagnosed with hyperlipidemia, sleep apnea, hypertension, constipation, prediabetes, neuralgia, and neuritis unspecified. He was prescribed the following mediations: docusate sodium, milk of magnesia, omega 3, methylprednisone, and bisacodyl. Mr. Epstein was also prescribed insulin, and the prescription required him to go to the institution pharmacy for administration of this medication. However, the dates for which it was prescribed have a notation indicating "dose not indicated," thus it does not appear insulin was routinely medically necessary. The rest of the medications prescribed were self-carry. He also had a continuous positive airway pressure (CPAP) machine which is typically used to treat sleep apnea. Mr. Epstein was provided with his personal CPAP machine on July 30, 2019, per BEMR.

In regard to mental health history and treatment, there are no known available records. Any records that may have been maintained relating to Mr. Epstein's incarceration in Florida were not available for review as of the date of this report. With regard to Psychology Data System records in BEMR (PDS-BEMR), Dr. Kari Schlessinger, Forensic Psychologist at MCC New York completed a routine Intake Screening on July 8, 2019. During this screening, Mr. Epstein denied any history of mental health problems, substance abuse, and treatment. No symptoms of mental illness were observed. He was classified as Mental Health Care Level 1 and was not diagnosed with a mental illness.

Following a consultation with [redacted], National Suicide Prevention Coordinator on July 8, 2019, Dr. [redacted], Chief Psychologist at MCC New York determined Mr. Epstein should be pre-emptively evaluated for suicide risk upon his return from court. Primary consideration was given to his various risk factors for suicide such as his high profile case and media attention, pending sex offense charges, pre-trial status, and an ongoing court proceeding. Mr. Epstein returned from court on July 8, 2019, after normal business hours. He denied suicidal

EFTA00041970

thoughts at that time, but due to the potential for other risk factors listed above, the on-call psychologist placed Mr. Epstein on Psychological Observation in one of the suicide watch cells until he could be assessed in person by a BOP psychologist. Psychological Observation is a form of individual monitoring that is less restrictive than Suicide Watch. It is used for inmates who are stabilizing and not yet prepared for placement in general population or restrictive housing. It is often used to transition inmates off of Suicide Watch in order to monitor their transition and safety after an acute suicidal crisis. On July 9, 2019, Mr. Epstein underwent a formal, in-person suicide risk assessment with [redacted]. She determined that, while suicide watch was not warranted at that time, Mr. Epstein should remain on Psychological Observation status out of an abundance of caution. He was removed from Psychological Observation on July 10, 2019.

On July 23, 2019, [redacted], the on-call psychologist was notified Mr. Epstein had been found in his cell with a piece of orange cloth around his neck. Reportedly, he was observed lying in the fetal position on the floor with a noose around his neck. Medical staff evaluated Mr. Epstein and found friction marks and superficial reddening of the neck skin and one knee. He was placed on suicide watch by the Operations Lieutenant at approximately 1:40 a.m. pending a formal in- person suicide risk assessment. Dr. [redacted], Staff Psychologist at MCC New York, assessed Mr. Epstein for risk of suicide later in the morning of July 23, 2019, and determined he should remain on suicide watch. Mr. Epstein denied any knowledge of how he received marks on his neck and initially informed staff he believed his cellmate,Nicholas Tartaglione, had attempted to kill him. Special Investigative Services (SIS) staff opened an investigation to assess Mr. Epstein's safety and collect facts surrounding the episode. Despite this investigation, staff was unable to determine whether he was assaulted or engaged in self-directed violence.
Mr. Epstein was removed from suicide watch on July 24, 2019, after 31 hours and 5 minutes. Thereafter, he remained in the suicide watch cell and was placed on Psychological Observation, where he remained housed until July 30, 2019, according to PDS-BEMR records. A discrepancy exists regarding when he was removed from Psychological Observation. His cell assignment, per SENTRY, indicates he was transferred back to the Special Housing Unit (SHU) on July 29, 2019, whereas PDS-BEMR indicates he was removed from Psychological Observation on July 30, 2019, at approximately 8:15 a.m.

Mr. Epstein attended a court hearing on July 31, 2019, and, upon his return, the United States Marshals Service (USMS) provided paperwork to Receiving and Discharge (R&D) staff that noted "suicidal tendencies." Dr. Imeri was notified on August 1, 2019, about this paperwork. She consulted with [redacted] and then met with Mr. Epstein to conduct a suicide risk assessment. She determined suicide watch was not warranted at that time.

Mr. Epstein remained classified as a Mental Health Care Level 1 throughout his time at MCC New York. During his contacts with psychologists, Mr. Epstein routinely denied current mental health symptoms to include suicidal ideation, and he did not exhibit symptoms of a serious mental illness. However, there was evidence Mr. Epstein was experiencing challenges

EFTA00041971

adjusting to his environment and changes in his lifestyle. He reported frequent complaints of difficulty sleeping. He did not have access to his CPAP machine until it was reportedly provided to him on July 30, 2019. Mr. Epstein also reported he was bothered by noise in the SHU. At times, he noted concerns related to his safety in SHU or on a general population housing unit.
On two occasions, July 26, 2019, and July 27, 2019, he described himself as a coward and as someone who does not like pain. On July 28, 2019, he told Dr. Imeri the toilet in his cell would not stop flushing for an extended period of time, and he then took to sitting in the comer with his hands over his ears. Mr. Epstein indicated he was agitated following this incident and was unable to sleep that night.

**ANTECEDENT CIRCUMSTANCES**

Mr. Epstein entered BOP custody on July 6, 2019, with a history of convictions for sexual offenses and allegations comprised of more serious charges. The current indictment alleged sexual crimes against minors, and he was facing up to 45 years in prison. On July 18, 2019, Mr. Epstein's request for bail and pretrial release was denied.

On July 23, 2019, Mr. Epstein was found unresponsive in his cell. The motivation and context were never fully determined. After 31 hours and 5 minutes on Suicide Watch, he was then placed on Psychological Observation. On July 30, 2019, Mr. Epstein was removed from Psychological Observation. Dr. Imeri sent an e-mail reporting Mr. Epstein had been removed from Psychological Observation and needed to be housed with an appropriate cellmate. This
e-m ail was sent to 71 MCC New York staff and, as of August 13, 2019, only 27 staff members had opened the message.

On August 9, 2019, a federal court unsealed approximately 2,000 pages of documents into the public domain. These included graphic allegations against Mr. Epstein. Included was a book order receipt for titles such as *SM 101: A Realistic Introduction; SlaveCraft: Roadmaps for Erotic Servitude;* and *Training with Miss Abernathy: A Workbook for Erotic Slaves and Their Owners.* Additional high profile public figures were also named in the released documents. The documents were part of a defamation lawsuit filed by [redacted], a woman who alleged Mr. Epstein had victimized her, against a British socialite, Ghislaine Maxwell, who was Mr. Epstein's ex-girlfriend, associate, and alleged to have assisted with his criminal activities.
According to staff report, Mr. Epstein was afforded telephone calls on two different days although it is unknown whether they were legal or social calls. No recording of the calls exist and it is not known with whom he was speaking. One occurred on or around July 16, 2019, and the other on August 9, 2019. Legal calls are not monitored, and would not be recorded. A social call would be recorded; given the limited information known about Mr. Epstein, knowledge of the content of any social calls would have been crucial to helping staff work with him.

Following his final telephone call on the evening of August 9, 2019, Mr. Epstein was moved into his SHU cell. He was single-celled at that time because his cellmate (Efrain Reyes #85993-054)

EFTA00041972

did not return from court. The need for a cellmate was communicated between Day Watch (DW) and Evening Watch (EW) shifts in the SHU, but no cellmate was placed with him by the EW staff. According to a memorandum from [redacted], SHU staff were informed at approximately 1:50 p.m. that Mr. Epstein's cellmate would likely not return from court. Furthermore, [redacted] noted Mr. Epstein would need a cellmate upon arrival from his attorney visit.

A review of the 30-minute rounds forms indicate unit rounds were completed for the entire MW shift on August 10, 2019. However, a memorandum from [redacted] indicates Officer [redacted] and Material Handler Supervisor [redacted] made a statement after Mr. Epstein's death that they did not complete proper 30-minute rounds at 3:00 a.m. or 5:00 a.m.

**DESCRIPTION OF SCENE**

A detailed description of the scene was unavailable because the officers who discovered Mr. Epstein did not write memorandums and could not be interviewed. According to the Report of lncident, on August 10, 2019, at approximately 6:33 a.m., while serving the breakfast meal in the SHU, Range 9 South, Mr. Epstein was found unresponsive in his cell. Staff reportedly called for medical assistance, activated the body alarm, and began life-saving measures. Arriving staff stated they brought an automated external defibrillator (AED) and stretcher. Cardiopulmonary resuscitation (CPR) reportedly continued while the AED was placed on Mr. Epstein. The AED reportedly indicated no shock advised and CPR was continued. Mr. Epstein was escorted to Health Services at approximately 6:39 a.m., and Emergency Medical Services (EMS) arrived at 6:43 a.m. He was transported to the local hospital at approximately 7:10 a.m. Mr. Epstein was pronounced deceased at 7:36 am. It was not possible to confirm this timeline without viewing video footage.

**CONCLUSIONS/RECOMMENDATIONS**

A general appreciation of risk factors for suicide specific to sex offenders is necessary when reviewing Mr. Epstein's death. These factors, as well as more general risk factors for suicide, were likely present. There are several common factors that increase risk for suicide in individuals with a history of a sexual offense. These include stigma due to the nature of sexually-based crimes (both within society and the prison system), a disruption of the ability to utilize sex as a coping mechanism (which can lead to increased levels of distress and negative affect), and grief about loss experienced in regards to arrest. This grief may be secondary to the loss of former lifestyle, loss of physical items or collections related to sexual offenses, and/or the loss of perceived relationships with victims. Other factors that may increase risk for suicide among individuals accused of a sex offense include safety concerns, potentially long sentences, and lack of skills necessary to navigate social relationships in prison.

Mr. Epstein was a high-profile, pretrial detainee awaiting trial on sex trafficking offenses. He had been a successful, wealthy businessman with a number of high-profile acquaintances that he accumulated through a combination of charisma, charm, and intelligence. Despite his many associates, he had limited significant or deep interpersonal ties. Although Mr. Epstein appeared

EFTA00041973

to cultivate a large social and professional network, he was estranged from his only brother. Indeed, his identity appeared to be based on his wealth, power, and association with other high- profile individuals. Approximately two-and-a-half weeks before his death, Mr. Epstein appeared to attempt suicide, but ultimately denied it was a suicide attempt. He was convincing in his denial. On that occasion, he was saved because his cellmate notified BOP staff. In the weeks before his death, he made statements that he was "a coward" and was having difficulty adapting to his diminished circumstances. He also frequently referenced poor sleep and an inability to tolerate the noise of prison. On the day before his death, a number of documents in his case were unsealed, further eroding his previously-enjoyed elevated status and potentially implicating some of his associates. The lack of significant interpersonal connections, a complete loss of his status in both the community and among associates, and the idea of potentially spending his life in prison were likely factors contributing to Mr. Epstein's suicide.

The following recommendations concern institution operations: **Corr Svc/ Psych**

1. Single Celling: It is recommended that all inmates be double-celled unless safety concerns or an odd number of inmates precludes this. Priority should be given to inmates with a history of mental illness, self-directed violence, recent stressors (e.g., losses, newly sentenced, etc.)

   It is recommended that a system of control be implemented explaining who will be notified when a Suicide Watch or Psychological Observation ends and how that communication will take place. Because this is a life safety issue, the system of control, once approved by the warden, should be reviewed in formal meetings such as staff recalls, department head meetings, and lieutenants meetings.

**Exec/IDO**

2. Rounds: 30-minute rounds are required by P5500.14, Correctional Services Procedures Manual.

**Corr Svc / Legal**

3. Cellmate Assignments: When Mr. Epstein was placed in SHU on July 7, 2019, Executive Staff decided Mr. Tartaglione would be his cellmate. As explained by [redacted], input was not sought from Psychology Services and it is not clear if or how sex offender-specific needs and associated risk were incorporated into the housing plan. Mr. Tartaglione was also a high profile inmate-an ex-police officer charged in multiple murders. However, he and Mr. Epstein did not share the risk associated with being a sex offender and their pairing may have aggravated Mr. Epstein's risk for self-directed violence. In an effort to treat Mr. Epstein the same as other inmates, a statement repeated by multiple staff, Executive Staff may have inadvertently overlooked the need to consider unique risk factors associated with individuals who have been charged with and convicted of a sex offense. On July 25, 2019, [redacted] sent an e-mail to [redacted] explaining a consultation between [redacted] and

EFTA00041974

[redacted], National Suicide Prevention Coordinator. In the e-mail, [redacted]

**Legal**

reviewed the consult and recommendation from the Psychology Services Branch, Central Office that Mr. Epstein be housed with another inmate who had also been accused of committing a sex offense. There is no evidence this information was considered beyond this e-mail, and Mr. Epstein was never housed with another inmate charged or convicted of a sexual offense.

**Exec Staff**

It is recommended Executive Staff and Correctional Services staff include a psychologist in decisions about cellmates as a means of incorporating expertise about suicide risk, mental health needs, and interventions for psychological stability.

**Psyc Svc**

4. Documentation Accuracy: On July 23, 2019, Mr. Epstein was found unresponsive in his cell. He had abrasions on his neck and knee. There are inconsistencies between documents describing the circumstances of the scene. In a General Administrative Note in PDS-BEMR, [redacted] documented information received from [redacted] that Mr. Epstein, "was found with a string loosely hanging around his neck." In contrast, [redacted], who responded to this emergency, wrote a memorandum dated July 23, 2019. In that memorandum, Officer Silva wrote he saw Mr. Epstein "laying down near his bunk with what appeared to be a piece of handmade orange cloth around his neck." It is critical that all descriptions of the incident accurately reflect objective evidence.

   [redacted] wrote Mr. Epstein an incident report for Self-Mutilation on July 23, 2019, after he was found unresponsive in his cell but prior to having the necessary facts to determine whether he likely engaged in a Bureau violation. BOP policy expects staff to write an incident report within 24 hours of having the information that an inmate likely violated BOP rules but without making a presumptive decision about guilt. A Special Investigative Services Threat Assessment was completed August 2, 2019, but results were inconclusive as to whether Mr. Epstein engaged in self-directed violence, willingly fought with his cellmate, or was assaulted by his cellmate. It is recommended that staff remain open to all reasonable explanations for a behavior and take the appropriate actions when a final determination is made. Although the incident report was later expunged, inmates frequently experience significant stress when they contemplate the potential consequences associated with findings of guilt.

   Dr. Schlessinger entered a Psychology Services Intake Screening into PDS-BEMR on July 8, 2010. The document has three typographical errors. She selected the No Sexual Offense Convictions check box when, in fact, Mr. Epstein was previously convicted of S9licitation of Prostitution and Procuring a Person Under the Age of 18 for Prostitution. Second, Mr. Epstein was erroneously identified as a Black male in this document. Finally, there is one instance where he was mistakenly referred to as Mr. [redacted]

EFTA00041975

Dr. Schlessinger completed a Risk of Sexual Abusiveness document on July 8, 2019. She marked "History of prior prison sexual predation" in the affirmative. This is not accurate.

Ysmael Joaquin, Mid-Level Practitioner, completed a History and Physical on July 9, 2019. An Intake Screening should have been conducted within 24 hours of his entry into Bureau custody which was on July 6, 2019, according to P6031.04, Patient Care.

**Psyc**

[redacted] was responsible for observing Mr. Epstein and documenting his behavior while on suicide watch on July 23, 2019. Officer [redacted] mistakenly used a Suicide Watch Log Book intended for inmate companion documentation between 1:40 a.m. and 6:00 a.m. on July 23, 2019, when he should have been using the Staff Suicide Watch Log Book. Ms. [redacted], Drug Treatment Specialist, reportedly noticed this error and subsequently hand copied all of Officer [redacted]' entries from 1:40 a.m. to 6:00 a.m. into a Staff Suicide Watch Log Book. She then initialed these entries, and this makes it appear as if she was the one conducting the watch. This information was discovered and conveyed in an e-mail from Ms. [redacted] to Dr. Schlessinger with a carbon copy to [redacted] on August 12, 2019. Of note, Ms. [redacted] did not make an entry explaining why she was making the log book changes. Additionally, Ms. [redacted] then wrote entries for 6:15, 6:30, 6:45 and 7:00 a.m. in the Staff Suicide Watch Log Book. These were not a part of the original entries made by Officer [redacted] nor was Ms. [redacted] assigned to work the Suicide Watch post. Due to the inability to interview staff at this time, it is unknown why Ms. [redacted] attempted to correct Officer [redacted]' error, or made any of the subsequent log entries. It is recommended that if a staff member makes an entry error (e.g., writes in the incorrect suicide watch log book), the staff member should describe the error in the correct log book, to include indicating when they became aware of the error. The staff member should then notify the Chief Psychologist.

**Corr Svc**

A review of Special Housing Unit Records (BP-A0292) revealed a number of incomplete entries. This document is used to monitor provision and receipt of basic services such as recreation, medical rounds, showers, meal consumption, etc. The Officer in Charge signature is missing on 10 occasions and a medical provider's signature is missing in seven instances. There are six instances in which it is not clear if Mr. Epstein ate his meal. There are nine instances in which it is not clear if Mr. Epstein took a shower.
There are ten instances in which it is not clear if Mr. Epstein was offered recreation. P5500.15, Correctional Services Manual requires accurate and complete information on the BP-A0292.

A review of Psychology Observation Log Books revealed significant discrepancies from the approved Psychological Observation Procedural Memorandum, dated April 15, 2019. A Correctional Officer is required to complete hourly rounds and sign the log book; 179

EFTA00041976

out of 183 round signatures were missing. The lieutenant is required to sign the log book one time per shift and signatures were missing in 10 of 23 instances. A Physician Assistant is required to sign one time per shift and 16 of 16 instances were missing. It is recommended that a further review of Psychological Observation procedures be conducted.

**AW Edge**

5. Telephone Calls: In a PDS-BEMR note written by [redacted] on July 16, 2019, she was informed by an unnamed staff member that a lieutenant facilitated two telephone calls for Mr. Epstein. It is unknown when and to whom these calls were placed and no evidence that they took place on a monitored telephone.

   According to a memorandum from Unit Manager Nathaniel Bullock on August 10, 2019, Mr. Epstein terminated his legal visit early on August 9, 2019, in order to place a telephone call to his family. Mr. Bullock (who was the Institutional Duty Officer that week) escorted Mr. Epstein to SHU around 7:00 p.m. that evening and he was placed in the shower area on G tier. While there, he was provided the telephone to make a call.
   Since Mr. Epstein reportedly did not have his PAC or PIN number, which is required to use the inmate telephone system, the Unit Manager placed the call, dialing a number that reportedly began with area code 347. Mr. Epstein told Mr. Bullock he was calling his mother who, according to public records, has been deceased since 2004.

   It is recommended that all telephone calls, other than legal calls, be made on monitored lines to be available for post-call review or on a speaker phone so staff can monitor what is discussed.

6. Direct Observation: Mr. Epstein was on suicide watch from July 23, 2019, until July 24, 2019. While on suicide watch on July 23, 2019, Mr. Epstein attended an attorney visit from approximately 12:40 p.m. until 7:15 p.m. During this time, he was without "direct, continuous observation" by a dedicated BOP staff member as required by P5324.08. While on Psychological Observation, he attended attorney visits on July 24, 2019, for 11.25 hours; on July 25, 2019, for 11.25 hours; on July 26, 2019, for 9.25 hours; on July 27, 2019, for 11.33 hours; on July 28, 2019, for 10.5 hours; and on July 29, 2019, for 8 hours. On July 30, 2019, Psychology Observation was terminated. During these visits, continuous observation by a dedicated BOP staff member was not maintained as required by MCC New York's Procedural Memorandum for Psychological Observation.

7. Follow-Up: Mr. Epstein arrived at MCC New York on Saturday, July 6, 2019. While conducting the 10:00 p.m. institution count that evening, Elba Torres, Facilities Assistant reported she observed Mr. Epstein in his cell. In an e-mail she sent to [redacted] and [redacted] later that evening, she described Mr. Epstein as "distraught, sad and a little confused." She said she then asked Mr. Epstein if he was

EFTA00041977

**Psyc Svc**

okay, and he reportedly said he was. However, Ms. [redacted] noted in her e-mail she was not convinced of this, adding, "He seems dazed and withdrawn." She went on to say, "So just to be on the safe side and prevent any suicidal thoughts can someone from Psychology come and talk with him." Despite the fact that Lieutenant Medina opened the e-mail there is no evidence that he contacted the on-call psychologist as is required by P5324.08, Suicide Prevention Program. Additionally, if Ms. Torres was concerned about suicide risk, P5324.08, Suicide Prevention Program, requires her to maintain direct, continuous observation of Mr. Epstein. When [redacted] opened the e-mail the following Monday morning, Mr. Epstein was evaluated by Dr. Schlessinger at approximately 9:30 a.m.

**Psyc Svc**

Mr. Epstein was denied bail on Thursday, July 18, 2019. This was a significant disappointment for Mr. Epstein and likely challenged his ability and willingness to adapt to incarceration. Given the potential impact of the judge's decision, a psychologist should have assessed Mr. Epstein's mental status upon his return to the institution. The BOP developed a SENTRY assignment of PSY ALERT for purposes such as this.
Specifically PSY ALERT is used "to ensure, if movement occurs, that all staff consider the special psychological and management-related risks associated with the inmate." Furthermore, P5324.07, SENTRY Psychology Alert Function states, "When a decision to move [any PSY ALERT] inmate occurs, any special psychological needs of the inmate are reviewed and considered by Psychology Services staff [and] any safety and security concerns are highlighted for non-Psychology Services staff." Psychologists should use the PSY ALERT assignment more frequently with high profile cases and with inmates who have a history or charge of sex offense. Both of these groups of inmates are susceptible to exaggerated or unrealistic fears about correctional settings and experience stress associated during movement and periods of transition (e.g., cell/unit changes, movement to and from court, institutional movement, and release of information through the media).

**PP-63 Func**

Mr. Epstein was reportedly in court on July 31, 2019. It is unknown what time he departed or returned to MCC New York because this information was not entered in SENTRY. Regardless, upon his return, the United States Marshals Service (USMS) provided R&D staff with a Prisoner Custody Alert Notice regarding Mr. Epstein. The notice indicated Mr. Epstein had "MTL Mental Concerns Suicidal Tendencies." The USMS requested R&D staff sign the form, and they then departed with the signed copy. On August 1, 2019, at 8:46 a.m., Dr. Imeri sent [redacted] an e-mail reporting she had just become aware of the above information. In the absence of additional information about this notation, this should have been considered a referral to Psychology Services about a potentially suicidal inmate and procedures should have been followed as outlined in P5324.08, Suicide Prevention Program. Specifically, when a staff member becomes aware an inmate may be thinking about suicide during normal working hours, that staff member must contact Psychology Services and maintain the inmate under direct,continuous observation until he is placed on Suicide Watch

EFTA00041978

or seen by a psychologist. There is no evidence Mr. Epstein was monitored under these conditions from the time he returned from court until he was seen by Dr. Imeri for a suicide risk assessment on August 1, 2019, at approximately 1:30 p.m.

**Exec**

8. Inmate Accountability and Assignment Accuracy: According to a SENTRY quarters roster generated on August 10, 2019, at 12:51 a.m., there were three inmates assigned to Mr. Epstein's SHU cell, Z04-206LAD, including him, at the time of his death. However, his SHU cell was only a double occupancy cell. Inmate Patrick Avila (#86710-054), inmate Gregory Ferrer (#79793-054), and Mr. Epstein were all assigned to the same cell. On August 13, 2019, at 12:06 p.m. and 12:08 p.m., a quarters history roster was generated for inmate Avila and Ferrer, respectively. Inmate Avila's cell assignment was Z04-206LAD from August 5, 2019, until August 11, 2019, when he was moved to cell Z04-212UAD. Inmate Ferrer's cell assignment was Z04-206UAD from August 1, 2019, until August 11, 2019, when he was moved to cell Z04-207LAD. A quarters history roster was generated for Mr. Epstein on August 13, 2019, at 9:07 a.m. His cell assignment was Z04-206LAD from July 29, 2019, until August 10, 2019.

On Monday, August 12, 2019, photographs ofnametags on SHU cell doors and SHU locator forms were sent to the Correctional Service Department in the Northeast Region. The SHU locator form is dated August 9, 2019. It shows inmate Ferrer in cell 207L (SENTRY states he was moved to this cell on August 11, 2019), inmate Avila in cell 212U (SENTRY states he was moved to this cell on August 11, 2019), inmate Epstein in cell 220L (SENTRY never shows him in this cell) along with inmate Reyes (#85993- 054). The locator shows inmate Copper (#92299-054) and inmate Dockery (#60685-050) in cell 206. The photo sheets show the cell being 220 with inmates Epstein and Reyes' identification cards on the door. Inmate Reyes, Efrain, Reg. No. 85993-054 was in cell Z06-220U from August 5, 2019 to August 9, 2019.

MCC New York has four suicide watch cells and each is for single occupancy use. The suicide watch cells are located in Health Services. Each cell is abbreviated with the unit code HO1 in SENTRY followed by the four-digit cell number. The doors are identified by a painted number from one to four. Two reviews were conducted. The first revealed Mr. Epstein was in H0l-00lL according to SENTRY but the Suicide Watch Log Books indicate he was in cell 4. A second review was conducted on August 13, 2019, while there were four inmates on in these cells. SENTRY showed two inmates assigned to HOl-00lL, one assigned to H01-002L, and the fourth inmate assigned to a general population housing unit. Through physical observation of the dedicated suicide watch cells there were four H0l cells, however a review of the BOPWARE Inmate Housing Format, only shows three cells.

Inmate movement and assignments are not accurately reflected in SENTRY as required by P5500.14, Correctional Service Procedures Manual.

**Exec Staff**

9. Attorney Log Books: Four log books were not secured following Mr. Epstein's death. Specifically, three Attorney Log Books located in the Attorney Visiting and Front Lobby areas and an Inmate Search Log Book located in the Attorney Visiting area were not secured. All four books were still in use at the outset of the reconstruction and after the reconstruction team advised staff to secure them. P5324.08 states, "In the event of a suicide, institution staff, particularly Correctional Services staff, and other law enforcement personnel, will handle the site with the same level of protection as any crime scene in which a death has occurred." This policy further states, "All possible evidence and documentation will be preserved to provide data and support for subsequent investigators doing a psychological reconstruction."

   Further, a review of the attorney log books identified many errors and signify a systemic concern. For example, there were two concurrently open attorney log books in the Attorney Visiting area. Further, the different purposes of the two attorney log books, one in the Attorney Visit area and one in the Front Lobby, could not be explained. BOP staff were unable to articulate a system of control for the log books, and during the reconstruction, some of the log books could not be accounted for. Within the log books, entries were made out of chronological order, attorneys did not consistently sign in and out, significant information was illegible or missing, columns were not consistently labeled, log book opening and closing dates were inconsistent, and the cover had been tom off of several books. At the current time, these log books are not functioning as an adequate system of control and monitoring.

10. Automatic External Defibrillators: A review of available AEDs in the institution revealed that the list used for accountability and inspection purposes was inaccurate and incomplete.

**Corr/Svc**
**Psyc Svc**

11. Post Orders & SHU Training: SHU Post Orders Sign-In Sheets were reviewed for the 3rd Quarter, spanning June 9, 2019, to September 7, 2019. Officer L. Grey failed to sign post orders for SHU #3 post.

    Quarterly SHU Training Sign-In Sheets were reviewed. The 2019 3rd Quarter SHU Training was conducted on June 6, 2019. Three staff assigned to the 3rd Quarter SHU Roster in SHU did not attend or receive the SHU Training: Officer [redacted], [redacted], and [redacted].

**Psyc Svc**

12. Staffing: The Drug Abuse Program Coordinator positon at MCC New York was abolished during Phase I of the staff realignment during fiscal year 2018. Re-establishing

EFTA00041980

the Drug Abuse Program Coordinator position would provide the institution with an additional supervisory psychologist to provide critical clinical services.

Staffing in the Correctional Services department is relevant to the reconstruction. However, the details about this topic are provided in an After Action Review completed separately from this report.

**Psyc Svc**

13. Sex Offense Risk Factors: A broad understanding of risk factors associated with sex offenders, by staff at MCC New York, did not appear to be present in all staff but was vital to his adjustment and safety in prison. A more focused management strategy is recommended, particularly in complex and high profile cases. Supplemental training on sex-offender specific risk factors is recommended for all staff and should be provided by Executive Staff and Psychology Services.

hi Lee,
hope you are well. We saw an article tonight on someting called Radaronline reporting that Jeffrey Epstein attempted to commit suicide at the MCC (unsuccessfully.)

Are you in a position to help me on that with some sort of confirmation or information. (Or to dispel its veracity?) thanks, Ben

Thank you, Lee. Some additional questions:
Did Mr. Epstein apparently hang himself?
Who found him? An officer? Another inmate?
Was he in his cell alone?
Was he on some type of suicide watch, given the incident last month, and what did that entail?

Many thanks,

Thanks!!

This appears consistent with PDS. The one edit I suggest based on PDS is to delete the text I colored red and replace it with the green. PDS reflects he was placed in Psyc Observation that night after he returned from court and was assessed the next morning.

>>> [redacted] 8/12/2019 1:17 PM >>>
Please review for accuracy before I send to [redacted].

[redacted], here is a timeline of his arrival at the MCC:

7/6/19: Arrived at NYM (Saturday) in the Receiving and Discharge area. Moved by staff to general population (apparently USMS did not indicate that he was a high profile inmate and staff were unaware that he was coming so no pkans had been established).
7/7/19: Warden idenfied him as high profile and moved him to Special Housing Unit due to his concerns for his personal safety in general population.
7/8/19: Upon return from court of Psych Svc Staff on Monday, he was moved to Psychology Observation for evaluation by Psych Svc Staff. This is NOT suicide watch and the system notes reflect suicide watch not warranted. He was under 24 hour observation during this time to assess his readiness to move to SHU.
7/10/19: Returned to SHU with cell mate. Remains until 7/23.

Hi [redacted]. I'm not sure if you've already relocated but I'm hoping you can help or redirect me to someone who can. I have a private investigator we have appointed under CJA coming to visit our client from out of town next week Monday and Tuesday. What do we need to do to get him permission to come in with us for a legal visit? Thank you.

**Psychologist had approved Jeffrey Epstein's removal from suicide watch**
Reuters
https://news.yahoo.com/psychologist-approved-jeffreys-epsteins-removal-001926591.html
A psychologist at the federal detention center in New York City where financier Jeffrey Epstein was jailed on sex-trafficking charges had approved his removal from suicide watch before he killed himself, the U.S. Justice Department said on Friday. The disclosure came in a letter dated on Thursday from Assistant Attorney General Stephen Boyd and addressed to the leaders of the Judiciary Committee of the U.S. House of Representatives, seeking details about the circumstances surrounding Epstein's death earlier this month.

**The U.S. [redacted] Counting Prison Suicides Even Though the Law Requires It**
Vice
https://www.vice.com/en_ca/article/gyzg4b/the-us-isnt-counting-prison-suicides-even-though-the-law-requires-it
Jeffrey Epstein's suicide in a federal prison in lower Manhattan triggered an investigation and the reassignment of two corrections officers, as well as the head of the Federal Bureau of Prisons by Attorney General William Barr. But it also shined a light on a problem: the federal government has no idea how many prisoners take their own lives in federal and state prisons, even though it's required by law to keep track. The government is obligated under the 2013 Death in Custody Reporting Act to collect and disclose information from law enforcement agencies and states on all deaths in custody, including suicides and deaths during arrest. But that never happened, in part because the Justice Department shuffled the data-collecting responsibility around to different bureaus, causing delays and leaving experts and policymakers with little information on how common prison suicide is.

**Video shows MCC inmate using illicit phone for Facebook live broadcast**
NY Post
https://nypost.com/2019/08/25/video-shows-mcc-inmate-using-illicit-phone-for-facebook-live-broadcast/
An inmate awaiting trial on murder and conspiracy charges used a cellphone to broadcast a Facebook Live video from inside the same Manhattan lockup where Jeffery Epstein hanged himself. The Post has learned. The shocking breach of security at the federal Metropolitan Correctional Center occurred last month and is part of a large-scale investigation into the use of cellphones by prisoners there, law-enforcement sources said.

**Accused Capital One hacker to remain in jail until trial, judge rules**
Washington Post
https://www.washingtonpost.com/national-security/accused-capital-one-hacker-is-at-risk-in-jail-because-she-is-transgender-her-lawyers-say/2019/08/23/f8821f9a-c5a6-11e9-9986-1fb3e4397be4_story.html
The woman accused of hacking more than 100 million files from Capital One bank will remain in jail pending her trial for one of the largest ever corporate data breaches, a federal judge ruled Friday. Magistrate Judge Michelle L. Peterson issued the decision at a hearing in federal court here. Lawyers for Paige A. Thompson had urged that she be sent to a halfway house, arguing that because their client is transgender, she will have a particularly hard time coping in an all-male unit in the federal detention center. "I have severe concerns that if you are released, you will not appear at your next court hearing," Peterson said, citing the defendant's "erratic and bizarre behavior, suicide ideation," and social media posts threatening to kill herself.

[redacted],

I saw him before his Legal visit. He seems stable and is now at his Legal visit. I'll be coming in tomorrow before his Legal visit to see him again.

He complained about being dehydrated because he stated he cannot drink enough water because of limited bathroom breaks in Legal since he stated he sees his Attorney for about 12 hours.

He also complained about having to go back up to SHU. Being anxious about it and not being able to sleep there because of the noise of inmates banging and screaming at night.

Thanks!

I'll let the Lt.s' know to move him.

Can you not just move him to another cell? He will not have lunch in Attorney Conference. He will go back to his cell to eat. He knows this.

He also complained that he is in Attorney Conference from about 8 AM to about 8 PM each day and he said yesterday he only received one meal, a sandwich at about 4:15 PM. He said he should be getting lunch and dinner.
Also additional information on the toilet that reportedly flushed for 45 minutes. He stated to avoid the toilet from doing that again because he stated he found it so aversive and disorienting, he has been urinating in a cup. I already sent an e-mail to Mr. Nobile about the toilet.

[redacted],

Inmate Epstein seems psychologically stable.

He complained that his right arm was numb and hanging earlier. Nurse Columbo saw him.

He again said his right arm still feels somewhat numb and he said he cannot make a fist with that hand. He also said he has numbness on his neck. I informed Nurse Columbo.

He stated the toilet in his cell was running for 45 minutes last night and he could not take the noise. He is going to try the toilet before going to legal today and if it does not shut off, he will be moved to another cell.

Thanks,

[redacted]

Can you not just move him to another cell? He will not have lunch in Attorney Conference. He will go back to his cell to eat. He knows this.

He also complained that he is in Attorney Conference from about 8 AM to about 8 PM each day and he said yesterday he only received one meal, a sandwich at about 4:15 PM. He said he should be getting lunch and dinner.
Also additional information on the toilet that reportedly flushed for 45 minutes. He stated to avoid the toilet from doing that again because he stated he found it so aversive and disorienting, he has been urinating in a cup. I already sent an e-mail to Mr. Nobile about the toilet.

[redacted],

Inmate Epstein seems psychologically stable.

He complained that his right arm was numb and hanging earlier. Nurse Columbo saw him.

He again said his right arm still feels somewhat numb and he said he cannot make a fist with that hand. He also said he has numbness on his neck. I informed Nurse Columbo.

He stated the toilet in his cell was running for 45 minutes last night and he could not take the noise. He is going to try the toilet before going to legal today and if it does not shut off, he will be moved to another cell.

Thanks,

[redacted]

Hugh: Please review the draft below and suggest any edits or comments.

Thanks,

[redacted]

Today, the Attorney General directed the Bureau of Prisons to temporarily assign the warden at the Metropolitan Correctional Center in New York to the Bureau's Northeast Regional Office pending the outcome of the FBI and OIG investigations into the apparent suicide of Jeffrey Epstein, a former MCC inmate. FCI Otisville Warden [redacted] has been named Acting Warden of the MCC New York. The Bureau of Prisons also placed on administrative leave three MCC correctional personnel assigned to Mr. Epstein's unit at the time of his apparent suicide pending the outcome of the investigations. Additional actions may be taken as the circumstances warrant.

Psych Reconst - Epstein #76318-054.docx

**PSYCHOLOGICAL RECONSTRUCTION OF INMATE DEATH**

This is an interim report, due to an inability to gather all necessary data. Formal interviews were not conducted as a part of this reconstruction to avoid interference with pending investigations by other Department of Justice components. A copy of the video is normally made by Special Investigative Staff following a significant incident, but there was no such video in this case since the original video was confiscated by the Federal Bureau of Investigation (FBI) prior to the beginning of this reconstruction. The absence of these two sources of information severely limited the ability to establish accurate timelines, confirm subjective reports, establish converging and diverging lines of facts, or discover new areas of inquiry. As a result, information typically gathered, reviewed and consolidated during a reconstruction to support actionable findings and recommendations is limited.

|---|---|
| Name: | Jeffrey Epstein |
| Register Number: | 76318-054 |
| Date of Death: | 08-10-2019 |
| Prepared by: | [redacted], National Suicide Prevention Coordinator, Psychology Services Branch, Central Office |

**BACKGROUND INFORMATION**

Mr. Jeffrey Epstein was a 66-year-old, White male who died on August 10, 2019, while housed at the Metropolitan Correctional Complex (MCC), in New York, New York. [redacted] C. Wills, former Acting Assistant Director, Reentry Services Division, appointed a team to conduct a psychological reconstruction. The team consisted of [redacted], Sex Offender Treatment Programs Coordinator, Central Office; Dia Boutwell, Mental Health Treatment Coordinator, Central Office; and [redacted], Correctional Services Administrator, Northeast Regional Office. This reconstruction was established in accordance with Bureau of Prisons' (BOP) Program Statement 5324.08, Suicide Prevention Program.

**Social History:** Mr. Epstein did not have a Pre-Sentence Report (PSR) available at the time of the reconstruction; therefore, no official information regarding social history was accessible.
The following was gathered from publicly available documents. Mr. Epstein was born in 1953 and grew up in a middle-class family in the neighborhood of Sea Gate on Coney Island, Brooklyn, New York, with one brother. After early promotion in two grades, Mr. Epstein graduated from Lafayette High School in 1969, at the age of 16. He attended Cooper Union and New York University but did not graduate from either. Mr. Epstein taught at the Dalton School, a private school on the Upper East Side of Manhattan from September 1974 until he was

EFTA00042057

dismissed in June 1976 for inadequate development as a teacher. Following that, he held a number of positions in the financial industry to include a position as a limited partner at Bear Stearns until he was dismissed for unknown policy violations in 1981. He also worked as a financial consultant and founded at least two separate companies.

Mr. Epstein had two significant periods of employment. The first of these was his position as a consultant with Steven Jude Hoffenberg in the late 1980s. Mr. Hoffenberg was described as his first mentor. Mr. Hoffenberg was later convicted and incarcerated for running a large Ponzi scheme. He implicated Mr. Epstein in fraudulently diverting company funds for his own personal use. Years later, Leslie Wexner, Mr. Epstein's sole client at J. Epstein and Company, granted him power of attorney over his affairs. Despite also being identified as Mr. Wexner's mentee, Mr. Epstein was again accused of misappropriating funds-more than 46 million dollars. These large sums are believed to be the seed money Mr. Epstein used to establish his considerable fortune. These events are indicative of Mr. Epstein's highly-regarded intelligence and charismatic personality.

**Legal History:** Mr. Epstein had a history of adult criminal charges and convictions. In June 2008, he entered into a non-prosecution agreement and pleaded guilty to one count Solicitation of Prostitution and one count Procuring a Person Under the Age of 18 for Prostitution in the state of Florida. He was sentenced to 30 months: 18 months of incarceration and 12 months of probation. He was also mandated to register as a sex offender under the National Sex Offender Registration and Notification Act. Mr. Epstein served 13 of his 18-month incarceration and then successfully completed 12 months of probation. It is unclear whether he followed the sex offender registration guidelines in each place he owned a residence.

In regard to pending charges, Mr. Epstein was formally charged with Sex Trafficking Conspiracy in violation of 18 U.S.C. § 371 and Sex Trafficking in violation of 18 U.S.C. § 1591(a), (b) (2), 2 on July 2, 2019. Specifically, he was accused of sexually exploiting and abusing minor females over the course of several years. Charging documents allege Mr. Epstein enticed and recruited minor females to engage in sexual activity. The minor females were reportedly compensated with cash following the sexual encounters and some were encouraged to find other minor females to accompany them to Mr. Epstein's residences in New York or Florida. He pleaded not guilty to these charges and was in pretrial status at the time of his death.

In a 37-page Decision & Order Remanding the Defendant, signed by Judge [redacted] M. Berman on July 18, 2019, 18 pages were dedicated to detailing the danger Mr. Epstein posed to others and the community. The document also alleged he was a flight risk. As a result, Mr. Epstein's proposed bail package was determined to be inadequate. He was denied pretrial release and held on remand.

EFTA00042058

**Institutional History:** On July 6, 2019, Mr. Epstein was arrested at Teterboro Airport in New Jersey upon his return from Paris, France. It is unknown whether he was anticipating this arrest. He was transported to MCC New York and keyed into SENTRY at 9:24 p.m. that evening. Mr. Epstein was placed in a general population housing unit for approximately 22 hours. On July 7, 2019, at approximately 7:20 p.m. he was moved to the Special Housing Unit (SHU) pending reclassification due to the significant increase in media coverage and awareness of his notoriety among the inmate population.

With regard to his adjustment to a correctional setting, Mr. Epstein received one incident report while in BOP custody for Self-Mutilation on July 23, 2019. As of August 15, 2019, the incident report had been expunged though it is unclear why it had been expunged and whether Mr. Epstein knew this. Also, a review of financial transactions associated with Mr. Epstein's prison account revealed one of his attorneys was depositing funds into his cellmate's (inmate Reyes) commissary account for unknown reasons.

**HEALTH CARE AND PERSONALITY DESCRIPTION**

BOP Electronic Medical Records (BEMR) indicate Mr. Epstein was diagnosed with hyperlipidemia, sleep apnea, hypertension, constipation, prediabetes, neuralgia, and neuritis unspecified. He was prescribed the following mediations: docusate sodium, milk of magnesia, omega 3, methylprednisone, and bisacodyl. Mr. Epstein was also prescribed insulin, and the prescription required him to go to the institution pharmacy for administration of this medication. However, the dates for which it was prescribed have a notation indicating "dose not indicated," thus it does not appear insulin was routinely medically necessary. The rest of the medications prescribed were self-carry. He also had a continuous positive airway pressure (CPAP) machine which is typically used to treat sleep apnea. Mr. Epstein was provided with his personal CPAP machine on July 30, 2019, per BEMR.

In regard to mental health history and treatment, there are no known available records. Any records that may have been maintained relating to Mr. Epstein's incarceration in Florida were not available for review as of the date of this report. With regard to Psychology Data System records in BEMR (PDS-BEMR), Dr. Kari Schlessinger, Forensic Psychologist at MCC New York completed a routine Intake Screening on July 8, 2019. During this screening, Mr. Epstein denied any history of mental health problems, substance abuse, and treatment. No symptoms of mental illness were observed. He was classified as Mental Health Care Level 1 and was not diagnosed with a mental illness.

Following a consultation with [redacted], National Suicide Prevention Coordinator on July 8, 2019, Dr. [redacted], Chief Psychologist at MCC New York determined Mr. Epstein should be pre-emptively evaluated for suicide risk upon his return from court. Primary consideration was given to his various risk factors for suicide such as his high profile case and media attention, pending sex offense charges, pre-trial status, and an ongoing court proceeding. Mr. Epstein returned from court on July 8, 2019, after normal business hours. He denied suicidal

EFTA00042059

thoughts at that time, but due to the potential for other risk factors listed above, the on-call psychologist placed Mr. Epstein on Psychological Observation in one of the suicide watch cells until he could be assessed in person by a BOP psychologist. Psychological Observation is a form of individual monitoring that is less restrictive than Suicide Watch. It is used for inmates who are stabilizing and not yet prepared for placement in general population or restrictive housing. It is often used to transition inmates off of Suicide Watch in order to monitor their transition and safety after an acute suicidal crisis. On July 9, 2019, Mr. Epstein underwent a formal, in-person suicide risk assessment with [redacted]. She determined that, while suicide watch was not warranted at that time, Mr. Epstein should remain on Psychological Observation status out of an abundance of caution. He was removed from Psychological Observation on July 10, 2019.

On July 23, 2019, [redacted], the on-call psychologist was notified Mr. Epstein had been found in his cell with a piece of orange cloth around his neck. Reportedly, he was observed lying in the fetal position on the floor with a noose around his neck. Medical staff evaluated Mr. Epstein and found friction marks and superficial reddening of the neck skin and one knee. He was placed on suicide watch by the Operations Lieutenant at approximately 1:40 a.m. pending a formal in- person suicide risk assessment. Dr. [redacted], Staff Psychologist at MCC New York, assessed Mr. Epstein for risk of suicide later in the morning of July 23, 2019, and determined he should remain on suicide watch. Mr. Epstein denied any knowledge of how he received marks on his neck and initially informed staff he believed his cellmate,Nicholas Tartaglione, had attempted to kill him. Special Investigative Services (SIS) staff opened an investigation to assess Mr. Epstein's safety and collect facts surrounding the episode. Despite this investigation, staff was unable to determine whether he was assaulted or engaged in self-directed violence.
Mr. Epstein was removed from suicide watch on July 24, 2019, after 31 hours and 5 minutes. Thereafter, he remained in the suicide watch cell and was placed on Psychological Observation, where he remained housed until July 30, 2019, according to PDS-BEMR records. A discrepancy exists regarding when he was removed from Psychological Observation. His cell assignment, per SENTRY, indicates he was transferred back to the Special Housing Unit (SHU) on July 29, 2019, whereas PDS-BEMR indicates he was removed from Psychological Observation on July 30, 2019, at approximately 8:15 a.m.

Mr. Epstein attended a court hearing on July 31, 2019, and, upon his return, the United States Marshals Service (USMS) provided paperwork to Receiving and Discharge (R&D) staff that noted "suicidal tendencies." Dr. Imeri was notified on August 1, 2019, about this paperwork. She consulted with [redacted] and then met with Mr. Epstein to conduct a suicide risk assessment. She determined suicide watch was not warranted at that time.

Mr. Epstein remained classified as a Mental Health Care Level 1 throughout his time at MCC New York. During his contacts with psychologists, Mr. Epstein routinely denied current mental health symptoms to include suicidal ideation, and he did not exhibit symptoms of a serious mental illness. However, there was evidence Mr. Epstein was experiencing challenges

EFTA00042060

adjusting to his environment and changes in his lifestyle. He reported frequent complaints of difficulty sleeping. He did not have access to his CPAP machine until it was reportedly provided to him on July 30, 2019. Mr. Epstein also reported he was bothered by noise in the SHU. At times, he noted concerns related to his safety in SHU or on a general population housing unit.
On two occasions, July 26, 2019, and July 27, 2019, he described himself as a coward and as someone who does not like pain. On July 28, 2019, he told Dr. Imeri the toilet in his cell would not stop flushing for an extended period of time, and he then took to sitting in the comer with his hands over his ears. Mr. Epstein indicated he was agitated following this incident and was unable to sleep that night.

**ANTECEDENT CIRCUMSTANCES**

Mr. Epstein entered BOP custody on July 6, 2019, with a history of convictions for sexual offenses and allegations comprised of more serious charges. The current indictment alleged sexual crimes against minors, and he was facing up to 45 years in prison. On July 18, 2019, Mr. Epstein's request for bail and pretrial release was denied.

On July 23, 2019, Mr. Epstein was found unresponsive in his cell. The motivation and context were never fully determined. After 31 hours and 5 minutes on Suicide Watch, he was then placed on Psychological Observation. On July 30, 2019, Mr. Epstein was removed from Psychological Observation. Dr. Imeri sent an e-mail reporting Mr. Epstein had been removed from Psychological Observation and needed to be housed with an appropriate cellmate. This e-mail was sent to 71 MCC New York staff and, as of August 13, 2019, only 27 staff members had opened the message.

On August 9, 2019, a federal court unsealed approximately 2,000 pages of documents into the public domain. These included graphic allegations against Mr. Epstein. Included was a book order receipt for titles such as *SM 101: A Realistic Introduction; SlaveCraft: Roadmaps for Erotic Servitude;* and *Training with Miss Abernathy: A Workbook for Erotic Slaves and Their Owners.* Additional high profile public figures were also named in the released documents. The documents were part of a defamation lawsuit filed by [redacted], a woman who alleged Mr. Epstein had victimized her, against a British socialite, Ghislaine Maxwell, who was Mr. Epstein's ex-girlfriend, associate, and alleged to have assisted with his criminal activities.
According to staff report, Mr. Epstein was afforded telephone calls on two different days although it is unknown whether they were legal or social calls. No recording of the calls exist and it is not known with whom he was speaking. One occurred on or around July 16, 2019, and the other on August 9, 2019. Legal calls are not monitored, and would not be recorded. A social call would be recorded; given the limited information known about Mr. Epstein, knowledge of the content of any social calls would have been crucial to helping staff work with him.

Following his final telephone call on the evening of August 9, 2019, Mr. Epstein was moved into his SHU cell. He was single-celled at that time because his cellmate (Efrain Reyes #85993-054)

EFTA00042061

did not return from court. The need for a cellmate was communicated between Day Watch (DW) and Evening Watch (EW) shifts in the SHU, but no cellmate was placed with him by the EW staff. According to a memorandum from [redacted], SHU staff were informed at approximately 1:50 p.m. that Mr. Epstein's cellmate would likely not return from court. Furthermore, [redacted] noted Mr. Epstein would need a cellmate upon arrival from his attorney visit.

A review of the 30-minute rounds forms indicate unit rounds were completed for the entire MW shift on August 10, 2019. However, a memorandum from Lieutenant Stanley Jean indicates Officer [redacted] and Material Handler Supervisor [redacted] made a statement after Mr. Epstein's death that they did not complete proper 30-minute rounds at 3:00 a.m. or 5:00 a.m.

**DESCRIPTION OF SCENE**

A detailed description of the scene was unavailable because the officers who discovered Mr. Epstein did not write memorandums and could not be interviewed. According to the Report of lncident, on August 10, 2019, at approximately 6:33 a.m., while serving the breakfast meal in the SHU, Range 9 South, Mr. Epstein was found unresponsive in his cell. Staff reportedly called for medical assistance, activated the body alarm, and began life-saving measures. Arriving staff stated they brought an automated external defibrillator (AED) and stretcher. Cardiopulmonary resuscitation (CPR) reportedly continued while the AED was placed on Mr. Epstein. The AED reportedly indicated no shock advised and CPR was continued. Mr. Epstein was escorted to Health Services at approximately 6:39 a.m., and Emergency Medical Services (EMS) arrived at 6:43 a.m. He was transported to the local hospital at approximately 7:10 a.m. Mr. Epstein was pronounced deceased at 7:36 am. It was not possible to confirm this timeline without viewing video footage.

**CONCLUSIONS/RECOMMENDATIONS**

A general appreciation of risk factors for suicide specific to sex offenders is necessary when reviewing Mr. Epstein's death. These factors, as well as more general risk factors for suicide, were likely present. There are several common factors that increase risk for suicide in individuals with a history of a sexual offense. These include stigma due to the nature of sexually-based crimes (both within society and the prison system), a disruption of the ability to utilize sex as a coping mechanism (which can lead to increased levels of distress and negative affect), and grief about loss experienced in regards to arrest. This grief may be secondary to the loss of former lifestyle, loss of physical items or collections related to sexual offenses, and/or the loss of perceived relationships with victims. Other factors that may increase risk for suicide among individuals accused of a sex offense include safety concerns, potentially long sentences, and lack of skills necessary to navigate social relationships in prison.

Mr. Epstein was a high-profile, pretrial detainee awaiting trial on sex trafficking offenses. He had been a successful, wealthy businessman with a number of high-profile acquaintances that he accumulated through a combination of charisma, charm, and intelligence. Despite his many associates, he had limited significant or deep interpersonal ties. Although Mr. Epstein appeared

EFTA00042062

to cultivate a large social and professional network, he was estranged from his only brother. Indeed, his identity appeared to be based on his wealth, power, and association with other high- profile individuals. Approximately two-and-a-half weeks before his death, Mr. Epstein appeared to attempt suicide, but ultimately denied it was a suicide attempt. He was convincing in his denial. On that occasion, he was saved because his cellmate notified BOP staff. In the weeks before his death, he made statements that he was "a coward" and was having difficulty adapting to his diminished circumstances. He also frequently referenced poor sleep and an inability to tolerate the noise of prison. On the day before his death, a number of documents in his case were unsealed, further eroding his previously-enjoyed elevated status and potentially implicating some of his associates. The lack of significant interpersonal connections, a complete loss of his status in both the community and among associates, and the idea of potentially spending his life in prison were likely factors contributing to Mr. Epstein's suicide.

The following recommendations concern institution operations: **Corr Svc/ Psych**

1. Single Celling: It is recommended that all inmates be double-celled unless safety concerns or an odd number of inmates precludes this. Priority should be given to inmates with a history of mental illness, self-directed violence, recent stressors (e.g., losses, newly sentenced, etc.)

   It is recommended that a system of control be implemented explaining who will be notified when a Suicide Watch or Psychological Observation ends and how that communication will take place. Because this is a life safety issue, the system of control, once approved by the warden, should be reviewed in formal meetings such as staff recalls, department head meetings, and lieutenants meetings.

**Exec/IDO**

2. Rounds: 30-minute rounds are required by P5500.14, Correctional Services Procedures Manual.

**Corr Svc / Legal**

3. Cellmate Assignments: When Mr. Epstein was placed in SHU on July 7, 2019, Executive Staff decided Mr. Tartaglione would be his cellmate. As explained by [redacted], input was not sought from Psychology Services and it is not clear if or how sex offender-specific needs and associated risk were incorporated into the housing plan. Mr. Tartaglione was also a high profile inmate-an ex-police officer charged in multiple murders. However, he and Mr. Epstein did not share the risk associated with being a sex offender and their pairing may have aggravated Mr. Epstein's risk for self-directed violence. In an effort to treat Mr. Epstein the same as other inmates, a statement repeated by multiple staff, Executive Staff may have inadvertently overlooked the need to consider unique risk factors associated with individuals who have been charged with and convicted of a sex offense. On July 25, 2019, [redacted] sent an e-mail to [redacted] explaining a consultation between [redacted] and

EFTA00042063

[redacted], National Suicide Prevention Coordinator. In the e-mail, [redacted]

**Legal**

reviewed the consult and recommendation from the Psychology Services Branch, Central Office that Mr. Epstein be housed with another inmate who had also been accused of committing a sex offense. There is no evidence this information was considered beyond this e-mail, and Mr. Epstein was never housed with another inmate charged or convicted of a sexual offense.

**Exec Staff**

It is recommended Executive Staff and Correctional Services staff include a psychologist in decisions about cellmates as a means of incorporating expertise about suicide risk, mental health needs, and interventions for psychological stability.

**Psyc Svc**

4. Documentation Accuracy: On July 23, 2019, Mr. Epstein was found unresponsive in his cell. He had abrasions on his neck and knee. There are inconsistencies between documents describing the circumstances of the scene. In a General Administrative Note in PDS-BEMR, [redacted] documented information received from [redacted] that Mr. Epstein, "was found with a string loosely hanging around his neck." In contrast, [redacted], who responded to this emergency, wrote a memorandum dated July 23, 2019. In that memorandum, Officer Silva wrote he saw Mr. Epstein "laying down near his bunk with what appeared to be a piece of handmade orange cloth around his neck." It is critical that all descriptions of the incident accurately reflect objective evidence.

   [redacted] wrote Mr. Epstein an incident report for Self-Mutilation on July 23, 2019, after he was found unresponsive in his cell but prior to having the necessary facts to determine whether he likely engaged in a Bureau violation. BOP policy expects staff to write an incident report within 24 hours of having the information that an inmate likely violated BOP rules but without making a presumptive decision about guilt. A Special Investigative Services Threat Assessment was completed August 2, 2019, but results were inconclusive as to whether Mr. Epstein engaged in self-directed violence, willingly fought with his cellmate, or was assaulted by his cellmate. It is recommended that staff remain open to all reasonable explanations for a behavior and take the appropriate actions when a final determination is made. Although the incident report was later expunged, inmates frequently experience significant stress when they contemplate the potential consequences associated with findings of guilt.

   Dr. Schlessinger entered a Psychology Services Intake Screening into PDS-BEMR on July 8, 2010. The document has three typographical errors. She selected the No Sexual Offense Convictions check box when, in fact, Mr. Epstein was previously convicted of S9licitation of Prostitution and Procuring a Person Under the Age of 18 for Prostitution. Second, Mr. Epstein was erroneously identified as a Black male in this document. Finally, there is one instance where he was mistakenly referred to as Mr. [redacted].

EFTA00042064

Dr. Schlessinger completed a Risk of Sexual Abusiveness document on July 8, 2019. She marked "History of prior prison sexual predation" in the affirmative. This is not accurate.

Ysmael Joaquin, Mid-Level Practitioner, completed a History and Physical on July 9, 2019. An Intake Screening should have been conducted within 24 hours of his entry into Bureau custody which was on July 6, 2019, according to P6031.04, Patient Care.

**Psyc**

[redacted] was responsible for observing Mr. Epstein and documenting his behavior while on suicide watch on July 23, 2019. Officer [redacted] mistakenly used a Suicide Watch Log Book intended for inmate companion documentation between 1:40 a.m. and 6:00 a.m. on July 23, 2019, when he should have been using the Staff Suicide Watch Log Book. Ms. [redacted], Drug Treatment Specialist, reportedly noticed this error and subsequently hand copied all of Officer [redacted]' entries from 1:40 a.m. to 6:00 a.m. into a Staff Suicide Watch Log Book. She then initialed these entries, and this makes it appear as if she was the one conducting the watch. This information was discovered and conveyed in an e-mail from Ms. [redacted] to Dr. Schlessinger with a carbon copy to [redacted] on August 12, 2019. Of note, Ms. [redacted] did not make an entry explaining why she was making the log book changes. Additionally, Ms. [redacted] then wrote entries for 6:15, 6:30, 6:45 and 7:00 a.m. in the Staff Suicide Watch Log Book. These were not a part of the original entries made by Officer [redacted] nor was Ms. [redacted] assigned to work the Suicide Watch post. Due to the inability to interview staff at this time, it is unknown why Ms. [redacted] attempted to correct Officer [redacted]' error, or made any of the subsequent log entries. It is recommended that if a staff member makes an entry error (e.g., writes in the incorrect suicide watch log book), the staff member should describe the error in the correct log book, to include indicating when they became aware of the error. The staff member should then notify the Chief Psychologist.

**Corr Svc**

A review of Special Housing Unit Records (BP-A0292) revealed a number of incomplete entries. This document is used to monitor provision and receipt of basic services such as recreation, medical rounds, showers, meal consumption, etc. The Officer in Charge signature is missing on 10 occasions and a medical provider's signature is missing in seven instances. There are six instances in which it is not clear if Mr. Epstein ate his meal. There are nine instances in which it is not clear if Mr. Epstein took a shower.
There are ten instances in which it is not clear if Mr. Epstein was offered recreation. P5500.15, Correctional Services Manual requires accurate and complete information on the BP-A0292.

A review of Psychology Observation Log Books revealed significant discrepancies from the approved Psychological Observation Procedural Memorandum, dated April 15, 2019. A Correctional Officer is required to complete hourly rounds and sign the log book; 179

EFTA00042065

out of 183 round signatures were missing. The lieutenant is required to sign the log book one time per shift and signatures were missing in 10 of 23 instances. A Physician Assistant is required to sign one time per shift and 16 of 16 instances were missing. It is recommended that a further review of Psychological Observation procedures be conducted.

**AW Edge**

5. Telephone Calls: In a PDS-BEMR note written by [redacted] on July 16, 2019, she was informed by an unnamed staff member that a lieutenant facilitated two telephone calls for Mr. Epstein. It is unknown when and to whom these calls were placed and no evidence that they took place on a monitored telephone.

   According to a memorandum from Unit Manager Nathaniel Bullock on August 10, 2019, Mr. Epstein terminated his legal visit early on August 9, 2019, in order to place a telephone call to his family. Mr. Bullock (who was the Institutional Duty Officer that week) escorted Mr. Epstein to SHU around 7:00 p.m. that evening and he was placed in the shower area on G tier. While there, he was provided the telephone to make a call.
   Since Mr. Epstein reportedly did not have his PAC or PIN number, which is required to use the inmate telephone system, the Unit Manager placed the call, dialing a number that reportedly began with area code 347. Mr. Epstein told Mr. Bullock he was calling his mother who, according to public records, has been deceased since 2004.

   It is recommended that all telephone calls, other than legal calls, be made on monitored lines to be available for post-call review or on a speaker phone so staff can monitor what is discussed.

6. Direct Observation: Mr. Epstein was on suicide watch from July 23, 2019, until July 24, 2019. While on suicide watch on July 23, 2019, Mr. Epstein attended an attorney visit from approximately 12:40 p.m. until 7:15 p.m. During this time, he was without "direct, continuous observation" by a dedicated BOP staff member as required by P5324.08. While on Psychological Observation, he attended attorney visits on July 24, 2019, for 11.25 hours; on July 25, 2019, for 11.25 hours; on July 26, 2019, for 9.25 hours; on July 27, 2019, for 11.33 hours; on July 28, 2019, for 10.5 hours; and on July 29, 2019, for 8 hours. On July 30, 2019, Psychology Observation was terminated. During these visits, continuous observation by a dedicated BOP staff member was not maintained as required by MCC New York's Procedural Memorandum for Psychological Observation.

7. Follow-Up: Mr. Epstein arrived at MCC New York on Saturday, July 6, 2019. While conducting the 10:00 p.m. institution count that evening, Elba Torres, Facilities Assistant reported she observed Mr. Epstein in his cell. In an e-mail she sent to [redacted] and [redacted] later that evening, she described Mr. Epstein as "distraught, sad and a little confused." She said she then asked Mr. Epstein if he was

EFTA00042066

**Psyc Svc**

okay, and he reportedly said he was. However, Ms. [redacted] noted in her e-mail she was not convinced of this, adding, "He seems dazed and withdrawn." She went on to say, "So just to be on the safe side and prevent any suicidal thoughts can someone from Psychology come and talk with him." Despite the fact that Lieutenant Medina opened the e-mail there is no evidence that he contacted the on-call psychologist as is required by P5324.08, Suicide Prevention Program. Additionally, if Ms. Torres was concerned about suicide risk, P5324.08, Suicide Prevention Program, requires her to maintain direct, continuous observation of Mr. Epstein. When [redacted] opened the e-mail the following Monday morning, Mr. Epstein was evaluated by Dr. Schlessinger at approximately 9:30 a.m.

**Psyc Svc**

Mr. Epstein was denied bail on Thursday, July 18, 2019. This was a significant disappointment for Mr. Epstein and likely challenged his ability and willingness to adapt to incarceration. Given the potential impact of the judge's decision, a psychologist should have assessed Mr. Epstein's mental status upon his return to the institution. The BOP developed a SENTRY assignment of PSY ALERT for purposes such as this.
Specifically PSY ALERT is used "to ensure, if movement occurs, that all staff consider the special psychological and management-related risks associated with the inmate." Furthermore, P5324.07, SENTRY Psychology Alert Function states, "When a decision to move [any PSY ALERT] inmate occurs, any special psychological needs of the inmate are reviewed and considered by Psychology Services staff [and] any safety and security concerns are highlighted for non-Psychology Services staff." Psychologists should use the PSY ALERT assignment more frequently with high profile cases and with inmates who have a history or charge of sex offense. Both of these groups of inmates are susceptible to exaggerated or unrealistic fears about correctional settings and experience stress associated during movement and periods of transition (e.g., cell/unit changes, movement to and from court, institutional movement, and release of information through the media).

**PP-63 Func**

Mr. Epstein was reportedly in court on July 31, 2019. It is unknown what time he departed or returned to MCC New York because this information was not entered in SENTRY. Regardless, upon his return, the United States Marshals Service (USMS) provided R&D staff with a Prisoner Custody Alert Notice regarding Mr. Epstein. The notice indicated Mr. Epstein had "MTL Mental Concerns Suicidal Tendencies." The USMS requested R&D staff sign the form, and they then departed with the signed copy. On August 1, 2019, at 8:46 a.m., Dr. Imeri sent [redacted] an e-mail reporting she had just become aware of the above information. In the absence of additional information about this notation, this should have been considered a referral to Psychology Services about a potentially suicidal inmate and procedures should have been followed as outlined in P5324.08, Suicide Prevention Program. Specifically, when a staff member becomes aware an inmate may be thinking about suicide during normal working hours, that staff member must contact Psychology Services and maintain the inmate under direct,continuous observation until he is placed on Suicide Watch

EFTA00042067

or seen by a psychologist. There is no evidence Mr. Epstein was monitored under these conditions from the time he returned from court until he was seen by Dr. Imeri for a suicide risk assessment on August 1, 2019, at approximately 1:30 p.m.

8. Inmate Accountability and Assignment Accuracy: According to a SENTRY quarters roster generated on August 10, 2019, at 12:51 a.m., there were three inmates assigned to Mr. Epstein's SHU cell, Z04-206LAD, including him, at the time of his death. However, his SHU cell was only a double occupancy cell. Inmate Patrick Avila (#86710-054), inmate Gregory Ferrer (#79793-054), and Mr. Epstein were all assigned to the same cell. On August 13, 2019, at 12:06 p.m. and 12:08 p.m., a quarters history roster was generated for inmate Avila and Ferrer, respectively. Inmate Avila's cell assignment was Z04-206LAD from August 5, 2019, until August 11, 2019, when he was moved to cell Z04-212UAD. Inmate Ferrer's cell assignment was Z04-206UAD from August 1, 2019, until August 11, 2019, when he was moved to cell Z04-207LAD. A quarters history roster was generated for Mr. Epstein on August 13, 2019, at 9:07 a.m. His cell assignment was Z04-206LAD from July 29, 2019, until August 10, 2019.

On Monday, August 12, 2019, photographs ofnametags on SHU cell doors and SHU locator forms were sent to the Correctional Service Department in the Northeast Region. The SHU locator form is dated August 9, 2019. It shows inmate Ferrer in cell 207L (SENTRY states he was moved to this cell on August 11, 2019), inmate Avila in cell 212U (SENTRY states he was moved to this cell on August 11, 2019), inmate Epstein in cell 220L (SENTRY never shows him in this cell) along with inmate Reyes (#85993- 054). The locator shows inmate Copper (#92299-054) and inmate Dockery (#60685-050) in cell 206. The photo sheets show the cell being 220 with inmates Epstein and Reyes' identification cards on the door. Inmate Reyes, Efrain, Reg. No. 85993-054 was in cell Z06-220U from August 5, 2019 to August 9, 2019.

MCC New York has four suicide watch cells and each is for single occupancy use. The suicide watch cells are located in Health Services. Each cell is abbreviated with the unit code HO1 in SENTRY followed by the four-digit cell number. The doors are identified by a painted number from one to four. Two reviews were conducted. The first revealed Mr. Epstein was in H0l-00lL according to SENTRY but the Suicide Watch Log Books indicate he was in cell 4. A second review was conducted on August 13, 2019, while there were four inmates on in these cells. SENTRY showed two inmates assigned to HOl-00lL, one assigned to H01-002L, and the fourth inmate assigned to a general population housing unit. Through physical observation of the dedicated suicide watch cells there were four H0l cells, however a review of the BOPWARE Inmate Housing Format, only shows three cells.

Inmate movement and assignments are not accurately reflected in SENTRY as required by P5500.14, Correctional Service Procedures Manual.

9. Attorney Log Books: Four log books were not secured following Mr. Epstein's death. Specifically, three Attorney Log Books located in the Attorney Visiting and Front Lobby areas and an Inmate Search Log Book located in the Attorney Visiting area were not secured. All four books were still in use at the outset of the reconstruction and after the reconstruction team advised staff to secure them. P5324.08 states, "In the event of a suicide, institution staff, particularly Correctional Services staff, and other law enforcement personnel, will handle the site with the same level of protection as any crime scene in which a death has occurred." This policy further states, "All possible evidence and documentation will be preserved to provide data and support for subsequent investigators doing a psychological reconstruction."

   Further, a review of the attorney log books identified many errors and signify a systemic concern. For example, there were two concurrently open attorney log books in the Attorney Visiting area. Further, the different purposes of the two attorney log books, one in the Attorney Visit area and one in the Front Lobby, could not be explained. BOP staff were unable to articulate a system of control for the log books, and during the reconstruction, some of the log books could not be accounted for. Within the log books, entries were made out of chronological order, attorneys did not consistently sign in and out, significant information was illegible or missing, columns were not consistently labeled, log book opening and closing dates were inconsistent, and the cover had been tom off of several books. At the current time, these log books are not functioning as an adequate system of control and monitoring.

10. Automatic External Defibrillators: A review of available AEDs in the institution revealed that the list used for accountability and inspection purposes was inaccurate and incomplete.

**Psyc Svc**

11. Post Orders & SHU Training: SHU Post Orders Sign-In Sheets were reviewed for the 3rd Quarter, spanning June 9, 2019, to September 7, 2019. Officer L. Grey failed to sign post orders for SHU #3 post.

    Quarterly SHU Training Sign-In Sheets were reviewed. The 2019 3rd Quarter SHU Training was conducted on June 6, 2019. Three staff assigned to the 3rd Quarter SHU Roster in SHU did not attend or receive the SHU Training: Officer [redacted], [redacted], and [redacted].

**Psyc Svc**

12. Staffing: The Drug Abuse Program Coordinator positon at MCC New York was abolished during Phase I of the staff realignment during fiscal year 2018. Re-establishing

EFTA00042069

the Drug Abuse Program Coordinator position would provide the institution with an additional supervisory psychologist to provide critical clinical services.

Staffing in the Correctional Services department is relevant to the reconstruction. However, the details about this topic are provided in an After Action Review completed separately from this report.

**Psyc Svc**

13. Sex Offense Risk Factors: A broad understanding of risk factors associated with sex offenders, by staff at MCC New York, did not appear to be present in all staff but was vital to his adjustment and safety in prison. A more focused management strategy is recommended, particularly in complex and high profile cases. Supplemental training on sex-offender specific risk factors is recommended for all staff and should be provided by Executive Staff and Psychology Services.

Jeff, see below link. Eric not helping again. Not sure what the staffing is like at MCC but probably should look into status and progress. Also may want to be sure proper procedures are happening. Would be really bad if have another Epstein episode.

[redacted], thank you so much for your thorough response. Just one question. You indicate that "inmates who are CC2-MH and above are pulled out for psychological interventions in SHU as deemed necessary."

Can you please just define CCS-MH (and provide that in the context of other classifications)?

**Subject:** RE: Follow up requests from UK re: extradition

Hi [redacted],

I am still gathering information, but wanted to give you information to start.

Warden J. [redacted] is the Warden for the Federal Correctional Institution Otisville, NY, and is temporarily assigned to oversee MCC New York's operations. Warden [redacted] began his career in 1994 as a Correctional Officer at the Federal Correctional Institution Schuylkill, Pennsylvania, where he advanced to positions of increasing responsibility: Correctional Treatment Specialist, Unit Manager, and Case Management Coordinator. In 2014, Warden [redacted] promoted to Witness Security Coordinator in Washington, DC. He then promoted to Associate Warden at MDC Brooklyn, Deputy Regional Director for the Northeast Region of the Bureau of Prisons, and was named Warden at FCI Otisville this year. Warden [redacted] honorably served his country in the United States Army prior to beginning his career with the BOP.

From psychology:

- All inmates placed in SHU for 30 days receive a SHU review by the Psychology Services Department. This review involves a brief evaluation with a psychologist who assesses the inmate's psychological functioning, suicidality, and overall adjustment in SHU.
- Psychology staff conduct weekly rounds in SHU and if an inmate expresses a need for psychology services, they are placed on a follow-up list to be seen as needed.
- Inmates who are CC2-MH and above are pulled out for psychological interventions in SHU as deemed necessary. Inmates who express a desire to speak with psychology in a private area are always pulled out and placed in a private caged area to meet with a psychologist.
- Psychology Services has Psychology Advisory List/Hot List hanging up in the SHU which lists all inmates with significant psychological issues or inmates that are at-risk of engaging in self-harm behaviors. This list serves as a guide to Correctional Officers in SHU to inform psychology services if an at-risk inmate enters the SHU. If one of these inmates are placed in SHU, psychology services sees the inmate within 24 hours of the

SHU. If one of these inmates are placed in SHU, psychology services sees the inmate within 24 hours of the notification for and evaluation of their mental status and adjustment to SHU.

- All inmates removed from Suicide Watch are to be double celled with another inmate. This recommendation is placed in the Post Suicide Watch report and is sent in an e-mail to the Lieutenant's who will be escorting the inmates from suicide watch back to SHU. These at-risk inmates are also discussed in the Executive Staff meetings as well as their need for a cellmate. Cellmate's decrease risk for suicide by serving as a rescue opportunity, distraction, source of social support, and reduce feelings of isolation that a depressed inmate may be experiencing in SHU.
- In general, all inmates in SHU should be double celled except in exigent circumstances (Safety concerns-separations from the other inmates, too violent to be celled with another, or contagious disease).
-

Inmate numbers:

The majority of cells at the MCC are designed to accommodate at least two inmates. This was upheld as constitutional at MCC in Bell v. Wolfish, 441 U.S. 520, 99 Sup. Ct. 1861, 60 L.Ed.2d. 447 (1979)

Staffing:

Measures are being taken to increase MCC's staff complement.

Racial unrest:

Prison administrators are unaware of any racial unrest among either the inmate population or staff.

I am awaiting the information we typically provide regarding sanitation and pest control, and hope to have that for you shortly.

Thank you,

**Subject:** Follow up requests from UK re: extradition

Hi [redacted],

I'm sure you're inundated with inquiries right now, so I apologize for adding to your load. You may

remember that we had consulted with you and BOP HQ regarding conditions at the MCC and MDC in connection with defendant Jabir Motiwala's opposition to extradition from the UK. Following Jeffrey Epstein's death, Motiwala has filed an additional report by former-warden [redacted] and attached news articles about the conditions at the MCC.

The attorneys in the UK handling the extradition have asked for our response. They recognize that we may not be able to address all of their questions in light of ongoing investigations, but is there any information we can provide with respect to the following (or could you let us know the proper person/people to talk to)?

i. With regards to the warden of the MCC and two staff members whom are said to have been reassigned since the death of Mr Epstein, are you able to confirm that their roles have been filled with suitable alternatives? In particular please provide any information about the knowledge and experience of the new warden that you are able to. [page 1, [redacted] **Report, dated 22 August 2019**]

ii. Is it possible to comment on the decision to take Mr Epstein off suicide watch and whether either, that decision was justified in the circumstances or if considered to be the wrong decision, that new measures are now in place to ensure any mistakes are not repeated. Please detail any new measures on this particular issue now in place if you are able to. [page 2, [redacted] **Report, dated 22 August 2019**]

iii. Can you provide any explanation as to why Mr Epstein did not have a new inmate sharing his cell in the Special Housing Unit ("SHU") on 9 August 2019 after his other cellmate was moved? Do you accept that there should have been someone sharing his cell in light of his recent apparent suicide attempt? If so, have any new protocols been put in place to ensure this does not happen again? If you do not accept that this occurred or cannot comment on this directly, what general measures are in place to ensure people who have been moved to the SHU following a suicide attempt share a cell with others where possible? [page 2, [redacted] **Report, dated 22 August 2019**]

iv. Is it correct that the two correctional officers due to be carrying out half-hourly checks on Mr Epstein did not carry out any check upon him for a period of several hours before he was discovered in his cell and were instead sleeping? If you accept this is correct what steps have been taken, if any, to prevent this occurring in future? If you do not accept that this occurred or cannot comment on this directly, what general measures are in place to monitor those who have been moved to the SHU following a suicide attempt, and how is it ensured that those measures are safely carried out by staff members? [page 2/3, [redacted] **Report, dated 22 August 2019**]

v. Is it correct that the correctional officers concerned falsified records in regards to the checks they should have carried out? If you accept this is correct what steps have been taken if any to prevent this occurring in future? If you do not accept that this occurred or cannot comment on this directly, what general measures if any are in place to ensure

correctional officers do not falsify records and carry out their duties as required with regards to those who have been moved to the SHU following a suicide attempt? [page 3, [redacted] **Report, dated 22 August 2019**].

vi. Ms [redacted], as well as a number of news reports, state that of the two staff members assigned to monitor Mr Epstein, one of them was not usually a corrections officer but rather was employed by the warehouse and had volunteered to work an extra shift. If you accept this is correct, do you consider it to be appropriate to have such staff members carrying out that type of task and if so what measures are in place to ensure they are able to carry out that particular role safely? If you do not accept that this occurred or cannot comment on this directly, what general measures if any are in place to ensure staff members who do not usually work as correctional officers carry out the task of monitoring those who have been moved to the SHU following a suicide attempt in a safe manner? [page 3, [redacted] **Report, dated 22 August 2019**]

vii. In a news article, it is said that the BOP had tried to address staffing shortages "in part by using a practice called augmentation to temporarily assign employees who [redacted] corrections officers to staff posts intended for detention guards". Do you accept that this occurred at the MCC? If so, is this practice still in place and what general measures if any are in place to ensure staff members who do not usually work as correctional officers are able to safely carry out the work of correctional officers, (for example do they receive special training on security or monitoring prisoners considered to be a suicide risk). [CNN Politics Website, **"Union and lawmakers have long warned of 'dire' federal prison staffing shortages", 14 August 2019**]

viii. Ms [redacted], as well as a number of news reports, state that of the two staff members assigned to monitor Mr Epstein, one of them (the corrections officer) had been working overtime and the other staff member was in the midst of an 80 hour week. Do you agree that many of the correctional officers at the MCC are required to work 60 – 70 hour weeks and if so what measures, if any, are in place to ensure that the prison is still run safely and suicidal prisoners are properly monitored? [page 3, [redacted] **Report, dated 22 August 2019**]

ix. Ms [redacted] further states that the MCC is currently operating with less than 70% of the needed correctional officers. Do you accept that the MCC is operating with less than 70% of the needed correctional officers and if not, how would you describe the current staffing levels? If you agree that the MCC is 70% staffed, what measures, if any, are in place to ensure that the prison is still run safely and suicidal prisoners are properly monitored? [page 3, [redacted] **Report, dated 22 August 2019**].

x. Ms [redacted] states that the MCC was designed to house 474 inmates but that on the day of Mr Epstein's death its population was 763. Do you agree with those figures, and if so is the prison able to safely house that sized population, and what measures, if any, are in place to deal with a prison population of that size and ensure the conditions they are housed in

remain humane? [page 14, [redacted] **Report, dated 22 August 2019**].

xi. Ms [redacted] states the following with regards to the sanitation conditions at MCC:

> "Three current MCC Staff Members very recently described to me the current sanitation conditions at the facility. One stated, "The facility is so disgusting it's like a prison in a third-world country. Cleaning supplies are not issued on a regular basis." The individual further advised, "Pest Control is horrible and ineffective, rats, mice and bugs are everywhere." Another Correctional Officer told me, "There are mice and bugs everywhere including inmates' cells." This information is consistent with my Court testimony on July 3, 2019, and my assessment in Paragraph 20 of my Declaration in the case of Mr. Motiwala. Further, it corroborates the many news reports, regarding the "rodent-infested MCC."

Do you have any comment to make on those observations? [page 15, [redacted] **Report, dated 22 August 2019**].

xii. Ms [redacted] further states:

> "On a different, yet equally concerning topic, an MCC Correctional Officer advised me this past week, that there is blatant racial discord within the institution, especially amongst Correctional Officers. I did not witness this when I was Warden at MCC, and my contact advises it began a short time following my departure."

Do you have any comment to make on those observations? [page 15, [redacted] **Report, dated 22 August 2019**].

xiii. One news article referred to the fact that there was only one psychiatrist shared between the MCC and the other federal prison in New York, and a "handful of psychologists on the staff". It further states that conversations between psychologists and individuals on suicide watch occur "through a slot in the door" rather than in person. Is it still the case that there is a single psychiatrist shared between the MCC and the MDC? Do you agree with the characterisation that there are a handful of psychologists and consultations are carried out through a slot in the door? Have any changes or improvements been made to psychiatric and psychological care provision and staffing in the wake of the death of Mr Epstein or are any planned in the near future? Do you have any comment to make on the observations made generally? [News article "Jeffrey Epstein jail 'a gulag' in lower Manhattan", 12 August 2019]

Our response is due to the UK September 16.

Thank you so much,

**Draft language**

**From** [redacted]

**To** [redacted], [redacted]

**Date** 2019/08/11 21:53

**Subject:** Draft language

**Attachments:** TEXT.htm

[redacted], as discussed, several options are below. Please note that we should discuss timing of all this. I will need to ensure staff are notified first, and I should let my Executive Staff know so they are not taken off guard as they will no doubt get a lot of questions from their staff and other wardens. Also note that the Warden just called [redacted] and told him the US Attorney is meeting with him at 10 am tomorrow. So this probably should be some time after that interview.

Preferred:
Today, the Bureau of Prisons placed two staff who work in MCC NY on administrative leave pending the outcome of the investigation into the apparent suicide of Jeffrey Epstein. Additional actions may be taken as the circumstances of the investigations warrant.

A more detailed version of above could read:
Today, the Bureau of Prisons placed on administrative leave the two staff who worked in the Special Housing Unit at MCC NY pending the outcome of the investigation into the apparent suicide of Jeffrey Epstein. Additional actions may be taken as the circumstances of the investigations warrant.

If a third staff member is added either version can be changed to read "three."

If the warden is added, the following is proposed:
The Bureau of Prisons also temporarily reassigned the MCC NY Warden to the Northeast Regional Office pending the outcome of the investigation. FCI Otisville Warden [redacted] has been named Acting Warden of the MCC NY.

While I prefer not to state the warden's name in this release, if you decide it needs to be added, his name is [redacted].

Thanks. This is helpful. We can talk tomorrow about the timing.
It will also be helpful to get some information about staffing at MCC I've seen additional press reports trying to link the staffing shortages, overtime and this incident.
Thanks,

[redacted], as discussed, several options are below. Please note that we should discuss timing of all this. I will need to ensure staff are notified first, and I should let my Executive Staff know so they are not taken off guard as they will no doubt get a lot of questions from their staff and other wardens. Also note that the Warden just called

[redacted] and told him the US Attorney is meeting with him at 10 am tomorrow. So this probably should be some time after that interview.
Preferred:
Today, the Bureau of Prisons placed two staff who work in MCC NY on administrative leave pending the outcome of the investigation into the apparent suicide of Jeffrey Epstein. Additional actions may be taken as the circumstances of the investigations warrant.
A more detailed version of above could read:
Today, the Bureau of Prisons placed on administrative leave the two staff who worked in the Special Housing Unit at MCC NY pending the outcome of the investigation into the apparent suicide of Jeffrey Epstein. Additional actions may be taken as the circumstances of the investigations warrant.
If a third staff member is added either version can be changed to read "three."
If the warden is added, the following is proposed:
The Bureau of Prisons also temporarily reassigned the MCC NY Warden to the Northeast Regional Office pending the outcome of the investigation. FCI Otisville Warden [redacted] has been named Acting Warden of the MCC NY.
While I prefer not to state the warden's name in this release, if you decide it needs to be added, his name is [redacted].

**Epstein arrival at MCC**

**From** [redacted]

**To** [redacted], [redacted]

**Date** 2019/08/12 13:52

**Subject:** Epstein arrival at MCC

**Attachments:** TEXT.htm

[redacted], here is a timeline of his arrival at the MCC:

7/6/19: Arrived at NYM (Saturday) in the Receiving and Discharge area. Moved by staff to general population (apparently USMS did not indicate that he was a high profile inmate and staff were unaware that he was coming so no plans had been established).
7/7/19: Warden idenfied him as high profile and moved him to Special Housing Unit due to his concerns for his personal safety in general population.
7/8/19: Upon return from Court, he was moved to Psychology Observation for evaluation by Psych Svc Staff. This is NOT suicide watch and the system notes reflect suicide watch not warranted. He was under 24 hour observation during this time to assess his readiness to move to SHU.
7/10/19: Returned to SHU with cell mate. Remains until 7/23.

Epstein Reconstruction 76318-054 draft9.docx

**PSYCHOLOGICAL RECONSTRUCTION OF INMATE DEATH**

This is an interim report, due to an inability to gather all necessary data. Formal interviews were not conducted as a part of this reconstruction to avoid interference with pending investigations by other Department of Justice components. A copy of the video is normally made by Special Investigative Staff following a significant incident, but there was no such video in this case since the original video was confiscated by the Federal Bureau of Investigation (FBI) prior to the beginning of this reconstruction. The absence of these two sources of information severely limited the ability to establish accurate timelines, confirm subjective reports, establish converging and diverging lines of facts, or discover new areas of inquiry. As a result, information typically gathered, reviewed and consolidated during a reconstruction to support actionable findings and recommendations is limited.

|---|---|
| Name: | Jeffrey Epstein |
| Register Number: | 76318-054 |
| Date of Death: | 08-10-2019 |
| Prepared by: | [redacted], National Suicide Prevention Coordinator, Psychology Services Branch, Central Office |

**BACKGROUND INFORMATION**

Mr. Jeffrey Epstein was a 66-year-old, White male who died on August 10, 2019, while housed at the Metropolitan Correctional Complex (MCC), in New York, New York. [redacted] C. Wills, former Acting Assistant Director, Reentry Services Division, appointed a team to conduct a psychological reconstruction. The team consisted of [redacted], Sex Offender Treatment Programs Coordinator, Central Office; Dia Boutwell, Mental Health Treatment Coordinator, Central Office; and [redacted], Correctional Services Administrator, Northeast Regional Office. This reconstruction was established in accordance with Bureau of Prisons' (BOP) Program Statement 5324.08, Suicide Prevention Program.

**Social History:** Mr. Epstein did not have a Pre-Sentence Report (PSR) available at the time of the reconstruction; therefore, no official information regarding social history was accessible. The following was gathered from publicly available documents. Mr. Epstein was born in 1953 and grew up in a middle-class family in the neighborhood of Sea Gate on Coney Island, Brooklyn, New York, with one brother. After early promotion in two grades, Mr. Epstein graduated from Lafayette High School in 1969, at the age of 16. He attended Cooper Union and New York University but did not graduate from either. Mr. Epstein taught at the Dalton School, a private school on the Upper East Side of Manhattan from September 1974 until he was dismissed in June 1976 for inadequate development as a teacher. Following that, he held a number of positions in the financial industry to include a position as a limited partner at

Bear Stearns until he was dismissed for unknown policy violations in 1981. He also worked as a financial consultant and founded at least two separate companies.

Mr. Epstein had two significant periods of employment. The first of these was his position as a consultant with Steven Jude Hoffenberg in the late 1980s. Mr. Hoffenberg was described as his first mentor. Mr. Hoffenberg was later convicted and incarcerated for running a large Ponzi scheme. He implicated Mr. Epstein in fraudulently diverting company funds for his own personal use. Years later, Leslie Wexner, Mr. Epstein's sole client at J. Epstein and Company, granted him power of attorney over his affairs. Despite also being identified as Mr. Wexner's mentee, Mr. Epstein was again accused of misappropriating funds—more than 46 million dollars. These large sums are believed to be the seed money Mr. Epstein used to establish his considerable fortune. These events are indicative of Mr. Epstein's highly-regarded intelligence and charismatic personality.

**Legal History:** Mr. Epstein had a history of adult criminal charges and convictions. In June 2008, he entered into a non-prosecution agreement and pleaded guilty to one count Solicitation of Prostitution and one count Procuring a Person Under the Age of 18 for Prostitution in the state of Florida. He was sentenced to 30 months: 18 months of incarceration and 12 months of probation. He was also mandated to register as a sex offender under the National Sex Offender Registration and Notification Act. Mr. Epstein served 13 of his 18-month incarceration and then successfully completed 12 months of probation. It is unclear whether he followed the sex offender registration guidelines in each place he owned a residence.

In regard to pending charges, Mr. Epstein was formally charged with Sex Trafficking Conspiracy in violation of 18 U.S.C. § 371 and Sex Trafficking in violation of 18 U.S.C. § 1591(a), (b) (2), 2 on July 2, 2019. Specifically, he was accused of sexually exploiting and abusing minor females over the course of several years. Charging documents allege Mr. Epstein enticed and recruited minor females to engage in sexual activity. The minor females were reportedly compensated with cash following the sexual encounters and some were encouraged to find other minor females to accompany them to Mr. Epstein's residences in New York or Florida. He pleaded not guilty to these charges and was in pretrial status at the time of his death.

In a 37-page Decision & Order Remanding the Defendant, signed by Judge [redacted] M. Berman on July 18, 2019, 18 pages were dedicated to detailing the danger Mr. Epstein posed to others and the community. The document also alleged he was a flight risk. As a result, Mr. Epstein's proposed bail package was determined to be inadequate. He was denied pretrial release and held on remand.

**Institutional History:** On July 6, 2019, Mr. Epstein was arrested at Teterboro Airport in

EFTA00042146

New Jersey upon his return from Paris, France. It is unknown whether he was anticipating this arrest. He was transported to MCC New York and keyed into SENTRY at 9:24 p.m. that evening. Mr. Epstein was placed in a general population housing unit for approximately 22 hours. On July 7, 2019, at approximately 7:20 p.m. he was moved to the Special Housing Unit (SHU) pending reclassification due to the significant increase in media coverage and awareness of his notoriety among the inmate population.

With regard to his adjustment to a correctional setting, Mr. Epstein received one incident report while in BOP custody for Self-Mutilation on July 23, 2019. As of August 15, 2019, the incident report had been expunged though it is unclear why it had been expunged and whether Mr. Epstein knew this. Also, a review of financial transactions associated with Mr. Epstein's prison account revealed one of his attorneys was depositing funds into his cellmate's (inmate Reyes) commissary account for unknown reasons.

**HEALTH CARE AND PERSONALITY DESCRIPTION**

BOP Electronic Medical Records (BEMR) indicate Mr. Epstein was diagnosed with hyperlipidemia, sleep apnea, hypertension, constipation, prediabetes, neuralgia, and neuritis unspecified. He was prescribed the following mediations: docusate sodium, milk of magnesia, omega 3, methylprednisone, and bisacodyl. Mr. Epstein was also prescribed insulin, and the prescription required him to go to the institution pharmacy for administration of this medication. However, the dates for which it was prescribed have a notation indicating "dose not indicated," thus it does not appear insulin was routinely medically necessary. The rest of the medications prescribed were self-carry. He also had a continuous positive airway pressure (CPAP) machine which is typically used to treat sleep apnea. Mr. Epstein was provided with his personal CPAP machine on July 30, 2019, per BEMR.

In regard to mental health history and treatment, there are no known available records. Any records that may have been maintained relating to Mr. Epstein's incarceration in Florida were not available for review as of the date of this report. With regard to Psychology Data System records in BEMR (PDS-BEMR), Dr. Kari Schlessinger, Forensic Psychologist at MCC New York completed a routine Intake Screening on July 8, 2019. During this screening, Mr. Epstein denied any history of mental health problems, substance abuse, and treatment. No symptoms of mental illness were observed. He was classified as Mental Health Care Level 1 and was not diagnosed with a mental illness.

Following a consultation with [redacted], National Suicide Prevention Coordinator on July 8, 2019, Dr. [redacted], Chief Psychologist at MCC New York determined Mr. Epstein should be pre-emptively evaluated for suicide risk upon his return from court. Primary consideration was given to his various risk factors for suicide such as his high profile case and media attention, pending sex offense charges, pre-trial status, and an ongoing court proceeding. Mr. Epstein returned from court on July 8, 2019, after normal business hours. He denied suicidal thoughts at that time, but due to the potential for other risk factors listed above, the on-call

EFTA00042147

psychologist placed Mr. Epstein on Psychological Observation in one of the suicide watch cells until he could be assessed in person by a BOP psychologist. Psychological Observation is a form of individual monitoring that is less restrictive than Suicide Watch. It is used for inmates who are stabilizing and not yet prepared for placement in general population or restrictive housing. It is often used to transition inmates off of Suicide Watch in order to monitor their transition and safety after an acute suicidal crisis. On July 9, 2019, Mr. Epstein underwent a formal, in-person suicide risk assessment with [redacted]. She determined that, while suicide watch was not warranted at that time, Mr. Epstein should remain on Psychological Observation status out of an abundance of caution. He was removed from Psychological Observation on July 10, 2019.

On July 23, 2019, [redacted], the on-call psychologist was notified Mr. Epstein had been found in his cell with a piece of orange cloth around his neck. Reportedly, he was observed lying in the fetal position on the floor with a noose around his neck. Medical staff evaluated Mr. Epstein and found friction marks and superficial reddening of the neck skin and one knee. He was placed on suicide watch by the Operations Lieutenant at approximately 1:40 a.m. pending a formal in-person suicide risk assessment. Dr. [redacted], Staff Psychologist at MCC New York, assessed Mr. Epstein for risk of suicide later in the morning of July 23, 2019, and determined he should remain on suicide watch. Mr. Epstein denied any knowledge of how he received marks on his neck and initially informed staff he believed his cellmate,Nicholas Tartaglione, had attempted to kill him. Special Investigative Services (SIS) staff opened an investigation to assess Mr. Epstein's safety and collect facts surrounding the episode. Despite this investigation, staff was unable to determine whether he was assaulted or engaged in self-directed violence.
Mr. Epstein was removed from suicide watch on July 24, 2019, after 31 hours and 5 minutes. Thereafter, he remained in the suicide watch cell and was placed on Psychological Observation, where he remained housed until July 30, 2019, according to PDS-BEMR records. A discrepancy exists regarding when he was removed from Psychological Observation. His cell assignment, per SENTRY, indicates he was transferred back to the Special Housing Unit (SHU) on July 29, 2019, whereas PDS-BEMR indicates he was removed from Psychological Observation on July 30, 2019, at approximately 8:15 a.m.

Mr. Epstein attended a court hearing on July 31, 2019, and, upon his return, the United States Marshals Service (USMS) provided paperwork to Receiving and Discharge (R&D) staff that noted "suicidal tendencies." Dr. Imeri was notified on August 1, 2019, about this paperwork. She consulted with [redacted] and then met with Mr. Epstein to conduct a suicide risk assessment. She determined suicide watch was not warranted at that time.

Mr. Epstein remained classified as a Mental Health Care Level 1 throughout his time at MCC New York. During his contacts with psychologists, Mr. Epstein routinely denied current mental health symptoms to include suicidal ideation, and he did not exhibit symptoms of a serious mental illness. However, there was evidence Mr. Epstein was experiencing challenges

EFTA00042148

adjusting to his environment and changes in his lifestyle. He reported frequent complaints of difficulty sleeping. He did not have access to his CPAP machine until it was reportedly provided to him on July 30, 2019. Mr. Epstein also reported he was bothered by noise in the SHU. At times, he noted concerns related to his safety in SHU or on a general population housing unit. On two occasions, July 26, 2019, and July 27, 2019, he described himself as a coward and as someone who does not like pain. On July 28, 2019, he told Dr. Imeri the toilet in his cell would not stop flushing for an extended period of time, and he then took to sitting in the corner with his hands over his ears. Mr. Epstein indicated he was agitated following this incident and was unable to sleep that night.

**ANTECEDENT CIRCUMSTANCES**

Mr. Epstein entered BOP custody on July 6, 2019, with a history of convictions for sexual offenses and allegations comprised of more serious charges. The current indictment alleged sexual crimes against minors, and he was facing up to 45 years in prison. On July 18, 2019, Mr. Epstein's request for bail and pretrial release was denied.

On July 23, 2019, Mr. Epstein was found unresponsive in his cell. The motivation and context were never fully determined. After 31 hours and 5 minutes on Suicide Watch, he was then placed on Psychological Observation. On July 30, 2019, Mr. Epstein was removed from Psychological Observation. Dr. Imeri sent an e-mail reporting Mr. Epstein had been removed from Psychological Observation and needed to be housed with an appropriate cellmate. This e-mail was sent to 71 MCC New York staff and, as of August 13, 2019, only 27 staff members had opened the message.

On August 9, 2019, a federal court unsealed approximately 2,000 pages of documents into the public domain. These included graphic allegations against Mr. Epstein. Included was a book order receipt for titles such as *SM 101: A Realistic Introduction*; *SlaveCraft: Roadmaps for Erotic Servitude*; and *Training with Miss Abernathy: A Workbook for Erotic Slaves and Their Owners*. Additional high profile public figures were also named in the released documents. The documents were part of a defamation lawsuit filed by [redacted], a woman who alleged Mr. Epstein had victimized her, against a British socialite, Ghislaine Maxwell, who was Mr. Epstein's ex-girlfriend, associate, and alleged to have assisted with his criminal activities. According to staff report, Mr. Epstein was afforded telephone calls on two different days although it is unknown whether they were legal or social calls. No recording of the calls exist and it is not known with whom he was speaking. One occurred on or around July 16, 2019, and the other on August 9, 2019. Legal calls are not monitored, and would not be recorded. A social call would be recorded; given the limited information known about Mr. Epstein, knowledge of the content of any social calls would have been crucial to helping staff work with him.

Following his final telephone call on the evening of August 9, 2019, Mr. Epstein was moved into his SHU cell. He was single-celled at that time because his cellmate (Efrain Reyes #85993-054)

EFTA00042149

did not return from court. The need for a cellmate was communicated between Day Watch (DW) and Evening Watch (EW) shifts in the SHU, but no cellmate was placed with him by the EW staff. According to a memorandum from [redacted], SHU staff were informed at approximately 1:50 p.m. that Mr. Epstein's cellmat would likely not return from court. Furthermore, [redacted] noted Mr. Epstein would need a cellmate upon arrival from his attorney visit.

A review of the 30-minute rounds forms indicate unit rounds were completed for the entire MW shift on August 10, 2019. However, a memorandum from Lieutenant Stanley Jean indicates Officer [redacted] and Material Handler Supervisor [redacted] made a statement after Mr. Epstein's death that they did not complete proper 30-minute rounds at 3:00 a.m. or 5:00 a.m.

**DESCRIPTION OF SCENE**

A detailed description of the scene was unavailable because the officers who discovered Mr. Epstein did not write memorandums and could not be interviewed. According to the Report of Incident, on August 10, 2019, at approximately 6:33 a.m., while serving the breakfast meal in the SHU, Range 9 South, Mr. Epstein was found unresponsive in his cell. Staff reportedly called for medical assistance, activated the body alarm, and began life-saving measures. Arriving staff stated they brought an automated external defibrillator (AED) and stretcher. Cardiopulmonary resuscitation (CPR) reportedly continued while the AED was placed on Mr. Epstein. The AED reportedly indicated no shock advised and CPR was continued. Mr. Epstein was escorted to Health Services at approximately 6:39 a.m., and Emergency Medical Services (EMS) arrived at 6:43 a.m. He was transported to the local hospital at approximately 7:10 a.m. Mr. Epstein was pronounced deceased at 7:36 am. It was not possible to confirm this timeline without viewing video footage.

**CONCLUSIONS/RECOMMENDATIONS**

A general appreciation of risk factors for suicide specific to sex offenders is necessary when reviewing Mr. Epstein's death. These factors, as well as more general risk factors for suicide, were likely present. There are several common factors that increase risk for suicide in individuals with a history of a sexual offense. These include stigma due to the nature of sexually-based crimes (both within society and the prison system), a disruption of the ability to utilize sex as a coping mechanism (which can lead to increased levels of distress and negative affect), and grief about loss experienced in regards to arrest. This grief may be secondary to the loss of former lifestyle, loss of physical items or collections related to sexual offenses, and/or the loss of perceived relationships with victims. Other factors that may increase risk for suicide among individuals accused of a sex offense include safety concerns, potentially long sentences, and lack of skills necessary to navigate social relationships in prison.

Mr. Epstein was a high-profile, pretrial detainee awaiting trial on sex trafficking offenses. He had been a successful, wealthy businessman with a number of high-profile acquaintances that he accumulated through a combination of charisma, charm, and intelligence. Despite his many associates, he had limited significant or deep interpersonal ties. Although Mr. Epstein appeared

to cultivate a large social and professional network, he was estranged from his only brother. Indeed, his identity appeared to be based on his wealth, power, and association with other high-profile individuals. Approximately two-and-a-half weeks before his death, Mr. Epstein appeared to attempt suicide, but ultimately denied it was a suicide attempt. He was convincing in his denial. On that occasion, he was saved because his cellmate notified BOP staff. In the weeks before his death, he made statements that he was "a coward" and was having difficulty adapting to his diminished circumstances. He also frequently referenced poor sleep and an inability to tolerate the noise of prison. On the day before his death, a number of documents in his case were unsealed, further eroding his previously-enjoyed elevated status and potentially implicating some of his associates. The lack of significant interpersonal connections, a complete loss of his status in both the community and among associates, and the idea of potentially spending his life in prison were likely factors contributing to Mr. Epstein's suicide.

The following recommendations concern institution operations:

1. Single Celling: It is recommended that all inmates be double-celled unless safety concerns or an odd number of inmates precludes this. Priority should be given to inmates with a history of mental illness, self-directed violence, recent stressors (e.g., losses, newly sentenced, etc.)

   It is recommended that a system of control be implemented explaining who will be notified when a Suicide Watch or Psychological Observation ends and how that communication will take place. Because this is a life safety issue, the system of control, once approved by the warden, should be reviewed in formal meetings such as staff recalls, department head meetings, and lieutenants meetings.

2. Rounds: 30-minute rounds are required by P5500.14, Correctional Services Procedures Manual.

3. Cellmate Assignments: When Mr. Epstein was placed in SHU on July 7, 2019, Executive Staff decided Mr. Tartaglione would be his cellmate. As explained by [redacted], input was not sought from Psychology Services and it is not clear if or how sex offender-specific needs and associated risk were incorporated into the housing plan. Mr. Tartaglione was also a high profile inmate—an ex-police officer charged in multiple murders. However, he and Mr. Epstein did not share the risk associated with being a sex offender and their pairing may have aggravated Mr. Epstein's risk for self-directed violence. In an effort to treat Mr. Epstein the same as other inmates, a statement repeated by multiple staff, Executive Staff may have inadvertently overlooked the need to consider unique risk factors associated with individuals who have been charged with and convicted of a sex offense. On July 25, 2019, [redacted] sent an e-mail to [redacted] explaining a consultation between [redacted] and [redacted], National Suicide Prevention Coordinator. In the e-mail, [redacted]

reviewed the consult and recommendation from the Psychology Services Branch, Central Office that Mr. Epstein be housed with another inmate who had also been accused of committing a sex offense. There is no evidence this information was considered beyond this e-mail, and Mr. Epstein was never housed with another inmate charged or convicted of a sexual offense.

It is recommended Executive Staff and Correctional Services staff include a psychologist in decisions about cellmates as a means of incorporating expertise about suicide risk, mental health needs, and interventions for psychological stability.

4. Documentation Accuracy: On July 23, 2019, Mr. Epstein was found unresponsive in his cell. He had abrasions on his neck and knee. There are inconsistencies between documents describing the circumstances of the scene. In a General Administrative Note in PDS-BEMR, [redacted] documented information received from [redacted] that Mr. Epstein, "was found with a string loosely hanging around his neck." In contrast, [redacted], who responded to this emergency, wrote a memorandum dated July 23, 2019. In that memorandum, Officer Silva wrote he saw Mr. Epstein "laying down near his bunk with what appeared to be a piece of handmade orange cloth around his neck." It is critical that all descriptions of the incident accurately reflect objective evidence.

   [redacted] wrote Mr. Epstein an incident report for Self-Mutilation on July 23, 2019, after he was found unresponsive in his cell but prior to having the necessary facts to determine whether he likely engaged in a Bureau violation. BOP policy expects staff to write an incident report within 24 hours of having the information that an inmate likely violated BOP rules but without making a presumptive decision about guilt. A Special Investigative Services Threat Assessment was completed August 2, 2019, but results were inconclusive as to whether Mr. Epstein engaged in self-directed violence, willingly fought with his cellmate, or was assaulted by his cellmate. It is recommended that staff remain open to all reasonable explanations for a behavior and take the appropriate actions when a final determination is made. Although the incident report was later expunged, inmates frequently experience significant stress when they contemplate the potential consequences associated with findings of guilt.

   Dr. Schlessinger entered a Psychology Services Intake Screening into PDS-BEMR on July 8, 2010. The document has three typographical errors. She selected the No Sexual Offense Convictions check box when, in fact, Mr. Epstein was previously convicted of Solicitation of Prostitution and Procuring a Person Under the Age of 18 for Prostitution. Second, Mr. Epstein was erroneously identified as a Black male in this document. Finally, there is one instance where he was mistakenly referred to as Mr. [redacted].

Dr. Schlessinger completed a Risk of Sexual Abusiveness document on July 8, 2019. She marked "History of prior prison sexual predation" in the affirmative. This is not accurate.

Ysmael Joaquin, Mid-Level Practitioner, completed a History and Physical on July 9, 2019. An Intake Screening should have been conducted within 24 hours of his entry into Bureau custody which was on July 6, 2019, according to P6031.04, Patient Care.

[redacted] was responsible for observing Mr. Epstein and documenting his behavior while on suicide watch on July 23, 2019. Officer [redacted] mistakenly used a Suicide Watch Log Book intended for inmate companion documentation between 1:40 a.m. and 6:00 a.m. on July 23, 2019, when he should have been using the Staff Suicide Watch Log Book. Ms. [redacted], Drug Treatment Specialist, reportedly noticed this error and subsequently hand copied all of Officer [redacted]' entries from 1:40 a.m. to 6:00 a.m. into a Staff Suicide Watch Log Book. She then initialed these entries, and this makes it appear as if she was the one conducting the watch. This information was discovered and conveyed in an e-mail from Ms. [redacted] to Dr. Schlessinger with a carbon copy to [redacted] on August 12, 2019. Of note, Ms. [redacted] did not make an entry explaining why she was making the log book changes. Additionally, Ms. [redacted] then wrote entries for 6:15, 6:30, 6:45 and 7:00 a.m. in the Staff Suicide Watch Log Book. These were not a part of the original entries made by Officer [redacted] nor was Ms. [redacted] assigned to work the Suicide Watch post. Due to the inability to interview staff at this time, it is unknown why Ms. [redacted] attempted to correct Officer [redacted]' error, or made any of the subsequent log entries. It is recommended that if a staff member makes an entry error (e.g., writes in the incorrect suicide watch log book), the staff member should describe the error in the correct log book, to include indicating when they became aware of the error. The staff member should then notify the Chief Psychologist.

A review of Special Housing Unit Records (BP-A0292) revealed a number of incomplete entries. This document is used to monitor provision and receipt of basic services such as recreation, medical rounds, showers, meal consumption, etc. The Officer in Charge signature is missing on 10 occasions and a medical provider's signature is missing in seven instances. There are six instances in which it is not clear if Mr. Epstein ate his meal. There are nine instances in which it is not clear if Mr. Epstein took a shower. There are ten instances in which it is not clear if Mr. Epstein was offered recreation. P5500.15, Correctional Services Manual requires accurate and complete information on the BP-A0292.

A review of Psychology Observation Log Books revealed significant discrepancies from the approved Psychological Observation Procedural Memorandum, dated April 15, 2019.

A Correctional Officer is required to complete hourly rounds and sign the log book; 179 out of 183 round signatures were missing. The lieutenant is required to sign the log book one time per shift and signatures were missing in 10 of 23 instances. A Physician Assistant is required to sign one time per shift and 16 of 16 instances were missing. It is recommended that a further review of Psychological Observation procedures be conducted.

5. Telephone Calls: In a PDS-BEMR note written by [redacted] on July 16, 2019, she was informed by an unnamed staff member that a lieutenant facilitated two telephone calls for Mr. Epstein. It is unknown when and to whom these calls were placed and no evidence that they took place on a monitored telephone.

   According to a memorandum from Unit Manager Nathaniel Bullock on August 10, 2019, Mr. Epstein terminated his legal visit early on August 9, 2019, in order to place a telephone call to his family. Mr. Bullock (who was the Institutional Duty Officer that week) escorted Mr. Epstein to SHU around 7:00 p.m. that evening and he was placed in the shower area on G tier. While there, he was provided the telephone to make a call. Since Mr. Epstein reportedly did not have his PAC or PIN number, which is required to use the inmate telephone system, the Unit Manager placed the call, dialing a number that reportedly began with area code 347. Mr. Epstein told Mr. Bullock he was calling his mother who, according to public records, has been deceased since 2004.

   It is recommended that all telephone calls, other than legal calls, be made on monitored lines to be available for post-call review or on a speaker phone so staff can monitor what is discussed.

6. Direct Observation: Mr. Epstein was on suicide watch from July 23, 2019, until July 24, 2019. While on suicide watch on July 23, 2019, Mr. Epstein attended an attorney visit from approximately 12:40 p.m. until 7:15 p.m. During this time, he was without "direct, continuous observation" by a dedicated BOP staff member as required by P5324.08. While on Psychological Observation, he attended attorney visits on July 24, 2019, for 11.25 hours; on July 25, 2019, for 11.25 hours; on July 26, 2019, for 9.25 hours; on July 27, 2019, for 11.33 hours; on July 28, 2019, for 10.5 hours; and on July 29, 2019, for 8 hours. On July 30, 2019, Psychology Observation was terminated. During these visits, continuous observation by a dedicated BOP staff member was not maintained as required by MCC New York's Procedural Memorandum for Psychological Observation.

7. Follow-Up: Mr. Epstein arrived at MCC New York on Saturday, July 6, 2019. While conducting the 10:00 p.m. institution count that evening, Elba [redacted], Facilities Assistant reported she observed Mr. Epstein in his cell. In an e-mail she sent to [redacted] and [redacted] later that evening, she described Mr. Epstein as

EFTA00042154

"distraught, sad and a little confused." She said she then asked Mr. Epstein if he was okay, and he reportedly said he was. However, Ms. [redacted] noted in her e-mail she was not convinced of this, adding, "He seems dazed and withdrawn." She went on to say, "So just to be on the safe side and prevent any suicidal thoughts can someone from Psychology come and talk with him." Despite the fact that Lieutenant Medina opened the e-mail there is no evidence that he contacted the on-call psychologist as is required by P5324.08, Suicide Prevention Program. Additionally, if Ms. [redacted] was concerned about suicide risk, P5324.08, Suicide Prevention Program, requires her to maintain direct, continuous observation of Mr. Epstein. When [redacted] opened the e-mail the following Monday morning, Mr. Epstein was evaluated by Dr. Schlessinger at approximately 9:30 a.m.

Mr. Epstein was denied bail on Thursday, July 18, 2019. This was a significant disappointment for Mr. Epstein and likely challenged his ability and willingness to adapt to incarceration. Given the potential impact of the judge's decision, a psychologist should have assessed Mr. Epstein's mental status upon his return to the institution. The BOP developed a SENTRY assignment of PSY ALERT for purposes such as this. Specifically PSY ALERT is used "to ensure, if movement occurs, that all staff consider the special psychological and management-related risks associated with the inmate." Furthermore, P5324.07, SENTRY Psychology Alert Function states, "When a decision to move [any PSY ALERT] inmate occurs, any special psychological needs of the inmate are reviewed and considered by Psychology Services staff [and] any safety and security concerns are highlighted for non-Psychology Services staff." Psychologists should use the PSY ALERT assignment more frequently with high profile cases and with inmates who have a history or charge of sex offense. Both of these groups of inmates are susceptible to exaggerated or unrealistic fears about correctional settings and experience stress associated during movement and periods of transition (e.g., cell/unit changes, movement to and from court, institutional movement, and release of information through the media).

Mr. Epstein was reportedly in court on July 31, 2019. It is unknown what time he departed or returned to MCC New York because this information was not entered in SENTRY. Regardless, upon his return, the United States Marshals Service (USMS) provided R&D staff with a Prisoner Custody Alert Notice regarding Mr. Epstein. The notice indicated Mr. Epstein had "MTL Mental Concerns Suicidal Tendencies." The USMS requested R&D staff sign the form, and they then departed with the signed copy. On August 1, 2019, at 8:46 a.m., Dr. Imeri sent [redacted] an e-mail reporting she had just become aware of the above information. In the absence of additional information about this notation, this should have been considered a referral to Psychology Services about a potentially suicidal inmate and procedures should have been followed as outlined in P5324.08, Suicide Prevention Program. Specifically, when a staff member becomes aware an inmate may be thinking about suicide during normal working hours, that staff

member must contact Psychology Services and maintain the inmate under direct, continuous observation until he is placed on Suicide Watch or seen by a psychologist. There is no evidence Mr. Epstein was monitored under these conditions from the time he returned from court until he was seen by Dr. Imeri for a suicide risk assessment on August 1, 2019, at approximately 1:30 p.m.

8. Inmate Accountability and Assignment Accuracy: According to a SENTRY quarters roster generated on August 10, 2019, at 12:51 a.m., there were three inmates assigned to Mr. Epstein's SHU cell, Z04-206LAD, including him, at the time of his death. However, his SHU cell was only a double occupancy cell. Inmate Patrick Avila (#86710-054), inmate Gregory Ferrer (#79793-054), and Mr. Epstein were all assigned to the same cell. On August 13, 2019, at 12:06 p.m. and 12:08 p.m., a quarters history roster was generated for inmate Avila and Ferrer, respectively. Inmate Avila's cell assignment was Z04-206LAD from August 5, 2019, until August 11, 2019, when he was moved to cell Z04-212UAD. Inmate Ferrer's cell assignment was Z04-206UAD from August 1, 2019, until August 11, 2019, when he was moved to cell Z04-207LAD. A quarters history roster was generated for Mr. Epstein on August 13, 2019, at 9:07 a.m. His cell assignment was Z04-206LAD from July 29, 2019, until August 10, 2019.

   On Monday, August 12, 2019, photographs of nametags on SHU cell doors and SHU locator forms were sent to the Correctional Service Department in the Northeast Region. The SHU locator form is dated August 9, 2019. It shows inmate Ferrer in cell 207L (SENTRY states he was moved to this cell on August 11, 2019), inmate Avila in cell 212U (SENTRY states he was moved to this cell on August 11, 2019), inmate Epstein in cell 220L (SENTRY never shows him in this cell) along with inmate Reyes (#85993-054). The locator shows inmate Copper (#92299-054) and inmate Dockery (#60685-050) in cell 206. The photo sheets show the cell being 220 with inmates Epstein and Reyes' identification cards on the door. Inmate Reyes, Efrain, Reg. No. 85993-054 was in cell Z06-220U from August 5, 2019 to August 9, 2019.

   MCC New York has four suicide watch cells and each is for single occupancy use. The suicide watch cells are located in Health Services. Each cell is abbreviated with the unit code H01 in SENTRY followed by the four-digit cell number. The doors are identified by a painted number from one to four. Two reviews were conducted. The first revealed Mr. Epstein was in H01-001L according to SENTRY but the Suicide Watch Log Books indicate he was in cell 4. A second review was conducted on August 13, 2019, while there were four inmates on in these cells. SENTRY showed two inmates assigned to HO1-001L, one assigned to H01-002L, and the fourth inmate assigned to a general population housing unit. Through physical observation of the dedicated suicide watch cells there were four H01 cells, however a review of the BOPWARE Inmate Housing Format, only shows three cells.

EFTA00042156

Inmate movement and assignments are not accurately reflected in SENTRY as required by P5500.14, Correctional Service Procedures Manual.

9. Attorney Log Books: Four log books were not secured following Mr. Epstein's death. Specifically, three Attorney Log Books located in the Attorney Visiting and Front Lobby areas and an Inmate Search Log Book located in the Attorney Visiting area were not secured. All four books were still in use at the outset of the reconstruction and after the reconstruction team advised staff to secure them. P5324.08 states, "In the event of a suicide, institution staff, particularly Correctional Services staff, and other law enforcement personnel, will handle the site with the same level of protection as any crime scene in which a death has occurred." This policy further states, "All possible evidence and documentation will be preserved to provide data and support for subsequent investigators doing a psychological reconstruction."

   Further, a review of the attorney log books identified many errors and signify a systemic concern. For example, there were two concurrently open attorney log books in the Attorney Visiting area. Further, the different purposes of the two attorney log books, one in the Attorney Visit area and one in the Front Lobby, could not be explained. BOP staff were unable to articulate a system of control for the log books, and during the reconstruction, some of the log books could not be accounted for. Within the log books, entries were made out of chronological order, attorneys did not consistently sign in and out, significant information was illegible or missing, columns were not consistently labeled, log book opening and closing dates were inconsistent, and the cover had been torn off of several books. At the current time, these log books are not functioning as an adequate system of control and monitoring.

10. Automatic External Defibrillators: A review of available AEDs in the institution revealed that the list used for accountability and inspection purposes was inaccurate and incomplete.

11. Post Orders & SHU Training: SHU Post Orders Sign-In Sheets were reviewed for the 3rd Quarter, spanning June 9, 2019, to September 7, 2019. Officer L. Grey failed to sign post orders for SHU #3 post.

    Quarterly SHU Training Sign-In Sheets were reviewed. The 2019 3rd Quarter SHU Training was conducted on June 6, 2019. Three staff assigned to the 3rd Quarter SHU Roster in SHU did not attend or receive the SHU Training: Officer [redacted], [redacted], and [redacted].

12. Staffing: The Drug Abuse Program Coordinator positon at MCC New York was abolished during Phase I of the staff realignment during fiscal year 2018. Re-establishing the Drug Abuse Program Coordinator position would provide the institution with an additional supervisory psychologist to provide critical clinical services.

Staffing in the Correctional Services department is relevant to the reconstruction. However, the details about this topic are provided in an After Action Review completed separately from this report.

**13.** Sex Offense Risk Factors: A broad understanding of risk factors associated with sex offenders, by staff at MCC New York, did not appear to be present in all staff but was vital to his adjustment and safety in prison. A more focused management strategy is recommended, particularly in complex and high profile cases. Supplemental training on sex-offender specific risk factors is recommended for all staff and should be provided by Executive Staff and Psychology Services.

Please review

Today, the Attorney General directed the Bureau of Prisons to temporarily assign the warden at the Metropolitan Correctional Center in New York to the Bureau's Northeast Regional Office pending the outcome of the FBI and OIG investigations into the apparent suicide of Jeffrey Epstein, a former MCC inmate. FCI Otisville Warden [redacted] has been named Acting Warden of the MCC New York. The Bureau of Prisons also placed on administrative leave three MCC staff assigned to Mr. Epstein's unit pending the outcome of the investigations. Additional actions may be taken as the circumstances warrant.

As an update, I spoke with the AUSAs. They advised the Court thee was no video because the FBI had the DVR (pulled for the 8/10 incident) which went back to the 7/23 attempt. The FBI reported the DVR footage was corrupted as to the 7/23 video and, thus there was no footage. The AUSAs are asking that SIS check to see where Pina preserved the 7/22-23 video to see if that copy is not corrupted. They will be reaching out to her directly.

The AUSAs also want to know where the orange rope from the 7/23 attempt is preserved.

Thanks all,

Good morning all,

Per the above article, the Court was advised by the USAO that MCC did not preserve video from outside the cell shared by Tartaglione and Epstein at the time of Epstein's alleged first suicide attempt. However, per the attached, SIS advised the footage was preserved. What search for the footage was performed prior to advising the USAO the footage could not be found? I would recommend searching again for the missing video. I have a call with the AUSAs in 20 minutes and will advise as to what other issues arose at yesterday's hearing.

Thank you,

Good afternoon all,

I will need the following information to assist the AUSAs in their reply, keeping in mind we will not provide any information about the Epstein investigation as it is ongoing:

1) Warden [redacted] bio
2) Psychology/SHU measures that have been put in place to address suicide watch removal procedures, double celling inmates in SHU, and ensuring staff make their 30 minute rounds
3) Increasing staffing
4) Inmate numbers (constitutionally supported)
5) Language used re sanitation and pest control (Lee - what did you provide the news media)
6) Racial unrest (none that we are aware of, right?)
7) How psych interviews are performed in SHU (e.g. are any inmates removed from the cells to talk to psych staff)?

Thank you,

Good afternoon all,

We are assisting the AUSA's in an extradition request out of the UK and have to respond to the below points. Most of the response will be that we cannot comment on an open investigation. However, there are points to be made as to some of the statements (new wardens, post orders and training, staffing, inmate numbers, sanitation and pest control, alleged racial unrest, and how psychology staff interview suicide watch inmates). Is anyone aware of stock language Central Office has used to address these inquiries?

Thank you,

**Subject:** Follow up requests from UK re: extradition

Hi [redacted],

I'm sure you're inundated with inquiries right now, so I apologize for adding to your load. You may remember that we had consulted with you and BOP HQ regarding conditions at the MCC and MDC in connection with defendant Jabir Motiwala's opposition to extradition from the UK. Following Jeffrey Epstein's death, Motiwala has filed an additional report by former-warden [redacted] and attached news articles about the conditions at the MCC.

The attorneys in the UK handling the extradition have asked for our response. They recognize that we may not be able to address all of their questions in light of ongoing investigations, but is there any information we can provide with respect to the following (or could you let us know the proper person/people to talk to)?

i. With regards to the warden of the MCC and two staff members whom are said to have been reassigned since the death of Mr Epstein, are you able to confirm that their roles have been filled with suitable alternatives? In particular please provide any information about the knowledge and experience of the new warden that you are able to. [page 1, [redacted] Report, dated 22 August 2019]

ii. Is it possible to comment on the decision to take Mr Epstein off suicide watch and whether either, that decision was justified in the circumstances or if considered to be the wrong decision, that new measures are now in place to ensure any mistakes are not repeated. Please detail any new measures on this particular issue now in place if you are able to. [page 2, [redacted] Report, dated 22 August 2019]

iii. Can you provide any explanation as to why Mr Epstein did not have a new inmate sharing his cell in the Special Housing Unit ("SHU") on 9 August 2019 after his other cellmate was

moved? Do you accept that there should have been someone sharing his cell in light of his recent apparent suicide attempt? If so, have any new protocols been put in place to ensure this does not happen again? If you do not accept that this occurred or cannot comment on this directly, what general measures are in place to ensure people who have been moved to the SHU following a suicide attempt share a cell with others where possible? [page 2, [redacted] **Report, dated 22 August 2019**]

iv. Is it correct that the two correctional officers due to be carrying out half-hourly checks on Mr Epstein did not carry out any check upon him for a period of several hours before he was discovered in his cell and were instead sleeping? If you accept this is correct what steps have been taken, if any, to prevent this occurring in future? If you do not accept that this occurred or cannot comment on this directly, what general measures are in place to monitor those who have been moved to the SHU following a suicide attempt, and how is it ensured that those measures are safely carried out by staff members? [page 2/3, [redacted] **Report, dated 22 August 2019**]

v. Is it correct that the correctional officers concerned falsified records in regards to the checks they should have carried out? If you accept this is correct what steps have been taken if any to prevent this occurring in future? If you do not accept that this occurred or cannot comment on this directly, what general measures if any are in place to ensure correctional officers do not falsify records and carry out their duties as required with regards to those who have been moved to the SHU following a suicide attempt? [page 3, [redacted] **Report, dated 22 August 2019**].

vi. Ms [redacted], as well as a number of news reports, state that of the two staff members assigned to monitor Mr Epstein, one of them was not usually a corrections officer but rather was employed by the warehouse and had volunteered to work an extra shift. If you accept this is correct, do you consider it to be appropriate to have such staff members carrying out that type of task and if so what measures are in place to ensure they are able to carry out that particular role safely? If you do not accept that this occurred or cannot comment on this directly, what general measures if any are in place to ensure staff members who do not usually work as correctional officers carry out the task of monitoring those who have been moved to the SHU following a suicide attempt in a safe manner? [page 3, [redacted] **Report, dated 22 August 2019**]

vii. In a news article, it is said that the BOP had tried to address staffing shortages "in part by using a practice called augmentation to temporarily assign employees who [redacted] corrections officers to staff posts intended for detention guards". Do you accept that this occurred at the MCC? If so, is this practice still in place and what general measures if any are in place to ensure staff members who do not usually work as correctional officers are able to safely carry out the work of correctional officers, (for example do they receive special training on security or monitoring prisoners considered to be a suicide risk). [CNN Politics Website, **"Union and lawmakers have long warned of 'dire' federal prison staffing shortages", 14 August 2019**]

viii. Ms [redacted], as well as a number of news reports, state that of the two staff members assigned to monitor Mr Epstein, one of them (the corrections officer) had been working overtime and the other staff member was in the midst of an 80 hour week. Do you agree that many of the correctional officers at the MCC are required to work 60 – 70 hour weeks and if so what measures, if any, are in place to ensure that the prison is still run safely and suicidal prisoners are properly monitored? [page 3, [redacted] **Report, dated 22 August 2019**]

ix. Ms [redacted] further states that the MCC is currently operating with less than 70% of the needed correctional officers. Do you accept that the MCC is operating with less than 70% of the needed correctional officers and if not, how would you describe the current staffing levels? If you agree that the MCC is 70% staffed, what measures, if any, are in place to ensure that the prison is still run safely and suicidal prisoners are properly monitored? [page 3, [redacted] **Report, dated 22 August 2019**].

x. Ms [redacted] states that the MCC was designed to house 474 inmates but that on the day of Mr Epstein's death its population was 763. Do you agree with those figures, and if so is the prison able to safely house that sized population, and what measures, if any, are in place to deal with a prison population of that size and ensure the conditions they are housed in remain humane? [page 14, [redacted] **Report, dated 22 August 2019**].

xi. Ms [redacted] states the following with regards to the sanitation conditions at MCC:

> "Three current MCC Staff Members very recently described to me the current sanitation conditions at the facility. One stated, "The facility is so disgusting it's like a prison in a third-world country. Cleaning supplies are not issued on a regular basis." The individual further advised, "Pest Control is horrible and ineffective, rats, mice and bugs are everywhere." Another Correctional Officer told me, "There are mice and bugs everywhere including inmates' cells." This information is consistent with my Court testimony on July 3, 2019, and my assessment in Paragraph 20 of my Declaration in the case of Mr. Motiwala. Further, it corroborates the many news reports, regarding the "rodent-infested MCC."

Do you have any comment to make on those observations? [page 15, [redacted] **Report, dated 22 August 2019**].

xii. Ms [redacted] further states:

> "On a different, yet equally concerning topic, an MCC Correctional Officer advised me this past week, that there is blatant racial discord within the institution, especially amongst Correctional Officers. I did not witness this when I was Warden at MCC, and my contact advises it began a short time following my departure."

at MCC, and my contact advises it began a short time following my departure.

Do you have any comment to make on those observations? [page 15, [redacted] **Report, dated 22 August 2019**].

xiii. One news article referred to the fact that there was only one psychiatrist shared between the MCC and the other federal prison in New York, and a "handful of psychologists on the staff". It further states that conversations between psychologists and individuals on suicide watch occur "through a slot in the door" rather than in person. Is it still the case that there is a single psychiatrist shared between the MCC and the MDC? Do you agree with the characterisation that there are a handful of psychologists and consultations are carried out through a slot in the door? Have any changes or improvements been made to psychiatric and psychological care provision and staffing in the wake of the death of Mr Epstein or are any planned in the near future? Do you have any comment to make on the observations made generally? [News article "Jeffrey Epstein jail 'a gulag' in lower Manhattan", 12 August 2019]

Our response is due to the UK September 16.

Thank you so much,
[redacted]

[redacted] - 30.08.19 - Further Report - Epstein.pdf

August 22, 2019
Report of Suicide of High Profile Inmate at MCC New York
Provided by [redacted] [redacted] at the request of
Amirah Ajaz, Solicitor, ABV Solicitors

Jeffrey Epstein, a high profile, pre-trial inmate, Southern District of New York, was found unresponsive in his cell at MCC New York on August 10, 2019, at approximately 6:40 am. A short time later, he was taken to an outside community hospital where he was pronounced dead. His death was ruled been a suicide by hanging following an autopsy which was performed by the New York Medical Examiner. Two investigations, to be conducted by the Federal Bureau of Investigation (FBI), and Office of Inspector General(OIG), were ordered by United States Attorney General (AG), William Barr and are currently ongoing.

At a press conference held on Monday, August 11, 2019, AG Barr stated, "the Department of Justice is learning about those "deeply concerning" irregularities at the MCC New York. I was appalled - and indeed the whole Department was - and frankly angry to learn of the MCC's failure to adequately secure this prisoner." AG Barr further commented, "Mr. Epstein's death raises serious questions that must be answered." On Tuesday, August 12, 2019, AG Barr directed the Warden of MCC be reassigned to the Bureau of Prisons Northeast Regional Office and two other MCC employees, who had been assigned to Mr. Epstein's housing unit (9-South-Special Housing Unit), were placed on Administrative Leave. A Justice Department spokesperson stated "Additional actions may be taken as the circumstances warrant."

On August 19, 2019, AG Barr appointed a new Director and new Deputy Director to the Bureau of Prisons. The Acting Director will return to his regular duties. While it is a positive step to have these top positions filled, the concerns within the prisons remain unchanged.

**Chronology of Events**

July 23, 2019 - Law enforcement sources state Epstein was found unconscious in his jail cell with injuries to his neck. It was not clear if the injuries were self-inflicted as a result of a

EFTA00042188

suicide attempt or if he had been the victim of an assault. He was placed on Suicide Watch.
July 29, 2019 - Epstein is reportedly removed from Suicide Watch and returned to the Special Housing Unit (SHU), where he is placed with a cellmate. It is common practice to place inmates whose suicide watch has ended in a cell with another inmate, rather than to be housed alone. This provides some measure of safeguard. Termination of a Suicide Watch can only be made by a trained member of the Psychology Department. Dr. [redacted], Chief Psychologist, MCC New York, would have been involved in the decision to terminate Epstein's July 2019, Suicide Watch. [redacted] provided a Declaration o the Court in the case of Motiwala. In this case, because of Epstein's notoriety, it would not be uncommon to have several levels of review, to include the Warden's input and possibly officials at a higher level. Details outlining the reasons Epstein's Suicide Watch terminated are uncertain. In my experience, inmates are not kept on suicide watch indefinitely. A typical suicide watch would normally last two to four days.
If an inmate is persuasive, they can formulate an argument to talk their way off of a suicide watch and manipulate the Psychologist into believing they no longer pose a danger to themselves.

August 9, 2019 - Thousands of documents are unsealed in Court in connection with a defamation case against a woman accused of recruiting underage girls for Epstein. These documents revealed the names of dozens of high-profile individuals who were connected to Epstein. They allegedly indulged in parties with him and flew on his private plane. These documents included allegations of impropriety against several of these "prominent individuals."

At some point on Friday, August 9, 2019, Epstein's cellmate was moved to another location or or transferred. For reasons the investigators are still exploring, he did not receive a new cellmate. This contradicts usual protocol as Epstein should not have been in his SHU cell alone, having recently been removed from Suicide Watch.

The Washington Post reported in an article published on August 11, 2019, the Correctional Officers assigned that night to the SHU Unit, had not checked on Epstein for several hours before he was found hanging in his cell Saturday morning. This was just

one in a series of missteps in the hours leading up to his death.

The New York Times and Associated Press reported the Correctional Officers slept through the 30-minute required checks and then falsified records to cover that up. They cite their source as Law Enforcement Officials. Surveillance video reviewed following the incident is said to have confirmed this information.
Procedure and Post Orders require Officers to conduct physical checks of all inmates every 30 minutes. It has been reported by several sources that these 30-minute checks were not being conducted by either of the two staff members working that morning shift in SHU unit. Additionally, the Union President of MCC advised both staff were working overtime and one of the individuals did not normally work as a Corrections Officer. It is my understanding from a source who currently is employed at MCC that the second individual assigned to SHU that shift is employed by the Warehouse and he had volunteered to work the overtime on Friday night/Saturday morning in SHU.

The Union President stated that MCC is currently functioning with less than 70 percent of the needed correctional officers, forcing many to work mandatory overtime and 60 to 70 hour work weeks. The Union President went on to say in an interview, "If it [redacted] Mr. Epstein, it would have been somebody else because of the conditions at the institution. It [redacted] a matter of how it happened or it happening, but it was only a matter of time for it to happen. It was inevitable. Our Staff is severely overworked."

August 9-10, 2019

According to several sources, Correctional Officers assigned to SHU did not check on Epstein for several hours, despite policy requiring physical checks of all SHU inmates every 30 minutes. Both staff were working overtime at the understaffed facility. One of the Officers was mandated to work the overtime and the Warehouse Employee volunteered to work the overtime in the midst of an 80-hour work week.

August 10, 2019

EFTA00042190

Epstein is found unconscious/unresponsive in his cell. He is later pronounced dead from an apparent suicide. Further it has been reported that Epstein committed suicide by hanging with the use of a bed sheet.

August 11, 2019

The investigations begin and the autopsy is performed. It is anticipated it will be several days before any official information is reported.

**Conditions of Confinement at MCC New York**

Aviva Stahl, an Investigative New York Journalist, has extensively covered conditions of confinement at MCC New York over the last several years. Much of what she claims have recently been reported by numerous media outlets. The following excerpts were written by Ms. Stahl and published August 2019, in the Columbia Journalism Review and June 2018, in the Gothamist. Additional excerpts from the June 2018 and August 2019 publications of the Gothamist, of former inmates of MCC, Attorneys, Prison Experts, Professors and other sources are also provided in the following section.

August 20, 2019 Columbia Journalism Review - (Aviva Stahl)
"**WHEN I AWOKE LAST SATURDAY** to the news of Jeffrey Epstein's death, I realized that the moment had come: the Metropolitan Correctional Center (MCC), the federal prison where he died, was about to get its fifteen minutes of fame. As a freelance investigative reporter who frequently covers the prison system, I'd spent years trying to pitch stories about that facility, often without success. Last summer, I managed to publish an investigation into conditions at the MCC on the website, Gothamist. The story documented that MCC was overcrowded and understaffed, plagued by vermin and overflowing toilets, dogged by allegations of corruption and abuse, and beset by an almost total lack of medical care. None of that got much attention at the time. But as soon as news of Epstein's death started circulating, so did my piece."

"There are no advocacy groups focused on improving conditions at federal prisons, in large part because there [redacted] really any elected officials responsible for safeguarding these institutions. Congress is technically charged with overseeing the Bureau of Prisons, but Congress is busy. And because federal institutions hold individuals from across the country, federal prisoners [redacted] form a natural constituency, or represent a single newspaper readership."

"Half a block behind Manhattan's federal courthouse, two blocks from City Hall, three blocks from the Brooklyn Bridge, and less than a mile from the hustle-and-bustle of Wall Street, sits a detention center that has been condemned by a United Nations human rights expert for exposing its inmates to conditions akin to torture.

While reports of the horrendous conditions on Rikers Island helped spur Mayor Bill de Blasio's pledge to shutter the jail's violence-plagued facilities, far less attention has been paid to the environment inside the Metropolitan Correctional Center, the federal jail which mainly holds people who have been charged but not yet convicted of crimes, who in the eyes of the law are still presumed innocent.

Yet those locked up at the MCC are subject to their own indignities and rights violations, say those who have spent time there on both sides of the bars. These include filthy conditions, vermin infestations, substandard medical care, and violence and abuse at the hands of guards. Interviews with a dozen people who have spent time locked up there as recently as 2017, as well as with attorneys who have represented clients at MCC, human rights groups, and others with direct knowledge of the prison, confirm that those incarcerated at MCC often endure a rat-infested, high-rise hell just yards from the federal courts that send them there.

"I thought there was nowhere worse than Rikers Island," Melvin Rodriguez, who spent three weeks at MCC, told Gothamist. In October 2016, Rodriguez was arrested in the Bronx on federal charges for selling drugs to a confidential informant, as part of the largest gang raid in New York City history.

Rodriguez said the bug and rodent infestation at MCC was particularly horrifying. "The cells [are] very small and at nighttime you hear the mouses, see waterbugs in the shower," he told Gothamist. At least one former MCC prisoner said the mice would find their way into commissary boxes, and gnaw away at their food.

"You asked about the conditions," wrote Ricardo Stewart, another young man indicted as part of the Bronx gang raid. "We saw rats so big it seemed like they could only be in the sewer."

"But they [redacted] in the streets or the sewers," Stewart added.

EFTA00042193

"They were more like roommates."

In a special jail-within-a-jail called 10 South, alleged terrorists, mobsters and drug kingpins are subject to some of the most brutal conditions of solitary confinement in the nation. This extreme isolation, reserved for those charged with the most heinous crimes, was described as "a punitive measure that is unworthy of the United States as a civilized democracy," according to a former special monitor on torture and punishment for the United Nations who investigated the case of one prisoner held there for three years."

"Hundreds of people indicted in the Southern District of New York, as well as many individuals indicted in the Eastern District, based in Brooklyn's federal court across the river, end up at the jail awaiting trial for federal offenses including drug-related crimes, fraud, bribery, and sex offenses. Defendants facing terrorism charges have spent more than three years at the facility, attorneys say. But even those facing less high-profile charges generally spend at least one or two years there before their criminal cases are resolved."

New York attorney Joshua Dratel, who has represented clients at the notorious U.S. facility at Guantanamo, says "in some regards, MCC—particularly 10 South — is worse." Dratel said he has represented nearly a dozen people who have served time on 10 South, and countless others in MCC. He describes the prison as "soul-negating."

"It's physically, mentally, psychologically, emotionally—as unaccommodating to the idea of being human as any place I've been," Dratel told Gothamist.

Bruce Barket, a New York Attorney who has visited clients at MCC described the institution as "infested with rats and mold." He went on to state, "The Facility is run with a bad combination of laziness and cruelty," citing the Epstein death is one of the results. He describes the Special Housing Unit as "a place where an inmate sits in a box and stares at the wall."

Jeanne Thesharis is a Distinguished Professor of Political

EFTA00042194

Science at Brooklyn College who has written extensively about conditions at MCC.

"If I described these conditions to you—filthy, freezing, no natural light, isolation so extreme that you're punished for speaking through the walls, absurd rules like prisoners not getting to see the newspapers unless they're 30 days old, secrecy so deep that people are force-fed and lawyers can be punished for describing the conditions their clients are experiencing—you'd be forgiven for thinking that this was Iran or Russia," she said.

"But in fact this gulag exists right here in lower Manhattan."

Andrew Laufer, a civil rights attorney who has filed several lawsuits challenging conditions at the BOP's two federal jails in New York City, recalled suing the BOP on behalf of a prisoner at MCC who had had his fingertip chopped off by a cell door. Rather than being placed in an ambulance, alleges Laufer, the man was chained at his ankles and wrists and brought to the hospital by correctional officers, bleeding profusely.

"I think it's a human rights violation," Laufer says of the medical care at MCC. "I think it's an Eighth Amendment violation—deliberate indifference."

In the past 15 years, at least one correctional officer at MCC has been convicted of beating an inmate, and at least three guards have been convicted of sexually assaulting inmates. In 2016, a former correctional officer at MCC was sentenced to seven years for raping an inmate. Most recently a former MCC Staff Member was convicted of taking bribes to smuggle food, alcohol and cellphones into the facility.

In a 2011 letter to then-Attorney General Eric Holder, Amnesty International expressed concern that conditions on 10 South "fall short of international standards for humane treatment" and "appear incompatible with the presumption of innocence." The brutal nature of life on the unit, including its extreme conditions of isolation, were also documented in a 2014 Human

EFTA00042195

Rights Watch Report, about human rights abuses in US terrorism prosecutions.

During his six-year term as the UN Special Rapporteur for Torture and Other Cruel, Inhuman or Degrading Treatment or Punishment, which ended in October 2016, the BOP prevented Juan Méndez from speaking to suspected or convicted terrorists. Méndez was able to investigate the conditions at 10 South by interviewing family members of the incarcerated and contacting the State Department about the allegations. He ultimately determined that international human rights protections had been violated.

While there has been increasing advocacy for reforms to local jail and prison conditions, federal prisons remain a kind of political orphan, a situation compounded in the Trump era. "Rikers is a good example of the power of people in a democracy to hold their elected officials accountable," said Fettig, "but in the federal context—federal facilities house people from all around the country, and so there's no natural constituency in the state, city, county they're located in" to express concern about what's happening on the inside.

As a result, for people locked up at MCC, there's little hope that conditions will improve anytime soon.

That could be exactly the way jailers and prosecutors want it. Pre-trial detention, which often lasts years, can become not only unsafe, but coercive; as a result, individuals are pressured to provide information to prosecutors or accept plea deals in their desperation to be released, say former prisoners.

"You want to plead guilty and get out of this dump to a prison," said Nicky, the former inmate. "The feds have a 98% conviction rate for a reason," Melvin Rodriguez, another former prisoner said. "They mentally break you."

Asked why he thought MCC has received so much less coverage than Rikers, Rodriguez replied, "I think [MCC] went unnoticed because people think just because it's the feds the conditions are better. There are certain things that go on in these places that the government covers so the public would never know."

EFTA00042196

But for years, MCC has been plagued by filthy conditions, abusive guards, and a severe lack of medical care, as Gothamist documented in an extensive investigation last year. Defense attorneys, former inmates, and others with direct knowledge of conditions at MCC said Epstein's death epitomized how all individuals, even the most infamous people on the planet, are treated in the facility.

Susan Kellman has been working as a federal defense attorney and representing clients at MCC for about 30 years, and described the MCC's recent condition as "the worst that it's ever been."

Kellman said that one of her clients, a young man, has been in the Special Housing Unit—the unit where Epstein died—for the three and a half years.

"His entire window is covered in mold," she said, and because the hot and cold water in the cell come out of different taps, her client [redacted] even take a shower without getting frozen or scorched.

She recalled that she'd had one client at the facility who was charged with observing and safeguarding suicidal prisoners, since there [redacted] enough correctional officers to do the job.

"So they have inmates patrolling the suicide block so that they keep an eye on the people rather than people [who] get paid by the government doing it," Kellman said. "Do they really care? Do they watch? Who knows!"

Kellman described a third client who suffers from mental health issues as well as severe asthma, but has been unable to get the nebulizer treatment she says she needs to control the disease. During one visit, Kellman said her client's breathing was so labored she [redacted] carry on a conversation: "I [redacted] talk to her, because she [redacted] breathe."

Over the spring, Gothamist was in touch with two women held at the facility, who said they were denied basic medical care, and that their cells routinely flooded with sewage.

"Toilet waste and feces were all over the floors of all the cells, common area, and other departments on the floor and the female inmates were the ones who had to clean it all up without proper equipment," one detainee wrote in a message. The woman, whose name is being withheld at her request out of fear of

EFTA00042197

retaliation, described how her floormates got feces on "their hands, legs, faces, hair, all over" and said the "difficulty breathing due to the smell was and is indescribable."

Kellman said that it makes little difference to the Correctional Officers at MCC whether an inmate is a billionaire financier or not—everyone is regarded with disdain. "[The prisoners would] be lucky if they were treated like dirt under somebody else's shoe, but they're not even treated that well."

These conditions persist at MCC despite the fact that people held there have not yet been convicted of a crime, and thus are supposed to benefit from the presumption of innocence.

**The following excerpt was taken from an article published in the Intercept, February 3, 2019, edition, written by Martin Gottesfeld, an inmate incarcerated in the 10 South Unit of MCC New York.**

"**AT THE TAIL** end of the Obama administration, I was locked up a stone's throw away from Joaquín "El Chapo" Guzmán at the Federal Bureau of Prisons' infamous Metropolitan Correctional Center, New York, or MCC NY, in downtown Manhattan, where Guzmán is currently being held during his ongoing federal trial. I was there writing and waging a hunger strike when El Chapo first arrived. Much has been written about El Chapo's trial, but close to nothing about the conditions of his confinement, as the security around him has made access off limits to any journalist other than me.

I'm an imprisoned human rights activist and political journalist focusing on protecting institutionalized children from common tortures in America like these:

I'm currently suing the Bureau of Prisons and MCC NY for both state and federal civil rights violations, related to the conditions where El Chapo is held, and I'm exploring classaction certification. My lawsuit against MCC NY offers a new and rare glimpse into prison life in the solitary confinement cells that El Chapo has now called home for nearly two years. Besides simply recovering my fees and costs, however, my goals [redacted]

EFTA00042198

financial. Instead I'm asking the court to force MCC NY to respect human dignity, the First Amendment, federal regulations, and other human and civil rights."

In a letter written from MCC to officials at the Justice Department, the Federal Bureau of Prisons, and the Office of the Inspector General at the Justice Department, Mr. Gottesfield calls attention to what he describes as appalling conditions inside the facility.
In his letter, he alleges there are severe threats to health, including rodent and insect infestations at the facility. "Roaches are found in the food, and I have personally observed insect eggs as well," Gottesfeld adds.

He describes how the heat is, for the most part, not functioning during the winter. A number of the cells are in the "50-degree range while others are much colder." Meanwhile, pools of water stand in the facility from leaks and are a "breeding ground for infections."

"The facility itself is trash, with cockroach-infested meal trays and frigid, leaky cells. One inmate resorted to drinking from his toilet when the water was shut off."

There's a lot of mystery surrounding the 10-South unit at MCC where El Chapo is being housed. Much of that is fueled by the effects of it being a "SAMs" or "special administrative measures" unit. As such, the inmates [redacted] supposed to come into any visual or other contact with other inmates.

Even magazines they receive in the mail must be prescreened by the FBI for the supposed reason of intercepting hidden messages. Outbound communications are similarly restricted and monitored in real time.

**Amnesty International**

Amnesty International previously condemned the use of MCC to "house pretrial detainees in solitary confinement for months or even years before they face trial." With regards to the Special Housing Unit at MCC, the human rights organization says "detainees have little access to natural light and no provision for outdoor exercise." Amnesty International characterized

EFTA00042199

"the combined effects of prolonged confinement to sparse cells with little natural light, no outdoor exercise and extreme social isolation amount[ing] to cruel, inhuman or degrading treatment."

**United States Representative Nydia Velazquez - August 1, 2018 and August 14, 2019**

August 1. 2018 - A federal lawmaker is demanding officials running a prison in lower Manhattan detail how long it takes for those in the lockup to get medical care.
U.S. Rep. Nydia Velazquez is demanding answers as allegations of abuse continue to surface at the Metropolitan Correctional Center some prisoner advocates have compared to a gulag. "When inmates are placed at the mercy of our government, we have a moral responsibility to ensure they are treated humanely, something which MCC has allegedly failed to do," Velasquez said in a statement. "I am asking for a full explanation and immediate steps to ensure the safety of prisoners housed there." On Wednesday, she sent a letter to the Federal Bureau of Prisons citing "alarming conditions" at the prison which houses highprofiled terrorists and drug lord Joaquin (El Chapo) Guzman. The missive demands the number of violent incidents as well as the time it typically takes for prisoners to receive medical care.

The allegations of abuse, including prisoners forced to wait two months to be seen by a doctor, were first reported in Gothamist. Prison advocates have long argued that the facility is more restrictive than the Guantanamo Bay detention camp.
August 14, 2019 - Rep. Nydia Velázquez on Wednesday joined the growing number of officials calling for a soup-to-nuts investigation into the apparent suicide of accused child sex trafficker Jeffrey Epstein in the federal Metropolitan Correctional Center in Manhattan.

EFTA00042200

Velázquez said she wrote a letter to the Justice Department's inspector general and the head of the FBI demanding answers not only about Epstein's death but about what she called other rampant abuses of detainees at the lockup.

"I write to voice concerns about the continued alleged culture of mismanagement and inadequate leadership at this facility," she said. She cited several other incidents at the MCC, in which corrections staff allegedly abused detainees.

Representative Velasquez posted the following on her Facebook Social Media account on August 14, 2019: "MCC is in our District, #NY7. I've been pressing for greater oversight of this institution for many years now!"

"Not only does Epstein's suicide raise questions about how his custody was handled, but it hearkens back to a litany of previous problems we've seen at this facility," Velazquez told The News.
"I'm glad DOJ and FBI are looking into this most recent episode and all of us, including his victims, need to know how Epstein died," she added. "Still, I think what's also needed is a comprehensive review of the culture and management problems at MCC."

**Conclusion/Opinions/Observations**

MCC New York, like many other Federal Prisons nationwide is overpopulated and understaffed. It is reported the MCC was built to accommodate 474 inmates. On the day of Mr. Epstein's suicide, the prison's inmate population count was 763, almost twice the number it was designed to house.

Much talk and attention has been on the staffing shortages. Mainly, as a result of the 2017 Trump Administration Hiring Freeze, the Bureau of Prisons lost 7,300 employees.

MCC New York was recently described by Attorney General William Barr as an institution with "deeply concerning irregularities." AG Barr expressed outrage and says he was "appalled and angry" to learn of MCC's "failure to adequately secure this prisoner." Other sources familiar with current conditions at MCC described it as "deplorable," and "bordering on inhumane treatment."

EFTA00042201

I personally maintain contact with several individuals who are currently employed with the Bureau of Prisons as well as MCC New York. Three current MCC Staff Members very recently described to me the current sanitation conditions at the facility. One stated, "The facility is so disgusting it's like a prison in a third-world country. Cleaning supplies are not issued on a regular basis." The individual further advised, "Pest Control is horrible and ineffective, rats, mice and bugs are everywhere." Another Correctional Officer told me, "There are mice and bugs everywhere including inmates' cells." This information is consistent with my Court testimony on July 3, 2019, and my assessment in Paragraph 20 of my Declaration in the case of Mr. Motiwala. Further, it corroborates the many news reports, regarding the "rodent-infested MCC."

On a different, yet equally concerning topic, an MCC Correctional Officer advised me this past week, that there is blatant racial discord within the institution, especially amongst Correctional Officers. I did not witness this when I was Warden at MCC, and my contact advises it began a short time following my departure.

It is my belief that the excerpts I've cited in this report and statements from various sources of the MCC are credible and honest. The Staff have nothing to gain by sharing this information with me other than to express their dissatisfaction and frustration with current practices and conditions at MCC.

In my July 3, 2019, testimony in the London Court for the extradition case of Sadiq Motiwala, I expressed concerns with MCC New York in regards to staff shortages, staff from other departments being "augmented" to fill in for correctional officer vacancies on a regular basis, conditions of confinement at MCC and various other matters related to the institution. I stated in my testimony and also in my Declaration that MCC New York or any other federal prison could not prevent anyone who is persistent from taking their own life. At best, they could only delay an inmate from committing suicide by placing his on a suicide watch. A suicide watch does not continue indefinitely. As previously stated in this report, a usual amount of days for a suicide watch would be two to four days, depending on circumstances. Once the suicide watch ends, that also ends the 24 hours of continuous inmate observation.

EFTA00042202

If Mr. Motiwala is extradited to the United States and housed at MCC or MDC, I am confident his mental health needs, given his propensity to commit self harm, will not be adequately addressed. I am more convinced of this now, following the Epstein suicide, numerous documents and recent information revealed, than I was during my testimony to the Court in July 2019. It appears the current conditions within the prison are extremely dire and certainly far worse than when I was assigned at MCC as Warden.

Numerous individuals have come forward in the last few weeks, including some former Bureau of Prisons' Wardens. They fervently state some serious missteps occurred at the MCC surrounding the death of Mr. Epstein. These individuals have been quick to point fingers and assign blame to top executives, psychology staff and correctional officers. Many are quick to say that Mr. Epstein should not have been removed from Suicide Watch or if he were removed, extra precautions/safeguards should have been in place. Some sources view the actions of staff who were assigned to Epstein's Housing Unit, as a blatant indifference to the care and welfare of inmates. Others, including Union Officials, are suggesting the Officers' disregard of conducting the required 30-minute cell checks were justified because of the long hours staff are forced to work, as a result of the institution being so understaffed.

While all of the investigations continue, it is premature to conclude exactly what did occur leading up to the death of Mr. Epstein. What we do know is that several policies were not followed or were simply ignored, several departments within MCC were involved and shortcuts were taken. MCC New York is heavily in the spotlight and under a microscope these past two weeks and likely for the next several weeks. It is my opinion that this only received such widespread attention because of the notoriety of Epstein. Had this been another inmate, less known, who was not a public figure, they likely would not have received media attention.

Once the investigations are concluded, it is probable that several recommendations will be provided. In order to correct problems that exist, one must look at the root of the cause and be willing to fix that also. Only time will tell if any future additional measures put in place will be adequate. If what is being reported by countless sources, is in fact what actually occurred, and staff completely ignored their responsibilities,

no recommendations and no additional measures would have changed the unfortunate outcome of what occurred on August 10, 2019, at the Metropolitan Correctional Center, New York.

The current problems at the MCC cannot, in my opinion, be cured by any quick fix solution. Even with the current spotlight on MCC, and assuming the Bureau of Prisons will put forth their best efforts to eradicate the broken parts, one still must account for human error and agency needs. Staff will continue to work overtime, staff will continue to take shortcuts, staff will continue to be tired on the job and fall asleep. No amount of effort on anyone's part can change that and one can only hope that when these things occur, nothing bad happens. It would take many years to resolve the issues and problems that plague MCC, provided there is a real desire to make changes. This will not give any comfort to Mr Motiwala or the U.K Courts as to whether he or his mental health needs will be adequately managed if extradited to the United States.

# Jeffrey Epstein jail 'a gulag' in lower Manhattan

12 August 2019

Jeffrey Epstein death

CHRIS HONDROS

**Questions are being asked how Jeffrey Epstein died in custody in New York while being held on sex trafficking charges. So what is the detention facility like where he spent his final days?**

Built in 1975, the 12-story Metropolitan Correctional Center in lower Manhattan - where the financier died in a suspected suicide on Friday night - holds around 800 people awaiting trial or sentencing at the federal court house just a few blocks away.

The brick building has detained such high-profile criminals as Mexican drug kingpin El Chapo, Gambino mafia crime boss John Gotti and World Trade Center bomber Ramzi Yousef.

Like other federal prisons, the Metropolitan Correctional Center (MCC) suffers from shortages of staff and resources, prisoner overcrowding and is plagued by violence and poor sanitary conditions.

## The conditions

The jail was built to accommodate 474 inmates, but held 763 male prisoners at the time of Epstein's death, according to a statement from the Federal Bureau of Prisons.

Prisoners have described seeing large rats in their cells, air conditioner units so noisy it is impossible to sleep, and absence of any natural light or sanitary water.

As he was sent down for the rest of his life, Mexican drug cartel leader Joaquín "El Chapo" Guzmán took the opportunity to call the place "torture".

GETTY IMAGES

"Since the government will send me to a jail where my name will not ever be heard again, I take this opportunity to say there was no justice here," he said at his sentencing in July.

"It has been psychological and mental torture 24 hours a day."

Brooklyn College professor Jeanne Theoharis, who has written extensively about MCC, **told the Gothamist website in June** that the jail resembles conditions found in countries such as "Iran or Russia".

Calling the place a "gulag", she described conditions as "filthy, freezing, no natural light, isolation so extreme that you're punished for speaking through the walls, absurd rules like prisoners not getting to see the newspapers unless they're 30 days old, secrecy so deep that people are force-fed".

GETTY IMAGES

Lawyer Andrew Laufer, who is suing the US government after his client was beaten to death in MCC in 2015, says the Riker's Island prison, which is run by the city, is much more violent than MCC.

He says it's too early to know whether Epstein's wealth may have played a role in his death, amid speculation in the US that he could have bribed guards to be left alone.

He notes that other ultra-rich white collar criminals from Wall Street, only blocks away, are frequent guests of MCC, including Bernie Madoff who was arrested in 2008 for running a multi-million dollar Ponzi scheme.

Mr Laufer says that more important than a client's profile or means is the crime itself and the publicity it receives in the media. Sex criminals like Epstein, he says, are more likely to face issues from other inmates, making it unusual that Epstein was not being more closely watched.

## The staffing

A representative for workers at the jail told CBS News in New York that the Epstein death is not surprising. Staffing, the representative says, is "completely inadequate", with many workers putting in more than 60 hours per week leaving them "overwhelmed" and "not alert".

According to the Associated Press (AP), the jail is so under-staffed that correctional officers are being offered a $10,000 bonus to transfer there from other facilities.

Guards sometimes work 16 hours a day, **according to the AP**. A person familiar with the Epstein case told the news agency that a guard overseeing Epstein was working a fifth straight day of overtime - and another was working mandatory overtime - on the day the wealthy financier's body was found.

Staff shortages were worsened after a government shutdown triggered by a budget stand-off between the White House and Democrats over President Donald Trump's insistence on funding for a southern border wall.

In January, during the shutdown, inmates staged a hunger strike over claims they were being denied family visitation rights.

The Bureau of Prisons is already under scrutiny for the death of Boston gangster [redacted] Whitey Bulger, who was fatally beaten by another inmate shortly after arriving at a West Virginia lock-up last October.

In February 2018, a British court ruled against extraditing accused hacker Lauri Love - who is diagnosed with Aspergers syndrome and would have probably been held in the MCC - on the grounds that he would present a high-risk of suicide if he was sent there.

## Where Epstein stayed

According to the New York Times, Epstein had recently been moved from suicide watch to the Special Housing Unit where he was meant to be on 24-hour monitoring and given daily

psychiatric evaluations.

He was ordered there after he was found on the floor of his cell two weeks earlier with neck injuries, in an apparent attempted suicide.

According to the paper, two guards were meant to check on him every 30 minutes, but those procedures were not followed on the night of his death.

He was also meant to be housed with one other inmate, but his cellmate had reportedly been transferred and no replacement had yet arrived.

REUTERS

Mr Laufer, the lawyer, says CCTV captures what goes on in the Special Housing Unit, as well as for those prisoners being kept on suicide watch.

He says it's too early to know what contributed to Epstein's death, until an FBI investigation is complete, but either way the prison is facing a "grossly negligent situation".

Investigative reporter Aviva Stahl, who spent a year researching the conditions at MCC, found that the facility shared a single psychiatrist with the other federal prison in New York, the Metropolitan Detention Center in Brooklyn, and only had a handful of psychologists on staff.

The two facilities had only one psychiatrist to oversee the more than 500 prisoners with diagnosed serious mental illnesses, she says, in addition to any prisoners that have been temporarily placed on suicide watch.

"When you're on suicide watch and a psychologist comes to speak with you, it's not as though you're in a private room having a conversation. It's like through a slot in the door," she tells BBC News.

REUTERS

Experts on prison safety say they are puzzled as to why Epstein, who had attempted to take his own life earlier, was not kept under closer watch.

Cameron Lindsey, a former warden at the federal jail in Brooklyn, told the Times that the psychological evaluation can only reveal so much about a prisoner's state of mind.

He said that the steady release of embarrassing and incriminating evidence against Epstein could have made him wish to kill himself, and that other prisoners would consider him a target due to his fame and the nature of his alleged crimes.

"A psychologist is going to think one way, but a warden needs to think a different way," said Mr Lindsey. "You have to take the conservative, safe route and keep an individual like this on suicide watch."

# Union and lawmakers have long warned of 'dire' federal prison staffing shortages

By Evan Perez, Mark Morales and Kara Scannell, CNN

**Barr: Appalled and angry over failures to secure Epstein** 00:45

**(CNN)** — Staffing shortages at the Bureau of Prisons are dire and widespread, according to agency employees and lawmakers who say they've been warning the Justice Department about the problem and demanding changes for years.

Attorney General William Barr has launched investigations into Jeffery Epstein's death. But earlier this year, he referred to delays in hiring new people at the Bureau of Prisons as a "snafu" caused by bureaucracy in the federal prison system.

Epstein's suicide has exposed what the employee union says are chronically overworked and short-staffed conditions at the Metropolitan Correction Center in Manhattan, including forced overtime and officers reassigned to guard duty.

A key US Senate committee has also repeatedly told the Justice Department to hire full-time correctional staff and end an "overreliance" on the type of reassignments that have existed in the MCC and elsewhere.

The Justice Department said Tuesday that it was reassigning the warden at the MCC and it was suspending two guards at the facility. The department [redacted] identify the guards or say whether they were the ones on duty and assigned to monitor Epstein when he died.

Days after Epstein's death, BOP officials and FBI investigators are still piecing together even basic details of the incident such as how he was found and how long he was dead before an employee found him, people briefed on the matter said. Some employees have refused to cooperate with investigators and have hired lawyers, people briefed on the matter said.

**Related Article:** CNN Exclusive: The rise of the Jeffrey Epstein mystique

There were cameras with a view of the hallway outside Epstein's cell but whether they showed anything or were operational -- and if not, why -- remain in question. That some basic details [redacted] clear suggests that whatever video exists [redacted] show what happened.

A BOP suicide reconstruction team began working Tuesday to try to determine why Epstein killed himself. A BOP after action team, which looks into major incidents, is slated to arrive Wednesday to begin its work. That team is led by BOP's southeast regional director and will bring in others from outside the northeast to review the Epstein case.

Two MCC guards were on duty and responsible for checking on Epstein every 30 minutes -- checks that [redacted] made for hours.

Of the two officers who would have had responsibility to monitor Epstein, one is not currently a detention guard, but was temporarily reassigned to that post, according to a person briefed on the matter. The guard, a man not identified by officials, had previously been trained as a corrections officer but had moved to another position. BOP rules allow for people who work in other jobs, such as teachers and cooks, to be trained to fill in at posts usually manned by corrections officers.

The second guard on Epstein duty, a woman, was a fully trained corrections officer, according to the person briefed on

Eric Young, national president of the American Federation of Government Employees, Council of Prison Locals, which represents BOP employees, says a hiring freeze put in place at the start of President Donald Trump's presidency is the root of nationwide problems at federal prisons.

He called the situation "dire," with decreased staffing levels the root cause of issues from contraband getting in to safety of correctional workers and inmates.

AFGE represents workers at 122 facilities nationwide and BOP employs roughly 33,000, according to Young. That number was once at 38,000 workers but after the Trump hiring freeze, the problem was never fixed.

The Justice Department says Barr lifted the freeze in April and that BOP has been recruiting to fill positions. It typically takes months to bring on new federal employees.

"We felt betrayed," Young said of the hiring freeze. "Mr. President, we work for you. You say you're a law and order president and we thought we were going to reap the benefits of that, but we [redacted]."

In addition, more vacancies could soon be on the way; Young says an estimated 5,000 people are eligible for retirement at the end of the year.

A Justice official says the department's hiring freeze applied to positions in BOP regional offices and at the bureau's headquarters, not to prison facilities. The official said the BOP's hiring practices -- filling positions one at a time -- caused delays in hiring. The bureau also faced staff losses from retirements. Barr in April ordered the bureau to speed up hiring by filling open positions concurrently.

The Justice official also disputed perceptions that BOP faced a Trump budget squeeze. BOP's budget increased from nearly $6.8 billion in the 2014 fiscal year to $7.25 billion in fiscal 2019.

At the same time, employee and inmate numbers decreased. Prisoner releases have accelerated as a result of criminal justice revisions in the Obama and Trump administrations.

The bureau had 38,496 employees in 2014, compared with 35,123 in fiscal 2018.

BOP held 214,149 prisoners in 2014, compared with 181,698 in 2018.

**How Jeffrey Epstein's death became a political football** 05:34

## Bonuses, augmentation

To combat the drop in workers, BOP officials have been offering a retention bonus, which gives workers a 5% bonus if they decide to stay instead of retiring, Young said. They also have allowed retired correctional officers to come back on a part-time basis to ease the staffing issues at hard-to-staff prisons, Young said. The agency also approved the addition of 3,000 temporary positions for entry level workers.

Officials also offered workers a 10% relocation bonus if they opted to work at facilities that are hard to staff like MCC in New York, Hazelton in West Virginia, the Metropolitan Detention Center in Los Angeles and others. Part of the relocation agreement is for staffers to stay at the facility for at least two years.

Young draws the correlation of fewer guards to safety, saying the problem came to a head early Saturday morning in New York.

"Time was not on our side before Epstein killed himself," Young said. "We were on the right course of hiring but we just [redacted] do it fast enough. We were stalemated by Trump."

The BOP has tried to address staffing shortages in part by using a practice called augmentation to temporarily assign employees who [redacted] corrections officers to staff posts intended for detention guards.

In October, four senators led by Democrat Joe Manchin of West Virginia, wrote a letter to then-Attorney General Jeff Sessions expressing their "deep concerns" about the use of augmentation and staffing levels at federal prisons in Pennsylvania and West Virginia following the deaths of a correctional officer and inmates.

**Related Article:** For Jeffrey Epstein's accusers and their quest for justice, what now?

"We cannot allow these dangerous staffing practices to continue," the senators wrote.

They noted that twice when approving BOP's budget, a Senate committee had issued a report that "included clear directions" to the Justice Department to stop "its overreliance on augmentation" in favor of hiring full-time correctional staff.

Four days later, [redacted] "Whitey" Bulger, the Boston mob boss was brutally beaten and killed at the federal prison in Hazelton.

RELATED: Questions raised about decision to transfer 'Whitey' Bulger to prison where he died

Last June, the Senate Appropriations Committee reiterated its demand.

"The Committee again directs BOP to curtail its overreliance on augmentation, particularly in housing units" the committee's report said. "BOP should instead hire additional full-time correctional staff before continuing to augment existing staff."

A February 2018 letter from 52 members of Congress was sent to Sessions asking him to reconsider eliminating 6,000 unfilled positions at federal prisons nationwide. "Augmentation was designed as a temporary solution to short-term staffing conflicts, not a long-term solution to respond to budget pressure," the lawmakers said.

Soon after Barr took office this year, he acknowledged to lawmakers that the Justice Department had "stumbled" in addressing the problem. In testimony before the Senate Appropriations Committee in April, he called the staffing shortages at prison facilities a "snafu" and blamed bureaucracy within the prison hiring system, not the hiring freeze.

"The shortages out in the prison facilities themselves was not the freeze," Barr said. "I think what it is is, frankly,

Barr said he believes the agency begins the process of hiring a new person into a position vacated by internal job shifts too late.

"It takes months and months and months to get that person on board. That makes no sense because every year we lose 2,600 of these correctional officers. So my view is we just have to turn on the spigot and keep these new entry level people coming in at a rate where we're going to be able to get up to and maintain our enacted level," Barr said.

"I think this is largely a snafu by the department and that's how I interpret it and that's how I'm approaching it," he added.

- All inmates placed in SHU for 30 days receive a SHU review by the Psychology Services Department. This review involves a brief evaluation with a psychologist who assesses the inmate's psychological functioning, suicidality, and overall adjustment in SHU.
- Psychology staff conduct weekly rounds in SHU and if an inmate expresses a need for psychology services, they are placed on a follow-up list to be seen as needed.
- Inmates who are CC2-MH and above are pulled out for psychological interventions in SHU as deemed necessary. Inmates who express a desire to speak with psychology in a private area are always pulled out and placed in a private caged area to meet with a psychologist.
- Psychology Services has Psychology Advisory List/Hot List hanging up in the SHU which lists all inmates with significant psychological issues or inmates that are at-risk of engaging in self-harm behaviors. This list serves as a guide to Correctional Officers in SHU to inform psychology services if an at-risk inmate enters the SHU. If one of these inmates are placed in SHU, psychology services sees the inmate within 24 hours of the notification for and evaluation of their mental status and adjustment to SHU.
- All inmates removed from Suicide Watch are to be double celled with another inmate. This recommendation is placed in the Post Suicide Watch report and is sent in an e-mail to the Lieutenant's who will be escorting the inmates from suicide watch back to SHU. These at-risk inmates are also discussed in the Executive Staff meetings as well as their need for a cellmate. Cellmate's decrease risk for suicide by serving as a rescue opportunity, distraction, source of social support, and reduce feelings of isolation that a depressed inmate may be experiencing in SHU.
- In general, all inmates in SHU should be double celled except in exigent circumstances (Safety concerns- separations from the other inmates, too violent to be celled with another, or contagious disease).

Good afternoon all,

I will need the following information to assist the AUSAs in their reply, keeping in mind we will not provide

any information about the Epstein investigation as it is ongoing:

1) Warden [redacted] bio
2) Psychology/SHU measures that have been put in place to address suicide watch removal procedures, double celling inmates in SHU, and ensuring staff make their 30 minute rounds
3) Increasing staffing
4) Inmate numbers (constitutionally supported)
5) Language used re sanitation and pest control (Lee - what did you provide the news media)
6) Racial unrest (none that we are aware of, right?)
7) How psych interviews are performed in SHU (e.g. are any inmates removed from the cells to talk to psych staff)?

Thank you,

Good afternoon all,

We are assisting the AUSA's in an extradition request out of the UK and have to respond to the below points. Most of the response will be that we cannot comment on an open investigation. However, there are points to be made as to some of the statements (new wardens, post orders and training, staffing, inmate numbers, sanitation and pest control, alleged racial unrest, and how psychology staff interview suicide watch inmates). Is anyone aware of stock language Central Office has used to address these inquiries?

Thank you,

**Subject:** Follow up requests from UK re: extradition

Hi [redacted],

I'm sure you're inundated with inquiries right now, so I apologize for adding to your load. You may remember that we had consulted with you and BOP HQ regarding conditions at the MCC and MDC in connection with defendant Jabir Motiwala's opposition to extradition from the UK. Following Jeffrey Epstein's death, Motiwala has filed an additional report by former-warden [redacted] and attached news articles about the conditions at the MCC.

The attorneys in the UK handling the extradition have asked for our response. They recognize that we may not be able to address all of their questions in light of ongoing investigations, but is there any information we can provide with respect to the following (or could you let us know the proper person/people to talk to)?

i. With regards to the warden of the MCC and two staff members whom are said to have been reassigned since the death of Mr Epstein, are you able to confirm that their roles have been filled with suitable alternatives? In particular please provide any information about the knowledge and experience of the new warden that you are able to. [page 1, [redacted] Report, dated 22 August 2019]

ii. Is it possible to comment on the decision to take Mr Epstein off suicide watch and whether either, that decision was justified in the circumstances or if considered to be the wrong decision, that new measures are now in place to ensure any mistakes are not repeated. Please detail any new measures on this particular issue now in place if you are able to. [page 2, [redacted] Report, dated 22 August 2019]

iii. Can you provide any explanation as to why Mr Epstein did not have a new inmate sharing his cell in the Special Housing Unit ("SHU") on 9 August 2019 after his other cellmate was moved? Do you accept that there should have been someone sharing his cell in light of his recent apparent suicide attempt? If so, have any new protocols been put in place to ensure this does not happen again? If you do not accept that this occurred or cannot comment on this directly, what general measures are in place to ensure people who have been moved to the SHU following a suicide attempt share a cell with others where possible? [page 2, [redacted] Report, dated 22 August 2019]

iv. Is it correct that the two correctional officers due to be carrying out half-hourly checks on Mr Epstein did not carry out any check upon him for a period of several hours before he was discovered in his cell and were instead sleeping? If you accept this is correct what steps have been taken, if any, to prevent this occurring in future? If you do not accept that this occurred or cannot comment on this directly, what general measures are in place to monitor those who have been moved to the SHU following a suicide attempt, and how is it

ensured that those measures are safely carried out by staff members? [page 2/3, [redacted] **Report, dated 22 August 2019**]

v. Is it correct that the correctional officers concerned falsified records in regards to the checks they should have carried out? If you accept this is correct what steps have been taken if any to prevent this occurring in future? If you do not accept that this occurred or cannot comment on this directly, what general measures if any are in place to ensure correctional officers do not falsify records and carry out their duties as required with regards to those who have been moved to the SHU following a suicide attempt? [page 3, [redacted] **Report, dated 22 August 2019**].

vi. Ms [redacted], as well as a number of news reports, state that of the two staff members assigned to monitor Mr Epstein, one of them was not usually a corrections officer but rather was employed by the warehouse and had volunteered to work an extra shift. If you accept this is correct, do you consider it to be appropriate to have such staff members carrying out that type of task and if so what measures are in place to ensure they are able to carry out that particular role safely? If you do not accept that this occurred or cannot comment on this directly, what general measures if any are in place to ensure staff members who do not usually work as correctional officers carry out the task of monitoring those who have been moved to the SHU following a suicide attempt in a safe manner? [page 3, [redacted] **Report, dated 22 August 2019**]

vii. In a news article, it is said that the BOP had tried to address staffing shortages "in part by using a practice called augmentation to temporarily assign employees who [redacted] corrections officers to staff posts intended for detention guards". Do you accept that this occurred at the MCC? If so, is this practice still in place and what general measures if any are in place to ensure staff members who do not usually work as correctional officers are able to safely carry out the work of correctional officers, (for example do they receive special training on security or monitoring prisoners considered to be a suicide risk). [CNN Politics Website, **"Union and lawmakers have long warned of 'dire' federal prison staffing shortages", 14 August 2019**]

viii. Ms [redacted], as well as a number of news reports, state that of the two staff members assigned to monitor Mr Epstein, one of them (the corrections officer) had been working overtime and the other staff member was in the midst of an 80 hour week. Do you agree that many of the correctional officers at the MCC are required to work 60 – 70 hour weeks and if so what measures, if any, are in place to ensure that the prison is still run safely and suicidal prisoners are properly monitored? [page 3, [redacted] **Report, dated 22 August 2019**]

ix. Ms [redacted] further states that the MCC is currently operating with less than 70% of the needed correctional officers. Do you accept that the MCC is operating with less than 70% of the needed correctional officers and if not, how would you describe the current staffing levels? If you agree that the MCC is 70% staffed, what measures, if any, are in place to

ensure that the prison is still run safely and suicidal prisoners are properly monitored? [page 3, [redacted] **Report, dated 22 August 2019**].

x. Ms [redacted] states that the MCC was designed to house 474 inmates but that on the day of Mr Epstein's death its population was 763. Do you agree with those figures, and if so is the prison able to safely house that sized population, and what measures, if any, are in place to deal with a prison population of that size and ensure the conditions they are housed in remain humane? [page 14, [redacted] **Report, dated 22 August 2019**].

xi. Ms [redacted] states the following with regards to the sanitation conditions at MCC:

> "Three current MCC Staff Members very recently described to me the current sanitation conditions at the facility. One stated, "The facility is so disgusting it's like a prison in a third-world country. Cleaning supplies are not issued on a regular basis." The individual further advised, "Pest Control is horrible and ineffective, rats, mice and bugs are everywhere." Another Correctional Officer told me, "There are mice and bugs everywhere including inmates' cells." This information is consistent with my Court testimony on July 3, 2019, and my assessment in Paragraph 20 of my Declaration in the case of Mr. Motiwala. Further, it corroborates the many news reports, regarding the "rodent-infested MCC."

Do you have any comment to make on those observations? [page 15, [redacted] **Report, dated 22 August 2019**].

xii. Ms [redacted] further states:

> "On a different, yet equally concerning topic, an MCC Correctional Officer advised me this past week, that there is blatant racial discord within the institution, especially amongst Correctional Officers. I did not witness this when I was Warden at MCC, and my contact advises it began a short time following my departure."

Do you have any comment to make on those observations? [page 15, [redacted] **Report, dated 22 August 2019**].

xiii. One news article referred to the fact that there was only one psychiatrist shared between the MCC and the other federal prison in New York, and a "handful of psychologists on the staff". It further states that conversations between psychologists and individuals on suicide watch occur "through a slot in the door" rather than in person. Is it still the case that there is a single psychiatrist shared between the MCC and the MDC? Do you agree with the characterisation that there are a handful of psychologists and consultations are carried out through a slot in the door? Have any changes or improvements been made to psychiatric and psychological care provision and staffing in the wake of the death of Mr Epstein or are any planned in the near future? Do you have any comment to make on the observations

made generally? [News article "Jeffrey Epstein jail 'a gulag' in lower Manhattan", 12 August 2019]

Our response is due to the UK September 16.

Thank you so much,

Good afternoon all,

I will need the following information to assist the AUSAs in their reply, keeping in mind we will not provide any information about the Epstein investigation as it is ongoing:

1) Warden [redacted] bio
2) Psychology/SHU measures that have been put in place to address suicide watch removal procedures, double celling inmates in SHU, and ensuring staff make their 30 minute rounds
3) Increasing staffing
4) Inmate numbers (constitutionally supported)
5) Language used re sanitation and pest control (Lee - what did you provide the news media)
6) Racial unrest (none that we are aware of, right?)
7) How psych interviews are performed in SHU (e.g. are any inmates removed from the cells to talk to psych staff)?

Thank you,

Good afternoon all,

We are assisting the AUSA's in an extradition request out of the UK and have to respond to the below points. Most of the response will be that we cannot comment on an open investigation. However, there are

points to be made as to some of the statements (new wardens, post orders and training, staffing, inmate numbers, sanitation and pest control, alleged racial unrest, and how psychology staff interview suicide watch inmates). Is anyone aware of stock language Central Office has used to address these inquiries?

Thank you,

**Subject:** Follow up requests from UK re: extradition

Hi [redacted],

I'm sure you're inundated with inquiries right now, so I apologize for adding to your load. You may remember that we had consulted with you and BOP HQ regarding conditions at the MCC and MDC in connection with defendant Jabir Motiwala's opposition to extradition from the UK. Following Jeffrey Epstein's death, Motiwala has filed an additional report by former-warden [redacted] and attached news articles about the conditions at the MCC.

The attorneys in the UK handling the extradition have asked for our response. They recognize that we may not be able to address all of their questions in light of ongoing investigations, but is there any information we can provide with respect to the following (or could you let us know the proper person/people to talk to)?

i. With regards to the warden of the MCC and two staff members whom are said to have been reassigned since the death of Mr Epstein, are you able to confirm that their roles have been filled with suitable alternatives? In particular please provide any information about the knowledge and experience of the new warden that you are able to. [page 1, [redacted] Report, dated 22 August 2019]

ii. Is it possible to comment on the decision to take Mr Epstein off suicide watch and whether either, that decision was justified in the circumstances or if considered to be the wrong decision, that new measures are now in place to ensure any mistakes are not repeated. Please detail any new measures on this particular issue now in place if you are able to

Please detail any new measures on this particular issue now in place if you are able to. [page 2, [redacted] **Report, dated 22 August 2019**]

iii. Can you provide any explanation as to why Mr Epstein did not have a new inmate sharing his cell in the Special Housing Unit ("SHU") on 9 August 2019 after his other cellmate was moved? Do you accept that there should have been someone sharing his cell in light of his recent apparent suicide attempt? If so, have any new protocols been put in place to ensure this does not happen again? If you do not accept that this occurred or cannot comment on this directly, what general measures are in place to ensure people who have been moved to the SHU following a suicide attempt share a cell with others where possible? [page 2, [redacted] **Report, dated 22 August 2019**]

iv. Is it correct that the two correctional officers due to be carrying out half-hourly checks on Mr Epstein did not carry out any check upon him for a period of several hours before he was discovered in his cell and were instead sleeping? If you accept this is correct what steps have been taken, if any, to prevent this occurring in future? If you do not accept that this occurred or cannot comment on this directly, what general measures are in place to monitor those who have been moved to the SHU following a suicide attempt, and how is it ensured that those measures are safely carried out by staff members? [page 2/3, [redacted] **Report, dated 22 August 2019**]

v. Is it correct that the correctional officers concerned falsified records in regards to the checks they should have carried out? If you accept this is correct what steps have been taken if any to prevent this occurring in future? If you do not accept that this occurred or cannot comment on this directly, what general measures if any are in place to ensure correctional officers do not falsify records and carry out their duties as required with regards to those who have been moved to the SHU following a suicide attempt? [page 3, [redacted] **Report, dated 22 August 2019**].

vi. Ms [redacted], as well as a number of news reports, state that of the two staff members assigned to monitor Mr Epstein, one of them was not usually a corrections officer but rather was employed by the warehouse and had volunteered to work an extra shift. If you accept this is correct, do you consider it to be appropriate to have such staff members carrying out that type of task and if so what measures are in place to ensure they are able to carry out that particular role safely? If you do not accept that this occurred or cannot comment on this directly, what general measures if any are in place to ensure staff members who do not usually work as correctional officers carry out the task of monitoring those who have been moved to the SHU following a suicide attempt in a safe manner? [page 3, [redacted] **Report, dated 22 August 2019**]

vii. In a news article, it is said that the BOP had tried to address staffing shortages "in part by using a practice called augmentation to temporarily assign employees who [redacted] corrections officers to staff posts intended for detention guards". Do you accept that this occurred at the MCC? If so, is this practice still in place and what general measures if any are in place to ensure staff members who do not usually work as correctional officers are

are in place to ensure staff members who do not usually work as correctional officers are able to safely carry out the work of correctional officers, (for example do they receive special training on security or monitoring prisoners considered to be a suicide risk). If you agree that the MCC is 70% staffed, what measures, if any, are in place to ensure that the prison is still run safely and suicidal prisoners are properly monitored? Good afternoon all,

I will need the following information to assist the AUSAs in their reply, keeping in mind we will not provide any information about the Epstein investigation as it is ongoing:

1) Warden [redacted] bio
2) Psychology/SHU measures that have been put in place to address suicide watch removal procedures, double celling inmates in SHU, and ensuring staff make their 30 minute rounds
3) Increasing staffing
4) Inmate numbers (constitutionally supported)
5) Language used re sanitation and pest control (Lee - what did you provide the news media)
6) Racial unrest (none that we are aware of, right?)
7) How psych interviews are performed in SHU (e.g. are any inmates removed from the cells to talk to psych staff)?

Thank you,
[redacted]

Good afternoon all,

We are assisting the AUSA's in an extradition request out of the UK and have to respond to the below points. Most of the response will be that we cannot comment on an open investigation. However, there are points to be made as to some of the statements (new wardens, post orders and training, staffing, inmate numbers, sanitation and pest control, alleged racial unrest, and how psychology staff interview suicide watch inmates). Is anyone aware of stock language Central Office has used to address these inquiries?

Thank you,

**Subject:** Follow up requests from UK re: extradition

Hi [redacted],

I'm sure you're inundated with inquiries right now, so I apologize for adding to your load. You may remember that we had consulted with you and BOP HQ regarding conditions at the MCC and MDC in connection with defendant Jabir Motiwala's opposition to extradition from the UK. Following Jeffrey Epstein's death, Motiwala has filed an additional report by former-warden [redacted] and attached news articles about the conditions at the MCC.

The attorneys in the UK handling the extradition have asked for our response. They recognize that we may not be able to address all of their questions in light of ongoing investigations, but is there any information we can provide with respect to the following (or could you let us know the proper person/people to talk to)?

i. With regards to the warden of the MCC and two staff members whom are said to have been reassigned since the death of Mr Epstein, are you able to confirm that their roles have been filled with suitable alternatives? In particular please provide any information about the knowledge and experience of the new warden that you are able to. [page 1, [redacted] Report, dated 22 August 2019]

ii. Is it possible to comment on the decision to take Mr Epstein off suicide watch and whether either, that decision was justified in the circumstances or if considered to be the wrong decision, that new measures are now in place to ensure any mistakes are not repeated. Please detail any new measures on this particular issue now in place if you are able to. [page 2, [redacted] Report, dated 22 August 2019]

iii. Can you provide any explanation as to why Mr Epstein did not have a new inmate sharing his cell in the Special Housing Unit ("SHU") on 9 August 2019 after his other cellmate was moved? Do you accept that there should have been someone sharing his cell in light of his recent apparent suicide attempt? If so, have any new protocols been put in place to ensure this does not happen again? If you do not accept that this occurred or cannot comment on this directly, what general measures are in place to ensure people who have been moved to the SHU following a suicide attempt share a cell with others where possible? [page 2, [redacted] **Report, dated 22 August 2019**]

iv. Is it correct that the two correctional officers due to be carrying out half-hourly checks on Mr Epstein did not carry out any check upon him for a period of several hours before he was discovered in his cell and were instead sleeping? If you accept this is correct what steps have been taken, if any, to prevent this occurring in future? If you do not accept that this occurred or cannot comment on this directly, what general measures are in place to monitor those who have been moved to the SHU following a suicide attempt, and how is it ensured that those measures are safely carried out by staff members? [page 2/3, [redacted] **Report, dated 22 August 2019**]

v. Is it correct that the correctional officers concerned falsified records in regards to the checks they should have carried out? If you accept this is correct what steps have been taken if any to prevent this occurring in future? If you do not accept that this occurred or cannot comment on this directly, what general measures if any are in place to ensure correctional officers do not falsify records and carry out their duties as required with regards to those who have been moved to the SHU following a suicide attempt? [page 3, [redacted] **Report, dated 22 August 2019**].

vi. Ms [redacted], as well as a number of news reports, state that of the two staff members assigned to monitor Mr Epstein, one of them was not usually a corrections officer but rather was employed by the warehouse and had volunteered to work an extra shift. If you accept this is correct, do you consider it to be appropriate to have such staff members carrying out that type of task and if so what measures are in place to ensure they are able to carry out that particular role safely? If you do not accept that this occurred or cannot comment on this directly, what general measures if any are in place to ensure staff members who do not usually work as correctional officers carry out the task of monitoring those who have been moved to the SHU following a suicide attempt in a safe manner? [page 3, [redacted] **Report, dated 22 August 2019**]

vii. In a news article, it is said that the BOP had tried to address staffing shortages "in part by using a practice called augmentation to temporarily assign employees who [redacted] corrections officers to staff posts intended for detention guards". Do you accept that this occurred at the MCC? If so, is this practice still in place and what general measures if any are in place to ensure staff members who do not usually work as correctional officers are able to safely carry out the work of correctional officers, (for example do they receive special training on security or monitoring prisoners considered to be a suicide risk). [CNN

Politics Website, **"Union and lawmakers have long warned of 'dire' federal prison staffing shortages", 14 August 2019**]

viii. Ms [redacted], as well as a number of news reports, state that of the two staff members assigned to monitor Mr Epstein, one of them (the corrections officer) had been working overtime and the other staff member was in the midst of an 80 hour week. Do you agree that many of the correctional officers at the MCC are required to work 60 – 70 hour weeks and if so what measures, if any, are in place to ensure that the prison is still run safely and suicidal prisoners are properly monitored? [page 3, [redacted] **Report, dated 22 August 2019**]

ix. Ms [redacted] further states that the MCC is currently operating with less than 70% of the needed correctional officers. Do you accept that the MCC is operating with less than 70% of the needed correctional officers and if not, how would you describe the current staffing levels? If you agree that the MCC is 70% staffed, what measures, if any, are in place to ensure that the prison is still run safely and suicidal prisoners are properly monitored? [page 3, [redacted] **Report, dated 22 August 2019**].

x. Ms [redacted] states that the MCC was designed to house 474 inmates but that on the day of Mr Epstein's death its population was 763. Do you agree with those figures, and if so is the prison able to safely house that sized population, and what measures, if any, are in place to deal with a prison population of that size and ensure the conditions they are housed in remain humane? [page 14, [redacted] **Report, dated 22 August 2019**].

xi. Ms [redacted] states the following with regards to the sanitation conditions at MCC:

> "Three current MCC Staff Members very recently described to me the current sanitation conditions at the facility. One stated, "The facility is so disgusting it's like a prison in a third-world country. Cleaning supplies are not issued on a regular basis." The individual further advised, "Pest Control is horrible and ineffective, rats, mice and bugs are everywhere." Another Correctional Officer told me, "There are mice and bugs everywhere including inmates' cells." This information is consistent with my Court testimony on July 3, 2019, and my assessment in Paragraph 20 of my Declaration in the case of Mr. Motiwala. Further, it corroborates the many news reports, regarding the "rodent-infested MCC."

Do you have any comment to make on those observations? [page 15, [redacted] **Report, dated 22 August 2019**].

xii. Ms [redacted] further states:

> "On a different, yet equally concerning topic, an MCC Correctional Officer advised me this past week, that there is blatant racial discord within the institution,

especially amongst Correctional Officers. I did not witness this when I was Warden at MCC, and my contact advises it began a short time following my departure."

Do you have any comment to make on those observations? [page 15, [redacted] **Report, dated 22 August 2019**].

xiii. One news article referred to the fact that there was only one psychiatrist shared between the MCC and the other federal prison in New York, and a "handful of psychologists on the staff". It further states that conversations between psychologists and individuals on suicide watch occur "through a slot in the door" rather than in person. Is it still the case that there is a single psychiatrist shared between the MCC and the MDC? Do you agree with the characterisation that there are a handful of psychologists and consultations are carried out through a slot in the door? Have any changes or improvements been made to psychiatric and psychological care provision and staffing in the wake of the death of Mr Epstein or are any planned in the near future? Do you have any comment to make on the observations made generally? [News article "Jeffrey Epstein jail 'a gulag' in lower Manhattan", 12 August 2019]

Our response is due to the UK September 16.

Thank you so much,
[redacted]

viii. Ms [redacted], as well as a number of news reports, state that of the two staff members assigned to monitor Mr Epstein, one of them (the corrections officer) had been working overtime and the other staff member was in the midst of an 80 hour week. Do you agree that many of the correctional officers at the MCC are required to work 60 – 70 hour weeks and if so what measures, if any, are in place to ensure that the prison is still run safely and suicidal prisoners are properly monitored? [page 3, [redacted] **Report, dated 22 August 2019**]

ix. Ms [redacted] further states that the MCC is currently operating with less than 70% of the needed correctional officers. Do you accept that the MCC is operating with less than 70% of the needed correctional officers and if not, how would you describe the current staffing levels? If you agree that the MCC is 70% staffed, what measures, if any, are in place to ensure that the prison is still run safely and suicidal prisoners are properly monitored? [page 3, [redacted] **Report, dated 22 August 2019**].

x. Ms [redacted] states that the MCC was designed to house 474 inmates but that on the day of Mr Epstein's death its population was 763. Do you agree with those figures, and if so is the prison able to safely house that sized population, and what measures, if any, are in place to deal with a prison population of that size and ensure the conditions they are housed in remain humane? [page 14, [redacted] **Report, dated 22 August 2019**].

xi. Ms [redacted] states the following with regards to the sanitation conditions at MCC:

> "Three current MCC Staff Members very recently described to me the current sanitation conditions at the facility. One stated, "The facility is so disgusting it's like a prison in a third-world country. Cleaning supplies are not issued on a regular basis." The individual further advised, "Pest Control is horrible and ineffective, rats, mice and bugs are everywhere." Another Correctional Officer told me, "There are mice and bugs everywhere including inmates' cells." This information is consistent with my Court testimony on July 3, 2019, and my assessment in Paragraph 20 of my Declaration in the case of Mr. Motiwala. Further, it corroborates the many news reports, regarding the "rodent-infested MCC."

Do you have any comment to make on those observations? [page 15, [redacted] **Report, dated 22 August 2019**].

xii. Ms [redacted] further states:

> "On a different, yet equally concerning topic, an MCC Correctional Officer advised me this past week, that there is blatant racial discord within the institution, especially amongst Correctional Officers. I did not witness this when I was Warden at MCC, and my contact advises it began a short time following my departure."

Do you have any comment to make on those observations? [page 15, [redacted] **Report, dated 22 August 2019**].

xiii. One news article referred to the fact that there was only one psychiatrist shared between the MCC and the other federal prison in New York, and a "handful of psychologists on the staff". It further states that conversations between psychologists and individuals on suicide watch occur "through a slot in the door" rather than in person. Is it still the case that there is a single psychiatrist shared between the MCC and the MDC? Do you agree with the characterisation that there are a handful of psychologists and consultations are carried out through a slot in the door? Have any changes or improvements been made to psychiatric and psychological care provision and staffing in the wake of the death of Mr Epstein or are any planned in the near future? Do you have any comment to make on the observations made generally? [News article "Jeffrey Epstein jail 'a gulag' in lower Manhattan", 12 August 2019]

Our response is due to the UK September 16.

Thank you so much,

Good afternoon all,

I will need the following information to assist the AUSAs in their reply, keeping in mind we will not provide any information about the Epstein investigation as it is ongoing:

1) Warden [redacted] bio
2) Psychology/SHU measures that have been put in place to address suicide watch removal procedures, double celling inmates in SHU, and ensuring staff make their 30 minute rounds
3) Increasing staffing
4) Inmate numbers (constitutionally supported)
5) Language used re sanitation and pest control (Lee - what did you provide the news media)
6) Racial unrest (none that we are aware of, right?)
7) How psych interviews are performed in SHU (e.g. are any inmates removed from the cells to talk to psych staff)?

Thank you,

Good afternoon all,

We are assisting the AUSA's in an extradition request out of the UK and have to respond to the below

points. Most of the response will be that we cannot comment on an open investigation. However, there are points to be made as to some of the statements (new wardens, post orders and training, staffing, inmate numbers, sanitation and pest control, alleged racial unrest, and how psychology staff interview suicide watch inmates). Is anyone aware of stock language Central Office has used to address these inquiries?

Thank you,

**Subject:** Follow up requests from UK re: extradition

Hi [redacted],

I'm sure you're inundated with inquiries right now, so I apologize for adding to your load. You may remember that we had consulted with you and BOP HQ regarding conditions at the MCC and MDC in connection with defendant Jabir Motiwala's opposition to extradition from the UK. Following Jeffrey Epstein's death, Motiwala has filed an additional report by former-warden [redacted] and attached news articles about the conditions at the MCC.

The attorneys in the UK handling the extradition have asked for our response. They recognize that we may not be able to address all of their questions in light of ongoing investigations, but is there any information we can provide with respect to the following (or could you let us know the proper person/people to talk to)?

i. With regards to the warden of the MCC and two staff members whom are said to have been reassigned since the death of Mr Epstein, are you able to confirm that their roles have been filled with suitable alternatives? In particular please provide any information about the knowledge and experience of the new warden that you are able to. [page 1, [redacted] Report, dated 22 August 2019]

ii. Is it possible to comment on the decision to take Mr Epstein off suicide watch and whether either, that decision was justified in the circumstances or if considered to be the wrong decision, that new measures are now in place to ensure any mistakes are not repeated.

Please detail any new measures on this particular issue now in place if you are able to. [page 2, [redacted] **Report, dated 22 August 2019**]

iii. Can you provide any explanation as to why Mr Epstein did not have a new inmate sharing his cell in the Special Housing Unit ("SHU") on 9 August 2019 after his other cellmate was moved? Do you accept that there should have been someone sharing his cell in light of his recent apparent suicide attempt? If so, have any new protocols been put in place to ensure this does not happen again? If you do not accept that this occurred or cannot comment on this directly, what general measures are in place to ensure people who have been moved to the SHU following a suicide attempt share a cell with others where possible? [page 2, [redacted] **Report, dated 22 August 2019**]

iv. Is it correct that the two correctional officers due to be carrying out half-hourly checks on Mr Epstein did not carry out any check upon him for a period of several hours before he was discovered in his cell and were instead sleeping? If you accept this is correct what steps have been taken, if any, to prevent this occurring in future? If you do not accept that this occurred or cannot comment on this directly, what general measures are in place to monitor those who have been moved to the SHU following a suicide attempt, and how is it ensured that those measures are safely carried out by staff members? [page 2/3, [redacted] **Report, dated 22 August 2019**]

v. Is it correct that the correctional officers concerned falsified records in regards to the checks they should have carried out? If you accept this is correct what steps have been taken if any to prevent this occurring in future? If you do not accept that this occurred or cannot comment on this directly, what general measures if any are in place to ensure correctional officers do not falsify records and carry out their duties as required with regards to those who have been moved to the SHU following a suicide attempt? [page 3, [redacted] **Report, dated 22 August 2019**].

vi. Ms [redacted], as well as a number of news reports, state that of the two staff members assigned to monitor Mr Epstein, one of them was not usually a corrections officer but rather was employed by the warehouse and had volunteered to work an extra shift. If you accept this is correct, do you consider it to be appropriate to have such staff members carrying out that type of task and if so what measures are in place to ensure they are able to carry out that particular role safely? If you do not accept that this occurred or cannot comment on this directly, what general measures if any are in place to ensure staff members who do not usually work as correctional officers carry out the task of monitoring those who have been moved to the SHU following a suicide attempt in a safe manner? [page 3, [redacted] **Report, dated 22 August 2019**]

vii. In a news article, it is said that the BOP had tried to address staffing shortages "in part by using a practice called augmentation to temporarily assign employees who [redacted] corrections officers to staff posts intended for detention guards". Do you accept that this occurred at the MCC? If so, is this practice still in place and what general measures if any

occurred at the MCC? If so, is this practice still in place and what general measures if any, are in place to ensure staff members who do not usually work as correctional officers are able to safely carry out the work of correctional officers, (for example do they receive special training on security or monitoring prisoners considered to be a suicide risk). [CNN Politics Website, **"Union and lawmakers have long warned of 'dire' federal prison staffing shortages", 14 August 2019**]

viii. Ms [redacted], as well as a number of news reports, state that of the two staff members assigned to monitor Mr Epstein, one of them (the corrections officer) had been working overtime and the other staff member was in the midst of an 80 hour week. Do you agree that many of the correctional officers at the MCC are required to work 60 – 70 hour weeks and if so what measures, if any, are in place to ensure that the prison is still run safely and suicidal prisoners are properly monitored? [page 3, [redacted] **Report, dated 22 August 2019**]

ix. Ms [redacted] further states that the MCC is currently operating with less than 70% of the needed correctional officers. Do you accept that the MCC is operating with less than 70% of the needed correctional officers and if not, how would you describe the current staffing levels? If you agree that the MCC is 70% staffed, what measures, if any, are in place to ensure that the prison is still run safely and suicidal prisoners are properly monitored? [page 3, [redacted] **Report, dated 22 August 2019**].

x. Ms [redacted] states that the MCC was designed to house 474 inmates but that on the day of Mr Epstein's death its population was 763. Do you agree with those figures, and if so is the prison able to safely house that sized population, and what measures, if any, are in place to deal with a prison population of that size and ensure the conditions they are housed in remain humane? [page 14, [redacted] **Report, dated 22 August 2019**].

xi. Ms [redacted] states the following with regards to the sanitation conditions at MCC:

> "Three current MCC Staff Members very recently described to me the current sanitation conditions at the facility. One stated, "The facility is so disgusting it's like a prison in a third-world country. Cleaning supplies are not issued on a regular basis." The individual further advised, "Pest Control is horrible and ineffective, rats, mice and bugs are everywhere." Another Correctional Officer told me, "There are mice and bugs everywhere including inmates' cells." This information is consistent with my Court testimony on July 3, 2019, and my assessment in Paragraph 20 of my Declaration in the case of Mr. Motiwala. Further, it corroborates the many news reports, regarding the "rodent-infested MCC."

Do you have any comment to make on those observations? [page 15, [redacted] **Report, dated 22 August 2019**].

xii. Ms Baird further states:

xii. Ms Baird further states:

> "On a different, yet equally concerning topic, an MCC Correctional Officer advised me this past week, that there is blatant racial discord within the institution, especially amongst Correctional Officers. I did not witness this when I was Warden at MCC, and my contact advises it began a short time following my departure."

Do you have any comment to make on those observations? [page 15, [redacted] **Report, dated 22 August 2019**].

xiii. One news article referred to the fact that there was only one psychiatrist shared between the MCC and the other federal prison in New York, and a "handful of psychologists on the staff". It further states that conversations between psychologists and individuals on suicide watch occur "through a slot in the door" rather than in person. Thanks!

I'll let the Lt.s' know to move him.

Inmate Epstein seems psychologically stable.

He complained that his right arm was numb and hanging earlier. Nurse Columbo saw him.

He again said his right arm still feels somewhat numb and he said he cannot make a fist with that hand. He also said he has numbness on his neck. I infor

He stated the toilet in his cell was running for 45 minutes last night and he could not take the noise. He is going to try the toilet before going to legal toda

**Re MCC Medical Emergency**

**From** Shmuel Spritzer

**To** [redacted]

**Date** 2019/12/04 11:45

**Subject:** Re MCC Medical Emergency

**Attachments:** TEXT.htm, Mime.822

[redacted],

I am sorry to have to bring these issues to you in the last weeks of your leadership. But because there is no warden at MCC NY, and the following is an emergency we bring to your attention and you will know what to do.

Michael Elansky 90791-054 is fighting for his life, and it seems to be neglected in a most terrible manner.

He writes that he has complained to his unit counselor and to health. He has migraines for over two weeks, throwing up and diarrhea. All who see him, can see he is in distress. His hands and body shake with tremors and he feels he is becoming weaker every day. He has problems focusing because of all this, and no one seems to care. This is the same facility where staff was caught sleeping and forging the log, the night Epstein committed suicide. He needs to brace himself against the wall when he walks.

It is an emergency matter and lets hope for the best, as it has already deteriorated to the extreme.
Thank you.

Rabbi Shmuel Spritzer

[redacted],

I am sorry to have to bring these issues to you in the last weeks of your leadership. But because there is no warden at MCC NY, and the following is an emergency we bring to your attention and you will know what to do.

Michael Elansky 90791-054 is fighting for his life, and it seems to be neglected in a most terrible manner.

He writes that he has complained to his unit counselor and to health. He has migraines for over two weeks, throwing up and diarrhea. All who see him, can see he is in distress. His hands and body shake with tremors and he feels he is becoming weaker every day. He has problems focusing because of all this, and no one seems to care. This is the same facility where staff was caught sleeping and forging the log, the night Epstein committed suicide. He needs to brace himself against the wall when he walks.

It is an emergency matter and lets hope for the best, as it has already deteriorated to the extreme.
Thank you.

[redacted],

The synopsis below describes events related to an attempted suicide this morning in one of our GP units and the fine job by Correctional Officer Raymond Colon, a new staff member who has been with us since June 10th of this year. I attached the note, recovered by staff from the inmates cell, as he references the recent suicide of inmate Epstein at MCC New York. Also attached is a photo of the cell depicting the physical arrangement of the nooses.

On September 13, 2019 at approximately 10:54 am, the Housing Unit 3 North officer called for medical assistance. Specifically, the unit officer was conducting rounds when he approached cell 323 and found inmate Jones, Nevin Reg. No. 51517-066, with a noose around his neck anchored to his locker. The inmate also had a noose tied around his feet anchored to the upper bed frame. The officer immediately untied the inmate. He did not lose consciousness and advanced life saving measures were not necessary due to the quick actions of the officer. The inmate was medically assessed, photographed, interviewed by Psychology staff, and placed on suicide watch. No staff injuries were reported.

Please let me know if you have further questions.

Thanks,

Sean.

I am sorry to have to bring these issues to you in the last weeks of your leadership. But because there is no warden at MCC NY, and the following is an emergency we bring to your attention and you will know what to do.

Michael Elansky 90791-054 is fighting for his life, and it seems to be neglected in a most terrible manner.

He writes that he has complained to his unit counselor and to health. He has migraines for over two weeks, throwing up and diarrhea. All who see him, can see he is in distress. His hands and body shake with tremors and he feels he is becoming weaker every day. He has problems focusing because of all this, and no one seems to care. [redacted],

I am sorry to have to bring these issues to you in the last weeks of your leadership. But because there is no warden at MCC NY, and the following is an emergency we bring to your attention and you will know what to do.

Michael Elansky 90791-054 is fighting for his life, and it seems to be neglected in a most terrible manner.

He writes that he has complained to his unit counselor and to health. He has migraines for over two weeks, throwing up and diarrhea. All who see him, can see he is in distress. His hands and body shake with tremors and he feels he is becoming weaker every day. He has problems focusing because of all this, and no one seems to care. This is the same facility where staff was caught sleeping and forging the log, the night Epstein committed suicide. He needs to brace himself against the wall when he walks.

It is an emergency matter and lets hope for the best, as it has already deteriorated to the extreme.
Thank you.

**Inmate suicides like Jeffrey Epstein's are increasing — and predictable, senator says**
The Washington Post
https://www.washingtonpost.com/national/inmate-suicides-like-jeffrey-epsteins-are-increasing--and-predictable-senator-says/2019/08/30/e9169afe-cb55-11e9-a1fe-ca46e8d573c0_story.html
Federal inmates were killing themselves at escalating rates when the Trump administration slashed 5,156 officers and staff positions through a hiring freeze and budget cuts — a downsizing of 14 percent. The suicide rate continued to rise as staffing vacancies increased and permanent cuts were made in 2018, with more than two dozen inmates taking their lives as prison staff and leaders failed to curb the growing problem.

**R. Kelly moved to general population of federal jail in Chicago, feds say. 'I'm so popular here, it's like yeah man'**
Chicago Tribune
http://www.chicagotribune.com/news/criminal-justice/ct-r-kelly-general-population-jail-20190903-z4kpqwj22ngrjgzmkaubb3rupq-story.html
After weeks of griping about the circumstances of his incarceration, disgraced R & B singer R. Kelly has been moved to the general population of the federal jail in Chicago while he awaits trial on sexual abuse-related charges, prosecutors said Tuesday.

**Democrats in Florida Delegation Want DOJ to Expand Investigation of Jeffrey Epstein Death, Plea Deal**
Florida Daily
https://www.floridadaily.com/democrats-in-florida-delegation-want-doj-to-expand-investigation-of-jeffrey-epstein-death-plea-deal/
At the end of last week, four Democrats representing South Florida in the U.S. House wrote U.S. Attorney General William Barr calling on the U.S. Justice Department to expand its efforts examining Jeffrey Epstein's suicide and a plea deal he made back in 2008.

When Thad Tatum was released from a Louisiana prison after serving 28 years for armed robbery and the attempted murder of a police officer, he found his trials were far from over.

**'An uphill battle': Harvard students urge school to pull investments that support prisons**
NBC News
https://www.nbcnews.com/news/us-news/uphill-battle-harvard-students-urge-school-pull-investments-support-prisons-n1038686

The rare opportunity to confront Harvard University's president presented itself last Valentine's Day, and a group of five students pounced on the chance. During an open office hour with President Lawrence S. Bacow, the students asked him: How much of Harvard's almost $40 billion endowment is invested in companies that profit from the mass incarceration of Americans? And would he commit to withdrawing the school's investment funds from prisons and related companies?

**Aging in prison, but not losing hope**

USA Today- OPINION

https://www.usatoday.com/in-depth/opinion/lifers/2019/09/03/aging-in-prison-letters-from-lifers-policing-the-usa/3407369002/

In 1988, I was incarcerated in a federal prison in Pennsylvania. I had committed a nonviolent drug offense. At the age of 41, I was sentenced to life, and was eventually moved to New York's Federal Correctional Institution at Otisville. After serving more than 20 years, in November 2013, I was given a glimmer of hope. At the age of 67, as an aging inmate, I had petitioned the Department of Justice for early release, and it looked like I was going to get my wish. The Bureau of Prisons (BOP) inmate locator site reflected a change in my release date, from "life" to April 11, 2019.

Questions & Proposed Responses:

Hello, I'm working on a story about morale at MCC in Manhattan in the wake of charges against [redacted] and [redacted]. I've spoken to an AFG

The thrust of the story is that morale has plummeted at the facility in the wake of the falsification of documents charges. Morale was already bad because

(1) Has any money been allocated for improving MCC as a facility since Epstein's death?
RESPONSE: Yes, examples include money for staff positions at MCC New York (are we saying we are adding staff positions in the future or have alre
MCC New York has spent approximately 2.6 million in infrastructure repairs since March 2019 and continues to make appropriate enhancements and re
(2) Has there been a hiring surge since Epstein's suicide?
RESPONSE: 21 staff have been hired since inmate Epstein's death. (I may need to confirm with Central Office's HRM)

(3) Any changes in BOP policies following Epstein's suicide?
RESPONSE: Lee will get more info to supplement this: There have been a number of policy changes implemented under a "back to basics" approach in

RESPONSE: Lee will get more info to supplement this. There have been a number of policy changes implemented under a "back to basics" approach in

(4) Is it correct that Noel and [redacted] were responsible for roughly 50 to 70 inmates the night of the suicide?
RESPONSE: The BOP does not comment on matters related to investigations or pending litigation.

(5) What is the attrition rate for BOP correctional officers? What's the average length of time a person stays in the job? (NYC-area would be best if it's a
RESPONSE: Lee is checking to see if HRM can answer this; if not, then we could say the following: Some staff have been working at MCC New York

(6) Can you share anything supervisors at MCC have told the rank and file in the wake of these charges? What's the message to overworked, disgruntled

Thanks. Yes, the TDY is related to them putting new procedures and policies in place to improve local processes related to the incident. The TDY staff are training local staff or are providing coverage/assistance while NYM staff put new procedures in place. Thanks in advance.

Hello [redacted],

Yes, the MDC Brooklyn incident was covered by special project. However, this was to cover assistance throughout the duration of the incident along with chiller and repair costs. The Regional staff could not provide justification for additional expenses directly related to the Epstein incident. The only explanation provided was due to staff shortage, MCC NY was bringing in staff for staff assist. I explained to the Regional Comptroller that Bureau institutions are suffering from staff shortages nationwide and any expenses associated with those shortages are being absorbed at those locations or Regions. We did however provide utilization of the project code for the travel expenses of the after action team. I've advised all the Regional Comptrollers, due to priority spending directed by DOJ, such as FSA spending, we would re-evaluate our budget status during the first week of September to see if any additional funding can be provided. We will certainly help if we can. Please let me know if you have any additional questions.

Thanks,
Loneryl

Brad - See below. Is the special project not covering the TDY cost for MCC NYM? Was the TDY cost during the MDC BRO incident covered by the special project? Thanks in advance.

J. [redacted]
Regional Director
Northeast Region

>>> Kevin Kim 8/26/2019 2:34 PM >>>
The Administration Division has provided us a guidance that we are not authorized to charge any of our TDY Expenses to the project 87F, Eptein Death at the national level. It was explained to us that the project was established for regional tracking purposes only and we at the regional level will have to absorb all TDY costs related to MCC New York.
So far, approximately 60 staff from various institutions for various dates as early as 8/18 through 9/28 are scheduled for TDY to New York.
The estimated costs for TDY expenses will be approximately $500.000.
Please let me know if you have any questions. Thanks.

Kevin

Hi Bruce,

Let me talk to Exec staff and see what we can arrange. What sort of deadline are you looking at?

Thanks,
Steph

I guess later in the week makes sense. Let me know what date and time works best.

Stephanie,

Can we arrange a visit for Nick with his parents? For reasons that I [redacted] explain, we are at a crucial stage and it really is necessary for his Nick to speak privately with his parents.

Hi Bruce,

Let me talk to Exec staff and see what we can arrange. What sort of deadline are you looking at?
Thanks,
Steph

I guess later in the week makes sense. Let me know what date and time works best.

Stephanie,

Can we arrange a visit for Nick with his parents? For reasons that I [redacted] explain, we are at a crucial stage and it really is necessary for his Nick to speak privately with his parents.

In a follow up to the Government's letter to the Court on Friday I am hoping there is a time this week to discuss the conditions under which Mr. Tartaglione would agree to withdraw his request to be moved from MCC.

Hi Bruce,

After some discussion, MCC's administrators are prepared to offer your client a social phone call with his parents, which would be outside the normal phone schedule provided to inmates in Special Housing. If you fell that would be inadequate, please advise and [redacted] and I will take the issue back to our administrators.

Subject: UPDATE: Media inquiry - due today - NY Daily News - re: conditions at MCC NY post-Epstein

Lee,

Here is an updated version for the moment

**Reporter:**

Stephen [redacted] - NY DAILY NEWS

**Questions & Proposed Responses:**

Hello, I'm working on a story about morale at MCC in Manhattan in the wake of charges against [redacted] and [redacted]. I've spoken to an AFGE union official and [redacted] defense attorney. The story will run over the weekend so I'd appreciate a response by COB today.

The thrust of the story is that morale has plummeted at the facility in the wake of the falsification of documents charges. Morale was already bad because of staffing issues. The story will also note that the facility itself is in very bad shape and that, according to people I spoke to, there has not been a hiring surge or any major reforms in the wake of Jeffrey Epstein's suicide.

(1) Has any money been allocated for improving MCC as a facility since Epstein's death?

**RESPONSE: Yes, examples include money for staff positions at MCC New York (are we saying we are adding staff positions in the future or have already added them and already hired new staff now working there after Epstein's death) and overtime work performed at MCC New York by staff on temporary assignment from other Bureau of Prisons correctional institutions. The BOP has expended over $500,000 bringing staff to MCC New York from other facilities (since Epstein?).**

MCC New York has spent approximately 2.6 million in infrastructure repairs since March 2019 and continues to make appropriate enhancements and repairs thought the facility.

(2) Has there been a hiring surge since Epstein's suicide?

**RESPONSE: 21 staff have been hired since inmate Epstein's death. (I may need to confirm with Central Office's HRM)**

(3) Any changes in BOP policies following Epstein's suicide?

**RESPONSE: Lee will get more info to supplement this: There have been a number of policy changes implemented under a "back to basics" approach in recent months. MCC NY has made several chances and implementing managerial oversite pertaining to inmate**

**accountability. This includes reviewing restictive housing (SHU) video footage to ensure rounds are conducted timely and accurately, lieutenants conducting counts in (SHU) on morning watch, staff conducting single cell reports for inmates housed alone in cells, and mandatory notification to the warden for review of inmates placed on suicide watch. In addition daily bed book audits supervised by Executive Staff.**

(4) Is it correct that Noel and [redacted] were responsible for roughly 50 to 70 inmates the night of the suicide?

**RESPONSE: The BOP does not comment on matters related to investigations or pending litigation.**

(5) What is the attrition rate for BOP correctional officers? What's the average length of time a person stays in the job? (NYC-area would be best if it's available.)

**RESPONSE: Lee is checking to see if HRM can answer this; if not, then we could say the following: Some staff have been working at MCC New York for 30 years. However the average staff member assigned to MCC NY has 11.5 years with the agency.**

(6) Can you share anything supervisors at MCC have told the rank and file in the wake of these charges? What's the message to overworked, disgruntled correctional officers?

**RESPONSE: MCC New York Executive staff have been transparent with staff pertaining to staffing levels and its progress on hiring. Management has worked with the local union representatives and held a recruitment fair which was held in August to recruit Correctional Officers. The Excecutive staff has held staff recalls and meetings emphasizing that the institution's leadership understands staff's concerns and is doing the best to increase staffing levels. Staff have been told and regularly see the many staff who are assigned temporarily to MCC New York from all over the country to assist with shortages in multiple departments at MCC New York from correctional services, food service, safety, education, psychology, medical machanical services, As new positions post and staff see temporary staff coming in to alleviate the burdens of overtime work, the morale at MCC NY is improving.**

**The Jeffrey Epstein blame game continues**
The Hill (OP-ED)
https://thehill.com/opinion/criminal-justice/472426-the-jeffrey-epstein-blame-game-continues
As Federal Bureau of Prisons Director Kathleen Hawk Sawyer was testifying to Congress last week, reports began to circulate about the indictments of two correctional officers regarding the falsification of records in the Jeffrey Epstein suicide. Earlier this month, Hawk Sawyer had warned staff in a memorandum that falsifying documents constituted "very serious misconduct" that could expose staff to criminal prosecution. This week Attorney General William Barr announced the "perfect storm" of circumstances surrounding the suicide leading to the indictment.

Suicides among federal correctional officers are a growing concern at the Federal Bureau of Prisons, according to the national president of the federal prison employees union.

**Jessica Jackson, a single mom from California, took on the prison system — and changed her life**
USA Today
https://www.usatoday.com/story/news/politics/2019/11/29/single-mom-took-prison-system-changing-narrative-cut-50-kim-kardashian/4002583002/
Jessica Jackson clung to her baby in a Georgia courthouse bathroom, sobbing as she tried to get the 2-month-old to nurse. Her husband's wallet, keys and phone — hurriedly handed over moments before as a bailiff led him away — felt heavy and foreign in her hands. She was 22. She had no job, no high school diploma, and no idea how she was going to drive his F350 home, let alone raise her daughter alone. Her husband had been sentenced to six years in prison — and she [redacted] have a plan.

Hello Lee,

I'm a reporter with BuzzFeed News. I'm reaching out on a story regarding Jeffrey Epstein's death. We have found a series of posts that were made on the website 4chan prior to any public announcement of Epstein's death. The first post was made at 8:15 AM and the subsequent posts described in detail the first responders' actions. The first news report about Epstein's death was at roughly 9 AM.

I've pasted one of the posts below:

worked asystole arrest for 40 minutes, als intubated in the field/epi/2 liters NS infused. Telemetry advised bicarb and D50 in field. Pt transported to Lower Manhattan ER and worked for 20 minutes and called.
Hospital administrator was alerted, preparing statements

Can you verify the accuracy of what's been posted? Would speaking publicly about an inmate's death break any procedures? If so, does MCC plan to take any action on the matter or investigate it?

Please get back to me as soon as possible today.

Thank you,
Jane

As an update, I spoke with the AUSAs. They advised the Court thee was no video because the FBI had the DVR (pulled for the 8/10 incident) which went back to the 7/23 attempt. The FBI reported the DVR footage was corrupted as to the 7/23 video and, thus there was no footage. The AUSAs are asking that SIS check to see where Pina preserved the 7/22-23 video to see if that copy is not corrupted. They will be reaching out to her directly.

The AUSAs also want to know where the orange rope from the 7/23 attempt is preserved.

Thanks all,

Good morning all,

Per the above article, the Court was advised by the USAO that MCC did not preserve video from outside the cell shared by Tartaglione and Epstein at the time of Epstein's alleged first suicide attempt. However, per the attached, SIS advised the footage was preserved. What search for the footage was performed prior to advising the USAO the footage could not be found? I would recommend searching again for the missing video. I have a call with the AUSAs in 20 minutes and will advise as to what other issues arose at yesterday's hearing.

Thank you,

Please review the attached documentation, they want to extradite the inmate from England, however, England will not approve if he cannot be housed at MDC Brooklyn. They do not want the inmate housed at MCC New York base on what happened with Epstein. Please review and see if he can be housed here.

Hi DAD Beard,
There has been an incident with a high profile prisoner (Jeffrey Epstein) at MCC New York. We are trying to get some basic information about the incident and are having a hard time getting any information out of the facility. Is there someone we could speak to and get the basic information? The USM and Chief for our S/New York office are having no luck with the Warden and Assistant Warden.

Good morning. I am following up to see if we can expect that Mr. O'Brien will be cleared to visit on Monday. If not, we will need to seek a court order since his travel has already been set my the court and the CJA office. Thank you.

Ms. Aassiddaa,
Attached please find the BOP visitation form and licensing credentials from the private investigator.
Please let me know what else you need from us. We recently received CJA permission for Mr. O'Brien to travel to NYC to visit our client with us at the MCC on Monday and Tuesday next week, so I appreciate your helping us to expedite this process.
Best, Sarah

Good morning. I am following up to see if we can expect that Mr. O'Brien will be cleared to visit on Monday. If not, we will need to seek a court order since his travel has already been set my the court and the CJA office. Thank you.

Ms. Aassiddaa,
Attached please find the BOP visitation form and licensing credentials from the private investigator.
Please let me know what else you need from us. We recently received CJA permission for Mr. O'Brien to travel to NYC to visit our client with us at the MCC on Monday and Tuesday next week, so I appreciate your helping us to expedite this process.
Best, Sarah

Jeff, see below link. Eric not helping again. Not sure what the staffing is like at MCC but probably should look into status and progress. Also may want to be sure proper procedures are happening. Would be really bad if have another Epstein episode.

# Find an inmate.

Locate the whereabouts of a federal inmate incarcerated from 1982 to the present. Due to the First Step Act, sentences are being reviewed and recalculated to address pending Good Conduct Time changes. As a result, an inmate's release date may not be up-to-date. Website visitors should continue to check back periodically to see if any changes have occurred.

Thanks! Do you have a fax or email for whomever Dr. B will need to have his letter request sent?

>>> Mark Yonnone 8/19/2019 10:39 AM >>>
M19019432 is the case number.

Good morning,

Did you get the case number yet for the autopsy? I have a draft letter to assist you in requesting the autopsy report itself.

Thank you,

FYI...AW portion for page 10 regarding SW cell assignment.

Guidance was sent to the Lieutenants regarding keying of suicide watch bed assignments after hours. The Lieutenants were instructed that upon placing an inmate on suicide watch, they are responsible for contacting C&A and providing the cell assignment. Additionally, the Lieutenant will run a PP30 (Population Monitoring Roster) with the selection category for suicide watch. The Lieutenant will email the roster to the Captain, as he will be responsible for verifying that each inmate is in the appropriate cell. This verification process will ensure inmates placed on suicide watch are keyed into inaccurate bed assignments and will eliminate inmates being keyed into the same cell.

Additionally, the Lieutenants were instructed to contact the Captain and on-call Psychology staff when the need for suicide watch placement is determined after hours. Psychology staff have been instructed to contact the warden upon receiving said notification. After consultation with the warden, psychology staff will designate whether a staff or inmate companion will be assigned. Psychology staff will in turn inform the Shift Lieutenant of this determination.

Today, the Attorney General directed the Bureau of Prisons to temporarily assign the warden at the Metropolitan Correctional Center in New York to the Bureau's Northeast Regional Office pending the outcome of the FBI and OIG investigations into the apparent suicide of Jeffrey Epstein, a former MCC inmate. FCI Otisville Warden [redacted] has been named Acting Warden of the MCC New York. The Bureau of Prisons also placed on administrative leave three MCC correctional personnel assigned to Mr. Epstein's unit at the time of his apparent suicide pending the outcome of the investigations. Additional actions may be taken as the circumstances warrant.

Hi Bruce,

Pursuant to FOIA/Privacy Act and Touhy regulations, we need a release from the inmate, Touhy letter, and subpoena for the request to be considered locally. Please also be advised that we would have to seek authority under Touhy through the USAO.

Thank you,
[redacted]

It is my understanding that Mr. Tartaglione was interviewed by members of Bureau of Prisons in the late hours of July 22nd or the early hours of July 23, 2019 concerning Jeffrey Epstein's reported attempted suicide attempt. Pease provide the record of any statements made by Mr. Tartaglione, any written statements made by Mr. Tartaglione and any recording of any such statements.

Thanks. This is helpful. We can talk tomorrow about the timing.

It will also be helpful to get some information about staffing at MCC I've seen additional press reports trying to link the staffing shortages, overtime and this incident.

Thanks,

[redacted].

[redacted], as discussed, several options are below. Please note that we should discuss timing of all this. I will need to ensure staff are notified first, and I should let my Executive Staff know so they are not taken off guard as they will no doubt get a lot of questions from their staff and other wardens. Also note that the Warden just called [redacted] and told him the US Attorney is meeting with him at 10 am tomorrow. So this probably should be some time after that interview.

Preferred:
[redacted]Today, the Bureau of Prisons placed two staff who work in MCC NY on administrative leave pending the outcome of the investigation into the apparent suicide of Jeffrey Epstein. Additional actions may be taken as the circumstances of the investigations warrant.

A more detailed version of above could read:
Today, the Bureau of Prisons placed on administrative leave the two staff who worked in the Special Housing Unit at MCC NY pending the outcome of the investigation into the apparent suicide of Jeffrey Epstein. Additional actions may be taken as the circumstances of the investigations warrant.

If a third staff member is added either version can be changed to read "three."

If the warden is added, the following is proposed:
The Bureau of Prisons also temporarily reassigned the MCC NY Warden to the Northeast Regional Office pending the outcome of the investigation. FCI Otisville Warden [redacted] has been named Acting Warden of the MCC NY.

While I prefer not to state the warden's name in this release, if you decide it needs to be added, his name is [redacted].

[redacted],

I am sorry to have to bring these issues to you in the last weeks of your leadership. But because there is no warden at MCC NY, and the following is an emergency we bring to your attention and you will know what to do.

Michael Elansky 90791-054 is fighting for his life, and it seems to be neglected in a most terrible manner.

He writes that he has complained to his unit counselor and to health. He has migraines for over two weeks, throwing up and diarrhea. All

who see him, can see he is in distress. His hands and body shake with tremors and he feels he is becoming weaker every day. He has problems focusing because of all this, and no one seems to care. This is the same facility where staff was caught sleeping and forging the log, the night Epstein committed suicide. He needs to brace himself against the wall when he walks.

It is an emergency matter and lets hope for the best, as it has already deteriorated to the extreme.
Thank you.

Rabbi Shmuel Spritzer

C/O [redacted] was assigned to staff watch; however, the wrong book was used (I/M companion log) in lieu of Staff Suicide Watch log.

[redacted], DTS discovered the wrong log was used. [redacted] completed a 2nd log using Suicide Watch log ([redacted] initialed the log for [redacted]).

Entries are identical in both logs.

I believe we are meeting again tomorrow. Please review the attached, in particular the highlighted sections and the additional language in section 11 moved from section 9.

Cap - can you have someone address section 4 as it alleged staff wrote him a shot without having all the appropriate evidence to back it up and section 9 as to when the attorney logbooks were pulled?

Thanks all,

MEMORANDUM FOR HUGH J. HURWITZ, ASSISISTANT DIRECTOR, REENTRY SERVICES DIVISION

FROM: J. [redacted], Warden, MCC New York

SUBJECT: Institution Response to Psychological Reconstruction
Inmate Epstein, Jeffrey (76318-054)

This is the response to the psychological reconstruction of inmate Epstein, Jeffrey (76318-054) dated September 17, 2019.

1.Single Celling: It is recommended that all inmates be double-celled unless safety concerns or an odd number of inmates precludes this. Priority should be given to inmates with a history of mental illness, self-directed violence, recent stressors (e.g., losses, newly sentenced, etc.)

It is recommended that a system of control be implemented explaining who will be notified when a Suicide Watch or Psychological Observation ends and how that communication will take place. Because this is a life safety issue, the system of control, once approved by the warden, should be reviewed in formal meetings such as staff recalls, department head meetings, and lieutenants meetings.

**Institution Response:** 1. Single Cell Placement:

A system has been put in place to ensure inmates are not single celled. A single cell report is completed during each shift by the SHU Lieutenant during Day Watch and the Operations Lieutenant during the Morning Watch and Evening Watch. Notifications are made to the Institution Duty Officer (IDO) and Executive Staff.

Psychology discusses the status of inmates who are at-risk for suicidality, their housing needs, as well as their needs for cellmates during staff meetings, department head meetings, SHU meetings, morning meetings, and close out meetings.

When inmates are placed on and off suicide watch, the Warden is notified verbally, regardless of the time of day. The Warden then determines which suicide watch area a suicidal inmate will be housed and if they will be observed with an inmate companions or a staff member.

Psychology verbally notifies the Operations Lieutenant when inmates are removed from suicide watch and that

EFTA00042623

they will need to be placed with a cellmate. Cellmates are recommended not only for SHU inmates being removed from suicide watch, but also for inmates returning to the general population setting. The C&A officer is responsible for entering the proper assisgnment.

Once an inmate is removed from suicide watch, psychology staff sends an e-mail to the Executive Staff, IDO, and Lieutenants informing them the inmate is being removed from suicide watch and can return to a cell with a cellmate. The e-mail contains the name of the staff member whom psychology verbally spoke with. This recommendation for a cellmate and conversation with the Lieutenant is also documented in the Post Suicide Watch Report and placed in BEMR/PDS.

Psychology Services has eliminated the use of Psychological Observation to avoid any confusion as to the needs of inmates on a watch status.

2. Rounds: 30-minute rounds are required by P5500.14, Correctional Services Procedures Manual.

**Institution Response:** 2. Rounds:

SHU training is conducted quarterly in which emphasis will be placed on the importance of diligent rounds within the policy guided timeframes. In addition, the SHU Lieutenant will review documentation (SHU Round Sheets) on a daily basis and provide the Captain with an assurance memorandum of their completion weekly. SHU Rounds sheets will be maintained on the specified range to ensure officers are completing required rounds. A staff member must observe all inmates confined in continuous locked down status, such as administrative detention or disciplinary segregation, at least once in the first 30 minute period of the hour, followed by another round in the second 30 minute period of the same hour, thus ensuring an inmate is observed at least twice per hour. These rounds are to be conducted on an irregular schedule and no more than 40 minutes apart. All observations must be documented. Closer observation may be required for an inmate who is mentally ill, or who demonstrates unusual or bizarre behavior. These inmates have been identified with an orange photographic door tag to ensure staff are aware to take more security pre-cautions in dealing with this inmate. Two hour Captain video review and six hour IDO video review are being conducted.

3. Cellmate Assignments: When Mr. Epstein was placed in SHU on July 7, 2019, Executive Staff decided Mr. Tartaglione would be his cellmate. As explained by [redacted], input was not sought from Psychology Services and it is not clear if or how sex offender-specific needs and associated risk were incorporated into the housing plan. Mr. Tartaglione was also a high profile inmate-an ex-police officer charged in multiple murders. However, he and Mr. Epstein did not share the risk associated with being a sex offender and their pairing may have aggravated Mr. Epstein's risk for self-directed violence. In an effort to treat Mr. Epstein the same as other inmates, a statement repeated by multiple staff, Executive Staff may have inadvertently overlooked the need to consider unique risk factors associated with individuals who have been charged with and convicted of a sex offense. On July 25, 2019, [redacted] sent an e-mail to [redacted] explaining a consultation between [redacted] and [redacted], National Suicide Prevention Coordinator. In the e-mail, [redacted] Reviewed the consult and recommendation from the Psychology Services Branch, Central Office that Mr. Epstein be housed with another inmate who had also been accused of committing a sex offense. There is no evidence this information was considered beyond this e-mail, and Mr. Epstein was never housed with another inmate charged or convicted of a sexual offense.

It is recommended Executive Staff and Correctional Services staff include a psychologist in decisions about cellmates as a means of incorporating expertise about suicide risk, mental health needs, and interventions for psychological stability.

**Institution Response:** 3. Cellmate Assignments:

EFTA00042624

Inmates with serious mental illness and those at-risk for suicidality are discussed during staff meetings, department head meetings, SHU meetings, morning meetings, and close out meetings. The Captain, Associate Wardens, Warden and Psychology discuss the inmate's needs. The Legal Department also assists when the inmate's attorney or court are concerned about an inmate's mental health. Psychology Services are involved in making recommendations regarding the types of cellmates with whom inmates at-risk for suicidality should celled. Psychology Services takes into consideration the suicide risk factors involved with a particular inmate and shares their knowledge with Executive Staff.

The psychological reconstruction suggests MCC New York Executive Staff did not take into account Mr. Epstein's sex offender-specific needs in assigning him a cellmate in SHU. However, that is not correct. MCC New York Executive Staff considered a variety of factors in determining the most appropriate cellmate for Mr. Epstein, including but not limited to history of sex offenses, nature of the inmate, cooperation status, etc.

MCC New York administrators initially housed Mr. Epstein with Mr. Tartaglione as both had high profile cases. Mr. Tartaglione is also a certified death penalty eligible inmate and, thus, based on correctional judgment, less likely to assault or otherwise try to harm Mr. Epstein. Indeed, Mr. Tartaglione notified staff immediately when he realized Mr. Epstein first made a possible suicide attempt/gesture on July 23, 2019.

Prior to Mr. Epstein being taken off suicide watch, MCC New York Executive Staff, with input from Psychology staff, assessed all the inmates in SHU at that time and narrowed the list down to the most appropriate candidates. Mr. Tartaglione was not chosen as the investigation at the time had not yet cleared him of any wrongdoing. Most of the other inmates in SHU at the time were there for disciplinary reasons and were otherwise not appropriate to be housed with Mr. Epstein. The other notable inmate in SHU with a history of sex offenses, Mr. Hoyt, was deemed dangerous to Mr. Epstein due to his threatening nature. Accordingly, MCC New York Executive Staff narrowed the possibilities to cooperators. Specifically, Efrain Reyes, reg. no. 85993-054, was placed in SHU for claims he was being threatened and extorted on his unit, and he was confirmed as proffering with the U.S. Attorney's Office. As both he and Mr. Epstein were in SHU for safety reasons, Mr. Reyes was deemed an appropriate cellmate.

Based on the above, consideration was made for Mr. Epstein's sex-offender-specific needs in choosing his cellmate in SHU. His charged crime was just one of the factors reviewed in making the determination. MCC New York Executive Staff also considered high publicity inmates with ample reasons not to hurt Mr. Epstein, and cooperators who are not only vulnerable themselves, but also had a lot to lose should they harm Mr. Epstein.

4. Documentation Accuracy: On July 23, 2019, Mr. Epstein was found unresponsive in his cell. He had abrasions on his neck and knee. There are inconsistencies between documents describing the circumstances of the scene. In a General Administrative Note in PDS-BEMR, [redacted] documented information received from [redacted] that Mr. Epstein, "was found with a string loosely hanging around his neck." In contrast, [redacted], who responded to this emergency, wrote a memorandum dated July 23, 2019. In that memorandum, Officer Silva wrote he saw Mr. Epstein "laying down near his bunk with what appeared to be a piece of handmade orange cloth around his neck." It is critical that all descriptions of the incident accurately reflect objective evidence.

[redacted] wrote Mr. Epstein an incident report for Self-Mutilation on July 23, 2019, after he was found unresponsive in his cell but prior to having the necessary facts to determine whether he likely engaged in a Bureau violation. BOP Policy expects staff to write an incident report within 24 hours of having the information that an inmate likely violated BOP rules but without making a presumptive decision about guilt. A Special Investigative Services Threat Assessment was completed August 2, 2019, but results were inconclusive

as to whether Mr. Epstein engaged in self- directed violence, willingly fought with his cellmate, or was assaulted by his cellmate. It is recommended that staff remain open to all reasonable explanations for a behavior and take the appropriate actions when a final determination is made. Although the incident report was later expunged, inmates frequently experience significant stress when they contemplate the potential consequences associated with findings of guilt.

Dr. Schlessinger entered a Psychology Services Intake Screening into PDS-BEMR on July 8, 2010. The document has three typographical errors. She selected the No Sexual Offense Convictions check box when, in fact, Mr. Epstein was previously convicted of Solicitation of Prostitution and Procuring a Person Under the Age of 18 for Prostitution. Second, Mr. Epstein was erroneously identified as a Black male in this document. Finally, there is one instance where he was mistakenly referred to as Mr. [redacted].

Dr. Schlessinger completed a Risk of Sexual Abusiveness document on July 8, 2019. She marked "History of prior prison sexual predation" in the affirmative. This is not accurate.

Ysmael Joaquin, Mid-Level Practitioner, completed a History and Physical on
July 9, 2019. An Intake Screening should have been conducted within 24 hours of his entry into Bureau custody which was on July 6, 2019, according to P6031.04, Patient Care.

[redacted] was responsible for observing Mr. Epstein and documenting his behavior while on suicide watch on July 23, 2019. Officer [redacted] mistakenly used a Suicide Watch Log Book intended for inmate companion documentation between 1:40 a.m. and 6:00 a.m. on July 23, 2019, when he should have been using the Staff Suicide Watch Log Book. Ms. [redacted], Drug Treatment Specialist, reportedly noticed this error and subsequently hand copied all of Officer [redacted]' entries from 1:40 a.m. to 6:00 a.m. into a Staff Suicide Watch Log Book. She then initialed these entries, and this makes it appear as if she was the one conducting the watch. This information was discovered and conveyed in an e-mail from Ms. [redacted] to Dr. Schlessinger with a carbon copy to [redacted] on August 12, 2019. Of note, Ms. [redacted] did not make an entry explaining why she was making the log book changes. Additionally, Ms. [redacted] then wrote entries for 6:15, 6:30, 6:45 and 7:00 a.m. in the Staff Suicide Watch Log Book. These were not a part of the original entries made by Officer [redacted] nor was Ms. [redacted] assigned to work the Suicide Watch post. Due to the inability to interview staff at this time, it is unknown why Ms. [redacted] attempted to correct Officer [redacted]' error, or made any of the subsequent log entries. It is recommended that if a staff member makes an entry error (e.g., writes in the incorrect suicide watch log book), the staff member should describe the error in the correct log book, to include indicating when they became aware of the error. The staff member should then notify the Chief Psychologist.

A review of Special Housing Unit Records (BP-A0292) revealed a number of incomplete entries. This document is used to monitor provision and receipt of basic services such as recreation, medical rounds, showers, meal consumption, etc. The Officer in Charge signature is missing on 10 occasions and a medical provider's signature is missing in seven instances. There are six instances in which it is not clear if Mr. Epstein ate his meal. There are nine instances in which it is not clear if Mr. Epstein took a shower. There are ten instances in which it is not clear if Mr. Epstein was offered recreation. P5500.15, Correctional Services Manual requires accurate and complete information on the BP-A0292.

A review of Psychology Observation Log Books revealed significant discrepancies from the approved Psychological Observation Procedural Memorandum, dated April 15, 2019. A Correctional Officer is required to complete hourly rounds and sign the log book.

179 out of 183 round signatures were missing. The lieutenant is required to sign the log book one time per shift and signatures were missing in 10 of 23 instances. A Physician Assistant is required to sign one time per shift

EFTA00042626

and 16 of 16 instances were missing. It is recommended that a further review of Psychological Observation procedures be conducted.

**Institution Response:** 4. Documentation Accuracy:

The Reconstruction indicates it is critical that all descriptions of the incident accurately reflect objective evidence, and references Psychology staff's reliance on differing statements from two different staff regarding the July 23, 2019 incident. Psychology considers the information from more than one source when making decisions about suicide watch placement. Clinical judgment is used to make determinations taking into consideration each person's self-report of a situation as they may be perceived differently.

In reference to typographical errors noted in PDS/BEMR notes, the Chief Psychologist has spoken to all psychology staff members concerning proof reading all documents entered to reduce typos and to improve information accuracy. Additionally, there is a second Staff Psychologist in the department which helps reduce the workload on current psychologists, allowing more time for documentation review.

CORRECTIONAL SERVICES IN RE INCIDENT REPORT

The Reconstruction stated medical staff conducted Inmate Epstein's Intake Screening late. SENTRY records reflect Inmate Epstein arrived in MCC New York's Receiving and Discharge (R&D) area on July 6, 2019, at approximately 9:24 p.m. His medical Intake Screening was conducted at approximately 9:38 p.m., by Physician Assistant (PA) Kang on the same night and approximately 14 minutes after his arrival in R&D. On July 9, 2019, he was placed on Psychological Observation and at approximately 12:38 p.m., he was escorted from Psychological Observation to Health Services for a Medical Assessment and a History and Physical, which was performed by PA Joaquin within three (3) days of his arrival. According to Program Statement 6031.04, *Patient Care*, a provider must perform a History and Physical within 14 days of the inmate arriving at BOP facility. The History and Physical and Intake Screening were conducted timely and in accordance to policy.

Regarding use of the incorrect Suicide Watch Log and the re-creation thereof, the Chief Psychologist and Drug Abuse Coordinator counseled the Drug Treatment Specialist (DTS) concerning her documentation in the suicide watch log book. There was no ill-intent on the part of the DTS as all log books were maintained; the original log book written by the officer and the one documented by the DTS. The DTS indicated a desire to assist the officer as he had written in the wrong log book. Specifically, he wrote in the inmate companion log book rather than the staff log book. However, she was informed that this is not her role and she is not to document in a log book for anyone else observing an inmate on suicide watch. In the future, only the staff member watching the inmate on suicide watch and Operations Lieutenants document in the suicide watch log book. Log books are now being closely monitored on a daily basis by the Chief Psychologist.

Incomplete entries were noted in the BP-292s. SHU training is conducted quarterly, in which emphasis will be placed on the importance of proper 292 documentation. In addition, the SHU Lieutenant will review 292s on a daily basis and provide the Captain with an assurance memorandum. 292s will be printed for the previous week every Sunday, and the SHU Lieutenant will acquire any needed signatures from the respective OICs in a handwritten manner.

The Reconstruction noted discrepancies in the procedures approved for Psychological Observation. The Psychology Department has eliminated Psychology Observation at MCC-NY. Both Staff and the Lieutenants received additional training on when they are required to complete rounds and sign Suicide Watch log books. With regard to suicide watch log books signatures, Correctional Staff are required to perform routine rounds every hour. The 2 Sally Officer on Monday- Friday during Day Watch is required to perform rounds on suicide

EFTA00042627

watch inmates as prescribed by the Captain. After-hours, the Unit 2 Officer will be responsible for making rounds, feeding meals, collecting trash in the area, and performing the count with the Internal 1 or Internal 2 assisting with duties as assigned by the Captain. Additionally, Psychology staff check the suicide watch logs daily when they interview the inmates on suicide watch. If it is noted hourly rounds are not being conducted by the Unit Officer and/or the Lieutenants are not rounding and signing the books each shift, the Associate Warden over Programs and the Captain are notified immediately and enforce accountability.

5. Telephone Calls: In a PDS-BEMR note written by [redacted] on July 16, 2019, she was informed by an unnamed staff member that a lieutenant facilitated two telephone calls for Mr. Epstein. It is unknown when and to whom these calls were placed and no evidence that they took place on a monitored telephone.

According to a memorandum from Unit Manager Nathaniel Bullock on August 10, 2019, Mr. Epstein terminated his legal visit early on August 9, 2019, in order to place a telephone call to his family. Mr. Bullock (who was the Institutional Duty Officer that week) escorted Mr. Epstein to SHU around 7:00 p.m. that evening and he was placed in the shower area on G tier. While there, he was provided the telephone to make a call.

Since Mr. Epstein reportedly did not have his PAC or PIN number, which is required to use the inmate telephone system, the Unit Manager placed the call, dialing a number that reportedly began with area code 347. Mr. Epstein told Mr. Bullock he was calling his mother who, according to public records, has been deceased since 2004.

It is recommended that all telephone calls, other than legal calls, be made on monitored lines to be available for post-call review or on a speaker phone so staff can monitor what is discussed.

**Institution Response:** 5. Telephone calls:

There is no documentation to substantiate that a Lieutenant facilitated two telephone calls to Mr. Epstein. However, there is documented evidence that Unit Manager Proto provided a call to Mr. Epstein on July 30, 2019, at 5:15 p.m., to a Karina Shaliak, friend, on a monitored telephone/speaker phone. The call was documented in a log that is maintained in the Correctional Systems Department. Mr. Epstein was provided a call because he had not been able to conduct voice recording on the inmate telephone. This is standard procedure by the Unit Team at MCC New York, to occasionally provide a call to new arrivals, when necessary.

6. Direct Observation: Mr. Epstein was on suicide watch from July 23, 2019, until July 24, 2019. While on suicide watch on July 23, 2019, Mr. Epstein attended an Attorney visit from approximately 12:40 p.m. until 7:15 p.m. During this time, he was without "direct, continuous observation" by a dedicated BOP staff member as required by P5324.08. While on Psychological Observation, he attended attorney visits on July 24, 2019, for 11.25 hours; on July 25, 2019, for 11.25 hours; on July 26, 2019, for 9.25 hours; on July 27, 2019, for 11.33 hours; on July 28, 2019, for 10.5 hours; and on July 29, 2019, for 8 hours. On July 30, 2019, Psychology Observation was terminated. During these visits, continuous observation by a dedicated BOP staff member was not maintained as required by MCC New York's Procedural Memorandum for Psychological Observation.

**Institution Response:** 6. Direct Observation:

The Psychology Department has eliminated Psychology Observation at MCC-NY. Inmates on Suicide Watch are only provided legal visits under special circumstances as deemed by the Court.

7. Follow-Up: Mr. Epstein arrived at MCC New York on Saturday, July 6, 2019. While conducting the 10:00 p.m. institution count that evening, Elba [redacted], Facilities Assistant reported she observed Mr. Epstein in his cell. In an e-mail she sent to [redacted] and [redacted] later that evening, she

EFTA00042628

described Mr. Epstein as "distraught, sad and a little confused." She said she then asked Mr. Epstein if he was okay, and he reportedly said he was. However, Ms. [redacted] noted in her e-mail she was not convinced of this, adding, "He seems dazed and withdrawn." She went on to say, "So just to be on the safe side and prevent any suicidal thoughts can someone from Psychology come and talk with him." Despite the fact that Lieutenant Medina opened the e-mail there is no evidence that he contacted the on-call psychologist as is required by P5324.08, Suicide Prevention Program. Additionally, if Ms. [redacted] was concerned about suicide risk, P5324.08, Suicide Prevention Program, requires her to maintain direct, continuous observation of Mr. Epstein. When [redacted] opened the e-mail the following Monday morning, Mr. Epstein was evaluated by Dr. Schlessinger at approximately 9:30 a.m.

Mr. Epstein was denied bail on Thursday, July 18, 2019. This was a significant disappointment for Mr. Epstein and likely challenged his ability and willingness to adapt to incarceration. Given the potential impact of the judge's decision, a psychologist should have assessed Mr. Epstein's mental status upon his return to the institution. The BOP developed a SENTRY assignment of PSY ALERT for purposes such as this.
Specifically PSY ALERT is used "to ensure, if movement occurs, that all staff consider the special psychological and management-related risks associated with the inmate." Furthermore, P5324.07, SENTRY Psychology Alert Function states, "When a decision to move [any PSY ALERT] inmate occurs, any special psychological needs of the inmate are reviewed and considered by Psychology Services staff [and] any safety and security concerns are highlighted for non-Psychology Services staff." Psychologists should use the PSY ALERT assignment more frequently with high profile cases and with inmates who have a history or charge of sex offense. Both of these groups of inmates are susceptible to exaggerated or unrealistic fears about correctional settings and experience stress associated during movement and periods of transition (e.g., cell/unit changes, movement to and from court, institutional movement, and release of information through the media).

Mr. Epstein was reportedly in court on July 31, 2019. It is unknown what time he departed or returned to MCC New York because this information was not entered in SENTRY. Regardless, upon his return, the United States Marshals Service (USMS) provided R&D staff with a Prisoner Custody Alert Notice regarding Mr. Epstein. The notice indicated Mr. Epstein had "MTL Mental Concerns Suicidal Tendencies." The USMS requested R&D staff sign the form, and they then departed with the signed copy. On August 1, 2019, at 8:46 a.m., Dr. Imeri sent [redacted] an e-mail reporting she had just become aware of the above information. In the absence of additional information about this notation, this should have been considered a referral to Psychology Services about a potentially suicidal inmate and procedures should have been followed as outlined in P5324.08, Suicide Prevention Program. Specifically, when a staff member becomes aware an inmate may be thinking about suicide during normal working hours, that staff member must contact Psychology Services and maintain the inmate under direct,continuous observation until he is placed on Suicide Watch or seen by a psychologist. There is no evidence Mr. Epstein was monitored under these conditions from the time he returned from court until he was seen by Dr. Imeri for a suicide risk assessment on August 1, 2019, at approximately 1:30 p.m.

**Institution Response:** 7. Follow Up:

Staff have been trained that it is required that they make verbal contact with either Psychology Staff or a Lieutenant when they have concerns for an inmate's mental health. If Psychology is not in the institution, an inmate is placed on suicide watch, and the on-call psychologist and Warden are notified.

As an automatic response to all incoming emails, all Psychology staff added the following auto-reply: "If you are emailing about an inmate that may be at risk for suicide or self-harm, this is an emergency situation. Please make sure that you make contact (verbally) to Psychology Staff or the on-call psychologist. Please ensure to maintain constant visual observation of the inmate until formal steps can be taken to ensure his/her safety pending a formal assessment by a Psychologist."

EFTA00042629

The Psychology Department uses PSY ALERT codes more frequently with high profile cases and with inmates with a history or charge of a sex offense. The PSY ALERT code is applied immediately on classification and/or identification, and not just when an inmate is about to leave the institution. If an inmate is moved in and out of our institution for court, etc., the inmate is assessed immediately prior to being released to a unit.

R&D staff have been reminded of the U.S. Marshal and Court alert notices. Psychology Staff are notified immediately if there are suicidal concerns noted by the Courts. If Psychology is not in the institution, an inmate that enters the institution with an alert notice is placed on suicide watch, and the on-call psychologist and Warden are notified. These inmates receive a suicide risk assessment by a psychologist before being released to the general population.

Inmates who initially enter and/or transfer into the institution with a PSY ALERT assignment will be seen by a member of the Psychology Services Department immediately and prior to being released to the general population. R&D will review the PP44 code and Intake Screeners will utilize the PP64 to determine if inmates entering the facility have a PSY ALERT assignment. If there is not a psychologist in the building when a PSY ALERT inmate is identified and/or if it is during non-duty hours, the Operations Lieutenant will immediately be notified and will then contact the on-call psychologist. The on-call psychologist will come in after hours to screen the inmate in R&D and determine their appropriateness for general population, as well as any other pertinent housing considerations, prior to the inmate's release to general population.

Inmates may also be assigned a PSY ALERT function code by a psychologist while housed at this institution. Psychologists will consider not only inmates with substantial mental health concerns for a PSY ALERT assignment, but will use PSY ALERT codes frequently with high profile cases and with inmates with a history or charge of a sex offense. The PSY ALERT code is applied immediately and not just when an inmate is about to leave the institution.

An institutional procedural memorandum will be established by Psychology Services to outline the follow-up procedures when existing PSY ALERT inmates return from trips such as court proceedings and hospital trips. If any movement occurs with an existing PSY ALERT inmate, psychology must be verbally notified immediately when the inmate returns back to the institution. This would include movement from court, institutional movement, or hospital trips. The Psychology Department will also be notified of a PSY ALERT inmate's movement prior to the inmate leaving. The Psychology Department will be provided with the court lists as well as the Prisoner Schedule Report on a daily basis. These reports will be reviewed daily by a member of the psychology department to assess whether a PSY ALERT inmate is scheduled to go out to court the following day.

When an existing PSY ALERT inmate who has already been initially screened by the Psychology Department returns from court with a notice from the Judge or Marshal's Office indicating imminent mental health concerns or concerns related to suicidality, the PSY ALERT inmate will be seen by a psychologist immediately and prior to their return to general population. A psychologist will determine at that time if a PSY ALERT inmate is ready to return to general population, their psychological stability, and their treatment needs. If the inmate returns after hours and there is no psychologist in the institution, the PSY ALERT inmate will be placed on suicide watch pending a suicide risk assessment by a psychologist. The Operations Lieutenant, On-Call Psychologist and Warden will be notified.

When an existing PSY ALERT inmate who has already been initially screened by the Psychology Department returns from court routinely, and without a notice from the Judge or Marshal's Office, they will be screened by a member of the Psychology Department within 24 hours to assess if they are experiencing any significant

EFTA00042630

distress regarding their court proceedings that may be exacerbating their mental health difficulties and/or risk factors.

Per guidance from Central Office Psychology Division, the Psychology Department will conduct a training with R&D staff to help train them about PSY ALERT inmates and to recognize signs of psychological distress and suicidality.

8. Inmate Accountability and Assignment Accuracy: According to a SENTRY quarters roster generated on August 10, 2019, at 12:51 a.m., there were three inmates assigned to Mr. Epstein's SHU cell, Z04-206LAD, including him, at the time of his death. However, his SHU cell was only a double occupancy cell. Inmate Patrick Avila (#86710-054), inmate Gregory Ferrer (#79793-054), and Mr. Epstein were all assigned to the same cell. On August 13, 2019, at 12:06 p.m. and 12:08 p.m., a quarters history roster was generated for inmate Avila and Ferrer, respectively. Inmate Avila's cell assignment was Z04-206LAD from August 5, 2019, until August 11, 2019, when he was moved to cell Z04-212UAD. Inmate Ferrer's cell assignment was Z04-206UAD from August 1, 2019, until August 11, 2019, when he was moved to cell Z04-207LAD. A quarters history roster was generated for Mr. Epstein on August 13, 2019, at 9:07 a.m. His cell assignment was Z04-206LAD from July 29, 2019, until August 10, 2019.

On Monday, August 12, 2019, photographs of nametags on SHU cell doors and SHU locator forms were sent to the Correctional Service Department in the Northeast Region. The SHU locator form is dated August 9, 2019. It shows inmate Ferrer in cell 207L (SENTRY states he was moved to this cell on August 11, 2019), inmate Avila in cell 212U (SENTRY states he was moved to this cell on August 11, 2019), inmate Epstein in cell 220L (SENTRY never shows him in this cell) along with inmate Reyes (#85993- 054). The locator shows inmate Copper (#92299-054) and inmate Dockery (#60685-050) in cell 206. The photo sheets show the cell being 220 with inmates Epstein and Reyes' identification cards on the door. Inmate Reyes, Efrain, Reg. No. 85993-054 was in cell Z06-220U from August 5, 2019 to August 9, 2019.

MCC New York has four suicide watch cells and each is for single occupancy use. The suicide watch cells are located in Health Services. Each cell is abbreviated with the unit code HO1 in SENTRY followed by the four-digit cell number. The doors are identified by a painted number from one to four. Two reviews were conducted. The first revealed Mr. Epstein was in H0l-00lL according to SENTRY but the Suicide Watch Log Books indicate he was in cell 4. A second review was conducted on August 13, 2019, while there were four inmates on in these cells. SENTRY showed two inmates assigned to HOl-00lL, one assigned to H01-002L, and the fourth inmate assigned to a general population housing unit. Through physical observation of the dedicated suicide watch cells there were four H0l cells, however a review of the BOPWARE Inmate Housing Format, only shows three cells.

Inmate movement and assignments are not accurately reflected in SENTRY as required by P5500.14, Correctional Service Procedures Manual.

**Institution Response:** 8. Inmate Accountability and Assignment Accuracy:

With regard to the accuracy and accountability of inmates placed on suicide watch status in the hospital area, Psychology Services now runs a daily Sentry roster of all the inmates on suicide watch in that area. The roster is examined to ensure that the inmates placed on suicide watch in a suicide watch cell are keyed into SENTRY with the correct cell assignment noted. The Associate Warden, Programs, is notified if there are any inconsistencies. Moreover, the four suicide watch cells now all have Sentry Assignments of H01-001L – H01-004L.

To ensure inmates are assigned to the correct cell inside the Special Housing Unit, periodic and unannounced

EFTA00042631

checks are conducted. Specifically, SENTRY Roster PP30 Quarters assignments are audited daily by the SHU Lieutenant . Executive Staff also conduct routine bed book counts in all units. Any and all discrepancies identified are addressed. Results are maintained by Correctional services in the Daily Log.

In order to properly account for inmates in the unit, staff have been informed not use the Inmate Locator Form, due to the forms being unreliable in accounting for inmates and cell assignments. A Unit Accountability Board along with a SENTRY PP30 Quarters Roster have been placed in the unit to establish better oversight over inmate accountability.

9. Attorney Log Books: Four log books were not secured following Mr. Epstein's death. Specifically, three Attorney Log Books located in the Attorney Visiting and Front Lobby areas and an Inmate Search Log Book located in the Attorney Visiting area were not secured. All four books were still in use at the outset of the reconstruction and after the reconstruction team advised staff to secure them. P5324.08 states, "In the event of a suicide, institution staff, particularly Correctional Services staff, and other law enforcement personnel, will handle the site with the same level of protection as any crime scene in which a death has occurred." This policy further states, "All possible evidence and documentation will be preserved to provide data and support for subsequent investigators doing a psychological reconstruction."

Further, a review of the attorney log books identified many errors and signify a systemic concern. For example, there were two concurrently open attorney log books in the Attorney Visiting area. Further, the different purposes of the two attorney log books, one in the Attorney Visit area and one in the Front Lobby, could not be explained. BOP staff were unable to articulate a system of control for the log books, and during the reconstruction, some of the log books could not be accounted for. Within the log books, entries were made out of chronological order, attorneys did not consistently sign in and out, significant information was illegible or missing, columns were not consistently labeled, log book opening and closing dates were inconsistent, and the cover had been tom off of several books. At the current time, these log books are not functioning as an adequate system of control and monitoring.

**Institution Response:** 9. Attorney Log Books:

THE BELOW IS NOT RESPONSIVE. WE NEED A STATEMENT AS TO WHEN THE 3 ATTORNEY LOG BOOKS AND THE INMATE SEARCH LOGBOOK FROM ATTORNEY CONFERENCE WERE SECURED AND A PLAN TO PULL THEM IN THE EVENT OF ANY FUTURE SUICIDE IF APPLICABLE. WE ALSO NEED TO ADDRESS HOW THE LOGBOOKS WERE FIXED TO ENSURE ACCURATE DOCUMENTATION.

10. Automatic External Defibrillators: A review of available AEDs in the institution revealed that the list used for accountability and inspection purposes was inaccurate and incomplete.

**Institution Response:** 10: Automatic External Defibrillators:

A review of the Automatic External Defibrillators (AED) report presented by Great Lakes Biomedical Services dated July 22, 2019, revealed that all AEDS were accounted for and were placed in the correct respective areas. The report was accurate and complete. New AEDs have been purchased and will be inspected Great Lakes Biomedical Services upon their arrival. The list reviewed by the reconstruction team was an old and outdated list from January 8, 2018.

11. Post Orders & SHU Training: SHU Post Orders Sign-In Sheets were reviewed for the 3rd Quarter, spanning June 9, 2019, to September 7, 2019. Officer L. Grey failed to sign post orders for SHU #3 post.

EFTA00042632

Quarterly SHU Training Sign-In Sheets were reviewed. The 2019 3rd Quarter SHU Training was conducted on June 6, 2019. Three staff assigned to the 3rd Quarter SHU Roster in SHU did not attend or receive the SHU Training: Officer [redacted], [redacted], and [redacted].

**Institution Response:** 11. Post Orders & SHU Training:

The Suicide Watch Post Orders are located in the Lieutenant's Office with a quarterly sign-in sheet. All staff members assigned to a suicide watch post are responsible for signing the post orders prior to performing the staff suicide watch.

With regard to SHU Suicide Prevention training, this continues to be carried out on a quarterly basis. However, the sign-in sheets for this training are now be examined by the SHU Lieutenant for accuracy. If a staff member who is assigned to SHU misses the training, they see the Chief Psychologist and schedule a time to receive a make-up session for the SHU Suicide Prevention Training.

SHU training is conducted quarterly two weeks from the beginning of the new quarter. A representative from Psychology will provide the required suicide prevention training. In addition, the SHU training on BOPLEARN will be completed by all staff assigned to SHU that day of training. SHU staff will be allotted time during that day to complete all prescribed web-based training as identified on the agenda. Staff who are assigned to SHU but have not received the mandatory training before assuming the post will be roster-adjusted to attend another training day as assigned by the Captain.

Staff assigned to suicide watch shall maintain a chronological log of the inmate's behavior. Blank log books will be maintained in the Lieutenants office and on the 2nd Floor. A chronological record of events will commence immediately upon the initiation of watch. It is the responsibility of the staff member initiating the watch to obtain a blank log book prior to initiating the watch. Different log books will be used for each inmate on suicide watch; each log book will contain entries for one suicide watch only.
The name and register number of the inmate on watch shall be clearly printed on the front cover of the log book and at the top of each page in the log book on which entries are made.
During some suicide watches, staff observers may cover some shifts and inmate companions may cover others. In this instance, two separate log books must be used: one for the shifts during which staff are maintaining constant visual observation (blue) and another for shifts during which inmate companions are providing constant visual observation (yellow). When separate inmate companion log books are used, STAFF MUST SIGN THE INMATE COMPANION LOG BOOK EVERY 60 MINUTES. Lights will remain on inside the cell 24 hours day to ensure the inmate on watch can be seen. Every shift a Lieutenant will make rounds and remove the inmate from the cell and perform a cursory search.
No food items, trays, eating utensils, milk cartons, toilet paper, plastic bags, reading materials, pens , pencils, or anything else not prescribe by Psychology staff should be in the cell.
The inmate will be outfitted in a (Suicide Preventive Smock, Suicide Preventive Blanket, Suicide Preventive Mattress and if necessary a Suicide Preventive Helmet). Inmate Companions will be searched prior to assuming duties. Inmate Companions are not allowed to have Radios, MP-3 Players, Magazines, Books or anything that would distract them from maintaining constant supervision. Inmate Companions will not have direct or physical contact with inmates on Suicide Watch.

12. Staffing: The Drug Abuse Program Coordinator positon at MCC New York was abolished during Phase I of the staff realignment during fiscal year 2018. Re-establishing
the Drug Abuse Program Coordinator position would provide the institution with an additional supervisory psychologist to provide critical clinical services.

EFTA00042633

Staffing in the Correctional Services department is relevant to the reconstruction. However, the details about this topic are provided in an After Action Review completed separately from this report.

**Institution Response:** 12. Staffing:

The current Drug Abuse Coordinator position is currently a shared position. The Warden is currently working on re-establishing the Drug Abuse Coordinator position as a full-time position to provide the Psychology Department with an additional supervisory psychologist to perform critical clinical services. At the current time, the position has been formally announced.

13. Sex Offense Risk Factors: A broad understanding of risk factors associated with sex offenders, by staff at MCC New York, did not appear to be present in all staff but was vital to his adjustment and safety in prison. A more focused management strategy is recommended, particularly in complex and high profile cases. Supplemental training on sex-offender specific risk factors is recommended for all staff and should be provided by Executive Staff and Psychology Services.

**Institution Response:** 13. Sex Offense Risk Factors:

The Chief Psychologist or her representative continues to be present at all Executive Staff Meetings, Department Head Meetings, and SHU meetings. During these meetings, the Chief Psychologist offers feedback regarding the treatment and management of sex offender inmates. Additionally, the Chief Psychologist continues to educate all staff during Institution Familiarization (IF) and Annual Training (AT), about the sex offender specific risk factors and suicidality.

Psych Reconst - Epstein #76318-054.docx

**PSYCHOLOGICAL RECONSTRUCTION OF INMATE DEATH**

This is an interim report, due to an inability to gather all necessary data. Formal interviews were not conducted as a part of this reconstruction to avoid interference with pending investigations by other Department of Justice components. A copy of the video is normally made by Special Investigative Staff following a significant incident, but there was no such video in this case since the original video was confiscated by the Federal Bureau of Investigation (FBI) prior to the beginning of this reconstruction. The absence of these two sources of information severely limited the ability to establish accurate timelines, confirm subjective reports, establish converging and diverging lines of facts, or discover new areas of inquiry. As a result, information typically gathered, reviewed and consolidated during a reconstruction to support actionable findings and recommendations is limited.

| | |
|---|---|
| Name: | Jeffrey Epstein |
| Register Number: | 76318-054 |
| Date of Death: | 08-10-2019 |
| Prepared by: | [redacted], National Suicide Prevention Coordinator, Psychology Services Branch, Central Office |

**BACKGROUND INFORMATION**

Mr. Jeffrey Epstein was a 66-year-old, White male who died on August 10, 2019, while housed at the Metropolitan Correctional Complex (MCC), in New York, New York. [redacted] C. Wills, former Acting Assistant Director, Reentry Services Division, appointed a team to conduct a psychological reconstruction. The team consisted of [redacted], Sex Offender Treatment Programs Coordinator, Central Office; Dia Boutwell, Mental Health Treatment Coordinator, Central Office; and [redacted], Correctional Services Administrator, Northeast Regional Office. This reconstruction was established in accordance with Bureau of Prisons' (BOP) Program Statement 5324.08, Suicide Prevention Program.

**Social History:** Mr. Epstein did not have a Pre-Sentence Report (PSR) available at the time of the reconstruction; therefore, no official information regarding social history was accessible.
The following was gathered from publicly available documents. Mr. Epstein was born in 1953 and grew up in a middle-class family in the neighborhood of Sea Gate on Coney Island, Brooklyn, New York, with one brother. After early promotion in two grades, Mr. Epstein graduated from Lafayette High School in 1969, at the age of 16. He attended Cooper Union and New York University but did not graduate from either. Mr. Epstein taught at the Dalton School, a private school on the Upper East Side of Manhattan from September 1974 until he was

EFTA00042643

dismissed in June 1976 for inadequate development as a teacher. Following that, he held a number of positions in the financial industry to include a position as a limited partner at Bear Stearns until he was dismissed for unknown policy violations in 1981. He also worked as a financial consultant and founded at least two separate companies.

Mr. Epstein had two significant periods of employment. The first of these was his position as a consultant with Steven Jude Hoffenberg in the late 1980s. Mr. Hoffenberg was described as his first mentor. Mr. Hoffenberg was later convicted and incarcerated for running a large Ponzi scheme. He implicated Mr. Epstein in fraudulently diverting company funds for his own personal use. Years later, Leslie Wexner, Mr. Epstein's sole client at J. Epstein and Company, granted him power of attorney over his affairs. Despite also being identified as Mr. Wexner's mentee, Mr. Epstein was again accused of misappropriating funds-more than 46 million dollars. These large sums are believed to be the seed money Mr. Epstein used to establish his considerable fortune. These events are indicative of Mr. Epstein's highly-regarded intelligence and charismatic personality.

**Legal History:** Mr. Epstein had a history of adult criminal charges and convictions. In June 2008, he entered into a non-prosecution agreement and pleaded guilty to one count Solicitation of Prostitution and one count Procuring a Person Under the Age of 18 for Prostitution in the state of Florida. He was sentenced to 30 months: 18 months of incarceration and 12 months of probation. He was also mandated to register as a sex offender under the National Sex Offender Registration and Notification Act. Mr. Epstein served 13 of his 18-month incarceration and then successfully completed 12 months of probation. It is unclear whether he followed the sex offender registration guidelines in each place he owned a residence.

In regard to pending charges, Mr. Epstein was formally charged with Sex Trafficking Conspiracy in violation of 18 U.S.C. § 371 and Sex Trafficking in violation of 18 U.S.C. § 1591(a), (b) (2), 2 on July 2, 2019. Specifically, he was accused of sexually exploiting and abusing minor females over the course of several years. Charging documents allege Mr. Epstein enticed and recruited minor females to engage in sexual activity. The minor females were reportedly compensated with cash following the sexual encounters and some were encouraged to find other minor females to accompany them to Mr. Epstein's residences in New York or Florida. He pleaded not guilty to these charges and was in pretrial status at the time of his death.

In a 37-page Decision & Order Remanding the Defendant, signed by Judge [redacted] M. Berman on July 18, 2019, 18 pages were dedicated to detailing the danger Mr. Epstein posed to others and the community. The document also alleged he was a flight risk. As a result, Mr. Epstein's proposed bail package was determined to be inadequate. He was denied pretrial release and held on remand.

EFTA00042644

**Institutional History:** On July 6, 2019, Mr. Epstein was arrested at Teterboro Airport in New Jersey upon his return from Paris, France. It is unknown whether he was anticipating this arrest. He was transported to MCC New York and keyed into SENTRY at 9:24 p.m. that evening. Mr. Epstein was placed in a general population housing unit for approximately 22 hours. On July 7, 2019, at approximately 7:20 p.m. he was moved to the Special Housing Unit (SHU) pending reclassification due to the significant increase in media coverage and awareness of his notoriety among the inmate population.

With regard to his adjustment to a correctional setting, Mr. Epstein received one incident report while in BOP custody for Self-Mutilation on July 23, 2019. As of August 15, 2019, the incident report had been expunged though it is unclear why it had been expunged and whether Mr. Epstein knew this. Also, a review of financial transactions associated with Mr. Epstein's prison account revealed one of his attorneys was depositing funds into his cellmate's (inmate Reyes) commissary account for unknown reasons.

**HEALTH CARE AND PERSONALITY DESCRIPTION**

BOP Electronic Medical Records (BEMR) indicate Mr. Epstein was diagnosed with hyperlipidemia, sleep apnea, hypertension, constipation, prediabetes, neuralgia, and neuritis unspecified. He was prescribed the following mediations: docusate sodium, milk of magnesia, omega 3, methylprednisone, and bisacodyl. Mr. Epstein was also prescribed insulin, and the prescription required him to go to the institution pharmacy for administration of this medication. However, the dates for which it was prescribed have a notation indicating "dose not indicated," thus it does not appear insulin was routinely medically necessary. The rest of the medications prescribed were self-carry. He also had a continuous positive airway pressure (CPAP) machine which is typically used to treat sleep apnea. Mr. Epstein was provided with his personal CPAP machine on July 30, 2019, per BEMR.

In regard to mental health history and treatment, there are no known available records. Any records that may have been maintained relating to Mr. Epstein's incarceration in Florida were not available for review as of the date of this report. With regard to Psychology Data System records in BEMR (PDS-BEMR), Dr. Kari Schlessinger, Forensic Psychologist at MCC New York completed a routine Intake Screening on July 8, 2019. During this screening, Mr. Epstein denied any history of mental health problems, substance abuse, and treatment. No symptoms of mental illness were observed. He was classified as Mental Health Care Level 1 and was not diagnosed with a mental illness.

Following a consultation with [redacted], National Suicide Prevention Coordinator on July 8, 2019, Dr. [redacted], Chief Psychologist at MCC New York determined Mr. Epstein should be pre-emptively evaluated for suicide risk upon his return from court. Primary consideration was given to his various risk factors for suicide such as his high profile case and media attention, pending sex offense charges, pre-trial status, and an ongoing court proceeding. Mr. Epstein returned from court on July 8, 2019, after normal business hours. He denied suicidal

EFTA00042645

thoughts at that time, but due to the potential for other risk factors listed above, the on-call psychologist placed Mr. Epstein on Psychological Observation in one of the suicide watch cells until he could be assessed in person by a BOP psychologist. Psychological Observation is a form of individual monitoring that is less restrictive than Suicide Watch. It is used for inmates who are stabilizing and not yet prepared for placement in general population or restrictive housing. It is often used to transition inmates off of Suicide Watch in order to monitor their transition and safety after an acute suicidal crisis. On July 9, 2019, Mr. Epstein underwent a formal, in-person suicide risk assessment with [redacted]. She determined that, while suicide watch was not warranted at that time, Mr. Epstein should remain on Psychological Observation status out of an abundance of caution. He was removed from Psychological Observation on July 10, 2019.

On July 23, 2019, [redacted], the on-call psychologist was notified Mr. Epstein had been found in his cell with a piece of orange cloth around his neck. Reportedly, he was observed lying in the fetal position on the floor with a noose around his neck. Medical staff evaluated Mr. Epstein and found friction marks and superficial reddening of the neck skin and one knee. He was placed on suicide watch by the Operations Lieutenant at approximately 1:40 a.m. pending a formal in- person suicide risk assessment. Dr. [redacted], Staff Psychologist at MCC New York, assessed Mr. Epstein for risk of suicide later in the morning of July 23, 2019, and determined he should remain on suicide watch. Mr. Epstein denied any knowledge of how he received marks on his neck and initially informed staff he believed his cellmate,Nicholas Tartaglione, had attempted to kill him. Special Investigative Services (SIS) staff opened an investigation to assess Mr. Epstein's safety and collect facts surrounding the episode. Despite this investigation, staff was unable to determine whether he was assaulted or engaged in self-directed violence.
Mr. Epstein was removed from suicide watch on July 24, 2019, after 31 hours and 5 minutes. Thereafter, he remained in the suicide watch cell and was placed on Psychological Observation, where he remained housed until July 30, 2019, according to PDS-BEMR records. A discrepancy exists regarding when he was removed from Psychological Observation. His cell assignment, per SENTRY, indicates he was transferred back to the Special Housing Unit (SHU) on July 29, 2019, whereas PDS-BEMR indicates he was removed from Psychological Observation on July 30, 2019, at approximately 8:15 a.m.

Mr. Epstein attended a court hearing on July 31, 2019, and, upon his return, the United States Marshals Service (USMS) provided paperwork to Receiving and Discharge (R&D) staff that noted "suicidal tendencies." Dr. Imeri was notified on August 1, 2019, about this paperwork. She consulted with [redacted] and then met with Mr. Epstein to conduct a suicide risk assessment. She determined suicide watch was not warranted at that time.

Mr. Epstein remained classified as a Mental Health Care Level 1 throughout his time at MCC New York. During his contacts with psychologists, Mr. Epstein routinely denied current mental health symptoms to include suicidal ideation, and he did not exhibit symptoms of a serious mental illness. However, there was evidence Mr. Epstein was experiencing challenges

EFTA00042646

adjusting to his environment and changes in his lifestyle. He reported frequent complaints of difficulty sleeping. He did not have access to his CPAP machine until it was reportedly provided to him on July 30, 2019. Mr. Epstein also reported he was bothered by noise in the SHU. At times, he noted concerns related to his safety in SHU or on a general population housing unit.
On two occasions, July 26, 2019, and July 27, 2019, he described himself as a coward and as someone who does not like pain. On July 28, 2019, he told Dr. Imeri the toilet in his cell would not stop flushing for an extended period of time, and he then took to sitting in the comer with his hands over his ears. Mr. Epstein indicated he was agitated following this incident and was unable to sleep that night.

**ANTECEDENT CIRCUMSTANCES**

Mr. Epstein entered BOP custody on July 6, 2019, with a history of convictions for sexual offenses and allegations comprised of more serious charges. The current indictment alleged sexual crimes against minors, and he was facing up to 45 years in prison. On July 18, 2019, Mr. Epstein's request for bail and pretrial release was denied.

On July 23, 2019, Mr. Epstein was found unresponsive in his cell. The motivation and context were never fully determined. After 31 hours and 5 minutes on Suicide Watch, he was then placed on Psychological Observation. On July 30, 2019, Mr. Epstein was removed from Psychological Observation. Dr. Imeri sent an e-mail reporting Mr. Epstein had been removed from Psychological Observation and needed to be housed with an appropriate cellmate. This e-mail was sent to 71 MCC New York staff and, as of August 13, 2019, only 27 staff members had opened the message.

On August 9, 2019, a federal court unsealed approximately 2,000 pages of documents into the public domain. These included graphic allegations against Mr. Epstein. Included was a book order receipt for titles such as *SM 101: A Realistic Introduction; SlaveCraft: Roadmaps for Erotic Servitude;* and *Training with Miss Abernathy: A Workbook for Erotic Slaves and Their Owners.* Additional high profile public figures were also named in the released documents. The documents were part of a defamation lawsuit filed by [redacted], a woman who alleged Mr. Epstein had victimized her, against a British socialite, Ghislaine Maxwell, who was Mr. Epstein's ex-girlfriend, associate, and alleged to have assisted with his criminal activities.
According to staff report, Mr. Epstein was afforded telephone calls on two different days although it is unknown whether they were legal or social calls. No recording of the calls exist and it is not known with whom he was speaking. One occurred on or around July 16, 2019, and the other on August 9, 2019. Legal calls are not monitored, and would not be recorded. A social call would be recorded; given the limited information known about Mr. Epstein, knowledge of the content of any social calls would have been crucial to helping staff work with him.

Following his final telephone call on the evening of August 9, 2019, Mr. Epstein was moved into his SHU cell. He was single-celled at that time because his cellmate (Efrain Reyes #85993-054)

EFTA00042647

did not return from court. The need for a cellmate was communicated between Day Watch (DW) and Evening Watch (EW) shifts in the SHU, but no cellmate was placed with him by the EW staff. According to a memorandum from [redacted], SHU staff were informed at approximately 1:50 p.m. that Mr. Epstein's cellmate would likely not return from court. Furthermore, [redacted] noted Mr. Epstein would need a cellmate upon arrival from his attorney visit.

A review of the 30-minute rounds forms indicate unit rounds were completed for the entire MW shift on August 10, 2019. However, a memorandum from Lieutenant Stanley Jean indicates Officer [redacted] and Material Handler Supervisor [redacted] made a statement after Mr. Epstein's death that they did not complete proper 30-minute rounds at 3:00 a.m. or 5:00 a.m.

**DESCRIPTION OF SCENE**

A detailed description of the scene was unavailable because the officers who discovered Mr. Epstein did not write memorandums and could not be interviewed. According to the Report of lncident, on August 10, 2019, at approximately 6:33 a.m., while serving the breakfast meal in the SHU, Range 9 South, Mr. Epstein was found unresponsive in his cell. Staff reportedly called for medical assistance, activated the body alarm, and began life-saving measures. Arriving staff stated they brought an automated external defibrillator (AED) and stretcher. Cardiopulmonary resuscitation (CPR) reportedly continued while the AED was placed on Mr. Epstein. The AED reportedly indicated no shock advised and CPR was continued. Mr. Epstein was escorted to Health Services at approximately 6:39 a.m., and Emergency Medical Services (EMS) arrived at 6:43 a.m. He was transported to the local hospital at approximately 7:10 a.m. Mr. Epstein was pronounced deceased at 7:36 am. It was not possible to confirm this timeline without viewing video footage.

**CONCLUSIONS/RECOMMENDATIONS**

A general appreciation of risk factors for suicide specific to sex offenders is necessary when reviewing Mr. Epstein's death. These factors, as well as more general risk factors for suicide, were likely present. There are several common factors that increase risk for suicide in individuals with a history of a sexual offense. These include stigma due to the nature of sexually-based crimes (both within society and the prison system), a disruption of the ability to utilize sex as a coping mechanism (which can lead to increased levels of distress and negative affect), and grief about loss experienced in regards to arrest. This grief may be secondary to the loss of former lifestyle, loss of physical items or collections related to sexual offenses, and/or the loss of perceived relationships with victims. Other factors that may increase risk for suicide among individuals accused of a sex offense include safety concerns, potentially long sentences, and lack of skills necessary to navigate social relationships in prison.

Mr. Epstein was a high-profile, pretrial detainee awaiting trial on sex trafficking offenses. He had been a successful, wealthy businessman with a number of high-profile acquaintances that he accumulated through a combination of charisma, charm, and intelligence. Despite his many associates, he had limited significant or deep interpersonal ties. Although Mr. Epstein appeared

EFTA00042648

to cultivate a large social and professional network, he was estranged from his only brother. Indeed, his identity appeared to be based on his wealth, power, and association with other high- profile individuals. Approximately two-and-a-half weeks before his death, Mr. Epstein appeared to attempt suicide, but ultimately denied it was a suicide attempt. He was convincing in his denial. On that occasion, he was saved because his cellmate notified BOP staff. In the weeks before his death, he made statements that he was "a coward" and was having difficulty adapting to his diminished circumstances. He also frequently referenced poor sleep and an inability to tolerate the noise of prison. On the day before his death, a number of documents in his case were unsealed, further eroding his previously-enjoyed elevated status and potentially implicating some of his associates. The lack of significant interpersonal connections, a complete loss of his status in both the community and among associates, and the idea of potentially spending his life in prison were likely factors contributing to Mr. Epstein's suicide.

The following recommendations concern institution operations: **Corr Svc/ Psych**

1. Single Celling: It is recommended that all inmates be double-celled unless safety concerns or an odd number of inmates precludes this. Priority should be given to inmates with a history of mental illness, self-directed violence, recent stressors (e.g., losses, newly sentenced, etc.)

   It is recommended that a system of control be implemented explaining who will be notified when a Suicide Watch or Psychological Observation ends and how that communication will take place. Because this is a life safety issue, the system of control, once approved by the warden, should be reviewed in formal meetings such as staff recalls, department head meetings, and lieutenants meetings.

**Exec/IDO**

2. Rounds: 30-minute rounds are required by P5500.14, Correctional Services Procedures Manual.

**Corr Svc / Legal**

3. Cellmate Assignments: When Mr. Epstein was placed in SHU on July 7, 2019, Executive Staff decided Mr. Tartaglione would be his cellmate. As explained by [redacted], input was not sought from Psychology Services and it is not clear if or how sex offender-specific needs and associated risk were incorporated into the housing plan. Mr. Tartaglione was also a high profile inmate-an ex-police officer charged in multiple murders. However, he and Mr. Epstein did not share the risk associated with being a sex offender and their pairing may have aggravated Mr. Epstein's risk for self-directed violence. In an effort to treat Mr. Epstein the same as other inmates, a statement repeated by multiple staff, Executive Staff may have inadvertently overlooked the need to consider unique risk factors associated with individuals who have been charged with and convicted of a sex offense. On July 25, 2019, [redacted] sent an e-mail to [redacted] explaining a consultation between [redacted] and

EFTA00042649

[redacted], National Suicide Prevention Coordinator. In the e-mail, [redacted]

**Legal**

reviewed the consult and recommendation from the Psychology Services Branch, Central Office that Mr. Epstein be housed with another inmate who had also been accused of committing a sex offense. There is no evidence this information was considered beyond this e-mail, and Mr. Epstein was never housed with another inmate charged or convicted of a sexual offense.

**Exec Staff**

It is recommended Executive Staff and Correctional Services staff include a psychologist in decisions about cellmates as a means of incorporating expertise about suicide risk, mental health needs, and interventions for psychological stability.

**Psyc Svc**

4. Documentation Accuracy: On July 23, 2019, Mr. Epstein was found unresponsive in his cell. He had abrasions on his neck and knee. There are inconsistencies between documents describing the circumstances of the scene. In a General Administrative Note in PDS-BEMR, [redacted] documented information received from [redacted] that Mr. Epstein, "was found with a string loosely hanging around his neck." In contrast, [redacted], who responded to this emergency, wrote a memorandum dated July 23, 2019. In that memorandum, Officer Silva wrote he saw Mr. Epstein "laying down near his bunk with what appeared to be a piece of handmade orange cloth around his neck." It is critical that all descriptions of the incident accurately reflect objective evidence.

   [redacted] wrote Mr. Epstein an incident report for Self-Mutilation on July 23, 2019, after he was found unresponsive in his cell but prior to having the necessary facts to determine whether he likely engaged in a Bureau violation. BOP policy expects staff to write an incident report within 24 hours of having the information that an inmate likely violated BOP rules but without making a presumptive decision about guilt. A Special Investigative Services Threat Assessment was completed August 2, 2019, but results were inconclusive as to whether Mr. Epstein engaged in self-directed violence, willingly fought with his cellmate, or was assaulted by his cellmate. It is recommended that staff remain open to all reasonable explanations for a behavior and take the appropriate actions when a final determination is made. Although the incident report was later expunged, inmates frequently experience significant stress when they contemplate the potential consequences associated with findings of guilt.

   Dr. Schlessinger entered a Psychology Services Intake Screening into PDS-BEMR on July 8, 2010. The document has three typographical errors. She selected the No Sexual Offense Convictions check box when, in fact, Mr. Epstein was previously convicted of S9licitation of Prostitution and Procuring a Person Under the Age of 18 for Prostitution. Second, Mr. Epstein was erroneously identified as a Black male in this document. Finally, there is one instance where he was mistakenly referred to as Mr. [redacted].

EFTA00042650

Dr. Schlessinger completed a Risk of Sexual Abusiveness document on July 8, 2019. She marked "History of prior prison sexual predation" in the affirmative. This is not accurate.

Ysmael Joaquin, Mid-Level Practitioner, completed a History and Physical on July 9, 2019. An Intake Screening should have been conducted within 24 hours of his entry into Bureau custody which was on July 6, 2019, according to P6031.04, Patient Care.

**Psyc**

[redacted] was responsible for observing Mr. Epstein and documenting his behavior while on suicide watch on July 23, 2019. Officer [redacted] mistakenly used a Suicide Watch Log Book intended for inmate companion documentation between 1:40 a.m. and 6:00 a.m. on July 23, 2019, when he should have been using the Staff Suicide Watch Log Book. Ms. [redacted], Drug Treatment Specialist, reportedly noticed this error and subsequently hand copied all of Officer [redacted]' entries from 1:40 a.m. to 6:00 a.m. into a Staff Suicide Watch Log Book. She then initialed these entries, and this makes it appear as if she was the one conducting the watch. This information was discovered and conveyed in an e-mail from Ms. [redacted] to Dr. Schlessinger with a carbon copy to [redacted] on August 12, 2019. Of note, Ms. [redacted] did not make an entry explaining why she was making the log book changes. Additionally, Ms. [redacted] then wrote entries for 6:15, 6:30, 6:45 and 7:00 a.m. in the Staff Suicide Watch Log Book. These were not a part of the original entries made by Officer [redacted] nor was Ms. [redacted] assigned to work the Suicide Watch post. Due to the inability to interview staff at this time, it is unknown why Ms. [redacted] attempted to correct Officer [redacted]' error, or made any of the subsequent log entries. It is recommended that if a staff member makes an entry error (e.g., writes in the incorrect suicide watch log book), the staff member should describe the error in the correct log book, to include indicating when they became aware of the error. The staff member should then notify the Chief Psychologist.

**Corr Svc**

A review of Special Housing Unit Records (BP-A0292) revealed a number of incomplete entries. This document is used to monitor provision and receipt of basic services such as recreation, medical rounds, showers, meal consumption, etc. The Officer in Charge signature is missing on 10 occasions and a medical provider's signature is missing in seven instances. There are six instances in which it is not clear if Mr. Epstein ate his meal. There are nine instances in which it is not clear if Mr. Epstein took a shower.
There are ten instances in which it is not clear if Mr. Epstein was offered recreation. P5500.15, Correctional Services Manual requires accurate and complete information on the BP-A0292.

A review of Psychology Observation Log Books revealed significant discrepancies from the approved Psychological Observation Procedural Memorandum, dated April 15, 2019. A Correctional Officer is required to complete hourly rounds and sign the log book; 179

EFTA00042651

out of 183 round signatures were missing. The lieutenant is required to sign the log book one time per shift and signatures were missing in 10 of 23 instances. A Physician Assistant is required to sign one time per shift and 16 of 16 instances were missing. It is recommended that a further review of Psychological Observation procedures be conducted.

5. Telephone Calls: In a PDS-BEMR note written by [redacted] on July 16, 2019, she was informed by an unnamed staff member that a lieutenant facilitated two telephone calls for Mr. Epstein. It is unknown when and to whom these calls were placed and no evidence that they took place on a monitored telephone.

   According to a memorandum from Unit Manager Nathaniel Bullock on August 10, 2019, Mr. Epstein terminated his legal visit early on August 9, 2019, in order to place a telephone call to his family. Mr. Bullock (who was the Institutional Duty Officer that week) escorted Mr. Epstein to SHU around 7:00 p.m. that evening and he was placed in the shower area on G tier. While there, he was provided the telephone to make a call.
   Since Mr. Epstein reportedly did not have his PAC or PIN number, which is required to use the inmate telephone system, the Unit Manager placed the call, dialing a number that reportedly began with area code 347. Mr. Epstein told Mr. Bullock he was calling his mother who, according to public records, has been deceased since 2004.

   It is recommended that all telephone calls, other than legal calls, be made on monitored lines to be available for post-call review or on a speaker phone so staff can monitor what is discussed.

6. Direct Observation: Mr. Epstein was on suicide watch from July 23, 2019, until July 24, 2019. While on suicide watch on July 23, 2019, Mr. Epstein attended an attorney visit from approximately 12:40 p.m. until 7:15 p.m. During this time, he was without "direct, continuous observation" by a dedicated BOP staff member as required by P5324.08. While on Psychological Observation, he attended attorney visits on July 24, 2019, for 11.25 hours; on July 25, 2019, for 11.25 hours; on July 26, 2019, for 9.25 hours; on July 27, 2019, for 11.33 hours; on July 28, 2019, for 10.5 hours; and on July 29, 2019, for 8 hours. On July 30, 2019, Psychology Observation was terminated. During these visits, continuous observation by a dedicated BOP staff member was not maintained as required by MCC New York's Procedural Memorandum for Psychological Observation.

7. Follow-Up: Mr. Epstein arrived at MCC New York on Saturday, July 6, 2019. While conducting the 10:00 p.m. institution count that evening, Elba Torres, Facilities Assistant reported she observed Mr. Epstein in his cell. In an e-mail she sent to [redacted] and [redacted] later that evening, she described Mr. Epstein as "distraught, sad and a little confused." She said she then asked Mr. Epstein if he was

EFTA00042652

**Psyc Svc**

okay, and he reportedly said he was. However, Ms. [redacted] noted in her e-mail she was not convinced of this, adding, "He seems dazed and withdrawn." She went on to say, "So just to be on the safe side and prevent any suicidal thoughts can someone from Psychology come and talk with him." Despite the fact that Lieutenant Medina opened the e-mail there is no evidence that he contacted the on-call psychologist as is required by P5324.08, Suicide Prevention Program. Additionally, if Ms. Torres was concerned about suicide risk, P5324.08, Suicide Prevention Program, requires her to maintain direct, continuous observation of Mr. Epstein. When [redacted] opened the e-mail the following Monday morning, Mr. Epstein was evaluated by Dr. Schlessinger at approximately 9:30 a.m.

**Psyc Svc**

Mr. Epstein was denied bail on Thursday, July 18, 2019. This was a significant disappointment for Mr. Epstein and likely challenged his ability and willingness to adapt to incarceration. Given the potential impact of the judge's decision, a psychologist should have assessed Mr. Epstein's mental status upon his return to the institution. The BOP developed a SENTRY assignment of PSY ALERT for purposes such as this.
Specifically PSY ALERT is used "to ensure, if movement occurs, that all staff consider the special psychological and management-related risks associated with the inmate." Furthermore, P5324.07, SENTRY Psychology Alert Function states, "When a decision to move [any PSY ALERT] inmate occurs, any special psychological needs of the inmate are reviewed and considered by Psychology Services staff [and] any safety and security concerns are highlighted for non-Psychology Services staff." Psychologists should use the PSY ALERT assignment more frequently with high profile cases and with inmates who have a history or charge of sex offense. Both of these groups of inmates are susceptible to exaggerated or unrealistic fears about correctional settings and experience stress associated during movement and periods of transition (e.g., cell/unit changes, movement to and from court, institutional movement, and release of information through the media).

**PP-63 Func**

Mr. Epstein was reportedly in court on July 31, 2019. It is unknown what time he departed or returned to MCC New York because this information was not entered in SENTRY. Regardless, upon his return, the United States Marshals Service (USMS) provided R&D staff with a Prisoner Custody Alert Notice regarding Mr. Epstein. The notice indicated Mr. Epstein had "MTL Mental Concerns Suicidal Tendencies." The USMS requested R&D staff sign the form, and they then departed with the signed copy. On August 1, 2019, at 8:46 a.m., Dr. Imeri sent [redacted] an e-mail reporting she had just become aware of the above information. In the absence of additional information about this notation, this should have been considered a referral to Psychology Services about a potentially suicidal inmate and procedures should have been followed as outlined in P5324.08, Suicide Prevention Program. Specifically, when a staff member becomes aware an inmate may be thinking about suicide during normal working hours, that staff member must contact Psychology Services and maintain the inmate under direct,continuous observation until he is placed on Suicide Watch

EFTA00042653

or seen by a psychologist. There is no evidence Mr. Epstein was monitored under these conditions from the time he returned from court until he was seen by Dr. Imeri for a suicide risk assessment on August 1, 2019, at approximately 1:30 p.m.

8. Inmate Accountability and Assignment Accuracy: According to a SENTRY quarters roster generated on August 10, 2019, at 12:51 a.m., there were three inmates assigned to Mr. Epstein's SHU cell, Z04-206LAD, including him, at the time of his death. However, his SHU cell was only a double occupancy cell. Inmate Patrick Avila (#86710-054), inmate Gregory Ferrer (#79793-054), and Mr. Epstein were all assigned to the same cell. On August 13, 2019, at 12:06 p.m. and 12:08 p.m., a quarters history roster was generated for inmate Avila and Ferrer, respectively. Inmate Avila's cell assignment was Z04-206LAD from August 5, 2019, until August 11, 2019, when he was moved to cell Z04-212UAD. Inmate Ferrer's cell assignment was Z04-206UAD from August 1, 2019, until August 11, 2019, when he was moved to cell Z04-207LAD. A quarters history roster was generated for Mr. Epstein on August 13, 2019, at 9:07 a.m. His cell assignment was Z04-206LAD from July 29, 2019, until August 10, 2019.

On Monday, August 12, 2019, photographs ofnametags on SHU cell doors and SHU locator forms were sent to the Correctional Service Department in the Northeast Region. The SHU locator form is dated August 9, 2019. It shows inmate Ferrer in cell 207L (SENTRY states he was moved to this cell on August 11, 2019), inmate Avila in cell 212U (SENTRY states he was moved to this cell on August 11, 2019), inmate Epstein in cell 220L (SENTRY never shows him in this cell) along with inmate Reyes (#85993- 054). The locator shows inmate Copper (#92299-054) and inmate Dockery (#60685-050) in cell 206. The photo sheets show the cell being 220 with inmates Epstein and Reyes' identification cards on the door. Inmate Reyes, Efrain, Reg. No. 85993-054 was in cell Z06-220U from August 5, 2019 to August 9, 2019.

**Psyc Svc**

MCC New York has four suicide watch cells and each is for single occupancy use. The suicide watch cells are located in Health Services. Each cell is abbreviated with the unit code HO1 in SENTRY followed by the four-digit cell number. The doors are identified by a painted number from one to four. Two reviews were conducted. The first revealed Mr. Epstein was in H0l-00lL according to SENTRY but the Suicide Watch Log Books indicate he was in cell 4. A second review was conducted on August 13, 2019, while there were four inmates on in these cells. SENTRY showed two inmates assigned to HOl-00lL, one assigned to H01-002L, and the fourth inmate assigned to a general population housing unit. Through physical observation of the dedicated suicide watch cells there were four H0l cells, however a review of the BOPWARE Inmate Housing Format, only shows three cells.

9. Attorney Log Books: Four log books were not secured following Mr. Epstein's death. Specifically, three Attorney Log Books located in the Attorney Visiting and Front Lobby areas and an Inmate Search Log Book located in the Attorney Visiting area were not secured. All four books were still in use at the outset of the reconstruction and after the reconstruction team advised staff to secure them. P5324.08 states, "In the event of a suicide, institution staff, particularly Correctional Services staff, and other law enforcement personnel, will handle the site with the same level of protection as any crime scene in which a death has occurred." This policy further states, "All possible evidence and documentation will be preserved to provide data and support for subsequent investigators doing a psychological reconstruction."

   Further, a review of the attorney log books identified many errors and signify a systemic concern. For example, there were two concurrently open attorney log books in the Attorney Visiting area. Further, the different purposes of the two attorney log books, one in the Attorney Visit area and one in the Front Lobby, could not be explained. BOP staff were unable to articulate a system of control for the log books, and during the reconstruction, some of the log books could not be accounted for. Within the log books, entries were made out of chronological order, attorneys did not consistently sign in and out, significant information was illegible or missing, columns were not consistently labeled, log book opening and closing dates were inconsistent, and the cover had been tom off of several books. At the current time, these log books are not functioning as an adequate system of control and monitoring.

10. Automatic External Defibrillators: A review of available AEDs in the institution revealed that the list used for accountability and inspection purposes was inaccurate and incomplete.

11. Post Orders & SHU Training: SHU Post Orders Sign-In Sheets were reviewed for the 3rd Quarter, spanning June 9, 2019, to September 7, 2019. Officer L. Grey failed to sign post orders for SHU #3 post.

    Quarterly SHU Training Sign-In Sheets were reviewed. The 2019 3rd Quarter SHU Training was conducted on June 6, 2019. Three staff assigned to the 3rd Quarter SHU Roster in SHU did not attend or receive the SHU Training: Officer [redacted], [redacted], and [redacted].

12. Staffing: The Drug Abuse Program Coordinator positon at MCC New York was abolished during Phase I of the staff realignment during fiscal year 2018. Re-establishing

EFTA00042655

the Drug Abuse Program Coordinator position would provide the institution with an additional supervisory psychologist to provide critical clinical services.

Staffing in the Correctional Services department is relevant to the reconstruction. However, the details about this topic are provided in an After Action Review completed separately from this report.

**Psyc Svc**

13. Sex Offense Risk Factors: A broad understanding of risk factors associated with sex offenders, by staff at MCC New York, did not appear to be present in all staff but was vital to his adjustment and safety in prison. A more focused management strategy is recommended, particularly in complex and high profile cases. Supplemental training on sex-offender specific risk factors is recommended for all staff and should be provided by Executive Staff and Psychology Services.

[redacted], thank you so much for your thorough response. Just one question. You indicate that "inmates who are CC2-MH and above are pulled out for psychological interventions in SHU as deemed necessary."

Can you please just define CCS-MH (and provide that in the context of other classifications)?

Hi [redacted],

I am still gathering information, but wanted to give you information to start.

Warden J. [redacted] is the Warden for the Federal Correctional Institution Otisville, NY, and is temporarily assigned to oversee MCC New York's operations. Warden [redacted] began his career in 1994 as a Correctional Officer at the Federal Correctional Institution Schuylkill, Pennsylvania, where he advanced to positions of increasing responsibility: Correctional Treatment Specialist, Unit Manager, and Case Management Coordinator. In 2014, Warden [redacted] promoted to Witness Security Coordinator in Washington, DC. He then promoted to Associate Warden at MDC Brooklyn, Deputy Regional Director for the Northeast Region of the Bureau of Prisons, and was named Warden at FCI Otisville this year. Warden [redacted] honorably served his country in the United States Army prior to beginning his career with the BOP.

From psychology:

- All inmates placed in SHU for 30 days receive a SHU review by the Psychology Services Department. This review involves a brief evaluation with a psychologist who assesses the inmate's psychological functioning, suicidality, and overall adjustment in SHU.
- Psychology staff conduct weekly rounds in SHU and if an inmate expresses a need for psychology services, they are placed on a follow-up list to be seen as needed.
- Inmates who are CC2-MH and above are pulled out for psychological interventions in SHU as deemed necessary. Inmates who express a desire to speak with psychology in a private area are always pulled out and placed in a private caged area to meet with a psychologist.
- Psychology Services has Psychology Advisory List/Hot List hanging up in the SHU which lists all inmates with significant psychological issues or inmates that are at-risk of engaging in self-harm behaviors. This list serves as a guide to Correctional Officers in SHU to inform psychology services if an at-risk inmate enters the SHU. If one of these inmates are placed in SHU, psychology services sees the inmate within 24 hours of the notification for and evaluation of their mental status and adjustment to SHU.
- All inmates removed from Suicide Watch are to be double celled with another inmate. This recommendation is placed in the Post Suicide Watch report and is sent in an e-mail to the Lieutenant's who

recommendation is placed in the Post Suicide Watch report and is sent in an e-mail to the Lieutenant's who will be escorting the inmates from suicide watch back to SHU. These at-risk inmates are also discussed in the Executive Staff meetings as well as their need for a cellmate. Cellmate's decrease risk for suicide by serving as a rescue opportunity, distraction, source of social support, and reduce feelings of isolation that a depressed inmate may be experiencing in SHU.

- In general, all inmates in SHU should be double celled except in exigent circumstances (Safety concerns-separations from the other inmates, too violent to be celled with another, or contagious disease).

Inmate numbers:

The majority of cells at the MCC are designed to accommodate at least two inmates. This was upheld as constitutional at MCC in Bell v. Wolfish, 441 U.S. 520, 99 Sup. Ct. 1861, 60 L.Ed.2d. 447 (1979)

Staffing:

Measures are being taken to increase MCC's staff complement.

Racial unrest:

Prison administrators are unaware of any racial unrest among either the inmate population or staff.

I am awaiting the information we typically provide regarding sanitation and pest control, and hope to have that for you shortly.

Thank you,

**Subject:** Follow up requests from UK re: extradition

Hi [redacted],

I'm sure you're inundated with inquiries right now, so I apologize for adding to your load. You may remember that we had consulted with you and BOP HQ regarding conditions at the MCC and MDC in connection with defendant Jabir Motiwala's opposition to extradition from the UK. Following Jeffrey Epstein's death, Motiwala has filed an additional report by former-warden [redacted] and attached news articles

about the conditions at the MCC.

The attorneys in the UK handling the extradition have asked for our response. They recognize that we may not be able to address all of their questions in light of ongoing investigations, but is there any information we can provide with respect to the following (or could you let us know the proper person/people to talk to)?

i. With regards to the warden of the MCC and two staff members whom are said to have been reassigned since the death of Mr Epstein, are you able to confirm that their roles have been filled with suitable alternatives? In particular please provide any information about the knowledge and experience of the new warden that you are able to. [page 1, [redacted] **Report, dated 22 August 2019**]

ii. Is it possible to comment on the decision to take Mr Epstein off suicide watch and whether either, that decision was justified in the circumstances or if considered to be the wrong decision, that new measures are now in place to ensure any mistakes are not repeated. Please detail any new measures on this particular issue now in place if you are able to. [page 2, [redacted] **Report, dated 22 August 2019**]

iii. Can you provide any explanation as to why Mr Epstein did not have a new inmate sharing his cell in the Special Housing Unit ("SHU") on 9 August 2019 afterhis other cellmate was moved? Do you accept that there should have been someone sharing his cell in light of his recent apparent suicide attempt? If so, have any new protocols been put in place to ensure this does not happen again? If you do not accept that this occurred or cannot comment on this directly, what general measures are in place to ensure people who have been moved to the SHU following a suicide attempt share a cell with others where possible? [page 2, [redacted] **Report, dated 22 August 2019**]

iv. Is it correct that the two correctional officers due to be carrying out half-hourly checks on Mr Epstein did not carry out any check upon him for a period of several hours before he was discovered in his cell and were instead sleeping? If you accept this is correct what steps have been taken, if any, to prevent this occurring in future? If you do not accept that this occurred or cannot comment on this directly, what general measures are in place to monitor those who have been moved to the SHU following a suicide attempt, and how is it ensured that those measures are safely carried out by staff members? [page 2/3, [redacted] **Report, dated 22 August 2019**]

v. Is it correct that the correctional officers concerned falsified records in regards to the checks they should have carried out? If you accept this is correct what steps have been taken if any to prevent this occurring in future? If you do not accept that this occurred or cannot comment on this directly, what general measures if any are in place to ensure correctional officers do not falsify records and carry out their duties as required with regards to those who have been moved to the SHU following a suicide attempt? [page 3, Maureen Baird's Report, dated 22 August 2019]

[redacted] Baird's Report, dated 22 August 2019].

vi. Ms [redacted], as well as a number of news reports, state that of the two staff members assigned to monitor Mr Epstein, one of them was not usually a corrections officer but rather was employed by the warehouse and had volunteered to work an extra shift. If you accept this is correct, do you consider it to be appropriate to have such staff members carrying out that type of task and if so what measures are in place to ensure they are able to carry out that particular role safely? If you do not accept that this occurred or cannot comment on this directly, what general measures if any are in place to ensure staff members who do not usually work as correctional officers carry out the task of monitoring those who have been moved to the SHU following a suicide attempt in a safe manner? [page 3, [redacted] **Report, dated 22 August 2019**]

vii. In a news article, it is said that the BOP had tried to address staffing shortages "in part by using a practice called augmentation to temporarily assign employees who [redacted] corrections officers to staff posts intended for detention guards". Do you accept that this occurred at the MCC? If so, is this practice still in place and what general measures if any are in place to ensure staff members who do not usually work as correctional officers are able to safely carry out the work of correctional officers, (for example do they receive special training on security or monitoring prisoners considered to be a suicide risk). [CNN Politics Website, **"Union and lawmakers have long warned of 'dire' federal prison staffing shortages", 14 August 2019**]

viii. Ms [redacted], as well as a number of news reports, state that of the two staff members assigned to monitor Mr Epstein, one of them (the corrections officer) had been working overtime and the other staff member was in the midst of an 80 hour week. Do you agree that many of the correctional officers at the MCC are required to work 60 – 70 hour weeks and if so what measures, if any, are in place to ensure that the prison is still run safely and suicidal prisoners are properly monitored? [page 3, [redacted] **Report, dated 22 August 2019**]

ix. Ms [redacted] further states that the MCC is currently operating with less than 70% of the needed correctional officers. Do you accept that the MCC is operating with less than 70% of the needed correctional officers and if not, how would you describe the current staffing levels? If you agree that the MCC is 70% staffed, what measures, if any, are in place to ensure that the prison is still run safely and suicidal prisoners are properly monitored? [page 3, [redacted] **Report, dated 22 August 2019**].

x. Ms [redacted] states that the MCC was designed to house 474 inmates but that on the day of Mr Epstein's death its population was 763. Do you agree with those figures, and if so is the prison able to safely house that sized population, and what measures, if any, are in place to deal with a prison population of that size and ensure the conditions they are housed in remain humane? [page 14, [redacted] **Report, dated 22 August 2019**].

xi. Ms [redacted] states the following with regards to the sanitation conditions at MCC:

> "Three current MCC Staff Members very recently described to me the current sanitation conditions at the facility. One stated, "The facility is so disgusting it's like a prison in a third-world country. Cleaning supplies are not issued on a regular basis." The individual further advised, "Pest Control is horrible and ineffective, rats, mice and bugs are everywhere." Another Correctional Officer told me, "There are mice and bugs everywhere including inmates' cells." This information is consistent with my Court testimony on July 3, 2019, and my assessment in Paragraph 20 of my Declaration in the case of Mr. Motiwala. Further, it corroborates the many news reports, regarding the "rodent-infested MCC."

Do you have any comment to make on those observations? [page 15, [redacted] **Report, dated 22 August 2019**].

xii. Ms [redacted] further states:

> "On a different, yet equally concerning topic, an MCC Correctional Officer advised me this past week, that there is blatant racial discord within the institution, especially amongst Correctional Officers. I did not witness this when I was Warden at MCC, and my contact advises it began a short time following my departure."

Do you have any comment to make on those observations? [page 15, [redacted] **Report, dated 22 August 2019**].

xiii. One news article referred to the fact that there was only one psychiatrist shared between the MCC and the other federal prison in New York, and a "handful of psychologists on the staff". It further states that conversations between psychologists and individuals on suicide watch occur "through a slot in the door" rather than in person. Is it still the case that there is a single psychiatrist shared between the MCC and the MDC? Do you agree with the characterisation that there are a handful of psychologists and consultations are carried out through a slot in the door? Have any changes or improvements been made to psychiatric and psychological care provision and staffing in the wake of the death of Mr Epstein or are any planned in the near future? Do you have any comment to make on the observations made generally? [News article "Jeffrey Epstein jail 'a gulag' in lower Manhattan", 12 August 2019]

Our response is due to the UK September 16.

Thank you so much,

Ms [redacted], as well as a number of news reports, state that of the two staff members assigned to monitor Mr Epstein, one of them was not usually a corrections officer but rather was employed by the warehouse and had volunteered to work an extra shift. If you accept this is correct, do you consider it to be appropriate to have such staff members carrying out that type of task and if so what measures are in place to ensure they are able to carry out that particular role safely? If you do not accept that this occurred or cannot comment on this directly, what general measures if any are in place to ensure staff members who do not usually work as correctional officers carry out the task of monitoring those who have been moved to the SHU following a suicide attempt in a safe manner? [page 3, [redacted] **Report, dated 22 August 2019**]

vii. In a news article, it is said that the BOP had tried to address staffing shortages "in part by using a practice called augmentation to temporarily assign employees who [redacted] corrections officers to staff posts intended for detention guards". Do you accept that this occurred at the MCC? If so, is this practice still in place and what general measures if any are in place to ensure staff members who do not usually work as correctional officers are able to safely carry out the work of correctional officers, (for example do they receive special training on security or monitoring prisoners considered to be a suicide risk). [CNN Politics Website, **"Union and lawmakers have long warned of 'dire' federal prison staffing shortages", 14 August 2019**]

viii. Ms [redacted], as well as a number of news reports, state that of the two staff members assigned to monitor Mr Epstein, one of them (the corrections officer) had been working overtime and the other staff member was in the midst of an 80 hour week. Do you agree that many of the correctional officers at the MCC are required to work 60 – 70 hour weeks and if so what measures, if any, are in place to ensure that the prison is still run safely and suicidal prisoners are properly monitored? [page 3, [redacted] **Report, dated 22 August 2019**]

ix. Ms [redacted] further states that the MCC is currently operating with less than 70% of the needed correctional officers. Do you accept that the MCC is operating with less than 70% of the needed correctional officers and if not, how would you describe the current staffing levels? If you agree that the MCC is 70% staffed, what measures, if any, are

in place to ensure that the prison is still run safely and suicidal prisoners are properly monitored? [page 3, [redacted] **Report, dated 22 August 2019**].

x. Ms [redacted] states that the MCC was designed to house 474 inmates but that on the day of Mr Epstein's death its population was 763. Do you agree with those figures, and if so is the prison able to safely house that sized population, and what measures, if any, are in place to deal with a prison population of that size and ensure the conditions they are housed in remain humane? [page 14, [redacted] **Report, dated 22 August 2019**].

xi. Ms [redacted] states the following with regards to the sanitation conditions at MCC:

> "Three current MCC Staff Members very recently described to me the current sanitation conditions at the facility. One stated, "The facility is so disgusting it's like a prison in a third-world country. Cleaning supplies are not issued on a regular basis." The individual further advised, "Pest Control is horrible and ineffective, rats, mice and bugs are everywhere." Another Correctional Officer told me, "There are mice and bugs everywhere including inmates' cells." This information is consistent with my Court testimony on July 3, 2019, and my assessment in Paragraph 20 of my Declaration in the case of Mr. Motiwala. Further, it corroborates the many news reports, regarding the "rodent-infested MCC."

Do you have any comment to make on those observations? [page 15, [redacted] **Report, dated 22 August 2019**].

xii. Ms [redacted] further states:

> "On a different, yet equally concerning topic, an MCC Correctional Officer advised me this past week, that there is blatant racial discord within the institution, especially amongst Correctional Officers. I did not witness this when I was Warden at MCC, and my contact advises it began a short time following my departure."

Do you have any comment to make on those observations? [page 15, [redacted] **Report, dated 22 August 2019**].

xiii. One news article referred to the fact that there was only one psychiatrist shared between the MCC and the other federal prison in New York, and a "handful of psychologists on the staff". It further states that conversations between psychologists and individuals on suicide watch occur "through a slot in the door" rather than in person. Is it still the case that there is a single psychiatrist shared between the MCC and the MDC? Do you agree with the characterisation that there are a handful of psychologists and consultations are carried out through a slot in the door? Have any changes or improvements been made to psychiatric and psychological care provision and staffing in the wake of the death of Mr Epstein or are any planned in the near future? Do you have any comment to make on the observations made generally? [News article "Jeffrey Epstein jail 'a gulag' in lower Manhattan", 12 August 2019]

Hi [redacted],

I am still gathering information, but wanted to give you information to start.

Warden J. [redacted] is the Warden for the Federal Correctional Institution Otisville, NY, and is temporarily assigned to oversee MCC New York's operations. Warden [redacted] began his career in 1994 as a Correctional Officer at the Federal Correctional Institution Schuylkill, Pennsylvania, where he advanced to positions of increasing responsibility: Correctional Treatment Specialist, Unit Manager, and Case Management Coordinator. In 2014, Warden [redacted] promoted to Witness Security Coordinator in Washington, DC. He then promoted to Associate Warden at MDC Brooklyn, Deputy Regional Director for the Northeast Region

of the Bureau of Prisons, and was named Warden at FCI Otisville this year. Warden [redacted] honorably served his country in the United States Army prior to beginning his career with the BOP.

From psychology:

- All inmates placed in SHU for 30 days receive a SHU review by the Psychology Services Department. This review involves a brief evaluation with a psychologist who assesses the inmate's psychological functioning, suicidality, and overall adjustment in SHU.
- Psychology staff conduct weekly rounds in SHU and if an inmate expresses a need for psychology services, they are placed on a follow-up list to be seen as needed.
- Inmates who are CC2-MH and above are pulled out for psychological interventions in SHU as deemed necessary. Inmates who express a desire to speak with psychology in a private area are always pulled out and placed in a private caged area to meet with a psychologist.
- Psychology Services has Psychology Advisory List/Hot List hanging up in the SHU which lists all inmates with significant psychological issues or inmates that are at-risk of engaging in self-harm behaviors. This list serves as a guide to Correctional Officers in SHU to inform psychology services if an at-risk inmate enters the SHU. If one of these inmates are placed in SHU, psychology services sees the inmate within 24 hours of the notification for and evaluation of their mental status and adjustment to SHU.
- All inmates removed from Suicide Watch are to be double celled with another inmate. This recommendation is placed in the Post Suicide Watch report and is sent in an e-mail to the Lieutenant's who will be escorting the inmates from suicide watch back to SHU. These at-risk inmates are also discussed in the Executive Staff meetings as well as their need for a cellmate. Cellmate's decrease risk for suicide by serving as a rescue opportunity, distraction, source of social support, and reduce feelings of isolation that a depressed inmate may be experiencing in SHU.
- In general, all inmates in SHU should be double celled except in exigent circumstances (Safety concerns-separations from the other inmates, too violent to be celled with another, or contagious disease).
-

Inmate numbers:

The majority of cells at the MCC are designed to accommodate at least two inmates. This was upheld as constitutional at MCC in Bell v. Wolfish, 441 U.S. 520, 99 Sup. Ct. 1861, 60 L.Ed.2d. 447 (1979)

Staffing:

Measures are being taken to increase MCC's staff complement.

Racial unrest:

Prison administrators are unaware of any racial unrest among either the inmate population or staff.

I am awaiting the information we typically provide regarding sanitation and pest control, and hope to have that for you shortly.

Thank you,

**Subject:** Follow up requests from UK re: extradition

Hi [redacted],

I'm sure you're inundated with inquiries right now, so I apologize for adding to your load. You may remember that we had consulted with you and BOP HQ regarding conditions at the MCC and MDC in connection with defendant Jabir Motiwala's opposition to extradition from the UK. Following Jeffrey Epstein's death, Motiwala has filed an additional report by former-warden [redacted] and attached news articles about the conditions at the MCC.

The attorneys in the UK handling the extradition have asked for our response. They recognize that we may not be able to address all of their questions in light of ongoing investigations, but is there any information we can provide with respect to the following (or could you let us know the proper person/people to talk to)?

i. With regards to the warden of the MCC and two staff members whom are said to have been reassigned since the death of Mr Epstein, are you able to confirm that their roles have been filled with suitable alternatives? In particular please provide any information about the knowledge and experience of the new warden that you are able to. [page 1, [redacted] Report, dated 22 August 2019]

ii. Is it possible to comment on the decision to take Mr Epstein off suicide watch and whether either, that decision was justified in the circumstances or if considered to be the wrong decision, that new measures are now in place to ensure any mistakes are not repeated. Please detail any new measures on this particular issue now in place if you are able to. [page 2, [redacted] Report, dated 22 August 2019]

iii. Can you provide any explanation as to why Mr Epstein did not have a new inmate sharing his cell in the Special Housing Unit ("SHU") on 9 August 2019 after his other cellmate was moved? Do you accept that there should have been someone sharing his cell in light of his recent apparent suicide attempt? If so, have any new protocols been put in place to ensure this does not happen again? If you do not accept that this occurred or cannot comment on this directly, what general measures are in place to ensure people who have been moved to the SHU following a suicide attempt share a cell with others where possible? [page 2, [redacted] Report, dated 22 August 2019]

iv. Is it correct that the two correctional officers due to be carrying out half-hourly checks on Mr Epstein did not carry out any check upon him for a period of several hours before he was discovered in his cell and were instead sleeping? If you accept this is correct what steps have been taken, if any, to prevent this occurring in future? If you do not accept that this occurred or cannot comment on this directly, what general measures are in place to monitor those who have been moved to the SHU following a suicide attempt, and how is it ensured that those measures are safely carried out by staff members? [page 2/3, [redacted] **Report, dated 22 August 2019**]

v. Is it correct that the correctional officers concerned falsified records in regards to the checks they should have carried out? If you accept this is correct what steps have been taken if any to prevent this occurring in future? If you do not accept that this occurred or cannot comment on this directly, what general measures if any are in place to ensure correctional officers do not falsify records and carry out their duties as required with regards to those who have been moved to the SHU following a suicide attempt? [page 3, [redacted] **Report, dated 22 August 2019**].

**Subject:** Follow up requests from UK re: extradition

Hi [redacted],

I'm sure you're inundated with inquiries right now, so I apologize for adding to your load. You may

remember that we had consulted with you and BOP HQ regarding conditions at the MCC and MDC in connection with defendant Jabir Motiwala's opposition to extradition from the UK. Following Jeffrey Epstein's death, Motiwala has filed an additional report by former-warden [redacted] and attached news articles about the conditions at the MCC.

The attorneys in the UK handling the extradition have asked for our response. They recognize that we may not be able to address all of their questions in light of ongoing investigations, but is there any information we can provide with respect to the following (or could you let us know the proper person/people to talk to)?

i. With regards to the warden of the MCC and two staff members whom are said to have been reassigned since the death of Mr Epstein, are you able to confirm that their roles have been filled with suitable alternatives? In particular please provide any information about the knowledge and experience of the new warden that you are able to. [page 1, [redacted] **Report, dated 22 August 2019**]

ii. Is it possible to comment on the decision to take Mr Epstein off suicide watch and whether either, that decision was justified in the circumstances or if considered to be the wrong decision, that new measures are now in place to ensure any mistakes are not repeated. Please detail any new measures on this particular issue now in place if you are able to. [page 2, [redacted] **Report, dated 22 August 2019**]

iii. Can you provide any explanation as to why Mr Epstein did not have a new inmate sharing his cell in the Special Housing Unit ("SHU") on 9 August 2019 after his other cellmate was moved? Do you accept that there should have been someone sharing his cell in light of his recent apparent suicide attempt? If so, have any new protocols been put in place to ensure this does not happen again? If you do not accept that this occurred or cannot comment on this directly, what general measures are in place to ensure people who have been moved to the SHU following a suicide attempt share a cell with others where possible? [page 2, [redacted] **Report, dated 22 August 2019**]

iv. Is it correct that the two correctional officers due to be carrying out half-hourly checks on Mr Epstein did not carry out any check upon him for a period of several hours before he was discovered in his cell and were instead sleeping? If you accept this is correct what steps have been taken, if any, to prevent this occurring in future? If you do not accept that this occurred or cannot comment on this directly, what general measures are in place to monitor those who have been moved to the SHU following a suicide attempt, and how is it ensured that those measures are safely carried out by staff members? [page 2/3, [redacted] **Report, dated 22 August 2019**]

v. Is it correct that the correctional officers concerned falsified records in regards to the checks they should have carried out? If you accept this is correct what steps have been taken if any to prevent this occurring in future? If you do not accept that this occurred or cannot comment on this directly, what general measures if any are in place to ensure

correctional officers do not falsify records and carry out their duties as required with regards to those who have been moved to the SHU following a suicide attempt? [page 3, [redacted] **Report, dated 22 August 2019**].

vi. Ms [redacted], as well as a number of news reports, state that of the two staff members assigned to monitor Mr Epstein, one of them was not usually a corrections officer but rather was employed by the warehouse and had volunteered to work an extra shift. If you accept this is correct, do you consider it to be appropriate to have such staff members carrying out that type of task and if so what measures are in place to ensure they are able to carry out that particular role safely? If you do not accept that this occurred or cannot comment on this directly, what general measures if any are in place to ensure staff members who do not usually work as correctional officers carry out the task of monitoring those who have been moved to the SHU following a suicide attempt in a safe manner? [page 3, [redacted] **Report, dated 22 August 2019**]

vii. In a news article, it is said that the BOP had tried to address staffing shortages "in part by using a practice called augmentation to temporarily assign employees who [redacted] corrections officers to staff posts intended for detention guards". Do you accept that this occurred at the MCC? If so, is this practice still in place and what general measures if any are in place to ensure staff members who do not usually work as correctional officers are able to safely carry out the work of correctional officers, (for example do they receive special training on security or monitoring prisoners considered to be a suicide risk). [CNN Politics Website, **"Union and lawmakers have long warned of 'dire' federal prison staffing shortages", 14 August 2019**]

viii. Ms [redacted], as well as a number of news reports, state that of the two staff members assigned to monitor Mr Epstein, one of them (the corrections officer) had been working overtime and the other staff member was in the midst of an 80 hour week. Do you agree that many of the correctional officers at the MCC are required to work 60 – 70 hour weeks and if so what measures, if any, are in place to ensure that the prison is still run safely and suicidal prisoners are properly monitored? [page 3, [redacted] **Report, dated 22 August 2019**]

ix. Ms [redacted] further states that the MCC is currently operating with less than 70% of the needed correctional officers. Do you accept that the MCC is operating with less than 70% of the needed correctional officers and if not, how would you describe the current staffing levels? If you agree that the MCC is 70% staffed, what measures, if any, are in place to ensure that the prison is still run safely and suicidal prisoners are properly monitored? [page 3, [redacted] **Report, dated 22 August 2019**].

x. Ms [redacted] states that the MCC was designed to house 474 inmates but that on the day of Mr Epstein's death its population was 763. Do you agree with those figures, and if so is the prison able to safely house that sized population, and what measures, if any, are in place to deal with a prison population of that size and ensure the conditions they are housed in

remain humane? [page 14, [redacted] **Report, dated 22 August 2019**].

xi. Ms [redacted] states the following with regards to the sanitation conditions at MCC:

> "Three current MCC Staff Members very recently described to me the current sanitation conditions at the facility. One stated, "The facility is so disgusting it's like a prison in a third-world country. Cleaning supplies are not issued on a regular basis." The individual further advised, "Pest Control is horrible and ineffective, rats, mice and bugs are everywhere." Another Correctional Officer told me, "There are mice and bugs everywhere including inmates' cells." This information is consistent with my Court testimony on July 3, 2019, and my assessment in Paragraph 20 of my Declaration in the case of Mr. Motiwala. Further, it corroborates the many news reports, regarding the "rodent-infested MCC."

Do you have any comment to make on those observations? [page 15, [redacted] **Report, dated 22 August 2019**].

xii. Ms [redacted] further states:

> "On a different, yet equally concerning topic, an MCC Correctional Officer advised me this past week, that there is blatant racial discord within the institution, especially amongst Correctional Officers. I did not witness this when I was Warden at MCC, and my contact advises it began a short time following my departure."

Do you have any comment to make on those observations? [page 15, [redacted] **Report, dated 22 August 2019**].

xiii. One news article referred to the fact that there was only one psychiatrist shared between the MCC and the other federal prison in New York, and a "handful of psychologists on the staff". It further states that conversations between psychologists and individuals on suicide watch occur "through a slot in the door" rather than in person. Is it still the case that there is a single psychiatrist shared between the MCC and the MDC? Do you agree with the characterisation that there are a handful of psychologists and consultations are carried out through a slot in the door? Have any changes or improvements been made to psychiatric and psychological care provision and staffing in the wake of the death of Mr Epstein or are any planned in the near future? Do you have any comment to make on the observations made generally? [News article "Jeffrey Epstein jail 'a gulag' in lower Manhattan", 12 August 2019]

Our response is due to the UK September 16.

Thank you so much,

Hi [redacted],

I am still gathering information, but wanted to give you information to start.

Warden J. [redacted] is the Warden for the Federal Correctional Institution Otisville, NY, and is temporarily assigned to oversee MCC New York's operations. Warden [redacted] began his career in 1994 as a Correctional Officer at the Federal Correctional Institution Schuylkill, Pennsylvania, where he advanced to positions of increasing responsibility: Correctional Treatment Specialist, Unit Manager, and Case Management Coordinator. In 2014, Warden [redacted] promoted to Witness Security Coordinator in Washington, DC. He then promoted to Associate Warden at MDC Brooklyn, Deputy Regional Director for the Northeast Region of the Bureau of Prisons, and was named Warden at FCI Otisville this year. Warden [redacted] honorably served his country in the United States Army prior to beginning his career with the BOP.

From psychology:

- All inmates placed in SHU for 30 days receive a SHU review by the Psychology Services Department. This review involves a brief evaluation with a psychologist who assesses the inmate's psychological functioning, suicidality, and overall adjustment in SHU.
- Psychology staff conduct weekly rounds in SHU and if an inmate expresses a need for psychology services, they are placed on a follow-up list to be seen as needed.
- Inmates who are CC2-MH and above are pulled out for psychological interventions in SHU as deemed necessary. Inmates who express a desire to speak with psychology in a private area are always pulled out and placed in a private caged area to meet with a psychologist.
- Psychology Services has Psychology Advisory List/Hot List hanging up in the SHU which lists all inmates with significant psychological issues or inmates that are at-risk of engaging in self-harm behaviors. This list serves as a guide to Correctional Officers in SHU to inform psychology services if an at-risk inmate enters the SHU. If one of these inmates are placed in SHU, psychology services sees the inmate within 24 hours of the notification for and evaluation of their mental status and adjustment to SHU.
- All inmates removed from Suicide Watch are to be double celled with another inmate. This recommendation is placed in the Post Suicide Watch report and is sent in an e-mail to the Lieutenant's who will be escorting the inmates from suicide watch back to SHU. These at-risk inmates are also discussed in the Executive Staff meetings as well as their need for a cellmate. Cellmate's decrease risk for suicide by serving as a rescue opportunity, distraction, source of social support, and reduce feelings of isolation that a depressed inmate may be experiencing in SHU.
- In general, all inmates in SHU should be double celled except in exigent circumstances (Safety concerns-separations from the other inmates, too violent to be celled with another, or contagious disease).
-

Inmate numbers:

The majority of cells at the MCC are designed to accommodate at least two inmates. This was upheld as constitutional at MCC in Bell v. Wolfish, 441 U.S. 520, 99 Sup. Ct. 1861, 60 L.Ed.2d. 447 (1979)

Staffing:

Measures are being taken to increase MCC's staff complement.

Racial unrest:

Prison administrators are unaware of any racial unrest among either the inmate population or staff.

I am awaiting the information we typically provide regarding sanitation and pest control, and hope to have that for you shortly.

Thank you,

Hi Jonathan,

Per Psychology:
CARE2-MH is indicative of an inmate who has a mental illness requiring routine outpatient mental health care (ongoing, monthly) and/or brief, crisis-oriented care.

Thank you,

[redacted], thank you so much for your thorough response. Just one question. You indicate that "inmates who are CC2-MH and above are pulled out for psychological interventions in SHU as deemed necessary."

Can you please just define CCS-MH (and provide that in the context of other classifications)?

Hi [redacted],

I am still gathering information, but wanted to give you information to start.

Warden J. [redacted] is the Warden for the Federal Correctional Institution Otisville, NY, and is temporarily assigned to oversee MCC New York's operations. Warden [redacted] began his career in 1994 as a Correctional Officer at the Federal Correctional Institution Schuylkill, Pennsylvania, where he advanced to positions of increasing responsibility: Correctional Treatment Specialist, Unit Manager, and Case Management Coordinator. In 2014, Warden [redacted] promoted to Witness Security Coordinator in Washington, DC. He then promoted to Associate Warden at MDC Brooklyn, Deputy Regional Director for

Washington, DC. He then promoted to Associate Warden at MDC Brooklyn, Deputy Regional Director for the Northeast Region of the Bureau of Prisons, and was named Warden at FCI Otisville this year. Warden [redacted] honorably served his country in the United States Army prior to beginning his career with the BOP.

From psychology:

- All inmates placed in SHU for 30 days receive a SHU review by the Psychology Services Department. This review involves a brief evaluation with a psychologist who assesses the inmate's psychological functioning, suicidality, and overall adjustment in SHU.
- Psychology staff conduct weekly rounds in SHU and if an inmate expresses a need for psychology services, they are placed on a follow-up list to be seen as needed.
- Inmates who are CC2-MH and above are pulled out for psychological interventions in SHU as deemed necessary. Inmates who express a desire to speak with psychology in a private area are always pulled out and placed in a private caged area to meet with a psychologist.
- Psychology Services has Psychology Advisory List/Hot List hanging up in the SHU which lists all inmates with significant psychological issues or inmates that are at-risk of engaging in self-harm behaviors. This list serves as a guide to Correctional Officers in SHU to inform psychology services if an at-risk inmate enters the SHU. If one of these inmates are placed in SHU, psychology services sees the inmate within 24 hours of the notification for and evaluation of their mental status and adjustment to SHU.
- All inmates removed from Suicide Watch are to be double celled with another inmate. This recommendation is placed in the Post Suicide Watch report and is sent in an e-mail to the Lieutenant's who will be escorting the inmates from suicide watch back to SHU. These at-risk inmates are also discussed in the Executive Staff meetings as well as their need for a cellmate. Cellmate's decrease risk for suicide by serving as a rescue opportunity, distraction, source of social support, and reduce feelings of isolation that a depressed inmate may be experiencing in SHU.
- In general, all inmates in SHU should be double celled except in exigent circumstances (Safety concerns-separations from the other inmates, too violent to be celled with another, or contagious disease).
-

Inmate numbers:

The majority of cells at the MCC are designed to accommodate at least two inmates. This was upheld as constitutional at MCC in Bell v. Wolfish, 441 U.S. 520, 99 Sup. Ct. 1861, 60 L.Ed.2d. 447 (1979)

Staffing:

Measures are being taken to increase MCC's staff complement.

Racial unrest:

Prison administrators are unaware of any racial unrest among either the inmate population or staff.

I am awaiting the information we typically provide regarding sanitation and pest control, and hope to have that for you shortly.

Thank you,

**Subject:** Follow up requests from UK re: extradition

Hi [redacted],

I'm sure you're inundated with inquiries right now, so I apologize for adding to your load. You may remember that we had consulted with you and BOP HQ regarding conditions at the MCC and MDC in connection with defendant Jabir Motiwala's opposition to extradition from the UK. Following Jeffrey Epstein's death, Motiwala has filed an additional report by former-warden [redacted] and attached news articles about the conditions at the MCC.

The attorneys in the UK handling the extradition have asked for our response. They recognize that we may not be able to address all of their questions in light of ongoing investigations, but is there any information we can provide with respect to the following (or could you let us know the proper person/people to talk to)?

i. With regards to the warden of the MCC and two staff members whom are said to have been reassigned since the death of Mr Epstein, are you able to confirm that their roles have been filled with suitable alternatives? In particular please provide any information about the knowledge and experience of the new warden that you are able to. [page 1, [redacted] Report, dated 22 August 2019]

ii. Is it possible to comment on the decision to take Mr Epstein off suicide watch and whether either, that decision was justified in the circumstances or if considered to be the wrong decision, that new measures are now in place to ensure any mistakes are not repeated. Please detail any new measures on this particular issue now in place if you are able to. [page 2, [redacted] Report, dated 22 August 2019]

iii. Can you provide any explanation as to why Mr Epstein did not have a new inmate sharing his cell in the Special Housing Unit ("SHU") on 9 August 2019 afterhis other cellmate was moved? Do you accept that there should have been someone sharing his cell in light of his recent apparent suicide attempt? If so, have any new protocols been put in place to ensure this does not happen again? If you do not accept that this occurred or cannot comment on this directly, what general measures are in place to ensure people who have been moved to the SHU following a suicide attempt share a cell with others where possible? [page 2, Maureen Baird's Report, dated 22 August 2019]

Maureen Baird's Report, dated 22 August 2019]

iv. Is it correct that the two correctional officers due to be carrying out half-hourly checks on Mr Epstein did not carry out any check upon him for a period of several hours before he was discovered in his cell and were instead sleeping? If you accept this is correct what steps have been taken, if any, to prevent this occurring in future? If you do not accept that this occurred or cannot comment on this directly, what general measures are in place to monitor those who have been moved to the SHU following a suicide attempt, and how is it ensured that those measures are safely carried out by staff members? [page 2/3, [redacted] **Report, dated 22 August 2019**]

v. Is it correct that the correctional officers concerned falsified records in regards to the checks they should have carried out? If you accept this is correct what steps have been taken if any to prevent this occurring in future? If you do not accept that this occurred or cannot comment on this directly, what general measures if any are in place to ensure correctional officers do not falsify records and carry out their duties as required with regards to those who have been moved to the SHU following a suicide attempt? [page 3, [redacted] **Report, dated 22 August 2019**].

vi. Ms [redacted], as well as a number of news reports, state that of the two staff members assigned to monitor Mr Epstein, one of them was not usually a corrections officer but rather was employed by the warehouse and had volunteered to work an extra shift. If you accept this is correct, do you consider it to be appropriate to have such staff members carrying out that type of task and if so what measures are in place to ensure they are able to carry out that particular role safely? If you do not accept that this occurred or cannot comment on this directly, what general measures if any are in place to ensure staff members who do not usually work as correctional officers carry out the task of monitoring those who have been moved to the SHU following a suicide attempt in a safe manner? [page 3, [redacted] **Report, dated 22 August 2019**]

vii. In a news article, it is said that the BOP had tried to address staffing shortages "in part by using a practice called augmentation to temporarily assign employees who [redacted] corrections officers to staff posts intended for detention guards". Do you accept that this occurred at the MCC? If so, is this practice still in place and what general measures if any are in place to ensure staff members who do not usually work as correctional officers are able to safely carry out the work of correctional officers, (for example do they receive special training on security or monitoring prisoners considered to be a suicide risk). [CNN Politics Website, **"Union and lawmakers have long warned of 'dire' federal prison staffing shortages", 14 August 2019**]

viii. Ms [redacted], as well as a number of news reports, state that of the two staff members assigned to monitor Mr Epstein, one of them (the corrections officer) had been working overtime and the other staff member was in the midst of an 80 hour week. Do you agree that many of the correctional officers at the MCC are required to work 60 – 70 hour weeks

and if so what measures, if any, are in place to ensure that the prison is still run safely and suicidal prisoners are properly monitored? [page 3, [redacted] **Report, dated 22 August 2019**]

ix. Ms [redacted] further states that the MCC is currently operating with less than 70% of the needed correctional officers. Do you accept that the MCC is operating with less than 70% of the needed correctional officers and if not, how would you describe the current staffing levels? If you agree that the MCC is 70% staffed, what measures, if any, are in place to ensure that the prison is still run safely and suicidal prisoners are properly monitored? [page 3, [redacted] **Report, dated 22 August 2019**].

x. Ms [redacted] states that the MCC was designed to house 474 inmates but that on the day of Mr Epstein's death its population was 763. Do you agree with those figures, and if so is the prison able to safely house that sized population, and what measures, if any, are in place to deal with a prison population of that size and ensure the conditions they are housed in remain humane? [page 14, [redacted] **Report, dated 22 August 2019**].

xi. Ms [redacted] states the following with regards to the sanitation conditions at MCC:

> "Three current MCC Staff Members very recently described to me the current sanitation conditions at the facility. One stated, "The facility is so disgusting it's like a prison in a third-world country. Cleaning supplies are not issued on a regular basis." The individual further advised, "Pest Control is horrible and ineffective, rats, mice and bugs are everywhere." Another Correctional Officer told me, "There are mice and bugs everywhere including inmates' cells." This information is consistent with my Court testimony on July 3, 2019, and my assessment in Paragraph 20 of my Declaration in the case of Mr. Motiwala. Further, it corroborates the many news reports, regarding the "rodent-infested MCC."

Do you have any comment to make on those observations? [page 15, [redacted] **Report, dated 22 August 2019**].

xii. Ms [redacted] further states:

> "On a different, yet equally concerning topic, an MCC Correctional Officer advised me this past week, that there is blatant racial discord within the institution, especially amongst Correctional Officers. I did not witness this when I was Warden at MCC, and my contact advises it began a short time following my departure."

Do you have any comment to make on those observations? [page 15, [redacted] **Report, dated 22 August 2019**].

xiii. One news article referred to the fact that there was only one psychiatrist shared between the MCC and the other federal prison in New York, and a "handful of psychologists on the

the MCC and the other federal prison in New York, and a "handful of psychologists on the staff". It further states that conversations between psychologists and individuals on suicide watch occur "through a slot in the door" rather than in person. Is it still the case that there is a single psychiatrist shared between the MCC and the MDC? Do you agree with the characterisation that there are a handful of psychologists and consultations are carried out through a slot in the door? Have any changes or improvements been made to psychiatric and psychological care provision and staffing in the wake of the death of Mr Epstein or are any planned in the near future? Do you have any comment to make on the observations made generally? [News article "Jeffrey Epstein jail 'a gulag' in lower Manhattan", 12 August 2019]

Our response is due to the UK September 16.

Thank you so much,

Inmates who are CC2-MH and above are pulled out for psychological interventions in SHU as deemed necessary. Inmates who express a desire to speak with psychology in a private area are always pulled out and placed in a private caged area to meet with a psychologist.
Psychology Services has Psychology Advisory List/Hot List hanging up in the SHU which lists all inmates with significant psychological issues or inmates that are at-risk of engaging in self-harm behaviors. This list serves as a guide to Correctional Officers in SHU to inform psychology services if an at-risk inmate enters the SHU. If one of these inmates are placed in SHU,

psychology services sees the inmate within 24 hours of the notification for and evaluation of their mental status and adjustment to SHU.

All inmates removed from Suicide Watch are to be double celled with another inmate. This recommendation is placed in the Post Suicide Watch report and is sent in an e-mail to the Lieutenant's who will be escorting the inmates from suicide watch back to SHU. These at-risk inmates are also discussed in the Executive Staff meetings as well as their need for a cellmate. Cellmate's decrease risk for suicide by serving as a rescue opportunity, distraction, source of social support, and reduce feelings of isolation that a depressed inmate may be experiencing in SHU.

In general, all inmates in SHU should be double celled except in exigent circumstances (Safety concerns- separations from the other inmates, too violent to be celled with another, or contagious disease).

Inmate numbers:

The majority of cells at the MCC are designed to accommodate at least two inmates. This was upheld as constitutional at MCC in Bell v. Wolfish, 441 U.S. 520, 99 Sup. Ct. 1861, 60 L.Ed.2d. 447 (1979)

Staffing:

Measures are being taken to increase MCC's staff complement.

Racial unrest:

Prison administrators are unaware of any racial unrest among either the inmate population or staff.

I am awaiting the information we typically provide regarding sanitation and pest control, and hope to have that for you shortly.

Thank you,

**Subject:** Follow up requests from UK re: extradition

Hi [redacted],

I'm sure you're inundated with inquiries right now, so I apologize for adding to your load. You may remember that we had consulted with you and BOP HQ regarding conditions at the MCC and MDC in connection with defendant Jabir Motiwala's opposition to extradition from the UK. Following Jeffrey Epstein's death, Motiwala has filed an additional report by former-warden [redacted] and attached news articles about the conditions at the MCC.

The attorneys in the UK handling the extradition have asked for our response. They recognize that we may not be able to address all of their questions in light of ongoing investigations, but is there any information we can provide with respect to the following (or could you let us know the proper person/people to talk to)?

i. With regards to the warden of the MCC and two staff members whom are said to have been reassigned since the death of Mr Epstein, are you able to confirm that their roles have been filled with suitable alternatives? In particular please provide any information about the knowledge and experience of the new warden that you are able to. [page 1, [redacted] **Report, dated 22 August 2019**]

ii. Is it possible to comment on the decision to take Mr Epstein off suicide watch and whether either, that decision was justified in the circumstances or if considered to be the wrong decision, that new measures are now in place to ensure any mistakes are not repeated. Please detail any new measures on this particular issue now in place if you are able to. [page 2, [redacted] **Report, dated 22 August 2019**]

iii. Can you provide any explanation as to why Mr Epstein did not have a new inmate sharing his cell in the Special Housing Unit ("SHU") on 9 August 2019 after his other cellmate was moved? Do you accept that there should have been someone sharing his cell in light of his recent apparent suicide attempt? If so, have any new protocols been put in place to ensure this does not happen again? If you do not accept that this occurred or cannot comment on this directly, what general measures are in place to ensure people who have been moved to the SHU following a suicide attempt share a cell with others where possible? [page 2, [redacted] **Report, dated 22 August 2019**]

iv. Is it correct that the two correctional officers due to be carrying out half-hourly checks on Mr Epstein did not carry out any check upon him for a period of several hours before he was discovered in his cell and were instead sleeping? If you accept this is correct what steps have been taken, if any, to prevent this occurring in future? If you do not accept that this occurred or cannot comment on this directly, what general measures are in place to monitor those who have been moved to the SHU following a suicide attempt, and how is it ensured that those measures are safely carried out by staff members? [page 2/3, [redacted] **Report, dated 22 August 2019**]

v. Is it correct that the correctional officers concerned falsified records in regards to the checks they should have carried out? If you accept this is correct what steps have been taken if any to prevent this occurring in future? If you do not accept that this occurred or cannot comment on this directly, what general measures if any are in place to ensure correctional officers do not falsify records and carry out their duties as required with regards to those who have been moved to the SHU following a suicide attempt? [page 3, [redacted] **Report, dated 22 August 2019**].

vi. Ms [redacted], as well as a number of news reports, state that of the two staff members assigned to monitor Mr Epstein, one of them was not usually a corrections officer but rather was employed by the warehouse and had volunteered to work an extra shift. If you accept this is correct, do you consider it to be appropriate to have such staff members carrying out that type of task and if so what measures are in place to ensure they are able to carry out that particular role safely? If you do not accept that this occurred or cannot comment on this directly, what general measures if any are in place to ensure staff members who do not usually work as correctional officers carry out the task of monitoring those who have been moved to the SHU following a suicide attempt in a safe manner? [page 3, [redacted] **Report, dated 22 August 2019**]

vii. In a news article, it is said that the BOP had tried to address staffing shortages "in part by using a practice called augmentation to temporarily assign employees who [redacted] corrections officers to staff posts intended for detention guards". Do you accept that this occurred at the MCC? If so, is this practice still in place and what general measures if any are in place to ensure staff members who do not usually work as correctional officers are

able to safely carry out the work of correctional officers, (for example do they receive special training on security or monitoring prisoners considered to be a suicide risk). [CNN Politics Website, **"Union and lawmakers have long warned of 'dire' federal prison staffing shortages", 14 August 2019**]

viii. Ms [redacted], as well as a number of news reports, state that of the two staff members assigned to monitor Mr Epstein, one of them (the corrections officer) had been working overtime and the other staff member was in the midst of an 80 hour week. Do you agree that many of the correctional officers at the MCC are required to work 60 – 70 hour weeks and if so what measures, if any, are in place to ensure that the prison is still run safely and suicidal prisoners are properly monitored? [page 3, [redacted] **Report, dated 22 August 2019**]

ix. Ms [redacted] further states that the MCC is currently operating with less than 70% of the needed correctional officers. Do you accept that the MCC is operating with less than 70% of the needed correctional officers and if not, how would you describe the current staffing levels? If you agree that the MCC is 70% staffed, what measures, if any, are in place to ensure that the prison is still run safely and suicidal prisoners are properly monitored? [page 3, [redacted] **Report, dated 22 August 2019**].

x. Ms [redacted] states that the MCC was designed to house 474 inmates but that on the day of Mr Epstein's death its population was 763. Do you agree with those figures, and if so is the prison able to safely house that sized population, and what measures, if any, are in place to deal with a prison population of that size and ensure the conditions they are housed in remain humane? [page 14, [redacted] **Report, dated 22 August 2019**].

xi. Ms [redacted] states the following with regards to the sanitation conditions at MCC:

> "Three current MCC Staff Members very recently described to me the current sanitation conditions at the facility. One stated, "The facility is so disgusting it's like a prison in a third-world country. Cleaning supplies are not issued on a regular basis." The individual further advised, "Pest Control is horrible and ineffective, rats, mice and bugs are everywhere." Another Correctional Officer told me, "There are mice and bugs everywhere including inmates' cells." This information is consistent with my Court testimony on July 3, 2019, and my assessment in Paragraph 20 of my Declaration in the case of Mr. Motiwala. Further, it corroborates the many news reports, regarding the "rodent-infested MCC."

Do you have any comment to make on those observations? [page 15, [redacted] **Report, dated 22 August 2019**].

xii. Ms [redacted] further states:

> "On a different, yet equally concerning topic, an MCC Correctional Officer advised me this past week, that there is blatant racial discord within the institution, especially amongst Correctional Officers. I did not witness this when I was Warden at MCC, and my contact advises it began a short time following my departure."

Do you have any comment to make on those observations? [page 15, [redacted] **Report, dated 22 August 2019**].

xiii. One news article referred to the fact that there was only one psychiatrist shared between the MCC and the other federal prison in New York, and a "handful of psychologists on the staff". It further states that conversations between psychologists and individuals on suicide watch occur "through a slot in the door" rather than in person. Is it still the case that there is a single psychiatrist shared between the MCC and the MDC? Do you agree with the characterisation that there are a handful of psychologists and consultations are carried out through a slot in the door? Have any changes or improvements been made to psychiatric and psychological care provision and staffing in the wake of the death of Mr Epstein or are any planned in the near future? Do you have any comment to make on the observations made generally? [News article "Jeffrey Epstein jail 'a gulag' in lower Manhattan", 12 August 2019]

Our response is due to the UK September 16.

Hi Jonathan,

Per Psychology:
CARE2-MH is indicative of an inmate who has a mental illness requiring routine outpatient mental health care (ongoing, monthly) and/or brief, crisis-oriented care.

Thank you,

[redacted], thank you so much for your thorough response. Just one question. You indicate that "inmates who are CC2-MH and above are pulled out for psychological interventions in SHU as deemed necessary."

Can you please just define CCS-MH (and provide that in the context of other classifications)?

Hi [redacted],

I am still gathering information, but wanted to give you information to start.

Warden J. [redacted] is the Warden for the Federal Correctional Institution Otisville, NY, and is temporarily assigned to oversee MCC New York's operations. Warden [redacted] began his career in 1994 as a Correctional Officer at the Federal Correctional Institution Schuylkill, Pennsylvania, where he advanced to positions of increasing responsibility: Correctional Treatment Specialist, Unit Manager, and Case Management Coordinator. In 2014, Warden [redacted] promoted to Witness Security Coordinator in Washington, DC. He then promoted to Associate Warden at MDC Brooklyn, Deputy Regional Director for the Northeast Region of the Bureau of Prisons, and was named Warden at FCI Otisville this year. Warden [redacted] honorably served his country in the United States Army prior to beginning his career with the BOP.

From psychology:

- All inmates placed in SHU for 30 days receive a SHU review by the Psychology Services Department. This review involves a brief evaluation with a psychologist who assesses the inmate's psychological functioning, suicidality, and overall adjustment in SHU.
- Psychology staff conduct weekly rounds in SHU and if an inmate expresses a need for psychology services,

they are placed on a follow-up list to be seen as needed.

- Inmates who are CC2-MH and above are pulled out for psychological interventions in SHU as deemed necessary. Inmates who express a desire to speak with psychology in a private area are always pulled out and placed in a private caged area to meet with a psychologist.

Hi Jonathan,

Per Psychology:
CARE2-MH is indicative of an inmate who has a mental illness requiring routine outpatient mental health care (ongoing, monthly) and/or brief, crisis-oriented care.

Thank you,
[redacted]

>>> "Rebold, Jonathan (USANYS)" <Jonathan.Rebold@usdoj.gov> 9/13/2019 10:36 AM >>>
[redacted], thank you so much for your thorough response. Just one question. You indicate that "inmates who are CC2-MH and above are pulled out for psychological interventions in SHU as deemed necessary."

Can you please just define CCS-MH (and provide that in the context of other classifications)?

Can you please just define CC3-MH (and provide that in the context of other classifications)?

Hi [redacted],

I am still gathering information, but wanted to give you information to start.

Warden J. [redacted] is the Warden for the Federal Correctional Institution Otisville, NY, and is temporarily assigned to oversee MCC New York's operations. Warden [redacted] began his career in 1994 as a Correctional Officer at the Federal Correctional Institution Schuylkill, Pennsylvania, where he advanced to positions of increasing responsibility: Correctional Treatment Specialist, Unit Manager, and Case Management Coordinator. In 2014, Warden [redacted] promoted to Witness Security Coordinator in Washington, DC. He then promoted to Associate Warden at MDC Brooklyn, Deputy Regional Director for the Northeast Region of the Bureau of Prisons, and was named Warden at FCI Otisville this year. Warden [redacted] honorably served his country in the United States Army prior to beginning his career with the BOP.

From psychology:

- All inmates placed in SHU for 30 days receive a SHU review by the Psychology Services Department. This review involves a brief evaluation with a psychologist who assesses the inmate's psychological functioning, suicidality, and overall adjustment in SHU.
- Psychology staff conduct weekly rounds in SHU and if an inmate expresses a need for psychology services, they are placed on a follow-up list to be seen as needed.
- Inmates who are CC2-MH and above are pulled out for psychological interventions in SHU as deemed necessary. Inmates who express a desire to speak with psychology in a private area are always pulled out and placed in a private caged area to meet with a psychologist.
- Psychology Services has Psychology Advisory List/Hot List hanging up in the SHU which lists all inmates with significant psychological issues or inmates that are at-risk of engaging in self-harm behaviors. This list serves as a guide to Correctional Officers in SHU to inform psychology services if an at-risk inmate enters the SHU. If one of these inmates are placed in SHU, psychology services sees the inmate within 24 hours of the notification for and evaluation of their mental status and adjustment to SHU.
- All inmates removed from Suicide Watch are to be double celled with another inmate. This recommendation is placed in the Post Suicide Watch report and is sent in an e-mail to the Lieutenant's who will be escorting the inmates from suicide watch back to SHU. These at-risk inmates are also discussed in the Executive Staff meetings as well as their need for a cellmate. Cellmate's decrease risk for suicide by serving as a rescue opportunity, distraction, source of social support, and reduce feelings of isolation that a depressed inmate may be experiencing in SHU.
- In general, all inmates in SHU should be double celled except in exigent circumstances (Safety concerns-separations from the other inmates, too violent to be celled with another, or contagious disease).
-

Inmate numbers:

The majority of cells at the MCC are designed to accommodate at least two inmates. This was upheld as constitutional at MCC in Bell v. Wolfish, 441 U.S. 520, 99 Sup. Ct. 1861, 60 L.Ed.2d. 447 (1979)

Staffing:

Measures are being taken to increase MCC's staff complement.

Racial unrest:

Prison administrators are unaware of any racial unrest among either the inmate population or staff.

I am awaiting the information we typically provide regarding sanitation and pest control, and hope to have that for you shortly.

Thank you,

**Subject:** Follow up requests from UK re: extradition

Hi [redacted],

I'm sure you're inundated with inquiries right now, so I apologize for adding to your load. You may remember that we had consulted with you and BOP HQ regarding conditions at the MCC and MDC in connection with defendant Jabir Motiwala's opposition to extradition from the UK. Following Jeffrey Epstein's death, Motiwala has filed an additional report by former-warden [redacted] and attached news articles about the conditions at the MCC.

The attorneys in the UK handling the extradition have asked for our response. They recognize that we may not be able to address all of their questions in light of ongoing investigations, but is there any information we can provide with respect to the following (or could you let us know the proper person/people to talk to)?

i. With regards to the warden of the MCC and two staff members whom are said to have been reassigned since the death of Mr Epstein, are you able to confirm that their roles have been filled with suitable alternatives? In particular please provide any information about the knowledge and experience of the new warden that you are able to. [page 1, [redacted] Report, dated 22 August 2019]

ii. Is it possible to comment on the decision to take Mr Epstein off suicide watch and whether either, that decision was justified in the circumstances or if considered to be the wrong decision, that new measures are now in place to ensure any mistakes are not repeated. Please detail any new measures on this particular issue now in place if you are able to. [page 2, [redacted] **Report, dated 22 August 2019**]

iii. Can you provide any explanation as to why Mr Epstein did not have a new inmate sharing his cell in the Special Housing Unit ("SHU") on 9 August 2019 afterhis other cellmate was moved? Do you accept that there should have been someone sharing his cell in light of his recent apparent suicide attempt? If so, have any new protocols been put in place to ensure this does not happen again? If you do not accept that this occurred or cannot comment on this directly, what general measures are in place to ensure people who have been moved to the SHU following a suicide attempt share a cell with others where possible? [page 2, [redacted] **Report, dated 22 August 2019**]

iv. Is it correct that the two correctional officers due to be carrying out half-hourly checks on Mr Epstein did not carry out any check upon him for a period of several hours before he was discovered in his cell and were instead sleeping? If you accept this is correct what steps have been taken, if any, to prevent this occurring in future? If you do not accept that this occurred or cannot comment on this directly, what general measures are in place to monitor those who have been moved to the SHU following a suicide attempt, and how is it ensured that those measures are safely carried out by staff members? [page 2/3, [redacted] **Report, dated 22 August 2019**]

v. Is it correct that the correctional officers concerned falsified records in regards to the checks they should have carried out? If you accept this is correct what steps have been taken if any to prevent this occurring in future? If you do not accept that this occurred or cannot comment on this directly, what general measures if any are in place to ensure correctional officers do not falsify records and carry out their duties as required with regards to those who have been moved to the SHU following a suicide attempt? [page 3, [redacted] **Report, dated 22 August 2019**].

vi. Ms [redacted], as well as a number of news reports, state that of the two staff members assigned to monitor Mr Epstein, one of them was not usually a corrections officer but rather was employed by the warehouse and had volunteered to work an extra shift. If you accept this is correct, do you consider it to be appropriate to have such staff members carrying out that type of task and if so what measures are in place to ensure they are able to carry out that particular role safely? If you do not accept that this occurred or cannot comment on this directly, what general measures if any are in place to ensure staff members who do not usually work as correctional officers carry out the task of monitoring those who have been moved to the SHU following a suicide attempt in a safe manner? [page 3, [redacted] **Report, dated 22 August 2019**]

vii. In a news article, it is said that the BOP had tried to address staffing shortages "in part by using a practice called augmentation to temporarily assign employees who [redacted] corrections officers to staff posts intended for detention guards". Do you accept that this occurred at the MCC? If so, is this practice still in place and what general measures if any are in place to ensure staff members who do not usually work as correctional officers are able to safely carry out the work of correctional officers, (for example do they receive special training on security or monitoring prisoners considered to be a suicide risk). [CNN Politics Website, **"Union and lawmakers have long warned of 'dire' federal prison staffing shortages", 14 August 2019**]

viii. Ms [redacted], as well as a number of news reports, state that of the two staff members assigned to monitor Mr Epstein, one of them (the corrections officer) had been working overtime and the other staff member was in the midst of an 80 hour week. Do you agree that many of the correctional officers at the MCC are required to work 60 – 70 hour weeks and if so what measures, if any, are in place to ensure that the prison is still run safely and suicidal prisoners are properly monitored? [page 3, [redacted] **Report, dated 22 August 2019**]

ix. Ms [redacted] further states that the MCC is currently operating with less than 70% of the needed correctional officers. Do you accept that the MCC is operating with less than 70% of the needed correctional officers and if not, how would you describe the current staffing levels? If you agree that the MCC is 70% staffed, what measures, if any, are in place to ensure that the prison is still run safely and suicidal prisoners are properly monitored? [page 3, [redacted] **Report, dated 22 August 2019**].

x. Ms [redacted] states that the MCC was designed to house 474 inmates but that on the day of Mr Epstein's death its population was 763. Do you agree with those figures, and if so is the prison able to safely house that sized population, and what measures, if any, are in place to deal with a prison population of that size and ensure the conditions they are housed in remain humane? [page 14, [redacted] **Report, dated 22 August 2019**].

xi. Ms [redacted] states the following with regards to the sanitation conditions at MCC:

> "Three current MCC Staff Members very recently described to me the current sanitation conditions at the facility. One stated, "The facility is so disgusting it's like a prison in a third-world country. Cleaning supplies are not issued on a regular basis." The individual further advised, "Pest Control is horrible and ineffective, rats, mice and bugs are everywhere." Another Correctional Officer told me, "There are mice and bugs everywhere including inmates' cells." This information is consistent with my Court testimony on July 3, 2019, and my assessment in Paragraph 20 of my Declaration in the case of Mr. Motiwala. Further, it corroborates the many news reports, regarding the "rodent-infested MCC."

Do you have any comment to make on those observations? [page 15, [redacted] **Report, dated 22 August 2019**].

xii. Ms [redacted] further states:

> "On a different, yet equally concerning topic, an MCC Correctional Officer advised me this past week, that there is blatant racial discord within the institution, especially amongst Correctional Officers. I did not witness this when I was Warden at MCC, and my contact advises it began a short time following my departure."

Do you have any comment to make on those observations? [page 15, [redacted] **Report, dated 22 August 2019**].

xiii. One news article referred to the fact that there was only one psychiatrist shared between the MCC and the other federal prison in New York, and a "handful of psychologists on the staff". It further states that conversations between psychologists and individuals on suicide watch occur "through a slot in the door" rather than in person. Is it still the case that there is a single psychiatrist shared between the MCC and the MDC? Do you agree with the characterisation that there are a handful of psychologists and consultations are carried out through a slot in the door? Have any changes or improvements been made to psychiatric and psychological care provision and staffing in the wake of the death of Mr Epstein or are any planned in the near future? Do you have any comment to make on the observations made generally? [News article "Jeffrey Epstein jail 'a gulag' in lower Manhattan", 12 August 2019]

Our response is due to the UK September 16.

Thank you so much,
[redacted]

You may remember that we had consulted with you and BOP HQ regarding conditions at the MCC and MDC in connection with defendant Jabir Motiwala's opposition to extradition from the UK. Following Jeffrey Epstein's death, Motiwala has filed an additional report by former-warden [redacted] and attached news articles about the conditions at the MCC.

The attorneys in the UK handling the extradition have asked for our response. They recognize that we may not be able to address all of their questions in light of ongoing investigations, but is there any information we can provide with respect to the following (or could you let us know the proper person/people to talk to)?

i. With regards to the warden of the MCC and two staff members whom are said to have been reassigned since the death of Mr Epstein, are you able to confirm that their roles have been filled with suitable alternatives? In particular please provide any information about the knowledge and experience of the new warden that you are able to. [page 1, [redacted] **Report, dated 22 August 2019**]

ii. Is it possible to comment on the decision to take Mr Epstein off suicide watch and whether either, that decision was justified in the circumstances or if considered to be the wrong decision, that new measures are now in place to ensure any mistakes are not repeated. Please detail any new measures on this particular issue now in place if you are able to. [page 2, [redacted] **Report, dated 22 August 2019**]

iii. Can you provide any explanation as to why Mr Epstein did not have a new inmate sharing his cell in the Special Housing Unit ("SHU") on 9 August 2019 after his other cellmate was moved? Do you accept that there should have been someone sharing his cell in light of his recent apparent suicide attempt? If so, have any new protocols been put in place to ensure this does not happen again? If you do not accept that this occurred or cannot comment on this directly, what general measures are in place to ensure people who have been moved to the SHU following a suicide attempt share a cell with others where possible? [page 2, [redacted] **Report, dated 22 August 2019**]

iv. Is it correct that the two correctional officers due to be carrying out half-hourly checks on Mr Epstein did not carry out any check upon him for a period of several hours before he was discovered in his cell and were instead sleeping? If you accept this is correct what steps have been taken, if any, to prevent this occurring in future? If you do not accept that this occurred or cannot comment on this directly, what general measures are in place to monitor those who have been moved to the SHU following a suicide attempt, and how is it ensured that those measures are safely carried out by staff members? [page 2/3, [redacted] **Report, dated 22 August 2019**]

v. Is it correct that the correctional officers concerned falsified records in regards to the checks they should have carried out? If you accept this is correct what steps have been taken if any to prevent this occurring in future? If you do not accept that this occurred or cannot comment on this directly, what general measures if any are in place to ensure correctional officers do not falsify records and carry out their duties as required with regards to those who have been moved to the SHU following a suicide attempt? [page 3, [redacted] **Report, dated 22 August 2019**].

vi. Ms [redacted], as well as a number of news reports, state that of the two staff members assigned to monitor Mr Epstein, one of them was not usually a corrections officer but rather was employed by the warehouse and had volunteered to work an extra shift. If you accept this is correct, do you consider it to be appropriate to have such staff members carrying out that type of task and if so what measures are in place to ensure they are able to carry out that particular role safely? If you do not accept that this occurred or cannot comment on this directly, what general measures if any are in place to ensure staff members who do not usually work as correctional officers carry out the task of monitoring those who have been moved to the SHU following a suicide attempt in a safe manner? [page 3, [redacted] **Report, dated 22 August 2019**]

vii. In a news article, it is said that the BOP had tried to address staffing shortages "in part by using a practice called augmentation to temporarily assign employees who [redacted] corrections officers to staff posts intended for detention guards". Do you accept that this occurred at the MCC? If so, is this practice still in place and what general measures if any are in place to ensure staff members who do not usually work as correctional officers are able to safely carry out the work of correctional officers, (for example do they receive special training on security or monitoring prisoners considered to be a suicide risk). [CNN Politics Website, **"Union and lawmakers have long warned of 'dire' federal prison staffing shortages", 14 August 2019**]

viii. Ms [redacted], as well as a number of news reports, state that of the two staff members assigned to monitor Mr Epstein, one of them (the corrections officer) had been working overtime and the other staff member was in the midst of an 80 hour week. Do you agree that many of the correctional officers at the MCC are required to work 60 – 70 hour weeks and if so what measures, if any, are in place to ensure that the prison is still run safely and suicidal prisoners are properly monitored? [page 3, [redacted] **Report, dated 22 August 2019**]

ix. Ms [redacted] further states that the MCC is currently operating with less than 70% of the needed correctional officers. Do you accept that the MCC is operating with less than 70% of the needed correctional officers and if not, how would you describe the current staffing levels? If you agree that the MCC is 70% staffed, what measures, if any, are in place to ensure that the prison is still run safely and suicidal prisoners are properly monitored? [page 3, [redacted] **Report, dated 22 August 2019**].

x. Ms [redacted] states that the MCC was designed to house 474 inmates but that on the day of Mr Epstein's death its population was 763. Do you agree with those figures, and if so is the prison able to safely house that sized population, and what measures, if any, are in place to deal with a prison population of that size and ensure the conditions they are housed in remain humane? [page 14, [redacted] **Report, dated 22 August 2019**].

xi. Ms [redacted] states the following with regards to the sanitation conditions at MCC:

> "Three current MCC Staff Members very recently described to me the current sanitation conditions at the facility. One stated, "The facility is so disgusting it's like a prison in a third-world country. Cleaning supplies are not issued on a regular basis." The individual further advised, "Pest Control is horrible and ineffective, rats, mice and bugs are everywhere." Another Correctional Officer told me, "There are mice and bugs everywhere including inmates' cells." This information is consistent with my Court testimony on July 3, 2019, and my assessment in Paragraph 20 of my Declaration in the case of Mr. Motiwala. Further, it corroborates the many news reports, regarding the "rodent-infested MCC."

Do you have any comment to make on those observations? [page 15, [redacted] **Report, dated 22 August 2019**].

xii. Ms [redacted] further states:

> "On a different, yet equally concerning topic, an MCC Correctional Officer advised me this past week, that there is blatant racial discord within the institution, especially amongst Correctional Officers. I did not witness this when I was Warden at MCC, and my contact advises it began a short time following my departure."

Do you have any comment to make on those observations? [page 15, [redacted] **Report, dated 22 August 2019**].

xiii. One news article referred to the fact that there was only one psychiatrist shared between the MCC and the other federal prison in New York, and a "handful of psychologists on the staff". It further states that conversations between psychologists and individuals on suicide watch occur "through a slot in the door" rather than in person. Is it still the case that there is a single psychiatrist shared between the MCC and the MDC? Do you agree with the characterisation that there are a handful of psychologists and consultations are carried out through a slot in the door? Have any changes or improvements been made to psychiatric and psychological care provision and staffing in the wake of the death of Mr Epstein or are any planned in the near future? Do you have any comment to make on the observations made generally? [News article "Jeffrey Epstein jail 'a gulag' in lower Manhattan", 12 August 2019]

Our response is due to the UK September 16.

Thank you so much,

Thanks!

I'll let the Lt.s' know to move him.

Can you not just move him to another cell? He will not have lunch in Attorney Conference. He will go back to his cell to eat. He knows this.

He also complained that he is in Attorney Conference from about 8 AM to about 8 PM each day and he said yesterday he only received one meal, a sandwich at about 4:15 PM. He said he should be getting lunch and dinner.
Also additional information on the toilet that reportedly flushed for 45 minutes. He stated to avoid the toilet from doing that again because he stated he found it so aversive and disorienting, he has been urinating in a cup. I already sent an e-mail to Mr. Nobile about the toilet

[redacted],

Inmate Epstein seems psychologically stable.

He complained that his right arm was numb and hanging earlier. Nurse Columbo saw him.

He again said his right arm still feels somewhat numb and he said he cannot make a fist with that hand. He also said he has numbness on his neck. I informed Nurse Columbo.

He stated the toilet in his cell was running for 45 minutes last night and he could not take the noise. He is going to try the toilet before going to legal today and if it does not shut off, he will be moved to another cell.

Thanks,

Psych Reconst - Epstein #76318-054.docx

**PSYCHOLOGICAL RECONSTRUCTION OF INMATE DEATH**

This is an interim report, due to an inability to gather all necessary data. Formal interviews were not conducted as a part of this reconstruction to avoid interference with pending investigations by other Department of Justice components. A copy of the video is normally made by Special Investigative Staff following a significant incident, but there was no such video in this case since the original video was confiscated by the Federal Bureau of Investigation (FBI) prior to the beginning of this reconstruction. The absence of these two sources of information severely limited the ability to establish accurate timelines, confirm subjective reports, establish converging and diverging lines of facts, or discover new areas of inquiry. As a result, information typically gathered, reviewed and consolidated during a reconstruction to support actionable findings and recommendations is limited.

| | |
|---|---|
| Name: | Jeffrey Epstein |
| Register Number: | 76318-054 |
| Date of Death: | 08-10-2019 |
| Prepared by: | [redacted], National Suicide Prevention Coordinator, Psychology Services Branch, Central Office |

**BACKGROUND INFORMATION**

Mr. Jeffrey Epstein was a 66-year-old, White male who died on August 10, 2019, while housed at the Metropolitan Correctional Complex (MCC), in New York, New York. [redacted] C. Wills, former Acting Assistant Director, Reentry Services Division, appointed a team to conduct a psychological reconstruction. The team consisted of [redacted], Sex Offender Treatment Programs Coordinator, Central Office; Dia Boutwell, Mental Health Treatment Coordinator, Central Office; and [redacted], Correctional Services Administrator, Northeast Regional Office. This reconstruction was established in accordance with Bureau of Prisons' (BOP) Program Statement 5324.08, Suicide Prevention Program.

**Social History:** Mr. Epstein did not have a Pre-Sentence Report (PSR) available at the time of the reconstruction; therefore, no official information regarding social history was accessible.
The following was gathered from publicly available documents. Mr. Epstein was born in 1953 and grew up in a middle-class family in the neighborhood of Sea Gate on Coney Island, Brooklyn, New York, with one brother. After early promotion in two grades, Mr. Epstein graduated from Lafayette High School in 1969, at the age of 16. He attended Cooper Union and New York University but did not graduate from either. Mr. Epstein taught at the Dalton School, a private school on the Upper East Side of Manhattan from September 1974 until he was

EFTA00042765

dismissed in June 1976 for inadequate development as a teacher. Following that, he held a number of positions in the financial industry to include a position as a limited partner at Bear Stearns until he was dismissed for unknown policy violations in 1981. He also worked as a financial consultant and founded at least two separate companies.

Mr. Epstein had two significant periods of employment. The first of these was his position as a consultant with Steven Jude Hoffenberg in the late 1980s. Mr. Hoffenberg was described as his first mentor. Mr. Hoffenberg was later convicted and incarcerated for running a large Ponzi scheme. He implicated Mr. Epstein in fraudulently diverting company funds for his own personal use. Years later, Leslie Wexner, Mr. Epstein's sole client at J. Epstein and Company, granted him power of attorney over his affairs. Despite also being identified as Mr. Wexner's mentee, Mr. Epstein was again accused of misappropriating funds-more than 46 million dollars. These large sums are believed to be the seed money Mr. Epstein used to establish his considerable fortune. These events are indicative of Mr. Epstein's highly-regarded intelligence and charismatic personality.

**Legal History:** Mr. Epstein had a history of adult criminal charges and convictions. In June 2008, he entered into a non-prosecution agreement and pleaded guilty to one count Solicitation of Prostitution and one count Procuring a Person Under the Age of 18 for Prostitution in the state of Florida. He was sentenced to 30 months: 18 months of incarceration and 12 months of probation. He was also mandated to register as a sex offender under the National Sex Offender Registration and Notification Act. Mr. Epstein served 13 of his 18-month incarceration and then successfully completed 12 months of probation. It is unclear whether he followed the sex offender registration guidelines in each place he owned a residence.

In regard to pending charges, Mr. Epstein was formally charged with Sex Trafficking Conspiracy in violation of 18 U.S.C. § 371 and Sex Trafficking in violation of 18 U.S.C. § 1591(a), (b) (2), 2 on July 2, 2019. Specifically, he was accused of sexually exploiting and abusing minor females over the course of several years. Charging documents allege Mr. Epstein enticed and recruited minor females to engage in sexual activity. The minor females were reportedly compensated with cash following the sexual encounters and some were encouraged to find other minor females to accompany them to Mr. Epstein's residences in New York or Florida. He pleaded not guilty to these charges and was in pretrial status at the time of his death.

In a 37-page Decision & Order Remanding the Defendant, signed by Judge [redacted] M. Berman on July 18, 2019, 18 pages were dedicated to detailing the danger Mr. Epstein posed to others and the community. The document also alleged he was a flight risk. As a result, Mr. Epstein's proposed bail package was determined to be inadequate. He was denied pretrial release and held on remand.

EFTA00042766

**Institutional History:** On July 6, 2019, Mr. Epstein was arrested at Teterboro Airport in New Jersey upon his return from Paris, France. It is unknown whether he was anticipating this arrest. He was transported to MCC New York and keyed into SENTRY at 9:24 p.m. that evening. Mr. Epstein was placed in a general population housing unit for approximately 22 hours. On July 7, 2019, at approximately 7:20 p.m. he was moved to the Special Housing Unit (SHU) pending reclassification due to the significant increase in media coverage and awareness of his notoriety among the inmate population.

With regard to his adjustment to a correctional setting, Mr. Epstein received one incident report while in BOP custody for Self-Mutilation on July 23, 2019. As of August 15, 2019, the incident report had been expunged though it is unclear why it had been expunged and whether Mr. Epstein knew this. Also, a review of financial transactions associated with Mr. Epstein's prison account revealed one of his attorneys was depositing funds into his cellmate's (inmate Reyes) commissary account for unknown reasons.

**HEALTH CARE AND PERSONALITY DESCRIPTION**

BOP Electronic Medical Records (BEMR) indicate Mr. Epstein was diagnosed with hyperlipidemia, sleep apnea, hypertension, constipation, prediabetes, neuralgia, and neuritis unspecified. He was prescribed the following mediations: docusate sodium, milk of magnesia, omega 3, methylprednisone, and bisacodyl. Mr. Epstein was also prescribed insulin, and the prescription required him to go to the institution pharmacy for administration of this medication. However, the dates for which it was prescribed have a notation indicating "dose not indicated," thus it does not appear insulin was routinely medically necessary. The rest of the medications prescribed were self-carry. He also had a continuous positive airway pressure (CPAP) machine which is typically used to treat sleep apnea. Mr. Epstein was provided with his personal CPAP machine on July 30, 2019, per BEMR.

In regard to mental health history and treatment, there are no known available records. Any records that may have been maintained relating to Mr. Epstein's incarceration in Florida were not available for review as of the date of this report. With regard to Psychology Data System records in BEMR (PDS-BEMR), Dr. Kari Schlessinger, Forensic Psychologist at MCC New York completed a routine Intake Screening on July 8, 2019. During this screening, Mr. Epstein denied any history of mental health problems, substance abuse, and treatment. No symptoms of mental illness were observed. He was classified as Mental Health Care Level 1 and was not diagnosed with a mental illness.

Following a consultation with [redacted], National Suicide Prevention Coordinator on July 8, 2019, Dr. [redacted], Chief Psychologist at MCC New York determined Mr. Epstein should be pre-emptively evaluated for suicide risk upon his return from court. Primary consideration was given to his various risk factors for suicide such as his high profile case and media attention, pending sex offense charges, pre-trial status, and an ongoing court proceeding. Mr. Epstein returned from court on July 8, 2019, after normal business hours. He denied suicidal

EFTA00042767

thoughts at that time, but due to the potential for other risk factors listed above, the on-call psychologist placed Mr. Epstein on Psychological Observation in one of the suicide watch cells until he could be assessed in person by a BOP psychologist. Psychological Observation is a form of individual monitoring that is less restrictive than Suicide Watch. It is used for inmates who are stabilizing and not yet prepared for placement in general population or restrictive housing. It is often used to transition inmates off of Suicide Watch in order to monitor their transition and safety after an acute suicidal crisis. On July 9, 2019, Mr. Epstein underwent a formal, in-person suicide risk assessment with [redacted]. She determined that, while suicide watch was not warranted at that time, Mr. Epstein should remain on Psychological Observation status out of an abundance of caution. He was removed from Psychological Observation on July 10, 2019.

On July 23, 2019, [redacted], the on-call psychologist was notified Mr. Epstein had been found in his cell with a piece of orange cloth around his neck. Reportedly, he was observed lying in the fetal position on the floor with a noose around his neck. Medical staff evaluated Mr. Epstein and found friction marks and superficial reddening of the neck skin and one knee. He was placed on suicide watch by the Operations Lieutenant at approximately 1:40 a.m. pending a formal in- person suicide risk assessment. Dr. [redacted], Staff Psychologist at MCC New York, assessed Mr. Epstein for risk of suicide later in the morning of July 23, 2019, and determined he should remain on suicide watch. Mr. Epstein denied any knowledge of how he received marks on his neck and initially informed staff he believed his cellmate,Nicholas Tartaglione, had attempted to kill him. Special Investigative Services (SIS) staff opened an investigation to assess Mr. Epstein's safety and collect facts surrounding the episode. Despite this investigation, staff was unable to determine whether he was assaulted or engaged in self-directed violence.
Mr. Epstein was removed from suicide watch on July 24, 2019, after 31 hours and 5 minutes. Thereafter, he remained in the suicide watch cell and was placed on Psychological Observation, where he remained housed until July 30, 2019, according to PDS-BEMR records. A discrepancy exists regarding when he was removed from Psychological Observation. His cell assignment, per SENTRY, indicates he was transferred back to the Special Housing Unit (SHU) on July 29, 2019, whereas PDS-BEMR indicates he was removed from Psychological Observation on July 30, 2019, at approximately 8:15 a.m.

Mr. Epstein attended a court hearing on July 31, 2019, and, upon his return, the United States Marshals Service (USMS) provided paperwork to Receiving and Discharge (R&D) staff that noted "suicidal tendencies." Dr. Imeri was notified on August 1, 2019, about this paperwork. She consulted with [redacted] and then met with Mr. Epstein to conduct a suicide risk assessment. She determined suicide watch was not warranted at that time.

Mr. Epstein remained classified as a Mental Health Care Level 1 throughout his time at MCC New York. During his contacts with psychologists, Mr. Epstein routinely denied current mental health symptoms to include suicidal ideation, and he did not exhibit symptoms of a serious mental illness. However, there was evidence Mr. Epstein was experiencing challenges

EFTA00042768

adjusting to his environment and changes in his lifestyle. He reported frequent complaints of difficulty sleeping. He did not have access to his CPAP machine until it was reportedly provided to him on July 30, 2019. Mr. Epstein also reported he was bothered by noise in the SHU. At times, he noted concerns related to his safety in SHU or on a general population housing unit.
On two occasions, July 26, 2019, and July 27, 2019, he described himself as a coward and as someone who does not like pain. On July 28, 2019, he told Dr. Imeri the toilet in his cell would not stop flushing for an extended period of time, and he then took to sitting in the comer with his hands over his ears. Mr. Epstein indicated he was agitated following this incident and was unable to sleep that night.

**ANTECEDENT CIRCUMSTANCES**

Mr. Epstein entered BOP custody on July 6, 2019, with a history of convictions for sexual offenses and allegations comprised of more serious charges. The current indictment alleged sexual crimes against minors, and he was facing up to 45 years in prison. On July 18, 2019, Mr. Epstein's request for bail and pretrial release was denied.

On July 23, 2019, Mr. Epstein was found unresponsive in his cell. The motivation and context were never fully determined. After 31 hours and 5 minutes on Suicide Watch, he was then placed on Psychological Observation. On July 30, 2019, Mr. Epstein was removed from Psychological Observation. Dr. Imeri sent an e-mail reporting Mr. Epstein had been removed from Psychological Observation and needed to be housed with an appropriate cellmate. This e-mail was sent to 71 MCC New York staff and, as of August 13, 2019, only 27 staff members had opened the message.

On August 9, 2019, a federal court unsealed approximately 2,000 pages of documents into the public domain. These included graphic allegations against Mr. Epstein. Included was a book order receipt for titles such as *SM 101: A Realistic Introduction; SlaveCraft: Roadmaps for Erotic Servitude;* and *Training with Miss Abernathy: A Workbook for Erotic Slaves and Their Owners.* Additional high profile public figures were also named in the released documents. The documents were part of a defamation lawsuit filed by [redacted], a woman who alleged Mr. Epstein had victimized her, against a British socialite, Ghislaine Maxwell, who was Mr. Epstein's ex-girlfriend, associate, and alleged to have assisted with his criminal activities.
According to staff report, Mr. Epstein was afforded telephone calls on two different days although it is unknown whether they were legal or social calls. No recording of the calls exist and it is not known with whom he was speaking. One occurred on or around July 16, 2019, and the other on August 9, 2019. Legal calls are not monitored, and would not be recorded. A social call would be recorded; given the limited information known about Mr. Epstein, knowledge of the content of any social calls would have been crucial to helping staff work with him.

Following his final telephone call on the evening of August 9, 2019, Mr. Epstein was moved into his SHU cell. He was single-celled at that time because his cellmate (Efrain Reyes #85993-054)

EFTA00042769

did not return from court. The need for a cellmate was communicated between Day Watch (DW) and Evening Watch (EW) shifts in the SHU, but no cellmate was placed with him by the EW staff. According to a memorandum from [redacted], SHU staff were informed at approximately 1:50 p.m. that Mr. Epstein's cellmate would likely not return from court. Furthermore, [redacted] noted Mr. Epstein would need a cellmate upon arrival from his attorney visit.

A review of the 30-minute rounds forms indicate unit rounds were completed for the entire MW shift on August 10, 2019. However, a memorandum from Lieutenant Stanley Jean indicates Officer [redacted] and Material Handler Supervisor [redacted] made a statement after Mr. Epstein's death that they did not complete proper 30-minute rounds at 3:00 a.m. or 5:00 a.m.

**DESCRIPTION OF SCENE**

A detailed description of the scene was unavailable because the officers who discovered Mr. Epstein did not write memorandums and could not be interviewed. According to the Report of lncident, on August 10, 2019, at approximately 6:33 a.m., while serving the breakfast meal in the SHU, Range 9 South, Mr. Epstein was found unresponsive in his cell. Staff reportedly called for medical assistance, activated the body alarm, and began life-saving measures. Arriving staff stated they brought an automated external defibrillator (AED) and stretcher. Cardiopulmonary resuscitation (CPR) reportedly continued while the AED was placed on Mr. Epstein. The AED reportedly indicated no shock advised and CPR was continued. Mr. Epstein was escorted to Health Services at approximately 6:39 a.m., and Emergency Medical Services (EMS) arrived at 6:43 a.m. He was transported to the local hospital at approximately 7:10 a.m. Mr. Epstein was pronounced deceased at 7:36 am. It was not possible to confirm this timeline without viewing video footage.

**CONCLUSIONS/RECOMMENDATIONS**

A general appreciation of risk factors for suicide specific to sex offenders is necessary when reviewing Mr. Epstein's death. These factors, as well as more general risk factors for suicide, were likely present. There are several common factors that increase risk for suicide in individuals with a history of a sexual offense. These include stigma due to the nature of sexually-based crimes (both within society and the prison system), a disruption of the ability to utilize sex as a coping mechanism (which can lead to increased levels of distress and negative affect), and grief about loss experienced in regards to arrest. This grief may be secondary to the loss of former lifestyle, loss of physical items or collections related to sexual offenses, and/or the loss of perceived relationships with victims. Other factors that may increase risk for suicide among individuals accused of a sex offense include safety concerns, potentially long sentences, and lack of skills necessary to navigate social relationships in prison.

Mr. Epstein was a high-profile, pretrial detainee awaiting trial on sex trafficking offenses. He had been a successful, wealthy businessman with a number of high-profile acquaintances that he accumulated through a combination of charisma, charm, and intelligence. Despite his many associates, he had limited significant or deep interpersonal ties. Although Mr. Epstein appeared

EFTA00042770

to cultivate a large social and professional network, he was estranged from his only brother. Indeed, his identity appeared to be based on his wealth, power, and association with other high- profile individuals. Approximately two-and-a-half weeks before his death, Mr. Epstein appeared to attempt suicide, but ultimately denied it was a suicide attempt. He was convincing in his denial. On that occasion, he was saved because his cellmate notified BOP staff. In the weeks before his death, he made statements that he was "a coward" and was having difficulty adapting to his diminished circumstances. He also frequently referenced poor sleep and an inability to tolerate the noise of prison. On the day before his death, a number of documents in his case were unsealed, further eroding his previously-enjoyed elevated status and potentially implicating some of his associates. The lack of significant interpersonal connections, a complete loss of his status in both the community and among associates, and the idea of potentially spending his life in prison were likely factors contributing to Mr. Epstein's suicide.

The following recommendations concern institution operations: **Corr Svc/ Psych**

1. Single Celling: It is recommended that all inmates be double-celled unless safety concerns or an odd number of inmates precludes this. Priority should be given to inmates with a history of mental illness, self-directed violence, recent stressors (e.g., losses, newly sentenced, etc.)

   It is recommended that a system of control be implemented explaining who will be notified when a Suicide Watch or Psychological Observation ends and how that communication will take place. Because this is a life safety issue, the system of control, once approved by the warden, should be reviewed in formal meetings such as staff recalls, department head meetings, and lieutenants meetings.

**Exec/IDO**

2. Rounds: 30-minute rounds are required by P5500.14, Correctional Services Procedures Manual.

**Corr Svc / Legal**

3. Cellmate Assignments: When Mr. Epstein was placed in SHU on July 7, 2019, Executive Staff decided Mr. Tartaglione would be his cellmate. As explained by [redacted], input was not sought from Psychology Services and it is not clear if or how sex offender-specific needs and associated risk were incorporated into the housing plan. Mr. Tartaglione was also a high profile inmate-an ex-police officer charged in multiple murders. However, he and Mr. Epstein did not share the risk associated with being a sex offender and their pairing may have aggravated Mr. Epstein's risk for self-directed violence. In an effort to treat Mr. Epstein the same as other inmates, a statement repeated by multiple staff, Executive Staff may have inadvertently overlooked the need to consider unique risk factors associated with individuals who have been charged with and convicted of a sex offense. On July 25, 2019, [redacted] sent an e-mail to [redacted] explaining a consultation between [redacted] and

EFTA00042771

[redacted], National Suicide Prevention Coordinator. In the e-mail, [redacted]

**Legal**

reviewed the consult and recommendation from the Psychology Services Branch, Central Office that Mr. Epstein be housed with another inmate who had also been accused of committing a sex offense. There is no evidence this information was considered beyond this e-mail, and Mr. Epstein was never housed with another inmate charged or convicted of a sexual offense.

**Exec Staff**

It is recommended Executive Staff and Correctional Services staff include a psychologist in decisions about cellmates as a means of incorporating expertise about suicide risk, mental health needs, and interventions for psychological stability.

**Psyc Svc**

4. Documentation Accuracy: On July 23, 2019, Mr. Epstein was found unresponsive in his cell. He had abrasions on his neck and knee. There are inconsistencies between documents describing the circumstances of the scene. In a General Administrative Note in PDS-BEMR, [redacted] documented information received from [redacted] that Mr. Epstein, "was found with a string loosely hanging around his neck." In contrast, [redacted], who responded to this emergency, wrote a memorandum dated July 23, 2019. In that memorandum, Officer Silva wrote he saw Mr. Epstein "laying down near his bunk with what appeared to be a piece of handmade orange cloth around his neck." It is critical that all descriptions of the incident accurately reflect objective evidence.

   [redacted] wrote Mr. Epstein an incident report for Self-Mutilation on July 23, 2019, after he was found unresponsive in his cell but prior to having the necessary facts to determine whether he likely engaged in a Bureau violation. BOP policy expects staff to write an incident report within 24 hours of having the information that an inmate likely violated BOP rules but without making a presumptive decision about guilt. A Special Investigative Services Threat Assessment was completed August 2, 2019, but results were inconclusive as to whether Mr. Epstein engaged in self-directed violence, willingly fought with his cellmate, or was assaulted by his cellmate. It is recommended that staff remain open to all reasonable explanations for a behavior and take the appropriate actions when a final determination is made. Although the incident report was later expunged, inmates frequently experience significant stress when they contemplate the potential consequences associated with findings of guilt.

   Dr. Schlessinger entered a Psychology Services Intake Screening into PDS-BEMR on July 8, 2010. The document has three typographical errors. She selected the No Sexual Offense Convictions check box when, in fact, Mr. Epstein was previously convicted of S9licitation of Prostitution and Procuring a Person Under the Age of 18 for Prostitution. Second, Mr. Epstein was erroneously identified as a Black male in this document. Finally, there is one instance where he was mistakenly referred to as Mr. [redacted].

EFTA00042772

Dr. Schlessinger completed a Risk of Sexual Abusiveness document on July 8, 2019. She marked "History of prior prison sexual predation" in the affirmative. This is not accurate.

Ysmael Joaquin, Mid-Level Practitioner, completed a History and Physical on July 9, 2019. An Intake Screening should have been conducted within 24 hours of his entry into Bureau custody which was on July 6, 2019, according to P6031.04, Patient Care.

**Psyc**

[redacted] was responsible for observing Mr. Epstein and documenting his behavior while on suicide watch on July 23, 2019. Officer [redacted] mistakenly used a Suicide Watch Log Book intended for inmate companion documentation between 1:40 a.m. and 6:00 a.m. on July 23, 2019, when he should have been using the Staff Suicide Watch Log Book. Ms. [redacted], Drug Treatment Specialist, reportedly noticed this error and subsequently hand copied all of Officer [redacted]' entries from 1:40 a.m. to 6:00 a.m. into a Staff Suicide Watch Log Book. She then initialed these entries, and this makes it appear as if she was the one conducting the watch. This information was discovered and conveyed in an e-mail from Ms. [redacted] to Dr. Schlessinger with a carbon copy to [redacted] on August 12, 2019. Of note, Ms. [redacted] did not make an entry explaining why she was making the log book changes. Additionally, Ms. [redacted] then wrote entries for 6:15, 6:30, 6:45 and 7:00 a.m. in the Staff Suicide Watch Log Book. These were not a part of the original entries made by Officer [redacted] nor was Ms. [redacted] assigned to work the Suicide Watch post. Due to the inability to interview staff at this time, it is unknown why Ms. [redacted] attempted to correct Officer [redacted]' error, or made any of the subsequent log entries. It is recommended that if a staff member makes an entry error (e.g., writes in the incorrect suicide watch log book), the staff member should describe the error in the correct log book, to include indicating when they became aware of the error. The staff member should then notify the Chief Psychologist.

**Corr Svc**

A review of Special Housing Unit Records (BP-A0292) revealed a number of incomplete entries. This document is used to monitor provision and receipt of basic services such as recreation, medical rounds, showers, meal consumption, etc. The Officer in Charge signature is missing on 10 occasions and a medical provider's signature is missing in seven instances. There are six instances in which it is not clear if Mr. Epstein ate his meal. There are nine instances in which it is not clear if Mr. Epstein took a shower.
There are ten instances in which it is not clear if Mr. Epstein was offered recreation. P5500.15, Correctional Services Manual requires accurate and complete information on the BP-A0292.

A review of Psychology Observation Log Books revealed significant discrepancies from the approved Psychological Observation Procedural Memorandum, dated April 15, 2019. A Correctional Officer is required to complete hourly rounds and sign the log book; 179

EFTA00042773

out of 183 round signatures were missing. The lieutenant is required to sign the log book one time per shift and signatures were missing in 10 of 23 instances. A Physician Assistant is required to sign one time per shift and 16 of 16 instances were missing. It is recommended that a further review of Psychological Observation procedures be conducted.

**AW Edge**

5. Telephone Calls: In a PDS-BEMR note written by [redacted] on July 16, 2019, she was informed by an unnamed staff member that a lieutenant facilitated two telephone calls for Mr. Epstein. It is unknown when and to whom these calls were placed and no evidence that they took place on a monitored telephone.

   According to a memorandum from Unit Manager Nathaniel Bullock on August 10, 2019, Mr. Epstein terminated his legal visit early on August 9, 2019, in order to place a telephone call to his family. Mr. Bullock (who was the Institutional Duty Officer that week) escorted Mr. Epstein to SHU around 7:00 p.m. that evening and he was placed in the shower area on G tier. While there, he was provided the telephone to make a call.
   Since Mr. Epstein reportedly did not have his PAC or PIN number, which is required to use the inmate telephone system, the Unit Manager placed the call, dialing a number that reportedly began with area code 347. Mr. Epstein told Mr. Bullock he was calling his mother who, according to public records, has been deceased since 2004.

   It is recommended that all telephone calls, other than legal calls, be made on monitored lines to be available for post-call review or on a speaker phone so staff can monitor what is discussed.

6. Direct Observation: Mr. Epstein was on suicide watch from July 23, 2019, until July 24, 2019. While on suicide watch on July 23, 2019, Mr. Epstein attended an attorney visit from approximately 12:40 p.m. until 7:15 p.m. During this time, he was without "direct, continuous observation" by a dedicated BOP staff member as required by P5324.08. While on Psychological Observation, he attended attorney visits on July 24, 2019, for 11.25 hours; on July 25, 2019, for 11.25 hours; on July 26, 2019, for 9.25 hours; on July 27, 2019, for 11.33 hours; on July 28, 2019, for 10.5 hours; and on July 29, 2019, for 8 hours. On July 30, 2019, Psychology Observation was terminated. During these visits, continuous observation by a dedicated BOP staff member was not maintained as required by MCC New York's Procedural Memorandum for Psychological Observation.

7. Follow-Up: Mr. Epstein arrived at MCC New York on Saturday, July 6, 2019. While conducting the 10:00 p.m. institution count that evening, Elba Torres, Facilities Assistant reported she observed Mr. Epstein in his cell. In an e-mail she sent to [redacted] and [redacted] later that evening, she described Mr. Epstein as "distraught, sad and a little confused." She said she then asked Mr. Epstein if he was

EFTA00042774

**Psyc Svc**

okay, and he reportedly said he was. However, Ms. [redacted] noted in her e-mail she was not convinced of this, adding, "He seems dazed and withdrawn." She went on to say, "So just to be on the safe side and prevent any suicidal thoughts can someone from Psychology come and talk with him." Despite the fact that Lieutenant Medina opened the e-mail there is no evidence that he contacted the on-call psychologist as is required by P5324.08, Suicide Prevention Program. Additionally, if Ms. Torres was concerned about suicide risk, P5324.08, Suicide Prevention Program, requires her to maintain direct, continuous observation of Mr. Epstein. When [redacted] opened the e-mail the following Monday morning, Mr. Epstein was evaluated by Dr. Schlessinger at approximately 9:30 a.m.

**Psyc Svc**

Mr. Epstein was denied bail on Thursday, July 18, 2019. This was a significant disappointment for Mr. Epstein and likely challenged his ability and willingness to adapt to incarceration. Given the potential impact of the judge's decision, a psychologist should have assessed Mr. Epstein's mental status upon his return to the institution. The BOP developed a SENTRY assignment of PSY ALERT for purposes such as this.
Specifically PSY ALERT is used "to ensure, if movement occurs, that all staff consider the special psychological and management-related risks associated with the inmate." Furthermore, P5324.07, SENTRY Psychology Alert Function states, "When a decision to move [any PSY ALERT] inmate occurs, any special psychological needs of the inmate are reviewed and considered by Psychology Services staff [and] any safety and security concerns are highlighted for non-Psychology Services staff." Psychologists should use the PSY ALERT assignment more frequently with high profile cases and with inmates who have a history or charge of sex offense. Both of these groups of inmates are susceptible to exaggerated or unrealistic fears about correctional settings and experience stress associated during movement and periods of transition (e.g., cell/unit changes, movement to and from court, institutional movement, and release of information through the media).

**PP-63 Func**

Mr. Epstein was reportedly in court on July 31, 2019. It is unknown what time he departed or returned to MCC New York because this information was not entered in SENTRY. Regardless, upon his return, the United States Marshals Service (USMS) provided R&D staff with a Prisoner Custody Alert Notice regarding Mr. Epstein. The notice indicated Mr. Epstein had "MTL Mental Concerns Suicidal Tendencies." The USMS requested R&D staff sign the form, and they then departed with the signed copy. On August 1, 2019, at 8:46 a.m., Dr. Imeri sent [redacted] an e-mail reporting she had just become aware of the above information. In the absence of additional information about this notation, this should have been considered a referral to Psychology Services about a potentially suicidal inmate and procedures should have been followed as outlined in P5324.08, Suicide Prevention Program. Specifically, when a staff member becomes aware an inmate may be thinking about suicide during normal working hours, that staff member must contact Psychology Services and maintain the inmate under direct,continuous observation until he is placed on Suicide Watch

EFTA00042775

or seen by a psychologist. There is no evidence Mr. Epstein was monitored under these conditions from the time he returned from court until he was seen by Dr. Imeri for a suicide risk assessment on August 1, 2019, at approximately 1:30 p.m.

8. Inmate Accountability and Assignment Accuracy: According to a SENTRY quarters roster generated on August 10, 2019, at 12:51 a.m., there were three inmates assigned to Mr. Epstein's SHU cell, Z04-206LAD, including him, at the time of his death. However, his SHU cell was only a double occupancy cell. Inmate Patrick Avila (#86710-054), inmate Gregory Ferrer (#79793-054), and Mr. Epstein were all assigned to the same cell. On August 13, 2019, at 12:06 p.m. and 12:08 p.m., a quarters history roster was generated for inmate Avila and Ferrer, respectively. Inmate Avila's cell assignment was Z04-206LAD from August 5, 2019, until August 11, 2019, when he was moved to cell Z04-212UAD. Inmate Ferrer's cell assignment was Z04-206UAD from August 1, 2019, until August 11, 2019, when he was moved to cell Z04-207LAD. A quarters history roster was generated for Mr. Epstein on August 13, 2019, at 9:07 a.m. His cell assignment was Z04-206LAD from July 29, 2019, until August 10, 2019.

On Monday, August 12, 2019, photographs ofnametags on SHU cell doors and SHU locator forms were sent to the Correctional Service Department in the Northeast Region. The SHU locator form is dated August 9, 2019. It shows inmate Ferrer in cell 207L (SENTRY states he was moved to this cell on August 11, 2019), inmate Avila in cell 212U (SENTRY states he was moved to this cell on August 11, 2019), inmate Epstein in cell 220L (SENTRY never shows him in this cell) along with inmate Reyes (#85993- 054). The locator shows inmate Copper (#92299-054) and inmate Dockery (#60685-050) in cell 206. The photo sheets show the cell being 220 with inmates Epstein and Reyes' identification cards on the door. Inmate Reyes, Efrain, Reg. No. 85993-054 was in cell Z06-220U from August 5, 2019 to August 9, 2019.

**Psyc Svc**

MCC New York has four suicide watch cells and each is for single occupancy use. The suicide watch cells are located in Health Services. Each cell is abbreviated with the unit code HO1 in SENTRY followed by the four-digit cell number. The doors are identified by a painted number from one to four. Two reviews were conducted. The first revealed Mr. Epstein was in H0l-00lL according to SENTRY but the Suicide Watch Log Books indicate he was in cell 4. A second review was conducted on August 13, 2019, while there were four inmates on in these cells. SENTRY showed two inmates assigned to HOl-00lL, one assigned to H01-002L, and the fourth inmate assigned to a general population housing unit. Through physical observation of the dedicated suicide watch cells there were four H0l cells, however a review of the BOPWARE Inmate Housing Format, only shows three cells.

9. Attorney Log Books: Four log books were not secured following Mr. Epstein's death. Specifically, three Attorney Log Books located in the Attorney Visiting and Front Lobby areas and an Inmate Search Log Book located in the Attorney Visiting area were not secured. All four books were still in use at the outset of the reconstruction and after the reconstruction team advised staff to secure them. P5324.08 states, "In the event of a suicide, institution staff, particularly Correctional Services staff, and other law enforcement personnel, will handle the site with the same level of protection as any crime scene in which a death has occurred." This policy further states, "All possible evidence and documentation will be preserved to provide data and support for subsequent investigators doing a psychological reconstruction."

   Further, a review of the attorney log books identified many errors and signify a systemic concern. For example, there were two concurrently open attorney log books in the Attorney Visiting area. Further, the different purposes of the two attorney log books, one in the Attorney Visit area and one in the Front Lobby, could not be explained. BOP staff were unable to articulate a system of control for the log books, and during the reconstruction, some of the log books could not be accounted for. Within the log books, entries were made out of chronological order, attorneys did not consistently sign in and out, significant information was illegible or missing, columns were not consistently labeled, log book opening and closing dates were inconsistent, and the cover had been tom off of several books. At the current time, these log books are not functioning as an adequate system of control and monitoring.

10. Automatic External Defibrillators: A review of available AEDs in the institution revealed that the list used for accountability and inspection purposes was inaccurate and incomplete.

11. Post Orders & SHU Training: SHU Post Orders Sign-In Sheets were reviewed for the 3rd Quarter, spanning June 9, 2019, to September 7, 2019. Officer L. Grey failed to sign post orders for SHU #3 post.

    Quarterly SHU Training Sign-In Sheets were reviewed. The 2019 3rd Quarter SHU Training was conducted on June 6, 2019. Three staff assigned to the 3rd Quarter SHU Roster in SHU did not attend or receive the SHU Training: Officer [redacted], [redacted], and [redacted].

**Psyc Svc**

12. Staffing: The Drug Abuse Program Coordinator positon at MCC New York was abolished during Phase I of the staff realignment during fiscal year 2018. Re-establishing

EFTA00042777

the Drug Abuse Program Coordinator position would provide the institution with an additional supervisory psychologist to provide critical clinical services.

Staffing in the Correctional Services department is relevant to the reconstruction. However, the details about this topic are provided in an After Action Review completed separately from this report.

**Psyc Svc**

13. Sex Offense Risk Factors: A broad understanding of risk factors associated with sex offenders, by staff at MCC New York, did not appear to be present in all staff but was vital to his adjustment and safety in prison. A more focused management strategy is recommended, particularly in complex and high profile cases. Supplemental training on sex-offender specific risk factors is recommended for all staff and should be provided by Executive Staff and Psychology Services.

Psych Reconst - Epstein #76318-054.docx

**PSYCHOLOGICAL RECONSTRUCTION OF INMATE DEATH**

This is an interim report, due to an inability to gather all necessary data. Formal interviews were not conducted as a part of this reconstruction to avoid interference with pending investigations by other Department of Justice components. A copy of the video is normally made by Special Investigative Staff following a significant incident, but there was no such video in this case since the original video was confiscated by the Federal Bureau of Investigation (FBI) prior to the beginning of this reconstruction. The absence of these two sources of information severely limited the ability to establish accurate timelines, confirm subjective reports, establish converging and diverging lines of facts, or discover new areas of inquiry. As a result, information typically gathered, reviewed and consolidated during a reconstruction to support actionable findings and recommendations is limited.

|---|---|
| Name: | Jeffrey Epstein |
| Register Number: | 76318-054 |
| Date of Death: | 08-10-2019 |
| Prepared by: | [redacted], National Suicide Prevention Coordinator, Psychology Services Branch, Central Office |

**BACKGROUND INFORMATION**

Mr. Jeffrey Epstein was a 66-year-old, White male who died on August 10, 2019, while housed at the Metropolitan Correctional Complex (MCC), in New York, New York. [redacted] C. Wills, former Acting Assistant Director, Reentry Services Division, appointed a team to conduct a psychological reconstruction. The team consisted of [redacted], Sex Offender Treatment Programs Coordinator, Central Office; Dia Boutwell, Mental Health Treatment Coordinator, Central Office; and [redacted], Correctional Services Administrator, Northeast Regional Office. This reconstruction was established in accordance with Bureau of Prisons' (BOP) Program Statement 5324.08, Suicide Prevention Program.

**Social History:** Mr. Epstein did not have a Pre-Sentence Report (PSR) available at the time of the reconstruction; therefore, no official information regarding social history was accessible.
The following was gathered from publicly available documents. Mr. Epstein was born in 1953 and grew up in a middle-class family in the neighborhood of Sea Gate on Coney Island, Brooklyn, New York, with one brother. After early promotion in two grades, Mr. Epstein graduated from Lafayette High School in 1969, at the age of 16. He attended Cooper Union and New York University but did not graduate from either. Mr. Epstein taught at the Dalton School, a private school on the Upper East Side of Manhattan from September 1974 until he was

EFTA00042786

dismissed in June 1976 for inadequate development as a teacher. Following that, he held a number of positions in the financial industry to include a position as a limited partner at Bear Stearns until he was dismissed for unknown policy violations in 1981. He also worked as a financial consultant and founded at least two separate companies.

Mr. Epstein had two significant periods of employment. The first of these was his position as a consultant with Steven Jude Hoffenberg in the late 1980s. Mr. Hoffenberg was described as his first mentor. Mr. Hoffenberg was later convicted and incarcerated for running a large Ponzi scheme. He implicated Mr. Epstein in fraudulently diverting company funds for his own personal use. Years later, Leslie Wexner, Mr. Epstein's sole client at J. Epstein and Company, granted him power of attorney over his affairs. Despite also being identified as Mr. Wexner's mentee, Mr. Epstein was again accused of misappropriating funds-more than 46 million dollars. These large sums are believed to be the seed money Mr. Epstein used to establish his considerable fortune. These events are indicative of Mr. Epstein's highly-regarded intelligence and charismatic personality.

**Legal History:** Mr. Epstein had a history of adult criminal charges and convictions. In June 2008, he entered into a non-prosecution agreement and pleaded guilty to one count Solicitation of Prostitution and one count Procuring a Person Under the Age of 18 for Prostitution in the state of Florida. He was sentenced to 30 months: 18 months of incarceration and 12 months of probation. He was also mandated to register as a sex offender under the National Sex Offender Registration and Notification Act. Mr. Epstein served 13 of his 18-month incarceration and then successfully completed 12 months of probation. It is unclear whether he followed the sex offender registration guidelines in each place he owned a residence.

In regard to pending charges, Mr. Epstein was formally charged with Sex Trafficking Conspiracy in violation of 18 U.S.C. § 371 and Sex Trafficking in violation of 18 U.S.C. § 1591(a), (b) (2), 2 on July 2, 2019. Specifically, he was accused of sexually exploiting and abusing minor females over the course of several years. Charging documents allege Mr. Epstein enticed and recruited minor females to engage in sexual activity. The minor females were reportedly compensated with cash following the sexual encounters and some were encouraged to find other minor females to accompany them to Mr. Epstein's residences in New York or Florida. He pleaded not guilty to these charges and was in pretrial status at the time of his death.

In a 37-page Decision & Order Remanding the Defendant, signed by Judge [redacted] M. Berman on July 18, 2019, 18 pages were dedicated to detailing the danger Mr. Epstein posed to others and the community. The document also alleged he was a flight risk. As a result, Mr. Epstein's proposed bail package was determined to be inadequate. He was denied pretrial release and held on remand.

EFTA00042787

**Institutional History:** On July 6, 2019, Mr. Epstein was arrested at Teterboro Airport in New Jersey upon his return from Paris, France. It is unknown whether he was anticipating this arrest. He was transported to MCC New York and keyed into SENTRY at 9:24 p.m. that evening. Mr. Epstein was placed in a general population housing unit for approximately 22 hours. On July 7, 2019, at approximately 7:20 p.m. he was moved to the Special Housing Unit (SHU) pending reclassification due to the significant increase in media coverage and awareness of his notoriety among the inmate population.

With regard to his adjustment to a correctional setting, Mr. Epstein received one incident report while in BOP custody for Self-Mutilation on July 23, 2019. As of August 15, 2019, the incident report had been expunged though it is unclear why it had been expunged and whether Mr. Epstein knew this. Also, a review of financial transactions associated with Mr. Epstein's prison account revealed one of his attorneys was depositing funds into his cellmate's (inmate Reyes) commissary account for unknown reasons.

**HEALTH CARE AND PERSONALITY DESCRIPTION**

BOP Electronic Medical Records (BEMR) indicate Mr. Epstein was diagnosed with hyperlipidemia, sleep apnea, hypertension, constipation, prediabetes, neuralgia, and neuritis unspecified. He was prescribed the following mediations: docusate sodium, milk of magnesia, omega 3, methylprednisone, and bisacodyl. Mr. Epstein was also prescribed insulin, and the prescription required him to go to the institution pharmacy for administration of this medication. However, the dates for which it was prescribed have a notation indicating "dose not indicated," thus it does not appear insulin was routinely medically necessary. The rest of the medications prescribed were self-carry. He also had a continuous positive airway pressure (CPAP) machine which is typically used to treat sleep apnea. Mr. Epstein was provided with his personal CPAP machine on July 30, 2019, per BEMR.

In regard to mental health history and treatment, there are no known available records. Any records that may have been maintained relating to Mr. Epstein's incarceration in Florida were not available for review as of the date of this report. With regard to Psychology Data System records in BEMR (PDS-BEMR), Dr. Kari Schlessinger, Forensic Psychologist at MCC New York completed a routine Intake Screening on July 8, 2019. During this screening, Mr. Epstein denied any history of mental health problems, substance abuse, and treatment. No symptoms of mental illness were observed. He was classified as Mental Health Care Level 1 and was not diagnosed with a mental illness.

Following a consultation with [redacted], National Suicide Prevention Coordinator on July 8, 2019, Dr. [redacted], Chief Psychologist at MCC New York determined Mr. Epstein should be pre-emptively evaluated for suicide risk upon his return from court. Primary consideration was given to his various risk factors for suicide such as his high profile case and media attention, pending sex offense charges, pre-trial status, and an ongoing court proceeding. Mr. Epstein returned from court on July 8, 2019, after normal business hours. He denied suicidal

EFTA00042788

thoughts at that time, but due to the potential for other risk factors listed above, the on-call psychologist placed Mr. Epstein on Psychological Observation in one of the suicide watch cells until he could be assessed in person by a BOP psychologist. Psychological Observation is a form of individual monitoring that is less restrictive than Suicide Watch. It is used for inmates who are stabilizing and not yet prepared for placement in general population or restrictive housing. It is often used to transition inmates off of Suicide Watch in order to monitor their transition and safety after an acute suicidal crisis. On July 9, 2019, Mr. Epstein underwent a formal, in-person suicide risk assessment with [redacted]. She determined that, while suicide watch was not warranted at that time, Mr. Epstein should remain on Psychological Observation status out of an abundance of caution. He was removed from Psychological Observation on July 10, 2019.

On July 23, 2019, [redacted], the on-call psychologist was notified Mr. Epstein had been found in his cell with a piece of orange cloth around his neck. Reportedly, he was observed lying in the fetal position on the floor with a noose around his neck. Medical staff evaluated Mr. Epstein and found friction marks and superficial reddening of the neck skin and one knee. He was placed on suicide watch by the Operations Lieutenant at approximately 1:40 a.m. pending a formal in- person suicide risk assessment. Dr. [redacted], Staff Psychologist at MCC New York, assessed Mr. Epstein for risk of suicide later in the morning of July 23, 2019, and determined he should remain on suicide watch. Mr. Epstein denied any knowledge of how he received marks on his neck and initially informed staff he believed his cellmate,Nicholas Tartaglione, had attempted to kill him. Special Investigative Services (SIS) staff opened an investigation to assess Mr. Epstein's safety and collect facts surrounding the episode. Despite this investigation, staff was unable to determine whether he was assaulted or engaged in self-directed violence.
Mr. Epstein was removed from suicide watch on July 24, 2019, after 31 hours and 5 minutes. Thereafter, he remained in the suicide watch cell and was placed on Psychological Observation, where he remained housed until July 30, 2019, according to PDS-BEMR records. A discrepancy exists regarding when he was removed from Psychological Observation. His cell assignment, per SENTRY, indicates he was transferred back to the Special Housing Unit (SHU) on July 29, 2019, whereas PDS-BEMR indicates he was removed from Psychological Observation on July 30, 2019, at approximately 8:15 a.m.

Mr. Epstein attended a court hearing on July 31, 2019, and, upon his return, the United States Marshals Service (USMS) provided paperwork to Receiving and Discharge (R&D) staff that noted "suicidal tendencies." Dr. Imeri was notified on August 1, 2019, about this paperwork. She consulted with [redacted] and then met with Mr. Epstein to conduct a suicide risk assessment. She determined suicide watch was not warranted at that time.

Mr. Epstein remained classified as a Mental Health Care Level 1 throughout his time at MCC New York. During his contacts with psychologists, Mr. Epstein routinely denied current mental health symptoms to include suicidal ideation, and he did not exhibit symptoms of a serious mental illness. However, there was evidence Mr. Epstein was experiencing challenges

EFTA00042789

adjusting to his environment and changes in his lifestyle. He reported frequent complaints of difficulty sleeping. He did not have access to his CPAP machine until it was reportedly provided to him on July 30, 2019. Mr. Epstein also reported he was bothered by noise in the SHU. At times, he noted concerns related to his safety in SHU or on a general population housing unit.
On two occasions, July 26, 2019, and July 27, 2019, he described himself as a coward and as someone who does not like pain. On July 28, 2019, he told Dr. Imeri the toilet in his cell would not stop flushing for an extended period of time, and he then took to sitting in the comer with his hands over his ears. Mr. Epstein indicated he was agitated following this incident and was unable to sleep that night.

**ANTECEDENT CIRCUMSTANCES**

Mr. Epstein entered BOP custody on July 6, 2019, with a history of convictions for sexual offenses and allegations comprised of more serious charges. The current indictment alleged sexual crimes against minors, and he was facing up to 45 years in prison. On July 18, 2019, Mr. Epstein's request for bail and pretrial release was denied.

On July 23, 2019, Mr. Epstein was found unresponsive in his cell. The motivation and context were never fully determined. After 31 hours and 5 minutes on Suicide Watch, he was then placed on Psychological Observation. On July 30, 2019, Mr. Epstein was removed from Psychological Observation. Dr. Imeri sent an e-mail reporting Mr. Epstein had been removed from Psychological Observation and needed to be housed with an appropriate cellmate. This e-mail was sent to 71 MCC New York staff and, as of August 13, 2019, only 27 staff members had opened the message.

On August 9, 2019, a federal court unsealed approximately 2,000 pages of documents into the public domain. These included graphic allegations against Mr. Epstein. Included was a book order receipt for titles such as *SM 101: A Realistic Introduction; SlaveCraft: Roadmaps for Erotic Servitude;* and *Training with Miss Abernathy: A Workbook for Erotic Slaves and Their Owners.* Additional high profile public figures were also named in the released documents. The documents were part of a defamation lawsuit filed by [redacted], a woman who alleged Mr. Epstein had victimized her, against a British socialite, Ghislaine Maxwell, who was Mr. Epstein's ex-girlfriend, associate, and alleged to have assisted with his criminal activities.
According to staff report, Mr. Epstein was afforded telephone calls on two different days although it is unknown whether they were legal or social calls. No recording of the calls exist and it is not known with whom he was speaking. One occurred on or around July 16, 2019, and the other on August 9, 2019. Legal calls are not monitored, and would not be recorded. A social call would be recorded; given the limited information known about Mr. Epstein, knowledge of the content of any social calls would have been crucial to helping staff work with him.

Following his final telephone call on the evening of August 9, 2019, Mr. Epstein was moved into his SHU cell. He was single-celled at that time because his cellmate (Efrain Reyes #85993-054)

EFTA00042790

did not return from court. The need for a cellmate was communicated between Day Watch (DW) and Evening Watch (EW) shifts in the SHU, but no cellmate was placed with him by the EW staff. According to a memorandum from [redacted], SHU staff were informed at approximately 1:50 p.m. that Mr. Epstein's cellmate would likely not return from court. Furthermore, [redacted] noted Mr. Epstein would need a cellmate upon arrival from his attorney visit.

A review of the 30-minute rounds forms indicate unit rounds were completed for the entire MW shift on August 10, 2019. However, a memorandum from Lieutenant Stanley Jean indicates Officer [redacted] and Material Handler Supervisor [redacted] made a statement after Mr. Epstein's death that they did not complete proper 30-minute rounds at 3:00 a.m. or 5:00 a.m.

**DESCRIPTION OF SCENE**

A detailed description of the scene was unavailable because the officers who discovered Mr. Epstein did not write memorandums and could not be interviewed. According to the Report of lncident, on August 10, 2019, at approximately 6:33 a.m., while serving the breakfast meal in the SHU, Range 9 South, Mr. Epstein was found unresponsive in his cell. Staff reportedly called for medical assistance, activated the body alarm, and began life-saving measures. Arriving staff stated they brought an automated external defibrillator (AED) and stretcher. Cardiopulmonary resuscitation (CPR) reportedly continued while the AED was placed on Mr. Epstein. The AED reportedly indicated no shock advised and CPR was continued. Mr. Epstein was escorted to Health Services at approximately 6:39 a.m., and Emergency Medical Services (EMS) arrived at 6:43 a.m. He was transported to the local hospital at approximately 7:10 a.m. Mr. Epstein was pronounced deceased at 7:36 am. It was not possible to confirm this timeline without viewing video footage.

**CONCLUSIONS/RECOMMENDATIONS**

A general appreciation of risk factors for suicide specific to sex offenders is necessary when reviewing Mr. Epstein's death. These factors, as well as more general risk factors for suicide, were likely present. There are several common factors that increase risk for suicide in individuals with a history of a sexual offense. These include stigma due to the nature of sexually-based crimes (both within society and the prison system), a disruption of the ability to utilize sex as a coping mechanism (which can lead to increased levels of distress and negative affect), and grief about loss experienced in regards to arrest. This grief may be secondary to the loss of former lifestyle, loss of physical items or collections related to sexual offenses, and/or the loss of perceived relationships with victims. Other factors that may increase risk for suicide among individuals accused of a sex offense include safety concerns, potentially long sentences, and lack of skills necessary to navigate social relationships in prison.

Mr. Epstein was a high-profile, pretrial detainee awaiting trial on sex trafficking offenses. He had been a successful, wealthy businessman with a number of high-profile acquaintances that he accumulated through a combination of charisma, charm, and intelligence. Despite his many associates, he had limited significant or deep interpersonal ties. Although Mr. Epstein appeared

EFTA00042791

to cultivate a large social and professional network, he was estranged from his only brother. Indeed, his identity appeared to be based on his wealth, power, and association with other high- profile individuals. Approximately two-and-a-half weeks before his death, Mr. Epstein appeared to attempt suicide, but ultimately denied it was a suicide attempt. He was convincing in his denial. On that occasion, he was saved because his cellmate notified BOP staff. In the weeks before his death, he made statements that he was "a coward" and was having difficulty adapting to his diminished circumstances. He also frequently referenced poor sleep and an inability to tolerate the noise of prison. On the day before his death, a number of documents in his case were unsealed, further eroding his previously-enjoyed elevated status and potentially implicating some of his associates. The lack of significant interpersonal connections, a complete loss of his status in both the community and among associates, and the idea of potentially spending his life in prison were likely factors contributing to Mr. Epstein's suicide.

The following recommendations concern institution operations: **Corr Svc/ Psych**

1. Single Celling: It is recommended that all inmates be double-celled unless safety concerns or an odd number of inmates precludes this. Priority should be given to inmates with a history of mental illness, self-directed violence, recent stressors (e.g., losses, newly sentenced, etc.)

   It is recommended that a system of control be implemented explaining who will be notified when a Suicide Watch or Psychological Observation ends and how that communication will take place. Because this is a life safety issue, the system of control, once approved by the warden, should be reviewed in formal meetings such as staff recalls, department head meetings, and lieutenants meetings.

**Exec/IDO**

2. Rounds: 30-minute rounds are required by P5500.14, Correctional Services Procedures Manual.

**Corr Svc / Legal**

3. Cellmate Assignments: When Mr. Epstein was placed in SHU on July 7, 2019, Executive Staff decided Mr. Tartaglione would be his cellmate. As explained by [redacted], input was not sought from Psychology Services and it is not clear if or how sex offender-specific needs and associated risk were incorporated into the housing plan. Mr. Tartaglione was also a high profile inmate-an ex-police officer charged in multiple murders. However, he and Mr. Epstein did not share the risk associated with being a sex offender and their pairing may have aggravated Mr. Epstein's risk for self-directed violence. In an effort to treat Mr. Epstein the same as other inmates, a statement repeated by multiple staff, Executive Staff may have inadvertently overlooked the need to consider unique risk factors associated with individuals who have been charged with and convicted of a sex offense. On July 25, 2019, [redacted] sent an e-mail to [redacted] explaining a consultation between [redacted] and

EFTA00042792

[redacted], National Suicide Prevention Coordinator. In the e-mail, [redacted]

**Legal**

reviewed the consult and recommendation from the Psychology Services Branch, Central Office that Mr. Epstein be housed with another inmate who had also been accused of committing a sex offense. There is no evidence this information was considered beyond this e-mail, and Mr. Epstein was never housed with another inmate charged or convicted of a sexual offense.

**Exec Staff**

It is recommended Executive Staff and Correctional Services staff include a psychologist in decisions about cellmates as a means of incorporating expertise about suicide risk, mental health needs, and interventions for psychological stability.

**Psyc Svc**

4. Documentation Accuracy: On July 23, 2019, Mr. Epstein was found unresponsive in his cell. He had abrasions on his neck and knee. There are inconsistencies between documents describing the circumstances of the scene. In a General Administrative Note in PDS-BEMR, [redacted] documented information received from [redacted] that Mr. Epstein, "was found with a string loosely hanging around his neck." In contrast, [redacted], who responded to this emergency, wrote a memorandum dated July 23, 2019. In that memorandum, Officer Silva wrote he saw Mr. Epstein "laying down near his bunk with what appeared to be a piece of handmade orange cloth around his neck." It is critical that all descriptions of the incident accurately reflect objective evidence.

   [redacted] wrote Mr. Epstein an incident report for Self-Mutilation on July 23, 2019, after he was found unresponsive in his cell but prior to having the necessary facts to determine whether he likely engaged in a Bureau violation. BOP policy expects staff to write an incident report within 24 hours of having the information that an inmate likely violated BOP rules but without making a presumptive decision about guilt. A Special Investigative Services Threat Assessment was completed August 2, 2019, but results were inconclusive as to whether Mr. Epstein engaged in self-directed violence, willingly fought with his cellmate, or was assaulted by his cellmate. It is recommended that staff remain open to all reasonable explanations for a behavior and take the appropriate actions when a final determination is made. Although the incident report was later expunged, inmates frequently experience significant stress when they contemplate the potential consequences associated with findings of guilt.

   Dr. Schlessinger entered a Psychology Services Intake Screening into PDS-BEMR on July 8, 2010. The document has three typographical errors. She selected the No Sexual Offense Convictions check box when, in fact, Mr. Epstein was previously convicted of S9licitation of Prostitution and Procuring a Person Under the Age of 18 for Prostitution. Second, Mr. Epstein was erroneously identified as a Black male in this document. Finally, there is one instance where he was mistakenly referred to as Mr. [redacted].

EFTA00042793

Dr. Schlessinger completed a Risk of Sexual Abusiveness document on July 8, 2019. She marked "History of prior prison sexual predation" in the affirmative. This is not accurate.

Ysmael Joaquin, Mid-Level Practitioner, completed a History and Physical on July 9, 2019. An Intake Screening should have been conducted within 24 hours of his entry into Bureau custody which was on July 6, 2019, according to P6031.04, Patient Care.

**Psyc**

[redacted] was responsible for observing Mr. Epstein and documenting his behavior while on suicide watch on July 23, 2019. Officer [redacted] mistakenly used a Suicide Watch Log Book intended for inmate companion documentation between 1:40 a.m. and 6:00 a.m. on July 23, 2019, when he should have been using the Staff Suicide Watch Log Book. Ms. [redacted], Drug Treatment Specialist, reportedly noticed this error and subsequently hand copied all of Officer [redacted]' entries from 1:40 a.m. to 6:00 a.m. into a Staff Suicide Watch Log Book. She then initialed these entries, and this makes it appear as if she was the one conducting the watch. This information was discovered and conveyed in an e-mail from Ms. [redacted] to Dr. Schlessinger with a carbon copy to [redacted] on August 12, 2019. Of note, Ms. [redacted] did not make an entry explaining why she was making the log book changes. Additionally, Ms. [redacted] then wrote entries for 6:15, 6:30, 6:45 and 7:00 a.m. in the Staff Suicide Watch Log Book. These were not a part of the original entries made by Officer [redacted] nor was Ms. [redacted] assigned to work the Suicide Watch post. Due to the inability to interview staff at this time, it is unknown why Ms. [redacted] attempted to correct Officer [redacted]' error, or made any of the subsequent log entries. It is recommended that if a staff member makes an entry error (e.g., writes in the incorrect suicide watch log book), the staff member should describe the error in the correct log book, to include indicating when they became aware of the error. The staff member should then notify the Chief Psychologist.

**Corr Svc**

A review of Special Housing Unit Records (BP-A0292) revealed a number of incomplete entries. This document is used to monitor provision and receipt of basic services such as recreation, medical rounds, showers, meal consumption, etc. The Officer in Charge signature is missing on 10 occasions and a medical provider's signature is missing in seven instances. There are six instances in which it is not clear if Mr. Epstein ate his meal. There are nine instances in which it is not clear if Mr. Epstein took a shower.
There are ten instances in which it is not clear if Mr. Epstein was offered recreation. P5500.15, Correctional Services Manual requires accurate and complete information on the BP-A0292.

A review of Psychology Observation Log Books revealed significant discrepancies from the approved Psychological Observation Procedural Memorandum, dated April 15, 2019. A Correctional Officer is required to complete hourly rounds and sign the log book; 179

EFTA00042794

out of 183 round signatures were missing. The lieutenant is required to sign the log book one time per shift and signatures were missing in 10 of 23 instances. A Physician Assistant is required to sign one time per shift and 16 of 16 instances were missing. It is recommended that a further review of Psychological Observation procedures be conducted.

5. Telephone Calls: In a PDS-BEMR note written by [redacted] on July 16, 2019, she was informed by an unnamed staff member that a lieutenant facilitated two telephone calls for Mr. Epstein. It is unknown when and to whom these calls were placed and no evidence that they took place on a monitored telephone.

   According to a memorandum from Unit Manager Nathaniel Bullock on August 10, 2019, Mr. Epstein terminated his legal visit early on August 9, 2019, in order to place a telephone call to his family. Mr. Bullock (who was the Institutional Duty Officer that week) escorted Mr. Epstein to SHU around 7:00 p.m. that evening and he was placed in the shower area on G tier. While there, he was provided the telephone to make a call.
   Since Mr. Epstein reportedly did not have his PAC or PIN number, which is required to use the inmate telephone system, the Unit Manager placed the call, dialing a number that reportedly began with area code 347. Mr. Epstein told Mr. Bullock he was calling his mother who, according to public records, has been deceased since 2004.

   It is recommended that all telephone calls, other than legal calls, be made on monitored lines to be available for post-call review or on a speaker phone so staff can monitor what is discussed.

6. Direct Observation: Mr. Epstein was on suicide watch from July 23, 2019, until July 24, 2019. While on suicide watch on July 23, 2019, Mr. Epstein attended an attorney visit from approximately 12:40 p.m. until 7:15 p.m. During this time, he was without "direct, continuous observation" by a dedicated BOP staff member as required by P5324.08. While on Psychological Observation, he attended attorney visits on July 24, 2019, for 11.25 hours; on July 25, 2019, for 11.25 hours; on July 26, 2019, for 9.25 hours; on July 27, 2019, for 11.33 hours; on July 28, 2019, for 10.5 hours; and on July 29, 2019, for 8 hours. On July 30, 2019, Psychology Observation was terminated. During these visits, continuous observation by a dedicated BOP staff member was not maintained as required by MCC New York's Procedural Memorandum for Psychological Observation.

7. Follow-Up: Mr. Epstein arrived at MCC New York on Saturday, July 6, 2019. While conducting the 10:00 p.m. institution count that evening, Elba Torres, Facilities Assistant reported she observed Mr. Epstein in his cell. In an e-mail she sent to [redacted] and [redacted] later that evening, she described Mr. Epstein as "distraught, sad and a little confused." She said she then asked Mr. Epstein if he was

EFTA00042795

**Psyc Svc**

okay, and he reportedly said he was. However, Ms. [redacted] noted in her e-mail she was not convinced of this, adding, "He seems dazed and withdrawn." She went on to say, "So just to be on the safe side and prevent any suicidal thoughts can someone from Psychology come and talk with him." Despite the fact that Lieutenant Medina opened the e-mail there is no evidence that he contacted the on-call psychologist as is required by P5324.08, Suicide Prevention Program. Additionally, if Ms. Torres was concerned about suicide risk, P5324.08, Suicide Prevention Program, requires her to maintain direct, continuous observation of Mr. Epstein. When [redacted] opened the e-mail the following Monday morning, Mr. Epstein was evaluated by Dr. Schlessinger at approximately 9:30 a.m.

**Psyc Svc**

Mr. Epstein was denied bail on Thursday, July 18, 2019. This was a significant disappointment for Mr. Epstein and likely challenged his ability and willingness to adapt to incarceration. Given the potential impact of the judge's decision, a psychologist should have assessed Mr. Epstein's mental status upon his return to the institution. The BOP developed a SENTRY assignment of PSY ALERT for purposes such as this.
Specifically PSY ALERT is used "to ensure, if movement occurs, that all staff consider the special psychological and management-related risks associated with the inmate." Furthermore, P5324.07, SENTRY Psychology Alert Function states, "When a decision to move [any PSY ALERT] inmate occurs, any special psychological needs of the inmate are reviewed and considered by Psychology Services staff [and] any safety and security concerns are highlighted for non-Psychology Services staff." Psychologists should use the PSY ALERT assignment more frequently with high profile cases and with inmates who have a history or charge of sex offense. Both of these groups of inmates are susceptible to exaggerated or unrealistic fears about correctional settings and experience stress associated during movement and periods of transition (e.g., cell/unit changes, movement to and from court, institutional movement, and release of information through the media).

**PP-63 Func**

Mr. Epstein was reportedly in court on July 31, 2019. It is unknown what time he departed or returned to MCC New York because this information was not entered in SENTRY. Regardless, upon his return, the United States Marshals Service (USMS) provided R&D staff with a Prisoner Custody Alert Notice regarding Mr. Epstein. The notice indicated Mr. Epstein had "MTL Mental Concerns Suicidal Tendencies." The USMS requested R&D staff sign the form, and they then departed with the signed copy. On August 1, 2019, at 8:46 a.m., Dr. Imeri sent [redacted] an e-mail reporting she had just become aware of the above information. In the absence of additional information about this notation, this should have been considered a referral to Psychology Services about a potentially suicidal inmate and procedures should have been followed as outlined in P5324.08, Suicide Prevention Program. Specifically, when a staff member becomes aware an inmate may be thinking about suicide during normal working hours, that staff member must contact Psychology Services and maintain the inmate under direct,continuous observation until he is placed on Suicide Watch

EFTA00042796

or seen by a psychologist. There is no evidence Mr. Epstein was monitored under these conditions from the time he returned from court until he was seen by Dr. Imeri for a suicide risk assessment on August 1, 2019, at approximately 1:30 p.m.

**Exec**

8. Inmate Accountability and Assignment Accuracy: According to a SENTRY quarters roster generated on August 10, 2019, at 12:51 a.m., there were three inmates assigned to Mr. Epstein's SHU cell, Z04-206LAD, including him, at the time of his death. However, his SHU cell was only a double occupancy cell. Inmate Patrick Avila (#86710-054), inmate Gregory Ferrer (#79793-054), and Mr. Epstein were all assigned to the same cell. On August 13, 2019, at 12:06 p.m. and 12:08 p.m., a quarters history roster was generated for inmate Avila and Ferrer, respectively. Inmate Avila's cell assignment was Z04-206LAD from August 5, 2019, until August 11, 2019, when he was moved to cell Z04-212UAD. Inmate Ferrer's cell assignment was Z04-206UAD from August 1, 2019, until August 11, 2019, when he was moved to cell Z04-207LAD. A quarters history roster was generated for Mr. Epstein on August 13, 2019, at 9:07 a.m. His cell assignment was Z04-206LAD from July 29, 2019, until August 10, 2019.

On Monday, August 12, 2019, photographs ofnametags on SHU cell doors and SHU locator forms were sent to the Correctional Service Department in the Northeast Region. The SHU locator form is dated August 9, 2019. It shows inmate Ferrer in cell 207L (SENTRY states he was moved to this cell on August 11, 2019), inmate Avila in cell 212U (SENTRY states he was moved to this cell on August 11, 2019), inmate Epstein in cell 220L (SENTRY never shows him in this cell) along with inmate Reyes (#85993- 054). The locator shows inmate Copper (#92299-054) and inmate Dockery (#60685-050) in cell 206. The photo sheets show the cell being 220 with inmates Epstein and Reyes' identification cards on the door. Inmate Reyes, Efrain, Reg. No. 85993-054 was in cell Z06-220U from August 5, 2019 to August 9, 2019.

**Psyc Svc**

MCC New York has four suicide watch cells and each is for single occupancy use. The suicide watch cells are located in Health Services. Each cell is abbreviated with the unit code HO1 in SENTRY followed by the four-digit cell number. The doors are identified by a painted number from one to four. Two reviews were conducted. The first revealed Mr. Epstein was in H0l-00lL according to SENTRY but the Suicide Watch Log Books indicate he was in cell 4. A second review was conducted on August 13, 2019, while there were four inmates on in these cells. SENTRY showed two inmates assigned to HOl-00lL, one assigned to H01-002L, and the fourth inmate assigned to a general population housing unit. Through physical observation of the dedicated suicide watch cells there were four H0l cells, however a review of the BOPWARE Inmate Housing Format, only shows three cells.

Inmate movement and assignments are not accurately reflected in SENTRY as required by P5500.14, Correctional Service Procedures Manual.

**Exec Staff**

9. Attorney Log Books: Four log books were not secured following Mr. Epstein's death. Specifically, three Attorney Log Books located in the Attorney Visiting and Front Lobby areas and an Inmate Search Log Book located in the Attorney Visiting area were not secured. All four books were still in use at the outset of the reconstruction and after the reconstruction team advised staff to secure them. P5324.08 states, "In the event of a suicide, institution staff, particularly Correctional Services staff, and other law enforcement personnel, will handle the site with the same level of protection as any crime scene in which a death has occurred." This policy further states, "All possible evidence and documentation will be preserved to provide data and support for subsequent investigators doing a psychological reconstruction."

   Further, a review of the attorney log books identified many errors and signify a systemic concern. For example, there were two concurrently open attorney log books in the Attorney Visiting area. Further, the different purposes of the two attorney log books, one in the Attorney Visit area and one in the Front Lobby, could not be explained. BOP staff were unable to articulate a system of control for the log books, and during the reconstruction, some of the log books could not be accounted for. Within the log books, entries were made out of chronological order, attorneys did not consistently sign in and out, significant information was illegible or missing, columns were not consistently labeled, log book opening and closing dates were inconsistent, and the cover had been tom off of several books. At the current time, these log books are not functioning as an adequate system of control and monitoring.

10. Automatic External Defibrillators: A review of available AEDs in the institution revealed that the list used for accountability and inspection purposes was inaccurate and incomplete.

**Corr/Svc**
**Psyc Svc**

11. Post Orders & SHU Training: SHU Post Orders Sign-In Sheets were reviewed for the 3rd Quarter, spanning June 9, 2019, to September 7, 2019. Officer L. Grey failed to sign post orders for SHU #3 post.

    Quarterly SHU Training Sign-In Sheets were reviewed. The 2019 3rd Quarter SHU Training was conducted on June 6, 2019. Three staff assigned to the 3rd Quarter SHU Roster in SHU did not attend or receive the SHU Training: Officer [redacted], [redacted], and [redacted].

**Psyc Svc**

12. Staffing: The Drug Abuse Program Coordinator positon at MCC New York was abolished during Phase I of the staff realignment during fiscal year 2018. Re-establishing

EFTA00042798

the Drug Abuse Program Coordinator position would provide the institution with an additional supervisory psychologist to provide critical clinical services.

Staffing in the Correctional Services department is relevant to the reconstruction. However, the details about this topic are provided in an After Action Review completed separately from this report.

**Psyc Svc**

13. Sex Offense Risk Factors: A broad understanding of risk factors associated with sex offenders, by staff at MCC New York, did not appear to be present in all staff but was vital to his adjustment and safety in prison. A more focused management strategy is recommended, particularly in complex and high profile cases. Supplemental training on sex-offender specific risk factors is recommended for all staff and should be provided by Executive Staff and Psychology Services.

Good afternoon,

I am requesting documentation on deceased person #76318-054, Jeffrey Epstein.
The subject is currently a registered sexual offender in the state of Florida. In order for his status to be updated to deceased we require documentation from your facility.

Please call if you have any questions: 1-888-357-7332. Thank you in advance for your assistance.

Respectfully,

Tanya C. Weldon

Please review for accuracy before I send to [redacted].

[redacted], here is a timeline of his arrival at the MCC:

7/6/19: Arrived at NYM (Saturday) in the Receiving and Discharge area. Moved by staff to general population (apparently USMS did not indicate that he was a high profile inmate and staff were unaware that he was coming so no pkans had been established).
7/7/19: Warden idenfied him as high profile and moved him to Special Housing Unit due to his concerns for his personal safety in general population.
7/8/19: Upon return of Psych Svc Staff on Monday, he was moved to Psychology Observation for evaluation by Psych Svc Staff. This is NOT suicide watch and the system notes reflect suicide watch not warranted. He was under 24 hour observation during this time to assess his readiness to move to SHU.
7/10/19: Returned to SHU with cell mate. Remains until 7/23.

This appears consistent with PDS. The one edit I suggest based on PDS is to delete the text I colored red and replace it with the green. PDS reflects he was placed in Psyc Observation that night after he returned from court and was assessed the next morning.

Hi Bruce,

Mr. Tartaglione was meeting with another member of your defense team earlier today. The plan was to have him remain in attorney conference after that meeting so he could review his discovery through the count. (It would also ensure he would already be down there when you arrived.) Without going into details, we're doing a special, more detailed count today at 4:00 PM for security procedures. I called attorney conference to make sure your client was still there, but they advised me that they had to send him back upstairs for this particular count.

I will likely still be here when count clears so I'll try to assist in getting him down to attorney conference as quickly as possible, but I wanted to let you know that you may unfortunately have a wait tonight. If you want to reschedule for tomorrow evening, let me know and I'll make sure things go smoother.

Thanks,
Stephanie

Good afternoon,

Can I meet with Nick on Thursday, August 15th at 5:00 p.m?
By the way, I am imagine you have seen some of my comments repeating the complaints about MCC that I have been making for years. Please know that none of that was directed at you. You both have been professional, courteous and responsive to me, even in the face of my numerous complaints and emails. The press does not write about the good, but I have mentioned how much I admire the legal staff at MCC on several occasions.

The plan was to have him remain in attorney conference after that meeting so he could review his discovery through the count. (It would also ensure he would already be down there when you arrived.) Without going into details, we're doing a special, more detailed count today at 4:00 PM for security procedures. I called attorney conference to make sure your client was still there, but they advised me that they had to send him back upstairs for this particular count.

Good afternoon,
Can I meet with Nick on Thursday, August 15th at 5:00 p.m?
By the way, I am imagine you have seen some of my comments repeating the complaints about MCC that I have been making for years. Please know that none of that was directed at you. You both have been professional, courteous and responsive to me, even in the face of my numerous complaints and emails. The press does not write about the good, but I have mentioned how much I admire the legal staff at MCC on several occasions.

I guess later in the week makes sense. Let me know what date and time works best.

Stephanie,

Can we arrange a visit for Nick with his parents? For reasons that I [redacted] explain, we are at a crucial stage and it really is necessary for his Nick to speak privately with his parents.

In a follow up to the Government's letter to the Court on Friday I am hoping there is a time this week to discuss the conditions under which Mr. Tartaglione would agree to withdraw his request to be moved from MCC.

Good morning all,

Per the above article, the Court was advised by the USAO that MCC did not preserve video from outside the cell shared by Tartaglione and Epstein at the time of Epstein's alleged first suicide attempt. However, per the attached, SIS advised the footage was preserved. What search for the footage was performed prior to advising the USAO the footage could not be found? I would recommend searching again for the missing video. I have a call with the AUSAs in 20 minutes and will advise as to what other issues arose at yesterday's hearing.

Thank you,

Today, the Attorney General directed the Bureau of Prisons to temporarily assign the warden at the Metropolitan Correctional Center in New York to the Bureau's Northeast Regional Office pending the outcome of the FBI and OIG investigations into the apparent suicide of Jeffrey Epstein, a former MCC inmate. FCI Otisville Warden [redacted] [redacted] has been named Acting Warden of the MCC New York. The Bureau of Prisons also placed on administrative leave two MCC staff assigned to Mr. Epstein's unit pending the outcome of the investigations. Additional actions may be taken as the circumstances warrant.

A more detailed version of above could read:
Today<calendar:T5:Today>, the Bureau of Prisons placed on administrative leave the two staff who worked in the Special Housing Unit at MCC NY pen

If a third staff member is added either version can be changed to read "three."

If the warden is added, the following is proposed:
The Bureau of Prisons also temporarily reassigned the MCC NY Warden to the Northeast Regional Office pending the outcome of the investigation. FCI

While I prefer not to state the warden's name in this release, if you decide it needs to be added, his name is [redacted].

Hi Bruce,

I will arrange for your visit tomorrow morning. MCC administrators approved a visit for his parents, but I am awaiting more information from the Captain about when it can be scheduled. I will get you more information as soon as I have it.

Thank you,

Hi Bruce,

I will arrange for your visit tomorrow morning. MCC administrators approved a visit for his parents, but I am awaiting more information from the Captain about when it can be scheduled. I will get you more information as soon as I have it.

Thank you,
[redacted]

Stephanie, [redacted],

With apologies for the weekend email, we have a defendant, Jeffrey Epstein, who was arrested last night and is currently being detained at MCC, and is expected to be pres of-state.

We're concerned about the defendant not having access to his attorney in advance of the presentment (as we would be for any defendant) and so I wanted to reach out to

thanks very much,
Alex.

A more detailed version of above could read:
Today<calendar:T5:Today>, the Bureau of Prisons placed on administrative leave the two staff who worked in the Special Housing Unit at MCC NY pen

If a third staff member is added either version can be changed to read "three."

If the warden is added, the following is proposed:
The Bureau of Prisons also temporarily reassigned the MCC NY Warden to the Northeast Regional Office pending the outcome of the investigation. FCI

While I prefer not to state the warden's name in this release, if you decide it needs to be added, his name is [redacted].

I am writing as I have been asked to update everyone on the continuing problems at the facility.

Mr. Tartaglione has not has books swapped out since [redacted] was kind enough to do it himself on August 15th. His radio has needed batteries for several days. The guards simply refuse to provide him with the batteries and new books he believes are in his property. Several guards have been making comments to him such as "You're threatening our lives" and "Give the big mouth his try" and similar remarks aimed at intimidating him and conveying to him their displeasure with his complaints.

As for visiting I arrived on Sunday and waited nearly 50 minutes because there was not staff in the lobby to process legal visits. I was able to see my client by 9;10, but I couldn't stay through the count so I had to leave before 9:30. I know I did not make an appointment but the issue wasn't a free room, but adequate staffing in the lobby. Yesterday I was able to see my client at 5:00 as scheduled.

**Subject:** MCC conditions

I am writing as I have been asked to update everyone on the continuing problems at the facility.

Mr. Tartaglione has not has books swapped out since [redacted] was kind enough to do it himself on August 15th. His radio has needed batteries for several days. The guards simply refuse to provide him with the batteries and new books he believes are in his property. Several guards have been making comments to him such as "You're threatening our lives" and "Give the big mouth his try" and similar remarks aimed at intimidating him and conveying to him their displeasure with his complaints.

As for visiting I arrived on Sunday and waited nearly 50 minutes because there was not staff in the lobby to process legal visits. I was able to see my client by 9;10, but I couldn't stay through the count so I had to leave before 9:30. I know I did not make an appointment but the issue wasn't a free room, but adequate staffing in the lobby. Yesterday I was able to see my client at 5:00 as scheduled.

I am writing as I have been asked to update everyone on the continuing problems at the facility.

Mr. Tartaglione has not has books swapped out since was kind enough to do it himself on August 15th. His radio has needed batteries for several days. The guards simply refuse to provide him with the batteries and new books he believes are in his property. Several guards have been making comments to him such as "You're threatening our lives" and "Give the big mouth his try" and similar remarks aimed at intimidating him and conveying to him their displeasure with his complaints.

As for visiting I arrived on Sunday and waited nearly 50 minutes because there was not staff in the lobby to process legal visits. I was able to see my client by 9;10, but I couldn't stay through the count so I had to leave before 9:30. I know I did not make an appointment but the issue wasn't a free room, but adequate staffing in the lobby. Yesterday I was able to see my client at 5:00 as scheduled.

Thank you, Your Honor,

I have advised the Warden and he will be prepared to speak as to language issues in medical and mental health. However, due to the ongoing outside investigation, we have no new information as to the Epstein investigation. To our knowledge, the matter is still under review by FBI, OIG, and the USAO.

I also wanted to let you know personally before announcing it to the group that I have been selected as the incoming Deputy Regional Counsel for the Northeast Region in Philadelphia, PA, starting December 9. I have greatly enjoyed working with you and your staff and hope that I have been able to assist you when requested. I am sure my successor will continue to seek to work with all the stakeholders in doing what is best for both the general public and the inmate population.

Best,

One other thing that you may be able to address (although this is more minor than the other issues): how does the prison deal with prisoners who do not speak English when they need to see a [redacted]?

There is some interest in hearing what is going on with the Epstein suicide investigation, but I suspect that

is something the Warden cannot discuss.

See you Wednesday.

Good morning Your Honor,

My apologies, but I was out of the office unexpectedly yesterday due to a family emergency.

Warden [redacted] and I will be in attendance at the CJAB next week. He indicates he will be addressing the issues that have delayed the attorney visiting study, to include those related to the union. He will also update the Court on the female unit at MCC. Please let us know if you need anything else.

Thank you,
